Subject: Annual Report on Obsolete, Unnecessary, or Duplicative Rules, as Required by  
Minnesota Statutes, Section 14.05, Subdivision 5.

Minnesota Statutes, section 14.05, subdivision 5, states:

"By December 1 of each year, an agency must submit to the governor, the legislative coordinating commission, the policy and funding committees and divisions with jurisdiction over the agency, the revisor of statutes, a list of any rules or portions of rules that are obsolete, unnecessary, duplicative of other state or federal statutes or rules. The list must also include an explanation of why the rule or portion of the rule is obsolete, unnecessary, or duplicative of other state or federal statutes or rules. By December 1, the agency must either report a timetable for repeal of the rule or portion of the rule, or must develop a bill for submission to the appropriate policy committee to repeal the obsolete, unnecessary, or duplicative rule. Such a bill must

include proposed authorization to use the expedited procedures of section 14.389 to repeal or amend the obsolete, unnecessary, or duplicative rule. A report submitted under this subdivision must be signed by the person in the agency who is responsible for identifying and initiating repeal of obsolete rules. The report also must identify the status of any rules identified in the prior year's report as obsolete, unnecessary, or duplicative. If none of an agency's rules are obsolete, unnecessary, or duplicative, an agency's December 1 report must state that conclusion."

At this time, we can identify the following Minnesota Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience, and Interior Design rules that are obsolete, unnecessary, or duplicative and that should be repealed:

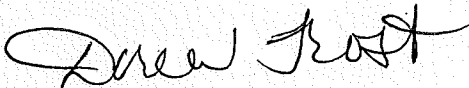

Minnesota Rules, Chapter 1800.1800, Landscape Architect-In-Training; and  
Minnesota Rules, Chapter 1800.1900, Professional Practice Examination.

These rules are obsolete, unnecessary, or duplicative because they are no longer used, are outmoded, and no longer needed. Our timetable for repeal is fiscal year 2001.

We have not previously identified any Minnesota Rules as being obsolete, unnecessary, or duplicative.

If you have any questions regarding this report, please call Patricia Munkel-Olson, Investigator, at 651/296-2388, or write her at Minnesota Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience, and Interior Design, 85 East Seventh Place, Suite 160, St. Paul, Minnesota 55101.

Sincerely,

Doreen B. Frost  
Executive Director  
Minnesota Board of Architecture, Engineering,
