PETITION FOR AMENDMENT TO THE CHARTER OF THE CITY OF ROCHESTER

To the Charter Commission of the City of Rochester, Minnesota.

The undersigned, representing more than 5 per cent of the total number of votes cast in the City of Rochester in the last general election, November 8, 1966, herewith petition the Charter Commission of the City of Rochester, Minnesota to propose an amendment to said charter pursuant to Minnesota Statutes 410.12 (1) by adding an appropriately numbered section to said charter to read as follows:

***Submission to Electorate; General or Special Election:**

No public re-development project of urban renewal shall be undertaken or if already undertaken, carried on, by any authority or finally approved or adopted until the governing body of the municipality shall have submitted to the qualified voters of the municipality at a special election, or at the next general election, the question in substantially the following form:

Shall public re-development projects of urban renewal be initiated, constructed, and/or carried on by the housing and redevelopment authority, or any other agency, in and for the City of Rochester?

Yes _____
No _____

If a majority of the qualified voters of the municipality voting upon the question shall vote in the affirmative, the housing and re-development authority of that municipality shall thereupon be empowered to initiate, construct, and carry on public re-development of urban renewal, pursuant to law, and according to a plan filed with the municipality; but upon completion of such plan, any further proposals or plan must be again submitted to the voters of the municipality as to the initiation of further public re-development urban renewal plans in the manner first provided.

If a majority of the qualified voters of the municipality voting upon the question shall vote in the negative, then the housing and redevelopment authority, or any other agency, shall not initiate or proceed with any plans already initiated for any public re-development urban renewal projects in the municipality until authorized by the qualified voters of the municipality in the manner herein provided, and the question shall not again be submitted to those qualified voters for at least one year after the date of such election.

Special elections held pursuant to this section shall be held and conducted in the same manner and upon the same notice, and the returns thereon made in the same form and manner, as other special elections in the City of Rochester.

This section shall be applicable to all public redevelopment projects heretofore proposed or to be proposed in the future prior to final adoption whether or not any financial assistance is provided by the federal government or any agency or instrumentality thereof, and whether or not any direct loan or grant or other financing from the municipality is involved."
