## **STATE LIBRARY SERVICES**

State Library Services, a division of the Minnesota Department of Education, is the Minnesota state library agency. The state library provides leadership and support to the Minnesota library community in planning, developing and implementing high-quality library and information services statewide. State Library Services administers federal and state grants-in-aid programs for libraries.

### **Vision Statement**

State Library Services, acting as the State Library Agency for the Minnesota Department of Education, leads in developing, planning and implementing excellent library and information services statewide. The State Library Agency ensures that Minnesota libraries and their communities have access to the present and future information resources they need through partnerships with public information and cultural institutions.

### **Mission Statement**

To provide the library services and information resources needed by Minnesotans, the Minnesota State Library Agency will:

- Administer statewide library services;
- Develop and implement standards of accountability of state and federal funding recipients;
- Develop and implement statewide and regional library services, initiatives and programs;
- Implement statewide planning and evaluation for library development for all types of libraries;
- Develop and implement standards for libraries;
- Provide leadership for career and education opportunities;
- Certify library eligibility for state and federal assistance;
- Advise the governor, the legislature and regional and local governing bodies on library-related issues; and
- Facilitate partnerships between libraries and other agencies.

Minnesotans deserve equitable access to library services and information resources regardless of geographic location, economic or social status, cultural background, age, or level of intellectual or physical ability. The library network of trustees, friends, librarians, administrators and their communities must work together to voice their concerns and support for equitable access to their funding entities, including their congressional, legislative, county and city officials. This collaboration will help to foster a more informed citizenry, a stronger democracy, and more economically viable communities statewide.

State Library Services operates the Minnesota Braille and Talking Book Library, located in Faribault.

## NOTES, GLOSSARY AND ERRATA

1. Officially, as cited on 2007 Statistical Highlights, page i, Minnesota has 139 public library administrative agencies responsible for 359 library buildings. Three regional public library systems, Metropolitan Library Service Agency (MELSA), Southeastern Libraries Cooperating (SELCO) and Traverse des Sioux Library System (TdS) provide support services to their member libraries that benefit library users but do rarely work directly with the public. When applicable, most notably in the financial report sections, their data are included in the regional and statewide summaries.
2. Federal operating revenue (pages i, 2, 6, 9 and 34-39) includes Library Services and Technology Act (LSTA) funds allocated to regional public library systems or individual public libraries only. The state dollar amount does not include state library agency initiatives funded by LSTA. The total LSTA funds received for state fiscal year 2007 was \$2,587,348
3. State operating revenue (pages i, 2, 6, 9 and 34-39) includes funds allocated to regional library systems or individual libraries. The state dollar amount does not include the \$900,000 annual appropriation to support the Electronic Library for Minnesota databases, which are available at all affiliated public libraries.
4. Populations of the 12 regional public library systems are based on the 2007 county population estimates of the Minnesota State Demographic Center. Individual library populations are estimated by the library directors. Because of overlapping estimates by directors, often the sum of populations served by individual libraries within a region exceeds the population of the regional public library system designated population.
5. Internet speeds (page 5) were changed from 2006 to provide for ranges of speed to coincide with national Internet data collected by the American Library Association.
6. The survey, data element definitions, and individual public library annual reports are available at State Library Services Webpage, [http://education.state.mn.us/MDE/Learning\\_Support/Library\\_Services/Minnesota\\_Libraries\\_and\\_Librarians/Library\\_Statistics/index.html](http://education.state.mn.us/MDE/Learning_Support/Library_Services/Minnesota_Libraries_and_Librarians/Library_Statistics/index.html)
7. Physical materials are tangible items that are available on-site from a library. As technology increases the availability of downloadable library resources such as books, music and films, a decrease in tangible resources may not reflect a decrease in available resources.
8. An unaffiliated library is one whose city has decided not to be a member of a regional public library system. Their status prohibits them from receiving any state derived benefits. The five communities are: Clarkfield, Crosby, East Grand Forks, Hendricks, and Taylors Falls.
9. Reciprocal borrowing is defined as occurring when an individual whose residence is in one regional public library system personally borrows materials from a library located in a different regional public library system. An interlibrary loan occurs when a request for materials is made remotely and the material is transported to the library of choice of the individual.
10. Owatonna-Steele County Local Operating Revenue was reported incorrectly as \$1,202,699 to the Institute of Museum and Library Services. The mistake was discovered too late to alter the national compilation. The actual amount, provided in this report on page 37, is

\$1,168,596, a difference of \$34,103. It amounts to -.02% difference at the total for all local revenue. This amount does not alter the percentage ratios of local, state, federal and other revenue when calculated to the first decimal point.

11. Arrowhead Library System incorrectly reported to the Institute of Museum and Library Services licensing 13 databases locally in addition to three databases licensed for its members. Arrowhead Library System does not license any databases for the locally-licensed category. The correct number of 0 is provided in this report, page 16.
12. East Central Regional Library System incorrectly reported to the Institute of Museum and Library Services that it provided no bookmobile service. East Central did have bookmobile service during 2007 as indicated in this report.
13. Tables and data were compiled by Bruce Pomerantz, Library Development Specialist. Data about Minnesota public libraries not available through this publication may be requested by telephoning 651-582-8890 or emailing [bruce.pomerantz@state.mn.us](mailto:bruce.pomerantz@state.mn.us).

<sup>1</sup>National, state and most rankings come from *Public Libraries in the United States: Fiscal Year 2005*, National Center for Education Statistics, U.S. Department of Education, Publication NCES 2008-301 and the annual *Public Libraries Survey*, fiscal years 2006 and 2007, published by the Institute of Museum and Library Services. Rankings indicated by an asterisk (\*) were determined by State Library Services staff using the data in the publications.

<sup>2</sup>Minnesota data calculated by the Institute of Museum and Library Services excludes three regional public library systems which function only as library support agencies: Metropolitan Library Services Agency, Southeastern Libraries Cooperating and Traverse des Sioux Library System. State Library Services includes these library support agencies in its calculations. (See Note 1, page vii.) Consequently, the percentages and per capita amounts in this table may not agree with the data elsewhere in the report.

<sup>3</sup>All dollar figures are given in current dollars.

<sup>4</sup>The national data and rankings include the 50 states and the District of Columbia.

<sup>6</sup>ALA/MLS indicates staff with a Masters of Library Science degree from a graduate program accredited by the American Library Association.

<sup>\*</sup>Rankings determined by Bruce Pomerantz, Library Development Specialist, State Library Services, Minnesota Department of Education.
