|------|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 352  | 0439        | Moe - reading absent members<br>Gustafson HF 47 → Not Confused w/ SF 62<br>there are differences!                                                                                                                                                                                                     |
|      | 0448        | Johnson - doesn't think people will all go<br>along with the budget - his concerns:<br>Inconsistencies w/ Gov. Carlson and his<br>2 faces. Letter of Carlson's to Perpich..<br>the diff. in this compared with his<br>budget proposal of 1991.                                                        |
| 405  | 0512        | Dean Johnson wants to know how he<br>voted on the bill in tax committee<br>Doug Johnson - he contributed, but he<br>does draw a line - and he will vote<br>yes again today.                                                                                                                           |
|      | 0535        | Dean Johnson - Comments about who's<br>budget is this? In Actuality → Perpich<br>not Carlson and the shortfall.                                                                                                                                                                                       |
|      | 0605        | Doug Johnson - doesn't agree that Perpich<br>is the author of this budget problem.<br>discussion of minority parties<br>amendments on spending - analysis                                                                                                                                             |
|      | 0618        | Dean Johnson - 1992-93 budget<br>should be more painful than 91-92.<br>Ref. to Sen. Merriam \$1.2 - 1.6 billion<br>dollar problem.                                                                                                                                                                    |
| 410  | 0633        | Berglin - related to human services<br>in this budget cut - programs that<br>will be cut vs. the state of the state<br>speech by Carlson. ① chemical dependency<br>cuts ② cutting work readiness services<br>③ delay in opening St. operating services                                                |
| 415  | 0642        | Chem - believes this bill makes him<br>confused - a defect in the surplus.<br>discusses the "Rainy Day Fund" - it doesn't<br>make sense... Carlson should veto his own bill                                                                                                                           |
| 4:22 | 0767        | Moe - who's to blame, references to other<br>states and their administration for their<br>shortfalls - but you can't place blame<br>on previous administrations. Will support<br>this bill - No one is crazy about it but<br>it's not all bad and it needs support.<br>Adjustments need to be made... |
| 430  | 0813        | Benson - extends thanks to both parties<br>for adjustments with the delays.                                                                                                                                                                                                                           |
