

Agency Purpose

Minnesota Statutes sections 148.171-148.285 provides the Board of Nursing (Board) with authority to regulate nursing practice for the purpose of public protection.

Within this authority, the Board's mission is to protect the public's health and safety by providing reasonable assurance that the persons who practice nursing in Minnesota are competent, ethical practitioners with the necessary knowledge and skills appropriate to their title and role.

The Board's activities are guided by the following principles:

- ◆ responsibility for public safety will be fulfilled with respect for due process and adherence to laws and rules;
- ◆ customer services will be delivered in a respectful, responsive, timely, communicative, and nondiscriminatory manner;
- ◆ government services will be accessible, purposeful, responsible, and secure; and
- ◆ business functions will be delivered with efficiency, accountability, innovation, maximization of technology, and a willingness to collaborate.

Core Functions

Credentialing Services

The Board of Nursing licenses registered nurses, licensed practical nurses, advanced practice registered nurses, and public health nurses to assure the public that the individuals who practice nursing in Minnesota have the requisite education, competence, and ethical character to practice nursing safely and effectively. The Board collaborates with organizations to facilitate licensure of foreign nurses and other enforcement agencies to detect fraud and imposters. The Board provides nurse licensure examination success rates to educational programs, workforce organizations and the public. The Board provides guidance to non-successful applicants for licensure.

Education Services

The Board promotes excellence of nursing education standards and approves and monitors nursing education programs by monitoring program graduation pass/fail rates on national nurse licensure examination; facilitating innovative approaches to address nursing workforce and nursing faculty shortages; providing consultation to nursing education programs regarding national nurse licensure examination pass rates; developing and conducting research to promote a safe, competent and sufficient nursing workforce; and advising prospective nursing students regarding educational tracks and scholarships.

Discipline/Complaint Resolution

The Board investigates complaints and takes action against nurses who violate the nurse practice act, including removing nurses from practice who are a risk to patient safety and monitoring nurses whose practice requires remediation and oversight to assure public safety. Public safety is enhanced by providing public access to information regarding a nurse license, discipline status and individual license discipline history, information on the complaint process, and how to obtain forms and file a complaint.

Nursing Practice Standards

The Board promotes standards of safe nursing practice by interpreting the laws and rules related to nursing practice for nurses, employers, and educators. The Board participates in nursing practice forums with nursing organizations and other state agencies to establish nursing performance guidelines so that employers and consumers can make informed decisions regarding the performance of nursing services.

Operations

The Board interacts with and provides services to consumers, applicants, licensees, educational institutions, attorneys, other state agencies and health-related licensing boards, national and federal information systems, and a national nurse licensure examination test service. The Board is a state and national leader for envisioning and implementing all licensure services on-line. Information is disseminated by maintaining a web site, participating in statewide initiatives on nursing practice, education, and patient safety, and making public presentations and speeches.

Key Goals

- ◆ Maintain excellence in nursing regulation.
- ◆ Establish Minnesota Board of Nursing as a leader in patient safety.
- ◆ Increase congruence of education, practice and regulation for all levels of nursing practice.
- ◆ Advance the Minnesota Board of Nursing as a key partner in nursing and public policy.

Key Measures

- ◆ The Board increased utilization of online services from FY2007 to FY2008 by 6%, bringing the total of all applications received on-line to 81.2%. Examples include:
 - ⇒ 81.8% of nurses apply for licensure online
 - ⇒ 88.4% of nurses renew their license online
 - ⇒ 97% of Minnesota nursing education programs validate graduation online
- ◆ 90% of verifications of nurse licensure status to employers are conducted online, the equivalent of one FTE.
- ◆ 10 imposters were reported to the National Council of State Boards of Nursing databank.
- ◆ Online requests for data increased 400% from FY2006 to FY2008.
- ◆ Licenses are issued within 24 hours of an applicant meeting all requirements.
- ◆ Disciplinary action is disseminated to employers and public within 24 hours.
- ◆ Nurse licensure data is real time resulting in employers and the public having assurance of the nurse's authority to work.

Budget

Total direct and indirect expenditures for FY 2008-09 are estimated to be \$10.028 million, which includes 33 full time equivalent employees. Direct expenditures include salaries, rent and other operating expenditures. The Board receives a direct appropriation for these costs. Indirect expenditures include costs of services received by the Attorney General's Office, Health Professionals Services Program, Department of Health HIV/HSV/HCV program, Office of Mental Health Program and the Administrative Services Unit. The Board is responsible for collecting sufficient revenue to cover both direct and indirect expenditures.

The Board is estimated to collect \$10.130 million in FY 2008-09, which is deposited as non-dedicated revenue into the state government special revenue fund. Revenue is collected from fees charged to applicants and licensees.
