# School Aid 1979

Ch. 334 HF0223 — Eken SF0315 — Merriam

Provides \$1.97 billion to aid local school districts.

## Article I — Foundation Aid (\$1.3 billion)

- increases the per pupil aid from \$1,155 to \$1,182 for 1979-80 and \$1,265 for 1980-81.
- provides for a basic mill rate of 23 mills (1980-81 school year) and 21 mills (1981-82 school year). For 1979-80, the rate is 27 mills.
- gives districts the option of levying .05 additional state-equalized mill for 1980-81 and one additional mill for 1981-82. (A mill is a \$1 tax on each \$1,000 assessed value.)
- provides \$1.8 million for sparsity aid for 1979-80 for small isolated school districts.
- provides for four-year averaging to aid school districts with declining enrollments.
- provides that all growing districts are eligible for fast-growth aid. Currently, districts with growth between zero and two percent are not eligible.
- replaces the four-year averaging to aid school districts with declining enrollments.
- provides state aid for grandfathered levies in districts with total property values below \$24,000 per pupil unit.
- guarantees \$600 per pupil unit to districts which don't receive foundation aid, minus what they get from the agricultural tax credit; non-agricultural, agricultural, and taconite homestead credits; and attached machinery aid.
- provides that the state pay for categorical aids, rather than recapturing those aids from high wealth districts, but only for districts with 950 or fewer actual pupil units.

## Article II — Transportation Aid (\$181.7 million)

- authorizes the payment of transportation aids based on a new formula using regression analysis to predict costs and determine aids.
- limits each district's loss or gain under the new formula to \$20 per pupil transported.
- provides for additional safety procedures on school buses.

## Article III — Special and Compensatory Aid (\$179.8 million)

- provides additional state aid for salaries of special education teachers by changing the formula. Allows districts to receive the greater of (a) 69 percent of salary, not to exceed \$12,000 per teacher, plus five percent of salary with no limit, (b) 70 percent of the salary with no limit.
- continues funding for one year for the pilot bilingual and Indian education programs.
- brings state into conformance with federal rules dealing with due process in special education, expires July 1, 1981.
- establishes tuition at the School for the Deaf and the Braille and Sight Saving Schools at the foundation aid formula plus \$500 beginning in 1979-80.

## Article IV — Community and Adult Education (\$8.9 million)

- increases state aid to school districts for operating certain community school programs. Under present law, school districts get 50 cents per capita for operating certain community school programs. This gives school districts, for 1980, the greater of: 75 cents per capita, or \$5,000, and in 1981, 75 cents per capita, or \$7,000.
- increases the amount a district can levy for community services from \$2 to \$2.50.

## Article V — Vocational Education (\$239.9 million)

- increases the AVTI foundation aid to \$2,400 per student in 1980 and establishes a new program budget formula for the second year.
- increases the AVTI tuition by seven percent for the first year of the biennium; no increase second year.
- changes the basis for AVTI tuition to a quarterly rather than a daily rate.
- repeals the post-secondary vocational discretionary levy.

## Article VI — Other Aids and Levies (\$30.7 million)

- increases the capital expenditure equalization aid guarantee level from \$75 to \$80 per pupil unit, and from \$80 to \$85 for fast-growth districts.
- appropriates \$1.35 million for a basic skills program.
- establishes a program for gifted and talented students, appropriating \$1.2 million for the biennium. Provides state aid of \$30 per gifted student to school districts which establish programs for gifted and talented.
- encourages Educational Cooperative Service Units and school boards to consider the problems of dropouts.
- increases state payment for pre-school health screening programs from \$23 per child to \$25 in 1979-80 and to \$27 in 1980-81.
- provides grants for study, evaluation and start-up costs associated with pairing.
- allows school districts to make electronic fund transfers in certain cases.

## Article VII — Council on Quality Education (\$4.96 million)

- increases the CQE from 17 to 19 members, adding a special education representative and a public member.
- increases the number of early childhood and family education programs from 22 to 36.
- targets some early childhood and family education funding to AFDC areas.

## Article VIII — Teacher Mobility (\$2.8 million)

- adds AVTI teachers to the teacher mobility provisions.
- increases the early retirement incentive from \$7,500 at age 55 to \$10,000 at age 55.
- increases the early retirement incentive in cities implementing a desegregation plan to \$15,000 at age 55.
- increases the state share of the early retirement incentive from 25 to 50 percent.
- allows teachers on extended leave or early retirement to substitute teach.
- extends the application deadline for early retirement incentive programs from May 1 to June 30.

## Article IX — Libraries (\$7.6 million)

- allows the state board to make grants to multi-county, multi-type library systems.
- reduces the minimum level of support counties have to provide in order for a regional library system to qualify for an establishment grant.
- extends the current library basic system support grant formula for 1979-80 and following years.

# TAXES

## 1979 OMNIBUS TAX BILL

A \$705 million tax relief bill, the largest in the state's history, got the approval of the Minnesota Legislature in the final days of the 1979 session. Tax breaks should benefit everyday taxpayers, among them, homeowners, pensioners, the elderly, and military personnel. Relief will come through higher eligibility ceilings for the low-income taxpayer, exclusions in military pay, pensions, capital gains, and through changes in income tax deductions.

## INCOME TAX

Sometime after July 1, take-home pay should be slightly higher because of new withholding rates that will take out less for Minnesota income taxes. Another form of income tax relief will come through an increase of the personal credit which goes from \$40 to \$55 for the 1979 tax year, \$60 for 1980, and at the full rate of inflation for future years. The new law also doubles the standard deduction maximum on state income tax returns to \$2,000 retroactive to January 1 of this year and indexes the deduction beginning in 1981.

### Low-income taxpayers

Low income taxpayers will be able to earn more income without having to pay a tax under new eligibility ceilings. Present ceilings which range from \$4,400 to \$8,900 go to \$5,500 up to \$10,000.

### Military

All active and reserve military personnel in the state will get a \$3,000 income exclusion from state taxes and a \$5,000 exclusion for personnel serving outside the state. The law also repeals the \$140 National Guard credit.

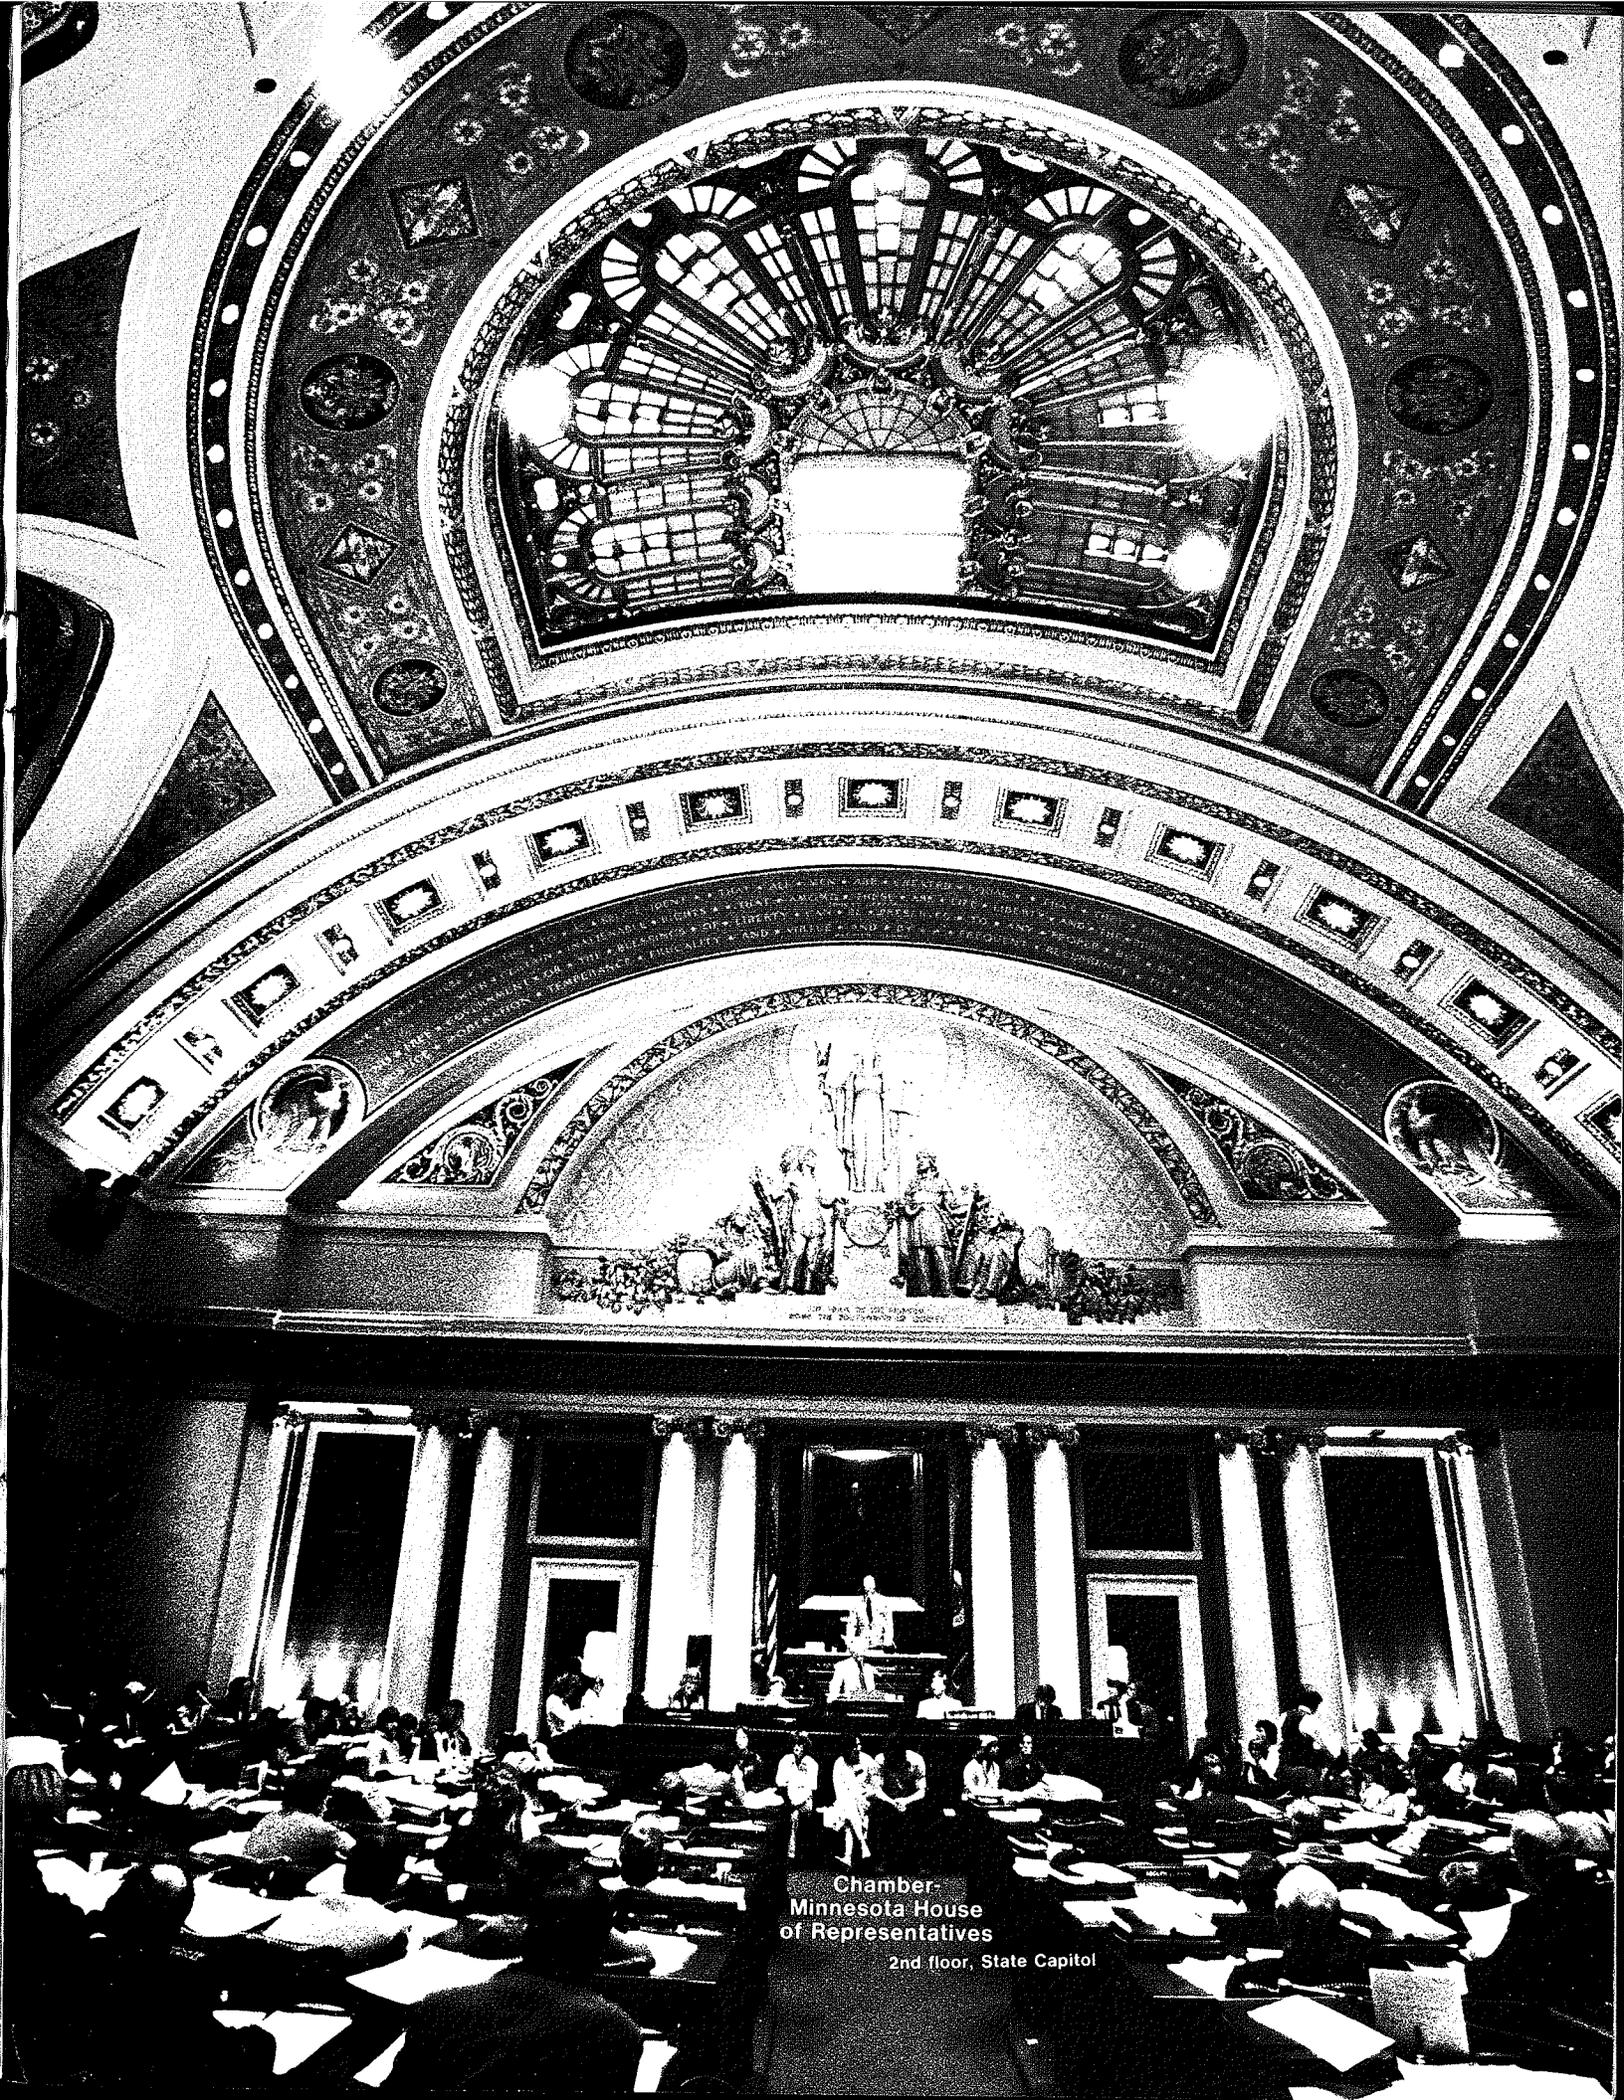

### Pensioners

The first \$10,000 (now \$7,200) of annual pensions are free of state income taxes. However, any gross income over \$17,000 (now \$13,000) begins to cut into the \$10,000. Pensioners also won't have to include their Social Security or railroad retirement income in figuring their tax on pensions as they do under current law.

### Homeowners over age 55

These homeowners won't have to pay a capital gains tax for sale of a home up to \$100,000, effective for homes owners who sell after December 31, 1978. This is a one-time exclusion.

# SPECIAL SESSION

"... Now, Therefore, I, Albert H. Quie, Governor of the State of Minnesota do hereby summon you, members of the Legislature, to convene in Extra Session on Thursday, May 24, 1979, at 9:00 in the morning on that day at the Capitol in Saint Paul, Minnesota." *Journal of the House*

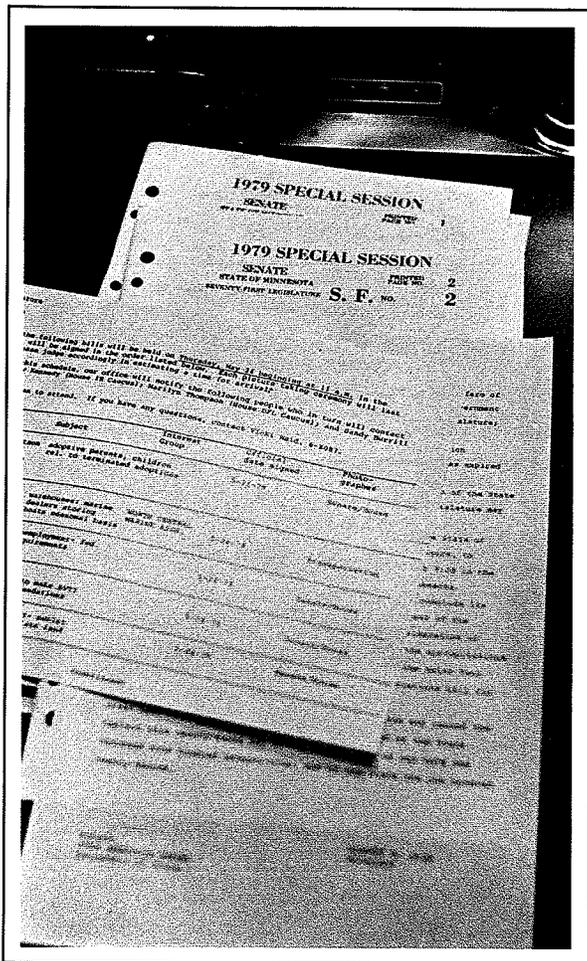

When time brought the 1979 session to a close, Tuesday, May 22, three major bills remained among those that would carry over to the second half of the biennium in 1980. After meeting with legislative leaders, on Wednesday, May 23, the governor proclaimed a special session. On Thursday, May 24, the Legislature convened, completed work on, and passed, energy and workers compensation legislation and the appropriations bill for transportation, and adjourned the first special session since 1971.

## Workers Compensation

**SPECIAL SESSION: Ch. 003 SF0001-S. Keefe**  
Makes several changes in the laws relating to workers compensation.

Major provisions:

- establishes and modifies procedures and requirements in the workers compensation rate-making process; permits rates lower than the approved rates and disallows certain inclusions in premium calculation.
- provides a formal procedure the commissioner of insurance will follow in the rate-making process.
- provides for automatic adjustment of rates to reflect legislative benefit changes.
- creates a mandatory reinsurance association whose members will include all workers compensation insurers and self-insurers; requires that the association be liable for all payments over \$300,000 or \$100,000 at the members' option arising from a single occurrence, beginning October 1, 1979; indexes these amounts to rises in the state average weekly wage.
- increases the number of Workers Compensation Appeals Court judges from three to five and permits no more than two to be laymen.
- permits concurrent payment of temporary partial, temporary total or permanent total benefits with permanent total

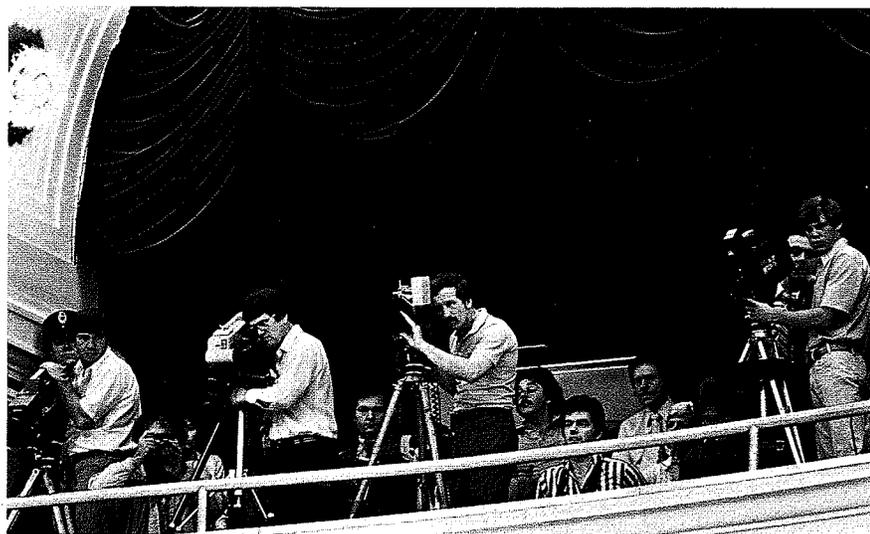

benefits with permanent partial benefits, but requires payment of permanent partial in 25 percent installments each month after the first, until return to work, when the injured worker would receive the remaining payments.

- provides comprehensive procedures for rehabilitation under workers compensation.
- provides a 25 percent incentive bonus for injured workers who go through a retraining program.
- eliminates the so-called "double-dipping," which permits some injured workers to draw the basic benefit and then the same amount while retraining for another job.
- creates a state reopened case fund which will assume liability for all new claims filed after seven years, and all new reopenings of old claims seven years after the injury or three years after the last

benefit payment, whichever is later.

- empowers the commissioner of labor to identify excessive charges for particular medical services and to establish reasonable charges in such cases.
- creates a study commission to examine the feasibility of creating a state competitive workers compensation fund which will report to the legislature by Jan. 1, 1981.

## Omnibus Department of Transportation Appropriations Bill

**SPECIAL SESSION Ch. 001 HF0001-Norton**

Appropriates \$946 million to fund state and other transportation programs for the next two years:

- provides for improvements to access roads to Stillwater State Prison and Thistledeu Corrections Camp.

## Omnibus Energy Bill

**SPECIAL SESSION: Ch. 002 SF0002-Anderson**

Makes various changes in the laws relating to energy, appropriating \$13.75 million for energy related matters.

- clarifies the procedures for declaring an energy emergency.
- prescribes the powers of the governor and executive council in an emergency.
- provides for the issuance of temporary rules by the director of the energy agency.
- prescribes additional elements of the energy allocation and conservation plan.
- provides for earth sheltered construction zoning variances.
- prohibits local governments from banning earth sheltered construction.
- requires certain building energy reports and audits.
- requires the energy agency to disseminate information on the potential hazards of energy conservation techniques.
- provides for an adult and post-secondary energy education plan.
- changes energy conservation standards for existing residential buildings.
- limits the time for application of certain variances.
- provides a method for determining certain efficiencies for air conditioners.
- provides \$10 million to local governments; school districts to cover the costs of energy audits.
- provides \$200,000 to the University of Minnesota for maximum audits.
- requires notice to the Minnesota Energy Agency of the proposed discontinuance of certain municipal steam heat systems.
- authorizes a weatherization program for low-income persons; appropriating \$3 million.

# Local and special interest legislation

A black and white photograph of a hillside. In the background, a church with a tall, pointed steeple is visible. Several houses are scattered across the hillside, partially obscured by dense trees and bushes. In the foreground, a body of water reflects the scene, with a fence line visible just above the water's edge.

Special interest and local bills cover concerns of specific people and places. As you read through the listing, you will find legislation dealing with towns, counties, local governments, licensing regulations, and a variety of people issues—such as pensions—that sometimes bring people to the Capitol, carrying placards, to make their point.

## Where to get information

### Office of the Chief Clerk

(Edward A. Burdick, Chief Clerk)

The full membership of the House elects the Chief Clerk. He is the administrative officer and unofficial parliamentarian and is responsible for the functions of several departments within the Chief Clerk's Office.

### Front Office

One of these departments is the front desk, in the office, right next to the chamber on the second floor of the Capitol Building.

Here, people pick up the daily and weekly schedules of House committee meetings. They can get answers to their questions about proceedings in the House and other general information from employees staffing the front desk.

Copies of General Orders, the calendar for the day's House action, bills, resolutions and the *'Journal of the House'*, the official daily record of legislative action, are available.

**Room 211 (612) 296-2314**

### Index Department

A computerized index follows each bill, recording its status as it makes its way through the Legislature.

The Index Department staff also assists the public, giving people proper file numbers of bills they're interested in, authors names, committee assignments of the various bills, etc., and helping them to use the CRT (Cathode Ray Tube). This is a television-screen-like device people can use to "call up" and view index information. For example:

—Authors lists: lists, by individual representatives' names, all bills members have sponsored in the current session.

—Topical lists: all bills under a given topic, i.e., environment, taxes, education, etc. (175 topics).

—Committee lists: listing of bills in each committee.

—Statute information: list by statute number of all bills affecting a particular statute(s).

**Room 211 (612) 296-6646**

### Legislative Information Office

This office supplies the public with:

#### Session Publications: *Weekly Wrap-up*

— lists committee meetings, agendas for upcoming week, bill introductions, bills the governor has signed; summarizes committee meetings, House action. *Session* — magazine on the legislative process and people participating in the process.

**Interim publications:** *Interim* magazine; follows interim activity in the House; reviews committee activity and special studies. *This Week in the Minnesota House* — lists interim committee meeting agendas; summarizes meetings.

**Directories:** Membership Directory — lists House and Senate members and committees. Official Directory — lists members, committees, offices, employees, rules for the House and Senate. Telephone Directory — lists members and staff.

**Informational Brochures:** How a Bill Becomes a Law, *Today in the Minnesota House* (daily committee meeting agendas during the session), *Road to Minnesota Laws* (cartoon version of how a bill becomes law, for the younger set), *Joey's Visit* (coloring book for the very young), *Citizen's Participation Quiz* (includes legislative district maps), *Three Branches of Government* (wall chart showing the structure of state government).

**General Information:** Office staff

answers questions such as: Who is my representative? What district do I live in? and directs people to other information sources.

**Special Projects:** Public information display in the State Departments Building on the State Fairgrounds; Essay Contest for junior high students on "There Ought to be a Law" Media Day for the press.

**Room 8 (612) 296-2146**

### Office of Educational Services

On request from a representative, or a group leader, this office will schedule and arrange visits and seminars which highlight the work of the House and its members.

The office takes reservations for school groups (including teachers and post-secondary students) for clubs, special interest groups, out-of-state visitors and foreign guests.

For further information about this office and its services, call (612) 296-8081.

### In the Senate

Secretary of the Senate's Office and Senate Index, on second floor of the Capitol, provide the same services as the Front Office/Chief Clerk's Office and the Index Department in the House.

**Room 231 (612) 296-2887**

Senate Public Information Office, Room B-29 in the Capitol basement, provides similar services in the Senate as the House Information Office does in the House.

**(612) 296-0504**

### Committee Information

Both the House and Senate provide 24-hour telephone lines for committee meeting schedules (time, place and agenda).

**Senate line: 296-8088**

**House line: 296-9283**
