SIXTEENTH. To create and maintain a permanent Improvement revolving fund. Into this fund shall be paid (1) the proceeds of bonds or certificates of indebtedness issued on account of such fund, as hereinafter provided, (2) the proceeds of all special assessments and benefits hereafter assessed and levied on account of any local improvement, and (3) such other moneys as the common council may from time to time determine and provide.

Out of this fund shall be paid (1) the portion of the cost of all local improvements for which special assessments and benefits are hereafter assessed and levied, (2) any bonds or certificates of indebtedness which may be issued on account of such fund, as hereinafter provided, and (3) such amount of excess assessments hereafter levied as may in any instance be refunded.

For the purpose of creating or maintaining such fund, the common council, without the submission of the proposition of their issuance to the electors of the city and without authorization by the electors, may, from time to time, issue, negotiate and sell the city's bonds or certificates of indebtedness in such denominations and form, maturing at such time or times, as the council may determine. Any such bonds or certificates so issued shall be general obligations of the principal and interest of which, its full faith and credit shall be pledged, but the amount of such bonds or certificates of indebtedness at any time outstanding shall not be included in determining the city's net indebtedness under the provisions of the Charter, or of any applicable statute. The principal and interest of any such bonds or certificates of indebtedness so issued shall be paid out of any funds in the city's treasury if the moneys in the permanent improvement revolving fund are insufficient to meet such payment when the same matures, and it shall be the city's duty, acting through its proper officers, to provide the moneys for such purpose. Any fund from which such moneys at any time shall have been taken or used, for the payment of such principal or interest, shall be replenished with interest from the collection of unpaid assessments on account of such improvements, as far as they will avail for such purpose.

The amount of bonds or certificates of indebtedness for the creation and maintenance of such permanent improvement revolving fund, at any one time outstanding, together with the city's local improvement bonds now outstanding, shall not exceed fifteen per cent of the assessed valuation of the taxable property of the city according to the last preceding assessment for the purposes of taxation, inclusive of moneys and credits.
