

# $\Rightarrow$ **R**eport of the Executive Vice President $\Rightarrow$

First and foremost, we are in the people business. The State Fair is about bringing all of Minnesota together in one grand over-the-top end-of-summer celebration that creates memories for generations while making a real difference in people's lives now and in the future. Ultimately, the fair is about improving the human condition.

We did our best in that regard with two substantial new exhibits at the '06 State Fair. The first was the Eco Experience, produced in partnership with the Minnesota Pollution Control Agency. The Eco Experience focused on renewable energy and environmental issues. It's been said that the American people are way ahead of the politicians when it comes to the environment, and that was truly the case with the Eco Experience. It was an immediate hit with fair visitors, and it was also a hit with a variety of professional groups, earning 10 major awards (and counting) from environmental, building trades and governmental associations from across the nation.

The second new exhibit was the brand-new CHS Miracle of Birth of Center, built through the efforts of the State Fair Foundation and focusing on the fair's central theme—agricultural education. The sparkly new structure housed veterinary facilities that gave hundreds of thousands of fair guests an up-close look at the births of hundreds of calves, lambs, piglets, chicks and ducklings. Partners in the Miracle of Birth included the University of Minnesota, the Minnesota Veterinary Medical Association and Minnesota FFA. We are extremely grateful to these fine partners, and especially to the generous donors who made the beautiful new facility possible.

Both of these exhibits, which will be even bigger and better in the future, represented just two elements of the much larger picture. Year in and year out, the State Fair features an expansive and diverse entertainment program, an abundance of educational and commercial exhibits, a showcase of Minnesota's best agricultural and creative talents, an off-the-charts menu of traditional and exotic food and, finally, a variety of services for our guests to help them make the most of their fair experience. All of this is provided while offering exceptional value. Among the nation's leading fairs, our admission fees are the lowest, and we offer more bang for the buck than any event of any type in North America. Our program is unrivaled in terms of both quality and quantity. In addition, during the past 10 years the State Fair has invested more than \$50 million to maintain and improve the State Fairgrounds. And all of this is done without a dime of public subsidy for any purpose. That's worth repeating. The State Fair receives no public money for its operations or for upkeep of the fairgrounds. Every dollar spent by the fair must first be earned by the fair.

We do this in a challenging environment. While we work hard to create a respite for our guests from life's day-to-day problems, the fair does in fact exist in the real world, facing real issues. Public safety—our greatest responsibility—grows more complicated every year. The options for providing high quality family entertainment continue to dwindle while costs soar. The goods and services necessary to produce the fair also cost more each year. That's a fact of life that cannot be legislated away but must be honestly accounted for. Finally and, perhaps most important, posterity demands that we take the utmost care of our aging buildings and infrastructure so that their lives, too, may be enriched as ours have by the Great Minnesota State Fair. They deserve nothing less.

The State Fair's dedicated board of managers and hardworking staff pledge to do everything humanly possible to face these challenges head-on and to provide the type of world-class event worthy of our great state. I'll see you at the fair!

Sincerely,

#### FINE ARTS: PEOPLE'S AND KID'S CHOICE

The Minnesota State Fair Fine Arts Center is home to the largest juried art show in the state. "My Mom, Freya Manfred," a pencil drawing by Bly Pope of Minneapolis was selected as the 2006 People's Choice Award winner. Bruce Nygren, also of Minneapolis, won the Kids' Choice Award for his oil on canvas piece "Quintet."

#### FINE ARTS: SPECIAL EXHIBIT

From the University of Minnesota Libraries' Kerlan Collection, "Gems from the Trove" made its debut at the 2006 State Fair. This special exhibit featured original artwork from classic children's books.

#### **BUDWEISER CLYDESDALES**

At six feet tall and weighing between 1,800 and 2,300 pounds, these majestic equines were featured in the daily parade and visited by thousands of guests at their fair-time home on Cosgrove Street.

#### CREATIVE ACTIVITIES: CENTER DISPLAY

Members of the Midwest Miniature

Guild exhibited furnished dollhouses and room boxes. These tiny displays mirrored real-life and imagined settings on a much smaller scale. Pieces included scaled-down houses, furniture and accessories, whimsical holiday vignettes, and displays made from unique containers.

#### CHS MIRACLE OF BIRTH AND FFA CHAPTER HOUSE & LEADERSHIP CENTER

After its dedication on

opening day, over 840,000 fair guests visited the new CHS Miracle of Birth Center. During the fair's 12-day run, 203 calves, piglets and lambs were born. More state of the art and three times the size of the old facility, the center is the first new construction project brought to the fairgrounds through the State Fair Foundation 501(c)3.

# AMUSEMENTS, ATTRACTIONS

#### 34TH ANNUAL STATE FAIR AMATEUR TALENT CONTEST WINNERS IN 2006 WERE:

#### **Open Division**

**First place:** Josiah Gulden of Eden Prairie; **Second place:** Callie Syverson of Windom; **Third place:** St. Paul vocal group "Up 'Til 2."

#### Teen Division

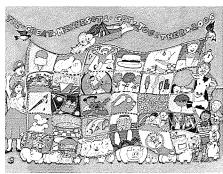

**First place:** Trey's Crew, a dance group from Buffalo; **Second place:** Caitlin Heaney of St. Paul; **Third place:** Connor Engstrom of Mountain Lake.

#### Preteen Division

**First place:** Cindy Lu of Blaine; **Second place:** Colton Peltier of Hastings; **Third place:** Ashlee Fuss of Forest Lake.

#### THIRD ANNUAL COMMEMORATIVE POSTER

Minnesota author and illustrator Nancy Carlson created the

third in a series of original Minnesota State Fair poster art. Carlson is best known for her books "Look Out Kindergarten, Here I Come!" and "I Like Me!" Her patchwork

quilt masterpiece depicts the love of all things State Fair.

#### HIGH SCHOOL MARCHING BAND COMPETITION

High school marching bands from across Minnesota and Wisconsin competed in the State Fair's daily mall parade. Winona Senior High was awarded Class A honors, Waseca took first in Class B and Park Falls, Wis. won in the Class C division.

#### MILK RUN

Chris Brown of Alexandria and Amy Lyons of Mounds View were the overall male and female Milk Run winners with times of 16:38 and 16:59 respectively.

## ECO EXPERIENCE

The first exhibit of its kind, the Eco Experience showcased renewable energy, green technologies and organic foods. Presented by the Minnesota State Fair in partnership with the Minnesota Pollution Control Agency, the interactive green space featured educational displays on hydrogen, wind energy, alternative transportation, new fuels, solar power, recycling, and clean water. Over 30,000 guests toured the building each day, taking away tips for environmentally conscious living.

#### FAMILY FAIR

Children's Theater entertainment moved outdoors to a new stage, as Family Fair took over Baldwin Park. This familyfocused entertainment and activity area

featured: Sealife Encounters, where kids touched and fed live stingrays and other sealife; Middle Earth Studios, which brought imagination to life by involving children from the audience in tall tales; Xtreme Bubbles, featuring Guinness Book of World Records-sized bubbles; and Crayola's Art of Childhood, an interactive coloring experience.

#### PROMOS ON PATCH

Promo Plaza moved to west Dan Patch Avenue in 2006 and became Promos On Patch. Mobile Marketing participants included:

- Aug. 24-Sept. 4: Discover Boating and Fishing Tour, NBA Fair, Qwest Communications and Thrivent Builds with Habitat for Humanity
- Aug. 24-30: Walden Media Imagination Station
- Aug. 25-27: Field & Stream Magazine Tour and the Red Wing Boot Experience
- Aug. 28-Sept. 4: SPAMmobile

#### THE X-ZONE

Powerade Power Hockey and 3rd Lair Skate Park returned to the fair at the new X-Zone on the corner of Underwood Street and Murphy Avenue.

#### World of Wonders Palace of Illusions

Nostalgic sideshow entertainment returned to the fair's Mighty Midway for the first time in almost 30 years. A talker on the "bally" stage previewed the show and lured on-lookers into the Palace of Illusions. While inside the big tent, visitors witnessed death-defying acts like sword swallowing and fire eating, and got acquainted with characters like Voltara the Electric Girl,

the Headless Marvel, the Human Blockhead and Rubber Girl.

## Honorary Life Member - Jerry Hawton

The Minnesota State Agricultural Society annually elects one individual for honorary life membership. Dr. Jerry D. Hawton is this year's honoree. Jerry has served as State Fair swine department superintendent since 1983 and was instrumental in establishing and continuing the fair's derby barrow show.

Hawton has taught livestock and carcass evaluation and coached livestock judging teams at the University of Minnesota College of Agricultural, Food and Environmental Sciences (COAFES) for more than 35 years. A swine industry leader, he is the author of numerous swine matrix

industry leader, he is the author of numerous swine nutrition and management research reports and scientific articles.

In 2003, the Minnesota Livestock Breeders Association inducted Jerry into the Hall of Fame and presented him the Award for Outstanding Contributions to the Minnesota Livestock Industry. Shortly thereafter, the COAFES Student Board named him the 2003-2004 Outstanding Teacher of the Year. Jerry was inducted into the Minnesota FFA Hall of Fame in 2004 and in 2006 he received the Minnesota Pork Board Distinguished Service Award followed by the College of Agricultural, Food and Environmental Sciences Distinguished Faculty Award.

## **OFFICE OF THE LEGISLATIVE AUDITOR**

State of Minnesota • James Nobles, Legislative Auditor

## **Independent Auditor's Report**

Representative Rick Hansen, Chair Legislative Audit Commission

Members of the Legislative Audit Commission

Mr. Lyle Steltz, President State Agricultural Society Board of Managers

Members of the State Agricultural Society

Mr. Jerry Hammer, Executive Vice President State Agricultural Society

We have audited the accompanying statements of net assets of the State Agricultural Society as of October 31, 2006 and 2005, and the related statements of revenues, expenses, and changes in net assets, and statements of cash flows for the years then ended. These financial statements, which collectively comprise the society's basic financial statements, are the responsibility of the society's management. Our responsibility is to express an opinion on those financial statements based on our audit. We did not audit the financial statements of the Minnesota State Fair Foundation, a discretely presented component unit of the State Agricultural Society. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Minnesota State Fair Foundation, is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Minnesota State Fair Foundation were not audited in accordance with *Government Auditing Standards*. The audit standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the State Agricultural Society and the Minnesota State Fair Foundation as of October 31, 2006 and 2005, and the respective changes in financial position and cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Representative Rick Hansen, Chair Members of the Legislative Audit Commission Mr. Lyle Steltz, President Members of the State Agricultural Society Mr. Jerry Hammer, Executive Vice President Page 2

In accordance with *Government Auditing Standards*, we have also issued our report dated March 19, 2007, on our consideration of the society's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the society's basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the society's basic financial statements. The accompanying supporting Schedule of Revenue and Expenses is presented for purposes of additional analysis and is not a required part of the society's basic financial statements. Such information has been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

# MINNESOTA STATE FAIR

## Financial Information

## **Management Discussion and Analysis**

The Minnesota State Agricultural Society produces the annual Minnesota State Fair, and manages the State Fairgrounds. The Society is a quasi-state agency, and operates with no public subsidy of any kind for any purpose. The costs to produce the annual State Fair and all capital and maintenance improvements to the historic State Fairgrounds, are financed completely with revenue earned by the Society. Following is an analysis of the Society's financial activities and performance during the two fiscal years ended October 31, 2006 and 2005, along with detailed financial statements and supplementary information.

The Minnesota State Fair Foundation was established in 2001 as a tax exempt 501 (c)(3) nonprofit corporation with the exclusive mission of raising funds to assist the Society in improving and maintaining the State Fairgrounds. Comparative Foundation financial statements for fiscal years 2006 and 2005 are presented as a component unit of the Society.

#### Overview of the Financial Statements

The Society's financial statements are accounted for as an enterprise fund, which operates in a manner similar to private business enterprises. Income and expenses for the year are presented in the Statement of Revenue, Expenses and Changes in Net Assets; this statement serves to determine if the Society has earned an acceptable level of net income. Next, the Statement of Net Assets outlines all of the Society's assets and liabilities, and includes detailed discussion of fixed assets—namely, the State Fairgrounds and its facilities. Finally, the Statement of Cash Flows provides information on cash receipts and payments generated from operations, as well as finance and investment activities that occurred during the year.

#### Income and Expense

The State Fair realized a net operating gain of \$2.3 million in 2006, based upon gross revenues of \$33.7 million and gross expenses of \$31.4 million. The previous year showed a net operating gain of \$1.3 million from income of \$30.8 million and expenses of \$29.5 million. State Fair income is earned primarily from three sources: ticket sales, licensing of commercial exhibit space, and the rental of fair facilities for non-fair events.

In a typical year ticket sales represent two-thirds of the State Fair's gross annual income. In 2006, the ticket sales total of \$21 million was earned chiefly through sales of outside gate tickets (\$11.5 million), Mighty Midway and Kidway tickets (\$5.4 million) and Grandstand tickets (\$2.8 million).

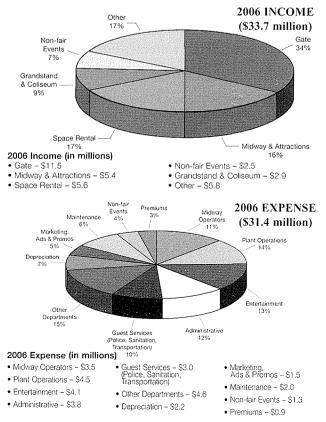

For the third straight year, the fair experienced significant rainfall on Labor Day weekend; washing out the afternoon and evening of the fair's second Sunday. Wet weather was also a factor on several other days. Despite the bad weather, attendance increased by 51,000 for the 12-day event. Net income rose from \$1.3 million in '05 to \$2.4 million in '06 largely due to the increase in attendance and an increase in contributions to the Society from the State Fair Foundation.

As with most business enterprises, expenses are very diverse. The State Fair provides extensive services to fair visitors that include police protection (\$1.1 million), sanitation (\$791,000) and Park & Ride buses (\$1.1 million). Other expenses include Grandstand and free entertainment (\$4.1 million), fairgrounds plant operations (\$4.5 million) and maintenance and depreciation of State Fair facilities (\$4.2 million).

A detailed breakdown of the State Fair's income and expense are included in the Income and Expense Supporting Schedules on pages 27-29.

### Net Assets

The Condensed Statement of Net Assets provides a quick look at the Society's overall financial position; and shows that the direction of the Society's situation is favorable, with net assets increasing \$2,287,000 to a total of \$35.0 million during fiscal 2006.

Over 86% of the Society's net assets - \$30.2 million – represent the Society's continual investment in capital assets (buildings, equipment and infrastructure) that are absolutely necessary to the Society's ability to present the annual exposition and conduct a busy schedule of non-fair events year-around. Invested in net assets, net of related debt, consists of the total value of the assets, less depreciation and outstanding debt attributed to those assets.

## ■ Fixed Assets (The State Fairgrounds)

The State Fair's capital assets consist of: 120 fair-owned structures, land and improvements to the land, personal property and infrastructure including an intricate network of electricity, communications, gas, water and sewer distribution systems.

Structures include everything from small permanent information and ticket booths to the Coliseum and the massive Grandstand. Most of the State Fair's significant structures and utilities date back to WPA days in the '30s and very early '40s. Some buildings are even older, such as the Grandstand (1909), Arts Center (1907) and Progress Center (1907).

Total Net Assets	<u>\$35,023,000</u>	<u>\$32,736,000</u>	<u>\$31,431,000</u>

In 2005, the State Fair invested \$700,000 in capital improvements. Major improvements completed during the year included \$186,000 for the construction of a Grandstand access ramp, \$269,000 for upgrades in the

fairgrounds electrical system and \$99,000 for the

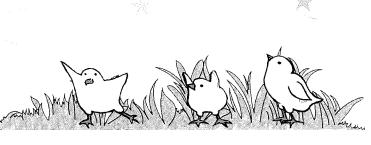

installation of hand washing stations in our livestock area. In '04, the largest capital project was the completion of the \$7.8 million second phase of the Grandstand renovation project. Other 2004 capital projects included the \$753,000 for the construction of a new Grandstand entertainment production facility, \$395,000 for upgrades and improvements to sewer and electrical systems and \$156,000 for the construction of a new greenhouse structure.

The real value of the fair's fixed assets, particularly its structures, is far greater than the net value of \$40.2 million reflected in the financial statements. Building valuation conducted for property insurance purposes place the combined value conservatively at \$165 million.

Additional information on fixed assets can be found in note 3.

## Long-Term Obligations

Long-term debt increased substantially in 2003. After receiving legislative authority, the Society completed an \$11.1 million revenue bond issue in June of 2003 to assist in financing the Grandstand renovation project. During 2006, the bond principal amount was reduced \$405,000. Additional information on long-term debt can be found in the notes accompanying the financial statements.

## NOTE 1: SUMMARY OF ACCOUNTING POLICIES

The Minnesota State Agricultural Society is charged with the conduct of the annual State Fair and the management of the State Fairgrounds, as outlined by Chapter 37 of Minnesota Statutes. The financial activities of the Society are accounted for as an enterprise fund which operates in a manner similar to a private business enterprise. Accordingly, the accompanying financial statements are presented on an accrual basis. The Society's accounting practices conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). This report includes the Minnesota State Fair Foundation financial statements. Although a legally separate organization, the foundation is considered a component unit of the Society given its resources entirely, or almost entirely benefit the Society, the Society is entitled to these resources and the resources are significant to the Society's operations.

Compensated absences consist of employee vacation and sick leave benefits. These benefits are determined based on a formula with a maximum number of hours accumulated and are payable upon death, termination, or retirement. Compensated absences are reported as non-current liabilities.

Costs of newly acquired assets are capitalized and written off as depreciation charges over their estimated useful lives. Purchases over \$2,000 are capitalized. Depreciation is computed by the straight-line method. The provision for depreciation is calculated based on the following lives:

Electrical system	30 years
Fence & Fixtures	20 years
Gas distribution system	30 years
Land improvements	20 years to 30 years
Personal Property	5 & 10 years
Sewer system	20 years
Structures	20 to 50 years
Water distribution system	20 to 50 years

Equity is classified as net assets and is presented in three components:

- Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and any outstanding debt that is attributable to the purchase, construction or improvement of those assets.
- 2. Restricted net assets consists of net assets with constraints or restrictions placed on their use by external groups or through enabling legislation.
- Unrestricted net assets consists of all other assets that do not meet the criteria of restricted or invested in capital, net of related debt.

## NOTE 2: CASH AND CASH EQUIVALENTS

The Society cash balance is invested in deposit accounts and government obligation funds invested exclusively in short-term government securities that the Society considers to be cash equivalents. Minn.Stat. Sec 118A.03 requires that deposits by municipalities, including public corporations, be secured by depository insurance, or a combination of depository insurance and collateral security. The statute further requires that total collateral computed at its fair market value be at least 10 percent more than the amount on deposit in excess of any insured portion at the close of the business day. On 10/31/06, the Society had short-term investments of \$7,550,035. Of that

total, \$7,537,766 was invested in repurchase agreements, and \$12,269 was invested in U. S. Treasury and agency obligations.

#### Cash and Cash Equivalents of the Minnesota State Agricultural Society for the year ending October 31, 2006:

Restricted cash equivalents represent funds restricted in application by enabling legislation or by revenue bond sale covenant requirements.

#### NOTE 3: PROPERTY, STRUCTURES, UTILITIES & EQUIPMENT

Capital assets are recorded at cost and depreciated using the straight-line method over the useful life of the related asset. Costs of improvements and renovations that add to the original value or materially extend the useful life of the related asset, are capitalized and written off as depreciable over their remaining estimated useful life.

During 2003, the Minnesota State Agricultural Society issued State Fair Revenue Bonds, Series 2003 in the amount of \$11,110,000. Proceeds from this bond series are being used to provide funds to make capital improvements and major renovations to the Grandstand structure, to fund the Series 2003 debt service reserve requirement and to pay cost of issuance expenses relating to the bonds. The bonds are special, limited obligations of the Society and are not secured by the full faith and credit of the Society. The bonds are payable solely from the revenues of the Fair. A principal payment is made once each year on September 15, commencing September 2004. Interest payments are made semi-annually on each March 15 and September 15, commencing March 15, 2004. The bond interest rates are 3.000% to 5.125%. The bonds mature September 15, 2023.

Annual debt service requirements to maturity for the State Fair Revenue Bonds are as follows:

		Principal	Interest

#### NOTE 5: SHORT TERM OBLIGATIONS

During fiscal year 2006, the Society renewed a working capital line of credit in the amount of \$1.5 million for possible short-term financing of fair operations. No money was borrowed against the line of credit during the fiscal year. As of 10/31/06 there was no outstanding balance due on the line of credit.

#### NOTE 6: RETIREMENT PLAN

The following pension disclosures are made to comply with GASB Statement No. 27, "Accounting for Pensions by State and Local Government Employees".

#### Plan Description

All Society full-time employees must participate and are covered by defined benefit pension plans administered by the Minnesota State Retirement System (MSRS). MSRS administers the State Employees Retirement Fund (SERF) which is a cost-sharing, multiple-employer retirement plan. The payroll for employees covered by MSRS plans for the year ended October 31, was \$3,385,484 for 2005 and \$3,659,579 for 2006. Total Society payroll was \$6,829,543 for 2005 and \$7,287,488 for 2006. MSRS issues a publicly available financial report that includes financial statement and required supplementary information. That report may be obtained by writing to the MSRS plan administrator at the Minnesota State Retirement System, 60 Empire Drive, Suite 300, Saint Paul, Minnesota 55103-3000.

MSRS provides retirement benefits as well as disability benefits to

members, and benefits to survivors upon death of eligible members. Benefits are established by State Statute and vest after three years of credited service. The defined retirement benefits are based on a member's average salary from the five highest successive years of covered salary, age, and length of service at termination of service. Two methods are used to compute benefits, the Step formula and the Level formula. Under the Step formula the annual accrual is 1.2 percent of a five high year salary for the first ten years of service, then 1.7 percent for each year thereafter. Under the Level Formula, the annual accrual amount is 1.7 percent for each year of service. A full annuity is available when age plus years of service equal 90 for annuities calculated with the Step Formula.

There are two types of annuities available to members upon retirement. The Single-life annuity is a lifetime annuity that ceases on the death of a member. The Optional annuity provides joint and survivor annuity options that reduce monthly annuity payments because the annuity is payable over joint lives. Members may also leave their contributions in the fund upon termination of public service in order to qualify for a deferred annuity at retirement age. Refunds of contributions are available to members who leave public service, but before retirement benefits begin.

#### Funding Policy

Minnesota Statutes, Chapter 352 sets the rate for employee and employer contributions. Contributions are made to the fund by employees and the Society based on a percentage of gross salaries. The total required contribution rate was 8%; the employee and the employer each have a contribution rate of 4%. Employer contributions, which equaled the required contributions for the year, were \$134,841 for 2004, \$135,420 for 2005 and \$142,348 for 2006.

#### **Related Party Investments**

As of October 31, 2006, and for the fiscal year then ended, MSRS held no securities issued by the Society or other related parties.

#### **Deferred Compensation**

All Society full-time employees are eligible to participate in the Minnesota Deferred Compensation Plan for public employees. Deferred compensation is a voluntary plan that allows employees to place a portion of their earnings into a tax deferred investment program for long-term savings to supplement retirement and other benefits. The deferred compensation plan is administered by Minnesota State Retirement System.

#### NOTE 7: RESTRICTED NET ASSETS

These represent funds that are reported separately, due to restrictions in place required by bond obligations or enabling legislation, that mandate how these funds are applied by the Society. These assets are for debt service payments and capital improvements.

#### **NOTE 9: FOUNDATION**

The Minnesota State Fair Foundation is a supporting organization of the Minnesota State Agricultural Society. The Foundation is a tax-exempt not-for-profit corporation, established in August 2002 following the passage of enabling legislation signed into law by the governor, and and governed by a board of directors. The Foundation was established to secure and provide funding and gifts-in-kind all of a nature acceptable to the Fair to be used in the preservation, restoration and improvement of the Minnesota State Fairgrounds, and to support State Fair educational, agricultural, and scientific programs. The Foundation is supported primarily from public and private contributions, merchandise sales, in-kind contributions and volunteer time.

The following are significant notes to the Minnesota State Fair Foundation financial statements:

#### **Financial Statement Presentation**

Net assets, revenues, expenses, gain and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

#### **Unrestricted**

Resources over which the Board of Directors has discretionary control. Designated amounts represent those revenues which the Board has set aside for a particular purpose.

#### Temporarily Restricted

Those resources subject to donor imposed restrictions which will be satisfied by actions of the Foundation or passage of time.

#### Permanently Restricted

Those resources subject to donor imposed restrictions which will be satisfied by actions of the Foundation or passage of time.

#### Permanently Restricted

Those resources subject to a donor imposed restriction that they be maintained permanently by the Foundation. The donors of these resources permitted the Foundation to use all or part of the income earned, including capital appreciation, or related investments for unrestricted or temporarily restricted purposes.

#### Contributions Receivable

Pledges to give that are expected to be collected within one year are recorded at their net realizable value. Pledges that are expected to be collected in future years are recorded at the present value of the amounts expected to be collected. The discounts on those amounts are computed using an imputed interest rate applicable to the year in which the pledge is received. Amortization of the discount is included in the contribution revenue. Conditional pledges are not included as support until such time as the conditions are substantially met. The Foundation currently does not have conditional pledges.

#### **Revenue Recognition**

Contributions, including unconditional promises to give, are recognized as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

All donor-restricted support is reported as an increase in the temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Unconditional contribution pledges are recognized as revenues or gains in the period received and as assets, decreases in liabilities, or expenses depending on the form of the benefits received. Conditional contributions are recognized when the conditions on which they depend are substantially met. Gifts and bequests are recognized when it has been determined that there is a legal right to the gift or bequest and the actual amount has been determined.

Foundation financial statements can be obtained by writing to Minnesota State Fair Foundation, 1265 N. Snelling Avenue, Saint Paul, Minnesota 55108.

#### NOTE 10: RELATED PARTY TRANSACTIONS

In accordance with an agreement between the Foundation and the Fair, the Fair has provided the following:

An unsecured, \$125,000, interest-free line of credit. As of October 31, 2005, the Foundation had drawn \$57,000 on this line of credit. The Fair forgave this debt in the year ended October 31, 2006 and this is not an outstanding amount as of October 31, 2006

Full use and occupancy of a fairground building rent-free, including telephone and computer service.

Payroll and limited staff support services.

During the year ended October 31, 2006, the Foundation has outstanding payables due to the Fair of appoximately \$299,000, related to payroll and other compensation-related expenses. During the year ended October 31, 2006, the Fair contributed payroll expenses of \$100,889. At its January 12, 2007 board of managers meeting, the Fair resolved to continue their support of the Foundation during the fiscal year ending October 31, 2007.

The employees of the Fair have made significant contributions of their time to the Foundation's activities. These uncompensated services are included in the agreement between the Fair and the Foundation. Additionally, volunteers have donated time to the Foundation in various capacities. No amounts have been included in the statements for donated services, since the services do not meet established criteria for recognition. These criteria require the donated services create or enhance nonfinancial assets, require specialized skills which would be purchased if not donated, and have an objective basis for measurement.

Grants to the Minnesota State Agricultural Society During the year ended October 31, 2006, the Foundation transferred bricks and benches valued at \$50,258, the CHS Miracle of Birth Center valued at \$1,163,419, \$173,063 for the Bailey House, \$122,500 for the Warner Coliseum and \$2,486 for other miscellaneous gifts, for a total of \$1,511,726. During the year ended October 31, 2005, the Foundation transferred bricks, benches and other miscellaneous property valued at \$83,932.

**OFFICE OF THE LEGISLATIVE AUDITOR** 

State of Minnesota • James Nobles, Legislative Auditor

Representative Rick Hansen, Chair Legislative Audit Commission

Members of the Legislative Audit Commission

Mr. Lyle Steltz, President State Agricultural Society Board of Managers

Members of the State Agricultural Society

Mr. Jerry Hammer, Executive Vice President State Agricultural Society

In auditing the State Agricultural Society's financial statements for the year ended October 31, 2006, we considered the society's internal controls over financial reporting and tested the society's compliance with significant legal provisions. This report contains our finding and recommendation. However, given the limited nature of our audit work, we do not express an overall opinion on the effectiveness of the society's internal controls or compliance. In addition, our work may not have identified all significant control deficiencies or instances of noncompliance with legal requirements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. These standards require that we communicate significant internal control deficiencies and noncompliance to management and those charged with governance. We consider the internal control deficiency described in Finding 1 in the accompanying section, entitled Current Finding and Recommendation, to be a reportable condition. According to the auditing standards, reportable conditions indicate significant deficiencies in the design or operation of one or more of the internal control components that do not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Management's response to our finding and recommendation is presented in the accompanying section of this report titled, Agency Response. We did not audit the response and, accordingly, we express no opinion on it.

## **Current Finding and Recommendation**

# 1. The State Agricultural Society did not adequately separate duties to ensure coliseum and grandstand ticket sales remitted by a contract vendor were properly safeguarded.

The society did not adequately separate duties when depositing \$2.5 million of coliseum and grandstand ticket receipts. The society contracted with a company to sell tickets to coliseum and grandstand events. The vendor processed telephone and internet sales and remitted weekly sales reports and checks to the society for the total sales amount less applicable service fees. The society did not adequately separate duties over the accounting for these funds upon receipt; one of the society's employees who had access to the checks also maintained the accounting records and prepared the monthly bank reconciliations. There were no mitigating controls, such as an independent review of the sales reports and bank deposits, to ensure the propriety of those transactions.

Good internal controls require that duties be separated so that a person who has access to receipts cannot either post transactions to the accounting system or prepare the bank reconciliations. Without proper separation of duties, errors in accounting for the deposits or misappropriation of coliseum and grandstand ticket receipts could go undetected.

#### Recommendation

• The society should separate duties involving the deposit of coliseum and grandstand ticket receipts from the record keeping and reconciliation responsibilities.

## Status of Prior Audit Issues As of March 19, 2007

## **Most Recent Audit**

The Office of the Legislative Auditor performs an annual audit of the State Agricultural Society. Legislative Audit Report 06-15, dated May 24, 2006, covered the fiscal year ended October 31, 2005. The audit scope included those areas material to the society's financial statements. The report did not contain any findings.

THE GREAT MINNESOTA GET-TOGETHER TWELVE DAYS OF FUN ENDING LABOR DAY

Jim Riebe, CPA Office of the Legislative Auditor Room 140 Centennial Building 658 Cedar St. St. Paul, MN 55155

June 8, 2007

Dear Jim,

Following is the State Agricultural Society's response to the finding in the draft report of the OLA's audit:

The State Fair contracts with Ticketmaster as a vendor to provide retail ticket sales services for Grandstand and Coliseum events. The vendor's standard operating procedure has been to send checks for ticket sales revenue on a weekly basis to the State Fair box office manager who, in turn, has forwarded the check to the fair's controller for audit prior to deposit. As part of the process, the fair has annually maintained and provided to the legislative auditor complete documentation verifying the accuracy of all accounts and deposits related to Grandstand and Coliseum ticket sales activity. This process has not changed since 2000 – the first year that the Society contracted with Ticketmaster. Nevertheless, the vendor and the Society are establishing a new method of ticket revenue transfer that involves electronic direct deposit.

Our thanks to you and the audit team for your efforts on our behalf.

Sincerely,

Jerry Hammer Executive Vice President

The 147th annual meeting of the Society, held in conjunction with the annual conventions of the Minnesota Federation of County Fairs and the Midwest Showmen's Association, opened Friday Jan. 13 at the Radisson South Hotel in Bloomington, Minn.

## MEETING OF THE BOARD OF MANAGERS 10:15 a.m. Friday Jan. 13, 2006

**Members present:** Clarice Schmidt, president; Joe Fox, vice president; D. J. Leary, vice president; Denny Baker; Jim Foss; Bob Lake; John Paulmann; Al Paulson; Lyle Steltz; Chauncey Wargin; Jerry Hammer, secretary.

Also present: Steve Pooch; Jim Sinclair; Brian Hudalla; Renee Pearson; Marshall Jacobson; Mary Mannion; Mark Birk; Steve Grans; Pam Mix; Carol Doyle; Pam Simon; Brigid McGough; Wally LeVesseur; Susan Lynskey; Kathleen Sertich; Kristen Wollin; Tiffany Bauer; Kay Cady; James Hamilton; and Brienna Schuette.

President Schmidt called the meeting to order at 10:20 a.m.

Mr. Hammer reported on the Society's finances, including review of revenue and expense sources, annual cash flow, 10-year history of capital improvements and maintenance projects and proposed operating and capitol budgets for '06. Mr. Hammer also reviewed the State Fair's pricing structures and revenue sources as compared to other major expositions in North America. Information only; no action required.

On a motion by Mr. Leary, seconded by Mr. Baker and carried, the Society's capitalization level was increased from \$1,000 to \$2,000 (Aye-9; Nay-0).

Ms. Pearson presented a detailed report on Grandstand revenue and expense for the '05 State Fair, showing a net operating gain of \$928,000. Information only; no action required.

Mr. Fox reported on a meeting of the State Fair Foundation's audit committee conducted earlier that week, and offered the following resolution:

WHEREAS, the Minnesota State Fair Foundation was established by the Society as a non-profit public charity to assist the State Fair with capital projects and support its educational and scientific programs consistent with the public good, and

WHEREAS, the Society is committed to support the long-term growth and development of the Foundation for the betterment of the State Fair and, ultimately, to the great benefit of all Minnesotans, therefore be it

RESOLVED, that the Society recognize the substantial benefits provided to the Fair by the Foundation by paying the compensation of the Foundation's executive director for 48 months effective Jan. 1, 2006, and

RESOLVED, that the Society forgive the \$57,000 line of credit debt owed by the Foundation.

After discussion, the resolution was adopted on a motion by Mr. Lake, seconded by Mr. Paulson and carried (Aye-9; Nay-0).

Executive committee members President Schmidt, Mr. Steltz, Mr. Leary and Mr. Fox reported on their meeting conducted earlier that morning with members of the Office of the Legislative Auditor as part of the OLA's annual audit of the Society. Information only; no action required.

President Schmidt declared the meeting adjourned at 11:50 a.m.

# MEETING OF THE BOARD'S SALES COMMITTEE 2:30 p.m. Friday Jan. 13, 2006

**Members present:** D. J. Leary, chairman; Denny Baker; Joe Fox; Jim Foss; Bob Lake; John Paulmann; Al Paulson; Lyle Steltz; Chauncey Wargin; Clarice Schmidt, ex officio; Jerry Hammer, ex officio; Jim Sinclair, ex officio.

Also present: Steve Pooch; Marshall Jacobson; Brian Hudalla; Renee Pearson; Mary Mannion; Mark Birk; Dennis Larson; Pam Simon; Carol Doyle; Steve Grans; Mary Pittelko; Pam Mix; Wally LeVesseur; Kathleen Sertich; Susan Lynskey; Tiffany Bauer; and Brienna Schuette.

Chairman Leary called the meeting to order at 2:35 p.m.

The '05 State Fair sales revenue report, originally presented at

the Nov. 7, 2005, meeting of the board, was approved on a motion by Mr. Wargin, seconded by Mr. Lake and carried (Aye-8; Nay-0).

Sinclair presented the following list of concessionaires and proposed 2006 percentage-of-revenue license fees for each which was approved on a motion by Mr. Foss, seconded by Mr. Lake and carried (Aye-8; Nay-0):

Mr. Sinclair provided a status report on the Society's acquisition of the concession structure and equipment belonging to Arlo's Fun Foods, Inc. dba Family Tree Café located at 1777 Carnes Ave. (the acquisition was approved at the Nov. 7, 2005 meeting of the board). Mr. Sinclair added that requests for proposals to purchase and operate at the facility were mailed to more than 30 concessionaires.

The committee was provided with a brief update by Mr. Sinclair regarding the Second Judicial District Court's Writ of Execution on behalf of Atlas Distributing, Inc. against the personal property and money of Todd A. Erickson, dba Summit Amusement involving the State Fair Penny Arcade structure located on the fairgrounds at the northwest corner of Dan Patch Avenue and Underwood Street in block # 29. An auction date of Jan. 25, 2006, has been set if the subject judgment is not satisfied.

On a motion by Mr. Baker, seconded by Mr. Steltz and carried, the meeting was adjourned at 3:15 p.m. (Aye-8; Nay-0).

#### 1.07 Vehicle restrictions.

Maximum vehicle speed limits on the State Fairgrounds, as well as appropriate allowances and restrictions dealing with <u>unnecessary acceleration</u>, vehicle parking, delivery hours, restricted areas, tow-away zones and impound arrangements, shall be established by the secretary or delegate. The secretary or delegate shall provide for the placement of such traffic control signals, signs, and other traffic control devices on the State Fairgrounds as deemed necessary for the safety, protection and control of the State Fairgrounds and the people thereon. When any police officer or security person finds a vehicle illegally parked on the State Fairgrounds, they are authorized to issue a citation, or provide for the removal and impoundment of such vehicle, or both. Cost of removal and storage shall be borne by the vehicle's owner.

1.09 Two-wheeled and track vehicles.

Two-wheeled vehicles, such as bicycles, motorcycles and motor scooters, will not be allowed on the State Fairgrounds unless such two-wheeled vehicles are on display in a commercial space licensed by the Society and, in such case, said two-wheeled vehicles must be kept in the assigned commercial space and may not, under any circumstances, be operated on the streets of the State Fairgrounds. Electric personal assistive mobility devices may be used on the State Fairgrounds by persons that are physically challenged. Track-type vehicles, including snowmobiles, may not be operated anywhere on the State Fairgrounds at any time of the year without the express authorization and approval of the secretary or delegate.

#### 1.18 Dogs.

During the period of the annual State Fair, no dogs or other pets shall be allowed on the State Fairgrounds.

#### There are two exceptions:

(1) Certified Service animals or service animals in training.

(2) Dogs or other pets may be allowed when part of an exhibition or demonstration authorized by the secretary or delegate. No other exceptions will be allowed during the period of the State Fair.

During the non-fair period, <u>no dogs or other pets shall be allowed in State</u> <u>Fair buildings, unless part of an exhibition or demonstration authorized by</u> <u>the secretary or delegate</u>. No dogs or other pets may be allowed on the State Fairgrounds at any time unless confined or restrained on a leash of less than six feet in length. During fair and non-fair periods, society personnel are empowered to order the removal from the State Fair any dog or pet in violation of above, or found to be disturbing or endangering the public.

After discussion, the rule changes were approved as presented on a motion by Mr. Foss, seconded by Mr. Paulson and carried (Aye-5; Nay-0).

After discussion, the contracts were approved as presented on a motion by Mr. Fox, seconded by Mr. Lake and carried (Aye-9; Nay-0).

Mr. Hammer presented State Fair Employee Bulletin 5F, as follows, for consideration:

The Board of Managers of the Minnesota State Agricultural Society has determined that it is in the best interest of the State Fair to promote individual efficiency and effectiveness through employee training and development.

Therefore, the following provisions shall govern the training and development of all State Fair personnel.

Employees may be selected to participate in training and development activities in several two ways:

 Procedures for Obtaining Training - If you are interested in training, seminars, etc. retain your supervisor's approval.

Call the guest services supervisor at 651-288-4446 to discuss training needs and find an appropriate class or seminar and check if funding is available.

If you already have an interest in a particular training opportunity and retained your supervisor's approval, call the guest services supervisor, who will register you for the training class. **Please do not complete a green**.

- 1. To attend seminars, conferences or other short-term training classes:Therefore, the following provisions shall govern the training and development of
- a. Obtain your supervisor's approval.
- b. Schedule training through guest services.
- c. Pick up a Obtain a post-training evaluation form from guest services supervisor. Fill out the evaluation, complete the form and return it to guest services within seven (7) days of completing the training.
- 2. Job Assignment The employee is assigned to a specific workassignment or the training is specifically requested by the generalmanager or the employee's director. The general manager or director is responsible for the amount of time spent and for all necessary and legitimate expenses incurred as a result of employee participation injob assigned training and development activities:

### 2. To participate in a post-secondary degree program:

Employee Initiated If you wish to pursue a vocational, associate, bachelors or masters degree that will benefit your job performance, the State Fair offers tuition reimbursement that covers a substantial portion of tuition costs for use by employees seeking a degree through an accredited institution. At the discretion of your supervisor and the general manager, you may be allowed to participate in non-assigned educational assistance to meet specific training and development needs. Participation in these programs must be beneficial to the State Fair as well as to the employee.

Employees may be allowed to participate in programs up to 100 hours of workrelease time each fiscal year. Employees are limited to either release time ortuition-reimbursement, but not both. Tuition or registration-reimbursement islimited to 75% of cost. Full reimbursement is also provided for necessary books, materials and fees if the books and reusable materials become the property-ofthe State Fair. According to IRS regulations, if an employee exceeds the IRS-Education Assistance yearly allowance, a 1099 will be issued to the employee for the amount that exceeds the regulations. If you have questions regarding thisor the yearly allowance, contact-the payables department at 651-288-4374.

Eligibility - To qualify for reimbursement, you must be regularly scheduled to work 40 hours per week, be employed for at least 12 months, and be actively employed during the course and at the time of reimbursement. Provided you

meet the following criteria, the State Fair will assist you with the cost of continuing your education.

Course work and grades - Reimbursement is contingent upon the employee earning a grade of "C" or above for vocational, associate, bachelors or masters courses, or confirmation of satisfactory completion of the course from the school when a course is not graded. Courses must be taken for credit unless credit is not an option; auditing a course is not reimbursable. While the State Fair does not limit the number of degree-related classes or courses an employee may take per term, the employee is expected to exercise discretion and good judgment with regard to balancing the number of courses taken while fully meeting work schedule and job responsibility requirements.

Reimbursement level - After successful completion of a course, the State Fair will reimburse 75% of tuition costs up to \$5,250 per calendar year. The State Fair will not duplicate payments for educational expenses supported by other sources, including but not limited to veteran's benefits, scholarships, grants and tuition discounts. To determine if tuition reimbursement may be taxable as income, please refer to Section 127 of the IRS code.

Qualifying degree programs - Degree programs must be related to the employee's current job duties or potential future position at the fair in order to be eligible for reimbursement. The State Fair has the sole discretion to determine whether a degree relates to an employee's current job duties or a potential future position. Courses (including internet courses) must be taken at an accredited university, college, business school or vocational/technical school accredited by the American Council on Education.

Time frame - Employees must start and complete course work and request reimbursement while in active employment status. After completion of course work, an employee must remain employed at the State Fair for the amount of time normally required to complete studies. (For example, if the employee completes a two-year program, regardless of the actual amount of time needed to finish the program, the employee must remain employed at the State Fair for two years after completing studies.)

Employees who participate in training programs or courses longer than 40 classroom hours on State Fair time or in training programs which are funded in whole or in-part by State Fair funds are obligated to return to a State Fair job for a minimum period established by the general manager. Employees who fail to fulfill the minimum time commitments are required to reimburse the State Fair for the actual costs of the training plus all salary paid for actual time spent-in training activities. The amount of reimbursement required will be a prorated share of the actual expenses based upon the length of time the employee has returned to a State Fair job.

Conditions for Repayment to the State Fair - If an employee voluntarily leaves fair employment after completing studies but before the required time in fair employment has passed, the employee will repay the fair on a prorated basis. If the State Fair terminates an employee due to a reduction in workforce, the company will pay only for the current course or session in which the employee is enrolled at the time of the reduction. In the event an employee voluntarily leaves State Fair employment before completing a degree, the employee will repay the State Fair all reimbursement received.

Procedure for enrolling and receiving reimbursement -

- Prior to enrolling in a course for a degree program the employee must complete the Employee Development Application form, (available from human resources) and present the form to the General Manager for approval.
- Once your application has been approved, the employee must see Human Resources to complete the Employee Development Approval form.
- 3. For each course or semester, the employee must complete the Tuition Reimbursement form and receive the required approval signatures. Forms are available in human resources. The final grade, along with a fee statement that identifies the tuition cost and any financial aid the employee may have received, must be submitted to human resources for review and approval within 30 days of completion of the course. The employee's final grade must be on an official school or university transcript, or school or university letterhead. After receipt and approval, the employee will receive reimbursement.

The employee is responsible for understanding and complying with all provisions of this policy. The State Fair is not responsible for any educational

costs incurred by a student who has failed to meet all terms and conditions as defined under this policy.

After discussion, Employee Bulletin 5F was approved as presented on a motion by Mr. Baker, seconded by Mr. Paulmann and carried (Aye-9; Nay-0).

State Fair Foundation Executive Director Kay Cady presented a report on Foundation activities. Information only; no action required.

President Steltz declared an executive session of the meeting to further discuss Penny Arcade issues. During the session, the board authorized staff to negotiate with Mr. Erickson to purchase the Penny Arcade structure for the appraised price of \$102,000 on a motion by Mr. Baker, seconded by Mr. Lake and carried (Aye-9; Nay-0).

President Steltz reconvened the public meeting of the board.

#### MINNESOTA STATE AGRICULTURAL SOCIETY ANNUAL MEETING 8 a.m. Sunday Jan. 14, 2007

At 8 a.m., members of the Society met for breakfast and convened in general session at 8:30 a.m. President Lyle Steltz welcomed delegates and guests, then asked Secretary Jerry Hammer for his report:

Hammer introduced concessionaire Maxine Davis, entertainer Santa Dan and FFA exhibitor Lana Olson and each spoke about their experiences at the fair. After their remarks, Hammer continued:

These good people showed us a lot about passion for the fair and how the Great State Fair can affect lives. The fair also teaches about responsibility and I will share a letter that we received right after the fair that illustrates that.

"Dear Fair Officials: On the first day of the fair I paid four dollars for a twelve and under gate ticket. My parents found out and now here I am writing this letter. I'm sorry about what I have done. Sincerely, Reed age 13 P.S. Enclosed are the three dollars I owe you." You know you want to send it back but then that blows the whole lesson doesn't it. That's remarkable.

The 2006 fair was one of the best ever, definitely in the top three in terms of net revenue produced. The financial details are in the handout that you have on the tables. That's good because lord knows there is an awful lot of work we need to do with our historic facilities. The State Fairgrounds are state property, yet the state contributes absolutely nothing to maintenance and improvements. So if we wish the fair to continue to be as great an institution for future generations as it is for us, that means we need to preserve and protect our facilities.

Artistically and from a standpoint of fulfilling our mission, the '06 fair was successful. If we are doing what we are supposed to do in terms of education, in terms of building community and showing people how to improve their lives, then this past year was in fact the best ever. It could also have been a record setter in terms of attendance except we ran into some bad luck with weather – especially during the last weekend. We also had quite a bit of rain on opening day and Jim Tucker, who is the chief executive for the IAFE (International Association of Fairs and Expositions) was in my office doing some business and he looked up and asked if it normally gets dark this early. It was about 7:15 p.m.,

and sunset isn't till around 8:30 p.m. that time of year. It was raining so hard you couldn't even see individual drops. It was coming down in absolute buckets and sheets, and it was so dark out that the streetlights actually went on. Weather is the one thing we can't do anything about, though, so we take it as it comes.

'Two exhibits at this year's fair in particular were really outstanding and I hope went a long way towards for fulfilling our mission. The first was the Eco Experience up on Machinery Hill in the 1907 Progress Center. Regardless of what your politics are or where you stand on a lot of issues, I think everybody has to agree that the biggest issue we face on a global basis is energy, where we get it from and how we use it. The Eco Experience focused on renewable energy in a big way. Our principal partner in the project was the Minnesota Pollution Control Agency and the exhibit attracted national attention and won several prestigious awards.

The other new exhibit this year was the CHS Miracle of Birth Center. This was the first project funded almost completely through the State Fair Foundation, which raised \$1.5 million to produce this extremely popular exhibit. Our thanks to the Foundation for doing a such remarkable job. Now many, many people contributed to getting this done, but no one more so than past Foundation chair and current member of the Foundation board Mr. Dave Johnson. The Miracle of Birth Center was accomplished as much through force of will from Dave than through anything else, and Dave is with us this morning. Dave, would you please stand? Let's give him a round of applause. The Foundation is really rolling now and we are all very pleased and excited and happy that it has come so far in such a short amount of time. Thanks to all of the Foundation board and thanks to executive director Kay Cady and foundation staff members James Hamilton and Mary Chung for your outstanding effort.

The best line I heard about the Miracle of Birth Center was from Foundation Treasurer Steve Eilertson during Friday's annual meeting of the Foundation. Steve said that his dad and his 22-year-old daughter went down to the Miracle of Birth Center and got there just in time to see the live birth of a calf. After seeing a live birth, he said his daughter is staying single.

We have two more special guests here today from the Miracle of Birth Center. Coming in the back door right now is Holly Neaton from the Minnesota Veterinary Medical Association, and she brought with the first lamb born at the Miracle of Birth, Jill. Thanks so very much, Holly, and thank you Jill, who is likely the very first lamb to attend a meeting at this hotel.

Now let's turn our attention to the video from the 2006 State Fair. Dale Kivimaki and Free-Style Productions produce this video every year. Dale does the video for Grandstand shows, and he is one of the biggest fair fans ever. We talk about people with passion for the fair and Dale is right up there with them and so now at this time let us take a look at video highlights from the 2006 Minnesota State Fair.

Thanks to our terrific board for all the work you have done, the guidance and the governance and oversight you provide, and thanks also for your terrific support. Thanks to all of our commercial exhibitors and our competitive exhibitors and everyone who makes the fair possible. Thanks to the Great State Agricultural Society and all of its members for the privilege of allowing us to serve. As for staff, I can't lie to you. Emotions have been a little raw these last few days since we lost our facilities director Mark Birk. He died Tuesday evening and there has been a tremendous outpouring of emotions and sympathy from all of our staff. Two written pieces in particular must be acknowledged. One was written by John Hayne, who works in facilities, another by Dennis Larson who handles food concessions, among other things. Dennis used a very good term to describe our feelings toward each other, and this extends to the board as well. In Dennis' words, we are 70 sisters and brothers and we are joined each August by 3,000 cousins and together we put on the Great Minnesota Get-Together. I'll add this: Our family puts our hearts and souls into making Minnesota proud. God bless you Mark, and God bless you all.

Mr. Hammer's report was accepted by the membership.

Resolutions committee member Helen Anderson of Washington County presented the following resolutions for consideration by the Society, and they were adopted as read:

Resolved, that the Society sincerely thanks each of the 1,680,579 visitors who attended the 2006 Minnesota State Fair. We respect the loyalty and traditions deeply rooted in attending and contributing to this educational, innovative and culturally rich event.

Resolved, that the Minnesota State Agricultural Society recognizes with profound gratitude all who contributed to the success of the 2006 Minnesota State Fair. The continuing success of the State Fair is achieved through the combined efforts of thousands of these dedicated people each year.

Resolved, the Society pledges to provide its guests with the finest exposition in North America. We confirm our mission to educate and involve our guests by providing a world-class showcase that is innovative, entertaining and fun.

On Jan. 12, 2007, the Society's Board of Managers unanimously passed a resolution urging the State of Minnesota to return sales tax collected on State Fair tickets sold, provided that the tax collected be matched by other Society revenue and dedicated to improvements to the State Fairgrounds:

WHEREAS, the Minnesota State Fair, governed by the Minnesota State Agricultural Society, as established by Minnesota's territorial government, is an important part of Minnesota's social fabric, and

WHEREAS, the Minnesota State Fair is widely recognized as one of the finest and best-attended events in the world, and

WHEREAS, the State Fairgrounds are among the best-utilized public properties in the state with fair-time attendance of nearly 1.7 million, plus nearly another 1 million for non-fair events, and

WHEREAS, the State Fair has an economic impact of more than \$150 million in the Twin Cities, plus additional economic impact throughout the state, and provides the equivalent of 4,300 jobs and generates nearly \$5 million in sales taxes for the state, and

WHEREAS, the state rightly supports the arts, education, recreation, athletics and other important institutions that contribute to our quality of life, and whereas the State Fair is all of these things and more on a grand scale with the greatest depth of impact on all age groups of any state institution, and

WHEREAS, the historic Minnesota State Fairgrounds are state property, yet all maintenance and capital work is paid for through the fair's operating revenue, and

WHEREAS, the State Fair's historic facilities are aging and upkeep of them becomes more challenging by the year, and

WHEREAS, the Society's mission is to present the People of Minnesota with the very best fair in the United States, and that well-maintained facilities are essential to fulfillment of this mission, therefore

BE IT RESOLVED that the Society strongly urge the State to return sales tax earned on the sale of State Fair tickets to the Society, so that such funds may be dedicated to Society facilities, preserving and improving the historic State Fairgrounds for future generations.

Resolved, that the Society values its associations with the International Association of Fairs and Expositions, the Minnesota Federation of County Fairs, the Outdoor Amusement Business Association and the Midwest Showman's Association, as well as all other expositions and related businesses that are essential to furthering and improving the fair industry locally and nationally.

Resolved, we recognize with great regret the loss and extend our sincere condolences to the friends and families of Society members and State Fair friends including: Long-time State Fair staff member Mark Birk; former Society board member and president, and honorary life member Howard Morris; Kirk Kingren, Anoka County Fair board member; Dr. John Anderson of Northfield, a major contributor to the CHS Miracle of Birth Center; Larry Peterson of Amboy, 4-H volunteer and 50 year participant; Peter Bobendrier, sheep exhibitor and 50 Year Award winner; Louise O'Neil, concessionaire; Michael Hildebrand, Grandstand concessionaire; Roger Hildebrand, concessionaire; Jess Kingen, concessionaire; Kathleen Patterson, product demonstration concessionaire; Maggie Schwingler, exhibitor and past Minnesota Federation of County Fairs president; and Larry Wisdom, midway ride owner.

Resolved, that the Society extend its appreciation to all who contributed to the success of its 148th annual meeting.

Credentials committee member Corky Ebeling of Steele County presented the following committee report, which was adopted by the membership:

All credentials have been found to be in order with the following exceptions: Minnesota Jersey Cattle Association was not received by the Secretary of State by the December 20, 2006 deadline.

Committee chair Byron Anderson of Wsahington County offered the report of the membership committee:

There are nor recommendations for any changes to the Minnesota State Agricultural Society membership. The membership committee also requests that if anyone present who knows if there are any Statewide Associations who are interested in becoming a member, please bring before the membership committee.

Following committee reports, President Steltz turned the chair over to fifth district Vice President Leary to conduct an election for Society president for a term of one year. President Steltz was reelected, reassumed the chair and conducted further elections as follows: Joe Fox of Maplewood, two-year term as fourth district vice president; John Paulmann of Gaylord, three-year term as second district manager; Chauncey Wargin of Hermantown, three-year term as eighth district manager; Jerry Hawton of New Brighton, honorary life membership in the Society.

President Steltz assumed the chair to conduct the election of Ms. Schmidt to honorary life membership in the Society.

There being no further business, the 148th annual meeting of the Minnesota State Agricultural Society was adjourned.
