S. F. No. 511, A bill for an act to fix the compensation of Judge of
Probate Court in the State of Minnesota, in counties now or hereafter having a population of not less than two hundred and forty thousand (240,000) inhabitants.

S. F. No. 654, A bill for an act fixing the salary of the county attorney and providing for the number of assistants, clerks and other help, and fixing their compensation and providing for their expenses in all counties in this state now or hereafter having a population of more than 150,000 inhabitants, and an area of 5,000 square miles or more, and repealing all inconsistent acts.

It is with great reluctance that I return these bills. I am not unmindful of the value of the services rendered by the men who would be the beneficiaries of these and the scores of other similar bills before the House and Senate. I am fully aware that some public officials are receiving less remuneration than they might earn in private business.

But, I am aware also of the plight of the tax-payers of Minnesota, who at a time when they are trying to recover from the effects of the most serious economic blow that ever came to the people of the State, are finding it difficult, in many cases impossible, to pay the taxes already imposed on them. If all the salary bills now pending were passed, those taxes would be considerably increased.

I have the conviction that during this period, public officials should be willing to share the hardships of the people, instead of adding to their burdens. I believe that loyal and public-spirited officials will not hesitate to do so.

The Constitution requires me to return bills to which I cannot give my approval, to the Legislature. The duty of the Executive to return bills which his judgment and conscience cannot approve is as sacred as that of the Legislature to pass bills which in its opinion promote public interests and to defeat those which advance the cause of individuals at the expense of the general welfare. I should violate my oath of office as well as my obligation to the people of Minnesota if I should permit considerations of self-interest and personal friendships to prevent the performance of that duty.

Respectfully yours,

THEODORE CHRISTIANSON,
Governor.
