

08 - 0804

DATA TABLE KEY
For Contamination Cleanup and
Investigation Program Funded Projects

Fund Source	GF = General Fund Petro, P = Petrofund Env = Environmental Fund MV = Motor Vehicle Fund CT = Contamination Tax Fund Bonding = Bonding Funds
Grant Type	C = Cleanup Grant I = Investigation Grant
*	Means the project has been funded in more than one cycle, (for example: a city that has been funded for both an investigation and a cleanup grant) and its statistics are reported only once in the table to avoid duplication of benefit data. To find reference to the other funding cycles funded for this project, look under "Project Name".
n	Means that collection of this data was not required during this period.
Tax Increase Achieved or Projected	This is the increase in the amount of property taxes that has been collected (in the case of a Closed Project) or that is anticipated by the county assessor (in the case of an Awarded Project).
Private Investment	The amount of private (non-state and non-local government) investment in the development costs of site, after the site has been investigated and/or cleaned up.
Status as of	October 2008 Awarded = Grant has been awarded and project has been started. Closed, Pending... Many projects are in a status of closed pending some condition. The more general ones may be defined as follows: Closed, Pending Audit = All funds have been spent down and site has been monitored, waiting for final financial audit information. Closed, Pending Certification = All funds have been spent down and site has been monitored, waiting for Certification of Cleanup or PCA Assurance Letter showing that cleanup has been approved by the MPCA. Closed, Pending Final Report = All funds have been spent down and site has been monitored, currently waiting for narrative report documenting the jobs and/or housing units created, the tax increases achieved and other benefits achieved. Closed, P = Project is closed, benefit has been documented and paper files have been removed from DEED, electronic files remaining.
Date of Status Change	The date the status in the previous column was achieved.

Contamination Cleanup Grant Program - FUNDED PROJECTS: as of Sept. 2008
