The Right to Vote, Cornerstone of Democracy

This Blue Book is dedicated to you, the voters of Minnesota. Thanks to your devoted civic engagement we consistently lead the nation in voter turnout.

As citizens we make our voices heard by exercising our constitutional right to vote. Our nation's founders waged an armed struggle against Great Britain not to win the right to establish a new form of monarchy, but to create a new form of government — a representative democracy “of the people, by the people and for the people,” as Lincoln noted at Gettysburg 150 years ago this November.

While our voting rights are guaranteed by the U.S. Constitution, each state has some discretion in administering elections. Some states have everyone vote by mail as is the case in more than 500 Minnesota townships. And in most states, citizens can vote prior to Election Day at county courthouses and city halls. In Minnesota we call this “in-person absentee voting.” Election law changes almost always produce lively debate — helping ensure balance and compromise in changing the way we exercise “the right that protects all other rights.”

Last year our right to vote here in Minnesota was subject of much debate. Citizens weighed in on a constitutional amendment related to elections, legislators discussed new voting restrictions, and federal and state courts issued significant opinions on a wide range of right-to-vote issues.

U.S. District Judge Donovan Frank was asked to review the constitutionality of Minnesota's Election Day voter-registration system (*Minnesota Voters Alliance, et al v. Ritchie, et al*). In the early 1970s, state legislators had a spirited debate over whether a voter-registration system should be imposed statewide. Many argued against it as a potential barrier to voting. The compromise they came up with was requiring voter registration but with a procedure developed by Wyoming allowing eligible citizens to register on Election Day. More than a dozen other states have adopted similar laws, all of which enjoy a much higher voter turnout than states that have not adopted same-day voter registration.

In his opinion, Judge Frank affirmed the constitutionality of Minnesota's election law system — including same-day registration — and stressed that it was a primary responsibility of our government to do everything in its power to protect the right to vote. Nearly 528,000 Minnesotans benefited from his ruling in the November 2012 elections, making use of Election Day voter registration to update their addresses or register for the first time. Another significant judicial decision that affirmed our right to vote was made by Minnesota District Judge Jay Quam regarding the rights of Minnesota citizens in a guardianship relationship (*In re the Guardianship of Brian W. Erickson*). In this case, the person who had entered into a guardianship agreement with a local non-profit sought to clarify his right to vote as a citizen. Judge Quam affirmed this right and declared that any effort to restrict the right to vote of Minnesotans in guardianship relationships was not allowed under the U.S. Constitution.

While it is the citizens who keep Minnesota number-one in the nation in voting, this great success is only possible thanks to the dedicated efforts of the more than 30,000 Minnesotans who serve as volunteer election judges, and the thousands of local officials that provide efficient and safe polling places. Thanks to their efforts we set another voter turnout record in 2012.

I am grateful to the generations before us who secured and defended our right to vote — and created our great system of election administration that protects both our constitutional right to vote and the integrity of the process. They have bequeathed to us a system that we work vigilantly to protect and improve. Future generations will be grateful that we have kept Minnesota's democracy strong and they will, I believe, continue our tradition of leading the nation in civic engagement.

The right to vote cannot be overemphasized. In these eloquent yet simple words, Judge Quam captured the essence:

“The importance of this right cannot be overstated in a democratic system where voting is an act of self-definition and an expression of deeply held personal beliefs. It is also not solely a personal right without the potential for great societal consequence...the votes of a few can change the course of our nation.”

Foreword

The Blue Book received its name due to its content, not its cover color. Bartlett's Dictionary of Americanisms explains the term "Blue Book" as "a printed book containing the names of all persons holding office under the Government of the United States."

The Minnesota Blue Book is published biennially in odd-numbered years under the direction of the secretary of state. The 2013-2014 edition contains statistical, historical and constitutional information about the state of Minnesota. It also provides information on state, federal, and local government elected officials and agencies.

I would like to thank all of the state, federal and local government officials, state agency, judicial and legislative staff, and the Office of the Secretary of State staff who have contributed to the 2013-2014 edition. A special thank you to the Minnesota Historical Society and Minnesota Legislative Library for helping provide the voting rights materials.

~ Voting in Minnesota ~
The Meaning of Suffrage

From the Latin *suffragium*, suffrage means more than simply the right to vote; it refers to obtaining the right to vote through the democratic process. The history of the United States has witnessed decades of struggle to ensure the right to vote regardless of race, gender, religious preference or wealth. While the states each define voting eligibility, the right to vote is addressed in the 14th, 15th, 23rd, 24th and 26th amendments to the U.S. Constitution.

STATE SYMBOLS

State Song

"Hail! Minnesota," was written in 1904 by University of Minnesota students Truman E. Rickard and Arthur E. Upson. A second verse was penned in 1905. The University of Minnesota Alumni Association, owner of the copyright to the song, released its copyright to the words and music, and in 1945 the Legislature adopted "Hail Minnesota" as the state song.

Hail Minnesota

(S. A. T. B.)

Rickard - Bencriscutto

The musical score for "Hail Minnesota" is presented in five systems, each with a treble and bass staff. The key signature is one flat (B-flat), and the time signature is common time (C). The lyrics are written below the notes, with some words appearing on two lines. The score includes a variety of musical notations such as eighth notes, quarter notes, and half notes, as well as rests and repeat signs. The lyrics are as follows:

Min-ne so - ta - Hail to Thee! Hail to Thee our Col - lege
Like the stream that bends to sea, Like the pine that seeks the

dear! Thy light shall ev - er be A bea - con bright and
blue! Min-ne so - ta, still for Thee Thy sons are stong and

clear. Thy sons and daugh - ters true will pro -
true from their woods and wa - ters fair, from their

claim Thee near and far. They will guard Thy fame and a -
prar - ies wav - ing far, At Thy call they throng with their

dore Thy name; Thou shalt be their North - ern Star!
shout and song, Hail - ing Thee their their North - ern Star!

The Great Seal of the State of Minnesota

The Minnesota secretary of state is the keeper of the Great Seal of the state of Minnesota and affixes the seal to government documents to make them official. Just as people authenticate a document by signing their name to it, the state seal acts as the state's signature.

When Minnesota became a state on May 11, 1858, it did not have an official state seal despite a constitutional requirement to have one. Minnesota's first secretary of state, Francis Baasen, wrote to Governor Henry Sibley requesting direction on the matter. Sibley authorized Baasen to use Minnesota's previous territorial government's seal. In the meantime, Sibley began making design changes correcting errors discovered when the seal was cast in metal. He replaced a misspelled Latin motto, "Quo sursum velo videre," which means "I want to see what lies beyond" with a French motto, "L'Étoile du Nord," meaning "the star of the North." He also reversed the picture on the seal to depict the sun setting in the west instead of east. Around the seal design he placed the words, "The Great Seal of the State of Minnesota 1858." In 1861, the Legislature adopted the new design, making it the official state seal. In 1983, the Legislature altered the seal in an attempt to spell out specific design details more clearly in hopes of avoiding the wide variations that occurred in past artistic interpretations.

The Great Seal of the State of Minnesota is rich in symbolism. The sun, visible on the western horizon, signifies the flat plains covering much of the state. The cultivated ground and plow symbolize the importance of agriculture. The Mississippi River and St. Anthony Falls are depicted to note the importance of Minnesota's natural resources for trade and commerce. The three pine trees represent the state tree, the Red or Norway pine, and the three great pine regions of the state including the St. Croix, Mississippi and Lake Superior. The tree stump symbolizes the importance of Minnesota's lumber industry. The American Indian on horseback represents the great American Indian heritage of the state while the horse, spear, axe, rifle and plow represent important tools that were used for hunting and labor.

Editor's note on the private use of the state seal, from a 1988 attorney general's interpretation of Minnesota Statutes: *"Private individuals can reproduce the state seal for their own purposes... the private enlargement, reduction, or embossment of the seal by private citizens is not prohibited. There are a number of consumer protection statutes that could conceivably prohibit the use of the state seal if it is used to misrepresent the nature of a business, or if a person in the course of his business, vocation, or occupation engages in any conduct that creates a likelihood of confusion or of misunderstanding..."*

State Bird

Minnesota's state bird, the loon (*Gavia immer*), was adopted by the Legislature in 1961. (*Minnesota Statutes* 1.145) Loons are large black and white birds with red eyes. They have wingspans up to five feet, body lengths up to three feet, and can dive to depths of 90 feet. Its name comes from a Norwegian word that means "wild, sad cry." Approximately 12,000 loons make their summer homes in Minnesota.

State Butterfly

The monarch butterfly (*Danaus plexippus*), also known as the milkweed butterfly, was adopted as the state's official butterfly in 2000. (*Minnesota Statutes* 1.1497) The monarch is one of the few butterfly species that migrates with the change in seasons. Approximately four generations of monarchs are born in Minnesota each summer and live roughly four weeks; the exception is the last generation of the season, which survives for six months. Monarch caterpillars feed almost exclusively on milkweed, which grows throughout Minnesota.

State Drink and Muffin

Milk was adopted as the official state drink in 1984. (*Minnesota Statutes* 1.1495) Our state produces 8.7 billion pounds of milk a year (4.7 percent of the nation's total) and ranks sixth in dairy production among the states.

The blueberry muffin was adopted as the official muffin of the state of Minnesota in 1988. (*Minnesota Statutes* 1.1496)

State Fish

After being first proposed to be the state fish in 1953, the walleye (*Stizostedion vitreum*) was adopted in 1965. (*Minnesota Statutes* 1.146) This popular game fish is found throughout Minnesota in lakes and rivers. The largest walleye ever caught in Minnesota weighed 17 pounds, 8 ounces.

State Flag

Photograph provided by
Rachel Rudy

The Minnesota state flag is royal blue with a gold fringe. In the center of the flag is the state seal. Around the state seal is a wreath of the state flower, the lady slipper. Three dates are woven into the wreath: 1819, the year Fort Snelling was established; 1858, the year Minnesota became a state; and 1893, the year the official flag was adopted. Nineteen stars ring the wreath, symbolizing that Minnesota was the 19th state to enter the Union after the original 13. The largest star represents the North Star and Minnesota. The present state flag was adopted by the Legislature in 1957. (*Minnesota Statutes 1.141*)

State Flower

From the earliest days, the Legislature wanted the pink and white lady slipper (*Cypripedium reginae*) to be the state flower. However, in 1893, the Legislature passed a resolution mistakenly naming the wild lady slipper as the state flower. In 1967, the Legislature made the pink and white lady slipper a state symbol. (*Minnesota Statutes 1.142*) One of Minnesota's rarest wildflowers, this plant thrives in open swamps, bogs and damp woods. Lady slippers grow slowly, taking four to 16 years to produce their first flowers, which bloom in late June or early July. The plants live for up to 50 years and grow up to four feet tall.

State Fruit

The Honeycrisp™ apple was adopted as the state fruit in 2006. (*Minnesota Statutes 1.1475*) It was produced from a 1960 cross of Macoun and Honeygold apples, as part of a University of Minnesota apple-breeding program to develop a winter-hardy tree with high quality fruit. Honeycrisp apples are about three inches in diameter, have an exceptionally crisp and juicy texture, and are harvested from September 15 to October 10 in east-central Minnesota.

State Gemstone

The Lake Superior agate was named the official state gemstone in 1969. (*Minnesota Statutes 1.147*) This beautiful quartz stone is banded with rich red and orange colors derived from iron ore in the soil. These agates are normally about the size of a pea, but can be as large as 20 pounds. Dispersed throughout Minnesota by glaciers in the last Ice Age, these agates can be found on the banks of rivers, in gravel pits, or in other places where pebbles and gravel abound.

State Grain

Minnesota Dept. of Natural Resources

Wild rice (*Zizania aquatica*), was adopted as the official state grain in 1977. (*Minnesota Statutes* 1.148) This aquatic grass is not related to common rice and was a staple food for Minnesota's American Indian tribes for centuries. Wild rice is still harvested from lakes in the traditional way, by canoe. However, people interested in harvesting wild rice in Minnesota must purchase a wild ricing license, similar to a fishing or hunting license. Today, as in the past, much of the wild rice produced in the world comes from Minnesota.

State Mushroom

Morchella esculenta, commonly known as the morel, sponge mushroom or honeycomb morel, was adopted in 1984 as the official state mushroom. (*Minnesota Statutes* 1.149) Morels are edible and considered a rare delicacy. They grow two to six inches high, are creamy tan or shades of brown and gray in color, and boast pitted, spongy heads, smooth stems and hollow interiors. In the spring, morels can often be found in southeastern Minnesota fields and forests.

State Photograph

The photograph "Grace," depicting an elderly man bowing his head and giving thanks, taken by Eric Enstrom in 1918 in Bovey, Minnesota, was adopted as the official state photograph in 2002. (*Minnesota Statutes* 1.1498)

A copy of the photograph, presented to the state by Enstrom's daughter, Rhoda Nyberg, is on display in the secretary of state's office in St. Paul.

State Soil

Gary Elsner, MAPSS

First proposed in 1939, Lester soil became the official state soil in 2012. (*Minnesota Statutes* 1.485) Lester soils are well-drained, have a dark grayish brown surface with clay loam and loam subsoils. The characteristics of this soil developed from both grasslands and forests. This soil is a valuable resource for forage, corn and soybean production. Lester soil can be found in 16 central and south-central Minnesota counties.

State Sport

The 2009 Legislature designated ice hockey as the official state sport of Minnesota. (*Minnesota Statutes* 1.1499)

State Tree

The Red or Norway pine (*Pinus resinosa*) became the official state tree in 1953. (*Minnesota Statutes* 1.143) Red pines can live to be 400 years old and can reach heights of nearly 150 feet with a trunk up to five feet in diameter. Its needles are four to six inches long and grow in pairs.

Red pines when small are popular as Christmas trees, and are harvested for use as structural timber and pulpwood when mature. They also make suitable poles, pilings, mining timbers and railroad ties.

Governor's Residence

The governor's residence, located at 1006 Summit Avenue in Saint Paul, is the official home of the governor's family. The 20-room, 16,000-square-foot English Tudor mansion was donated to the state of Minnesota in 1965. Designed by Minneapolis architect William Channing Whitney, the residence has nine bedrooms, eight bathrooms, nine fireplaces, and sits on 1.5 acres of land. Five people work at the residence: the manager, assistant manager, chef, housekeeper and groundskeeper. Free guided public tours are typically available during the summer months. *~ Voting in Minnesota ~***Lincoln's Letter on Soldiers' Voting to Sherman in the Field**

During the Civil War, the Republican Party encouraged soldiers to vote, either by providing opportunities to travel home or supplying machinery to vote in the field. Even though some states had made strides since the 1862 election to allow absentee or proxy voting, many Union soldiers were unable to vote. Of the approximate one million Union soldiers, only 150,000 or roughly 15 percent were able to vote absentee from the field in 1864. Of Union soldiers able to cast absentee ballots, 78 percent voted for Abraham Lincoln.

To General W. T. Sherman.

Major-General Sherman:

The State election of Indiana occurs on the 11th of October, and the loss of it, to the friends of the Government would go far toward losing the whole Union cause. The bad effect upon the November election, and especially the giving the State government to those who will oppose the war in every possible way, are too much to risk if it can be avoided. The draft proceeds, notwithstanding its strong tendency to lose us the State. Indiana is the only important State voting in October whose soldiers cannot vote in the field. Anything you can safely do to let her soldiers, or any part of them, go home and vote at the State election will be greatly in point. They need not remain for the Presidential election, but may return to you at once. This is in no sense an order, but is merely intended to impress you with the importance to the Army itself of your doing all you safely can, yourself being the judge of what you can safely do.

Yours truly, A. LINCOLN.

The 1849 Suffrage Act of the Territory of Minnesota was “an act to prescribe the qualification of voters and of holding office.” It limited voting rights to “free white males...and persons of a mixture of white and Indian blood... who shall have adopted the habits and customs of civilized men.”

DECLARATION OF INDEPENDENCE

Secretary of State's Note: Drafted by Thomas Jefferson and adopted by the Continental Congress on July 4, 1776, the Declaration of Independence outlined American colonial grievances suffered under British rule. The Declaration formally proclaimed the 13 American colonies independent from Great Britain. The document is commonly referred to as America's birth certificate.

DECLARATION OF INDEPENDENCE

WHEN in the Course of human Events, it becomes necessary for one People to dissolve the Political Bands which have connected them with another, and to assume among the Powers of the Earth, the separate and equal Station to which the Laws of Nature and of Nature's God entitle them, a decent Respect to the Opinions of Mankind requires that they should declare the causes which impel them to the Separation.

WE hold these Truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the Pursuit of Happiness—That to secure these Rights, Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, that whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its Foundation on such Principles, and organizing its Powers in such Form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient Causes; and accordingly all Experience hath shewn, that Mankind are more disposed to suffer, while Evils are sufferable, than to right themselves by abolishing the Forms to which they are accustomed. But when a long Train of Abuses and Usurpations, pursuing invariably the same Object, evinces a Design to reduce them under absolute Despotism, it is their Right, it is their Duty, to throw off such Government, and to provide new Guards for their future Security. Such has been the patient Sufferance of these Colonies; and such is now the Necessity which constrains them to alter their former Systems of Government. The History of the present King of Great-Britain is a History of repeated Injuries and Usurpations, all having in direct Object the Establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid World.

HE has refused his Assent to Laws, the most wholesome and necessary for the public Good.

HE has forbidden his Governors to pass Laws of immediate and pressing Importance, unless suspended in their Operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

HE has refused to pass other Laws for the Accommodation of large Districts of People, unless those People would relinquish the Right of Representation in the Legislature, a Right inestimable to them, and formidable to Tyrants only.

HE has called together Legislative Bodies at Places unusual, uncomfortable, and distant from the Depository of their public Records, for the sole Purpose of fatiguing them into Compliance with his Measures.

HE has dissolved Representative Houses repeatedly, for opposing with manly Firmness his Invasions on the Rights of the People.

HE has refused for a long Time, after such Dissolutions, to cause others to be elected; whereby the Legislative Powers, incapable of the Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the Dangers of Invasion from without, and the Convulsions within.

HE has endeavoured to prevent the Population of these States; for that Purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their Migrations hither, and raising the Conditions of new Appropriations of Lands.

HE has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary Powers.

HE has made Judges dependent on his Will alone, for the Tenure of their Offices, and the Amount and Payment of their Salaries.

HE has erected a Multitude of new Offices, and sent hither Swarms of Officers to harrass our People, and eat out their Substance.

HE has kept among us, in Times of Peace, Standing Armies, without the consent of our Legislatures.

HE has affected to render the Military independent of and superior to the Civil Power.

HE has combined with others to subject us to a Jurisdiction foreign to our Constitution, and unacknowledged by our Laws; giving his Assent to their Acts of pretended Legislation:

FOR quartering large Bodies of Armed Troops among us;

FOR protecting them, by a mock Trial, from Punishment for any Murders which they should commit on the Inhabitants of these States:

FOR cutting off our Trade with all Parts of the World:

FOR imposing Taxes on us without our Consent:

FOR depriving us, in many Cases, of the Benefits of Trial by Jury:

FOR transporting us beyond Seas to be tried for pretended Offences:

FOR abolishing the free System of English Laws in a neighboring Province, establishing therein an arbitrary Government, and enlarging its Boundaries, so as to render it at once an Example and fit Instrument for introducing the same absolute Rules into these Colonies:

FOR taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments:

FOR suspending our own Legislatures, and declaring themselves invested with Power to legislate for us in all Cases whatsoever.

HE has abdicated Government here, by declaring us out of his Protection and waging War against us.

HE has plundered our Seas, ravaged our Coasts, burnt our Towns, and destroyed the Lives of our People.

HE is, at this Time, transporting large Armies of foreign Mercenaries to compleat the Works of Death, Desolation, and Tyranny, already begun with circumstances of Cruelty and Perfidy, scarcely paralleled in the most barbarous Ages, and totally unworthy the Head of a civilized Nation.

HE has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the Executioners of their Friends and Brethren, or to fall themselves by their Hands.

HE has excited domestic Insurrections amongst us, and has endeavoured to bring on the Inhabitants of our Frontiers, the merciless Indian Savages, whose known Rule of Warfare, is an undistinguished Destruction, of all Ages, Sexes and Conditions.

IN every stage of these Oppressions we have Petitioned for Redress in the most humble Terms: Our repeated Petitions have been answered only by repeated Injury. A Prince, whose Character is thus marked by every act which may define a Tyrant, is unfit to be the Ruler of a free People.

Chapter Two Founding Documents

NOR have we been wanting in Attentions to our British Brethren. We have warned them from Time to Time of Attempts by their Legislature to extend an unwarrantable Jurisdiction over us. We have reminded them of the Circumstances of our Emigration and Settlement here. We have appealed to their native Justice and Magnanimity, and we have conjured them by the Ties of our common Kindred to disavow these Usurpations, which, would inevitably interrupt our Connections and Correspondence. They too have been deaf to the Voice of Justice and of Consanguinity. We must, therefore, acquiesce in the Necessity, which denounces our Separation, and hold them, as we hold the rest of Mankind, Enemies in War, in Peace, Friends.

WE, therefore, the Representatives of the UNITED STATES OF AMERICA, in GENERAL CONGRESS, Assembled, appealing to the Supreme Judge of the World for the Rectitude of our Intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly Publish and Declare, That these United Colonies are, and of Right ought to be, FREE AND INDEPENDENT STATES; that they are absolved from all Allegiance to the British Crown, and that all political Connection between them and the State of Great-Britain, is and ought to be totally dissolved; and that as FREE AND INDEPENDENT STATES, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which INDEPENDENT STATES may of right do. And for the support of this Declaration, with a firm Reliance on the Protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our sacred Honor.

CONSTITUTION OF THE UNITED STATES OF AMERICA

Secretary of State's Note: In 1787, 12 of the 13 original states, with the exception of Rhode Island, appointed 70 men as delegates to the Constitutional Convention in Philadelphia. The delegates or "framers" worked to construct a document to provide for a stronger central government than the Articles of Confederation had allowed. They were also careful not to infringe on the sovereignty of states and to preserve individual rights consistent with the principles of the Declaration of Independence.

On September 17, 1787, a Constitution was adopted consisting of a preamble and seven subsequent articles outlining a framework for a new federal government. The document established three separate but equal branches of government: executive, legislative and judicial. The framers also created a series of "checks and balances" devised to ensure that one branch of government could not dominate another.

Over the next three years, states held conventions to ratify the Constitution on the following dates: Delaware, December 7, 1787; Pennsylvania, December 12, 1787; New Jersey, December 18, 1787; Georgia, January 2, 1788; Connecticut, January 9, 1788; Massachusetts, February 6, 1788; Maryland, April 28, 1788; South Carolina, May 23, 1788; New Hampshire, June 21, 1788; Virginia, June 26, 1788; New York, July 26, 1788; North Carolina, November 21, 1789; and Rhode Island, May 29, 1790.

Since its adoption, the U.S. Constitution has been amended 27 times. The first 10 amendments are known as the Bill of Rights, and were proposed during the first session of First Congress of the United States, on September 25, 1789. The Bill of Rights outline fundamental individual rights and liberties, which cannot be infringed upon by the central government. The Bill of Rights was ratified on December 15, 1791.

CONSTITUTION OF THE UNITED STATES OF AMERICA

We, the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America.

ARTICLE I

Section 1. All legislative powers herein granted shall be vested in a congress of the United States, which shall consist of a senate and a house of representatives.

Sec. 2. The house of representatives shall be composed of members chosen every second year by the people of the several states, and the electors in each state shall have the qualifications requisite for electors of the most numerous branch of the state legislature.

No person shall be a representative who shall not have attained to the age of twenty-five years and been seven years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state in which he shall be chosen. Representatives and direct taxes shall be apportioned among the several states which may be included within this Union according to their respective numbers, which shall be determined by adding to the whole number of free persons, including those bound to service for a term of years, and excluding Indians not taxed, three-fifths of all other persons. The actual enumeration shall be made within three years after the first meeting of the Congress of the United States, and within every subsequent term of ten years, in such manner as they shall by law direct. The number of representatives shall not exceed one for every 30,000, but each state shall have at least one representative; and until such enumeration shall be made, the State of New Hampshire shall be entitled to choose 3; Massachusetts, 8; Rhode Island and Providence Plantations, 1; Connecticut, 5; New York, 6; New Jersey, 4; Pennsylvania, 8; Delaware, 1; Maryland, 6; Virginia, 10; North Carolina, 5; South Carolina, 5; Georgia, 3.

Chapter Two Founding Documents

When vacancies happen in the representation from any state the executive authority thereof shall issue writs of election to fill such vacancies.

The house of representatives shall choose their speaker and other officers, and shall have the sole power of impeachment.

Sec. 3. The Senate of the United States shall be composed of two senators from each state, elected by the people thereof, for six years; and each senator shall have one vote. The electors in each state shall have the qualifications requisite for electors of the most numerous branch of the state legislatures.

Immediately after they shall be assembled in consequence of the first election, they shall be divided, as equally as may be, into three classes. The seats of the senators of the first class shall be vacated at the expiration of the second year; of the second class at the expiration of the fourth year; and of the third class at the expiration of the sixth year, so that one-third may be chosen every second year. When vacancies happen in the representation of any state in the Senate, the executive authority of such state shall issue writs of election to fill such vacancies: Provided, that the legislature of any state may empower the executive thereof to make temporary appointments until the people fill the vacancies by election as the legislature may direct.

No person shall be a senator who shall not have attained to the age of thirty years, and been nine years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state for which he shall be chosen.

The vice president of the United States shall be president of the senate, but shall have no vote unless they be equally divided.

The senate shall choose their own officers, and also a president pro tempore, in the absence of the vice president, or when he shall exercise the office of president of the United States. The senate shall have the sole power to try all impeachments. When sitting for that purpose they shall be on oath or affirmation. When the president of the United States is tried, the chief justice shall preside; and no person shall be convicted without the concurrence of two-thirds of the members present.

Judgment in cases of impeachment shall not extend further than to removal from office, and disqualification to hold and enjoy any office of honor, trust or profit under the United States; but the party convicted shall nevertheless be liable and subject to indictment, trial, judgment, and punishment according to law.

Sec. 4. The times, places and manner of holding elections for senators and representatives shall be prescribed in each state by the legislature thereof; but the Congress may at any time by law make or alter such regulations, except as to the places of choosing senators.

The Congress shall assemble at least once in every year, and such meetings shall be on the first Monday in December, unless they shall, by law, appoint a different day.

Sec. 5. Each house shall be the judge of the election returns and qualifications of its own members, and a majority of each shall constitute a quorum to do business; but a smaller number may adjourn from day to day, and may be authorized to compel the attendance of absent members, in such manner and under such penalties as each house may provide.

Each house may determine the rules of its proceedings, punish its members for disorderly behavior, and, with the concurrence of two-thirds, expel a member.

Each house shall keep a journal of its proceedings, and from time to time publish the same; excepting such parts as may in their judgment require secrecy; and the yeas and nays of the members of either house on any question shall, at the desire of one-fifth of those present, be entered on the journal.

Neither house, during the session of congress, shall, without the consent of the other, adjourn for more than three days, nor to any other place than that in which the two houses shall be sitting.

Sec. 6. The senators and representatives shall receive a compensation for their services, to be ascertained by law and paid out of the treasury of the United States. They shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during their attendance at the session of their respective houses, and in going to and returning from the same; and for any speech or debate in either house they shall not be questioned in any other place.

No senator or representative shall, during the time for which he was elected, be appointed to any civil office under the authority of the United States which shall have been created or the emoluments whereof shall have been increased during such time; and no person holding any office under the United States shall be a member of either house during his continuance in office.

Sec. 7. All bills for raising revenue shall originate in the house of representatives, but the senate may propose or concur with amendments, as on other bills.

Every bill which shall have passed the house of representatives and the senate shall, before it becomes a law, be presented to the president of the United States; if he approve, he shall sign it; but if not, he shall return it, with his objections, to that house in which it shall have originated, who shall enter the objections at large on their journal, and proceed to reconsider it. If, after such reconsideration, two-thirds of that house shall agree to pass the bill, it shall be sent, together with the objections, to the other house, by which it shall likewise be reconsidered, and, if approved by two-thirds of that house, it shall become a law. But in all cases the votes of both houses shall be determined by yeas and nays, and the names of the persons voting for and against the bill shall be entered on the journal of each house respectively. If any bill shall not be returned by the president within ten days (Sundays excepted) after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the Congress by their adjournment prevent its return; in which case it shall not be a law.

Every order, resolution, or vote to which the concurrence of the senate and house of representatives may be necessary (except on a question of adjournment) shall be presented to the president of the United States, and, before the same shall take effect, shall be approved by him, or being disapproved by him, shall be repassed by two-thirds of the senate and house of representatives, according to the rules and limitations prescribed in the case of a bill.

Sec. 8. The Congress shall have power: To lay and collect taxes, duties, imposts, and excises, to pay the debts and provide for the common defense and general welfare of the United States; but all duties, imposts and excises shall be uniform through the United States;

To provide and maintain a navy;

To make rules for the government and regulation of the land and naval forces;

To provide for calling forth the militia to execute the laws of the Union, suppress insurrections and repel invasions;

To exercise exclusive legislation in all cases whatsoever over such district (not exceeding ten miles square) as may, by cession of particular states and the acceptance of Congress, become the seat of the government of the United States; and to exercise like authority over all places purchased by the consent of the legislature of the state in which the same shall be, for the erection of forts, magazines, arsenals, dock yards, and other needful buildings; and To make all laws which shall be necessary and proper for carrying into execution the foregoing powers, and all other powers vested by this Constitution in the government of the United States, or in any department or officer thereof.

Sec. 9. The migration or importation of such persons as any of the states now existing shall think proper to admit shall not be prohibited by the Congress prior to the year one thousand eight hundred and eight; but a tax or duty may be imposed on such importation, not exceeding ten dollars for each person.

No state shall, without the consent of Congress, lay any duty of tonnage, keep troops or ships of war in time of peace, enter into any agreement or compact with another state or with a foreign power, or engage in war, unless actually invaded or in such imminent danger as will not admit of delay.

ARTICLE II

Section 1. The executive power shall be vested in a president of the United States of America. He shall hold his office during the term of four years, and, together with the vice president, chosen for the same term, be elected as follows: Each state shall appoint, in such manner as the legislature thereof may direct, a number of electors equal to the whole number of senators and representatives to which the state may be entitled in the Congress; but no senator or representative, or person holding an office of trust or profit under the United States, shall be appointed an elector. The electors shall meet in their respective states, and vote by ballot for two persons, of whom one at least shall not be an inhabitant of the same state with themselves. And they shall make a list of all the persons voted for, and the number of votes for each; which list they shall sign and certify, and transmit, sealed, to the seat of the government of the United States, directed to the president of the senate. The president of the senate shall, in the presence of the senate and house of representatives, open all the certificates; and the votes shall then be counted. The person having the greatest number of votes shall be appointed, if such a number be a majority of the whole number of electors appointed; and if there be more than one who have such majority, and have an equal number of votes, then the house of representatives shall immediately choose, by ballot, one of them for president; and if no person have a majority, then from the five highest on the list the said house shall, in like manner, choose the president. But in choosing the president the vote shall be taken by states, the representation from each state having one vote; a quorum for this purpose shall consist of a member or members from two-thirds of the states, and a majority of all the states shall be necessary to a choice. In every case after the choice of the president, the person having the greatest number of votes of the electors shall be the vice president. But if there should remain two or more who have equal votes, the senate shall choose from them, by ballot, the vice president.

The Congress may determine the time of choosing the electors, and the day on which they shall give their votes; which day shall be the same throughout the United States.

No person except a natural born citizen, or a citizen of the United States at the time of the adoption of this Constitution, shall be eligible to the office of president; neither shall any person be eligible to that office who shall not have attained to the age of thirty-five years and been fourteen years a resident within the United States.

In case of the removal of the president from office, or of his death, resignation, or inability to discharge the powers and duties of the said office, the same shall devolve on the vice president; and the Congress may by law provide for the case of removal, death, resignation, or inability, both of the president and vice president, declaring what officer shall then act as president, and such officer shall act accordingly until the disability be removed, or a president shall be elected.

The president shall, at stated times, receive for his services a compensation which shall neither be increased nor diminished during the period for which he shall have been elected; and he shall not receive within that period any other emolument from the United States, or any of them.

Before he enter on the execution of his office he shall take the following oath or affirmation:

“I do solemnly swear (or affirm) that I will faithfully execute the office of president of the United States, and will, to the best of my ability, preserve, protect and defend the Constitution of the United States.”

Sec. 2. The president shall be commander-in-chief of the army and navy of the United States, and of the militia of the several states, when called into the actual service of the United States; he may require the opinion, in writing, of the principal officer in each of the executive departments, upon any subject relating to the duties of their respective offices; and he shall have power to grant reprieves and pardons for offenses against the United States, except in cases of impeachment. He shall have power, by and with the advice and consent of the senate, to make treaties, provided two-thirds of the senators present concur, and he shall nominate, and by and with the advice and consent of the senate shall appoint ambassadors, other public ministers, and consuls, judges of the supreme court, and all other officers of the United States whose appointments are not herein otherwise provided for, and which shall be established by law. But the Congress may, by law, vest the appointment of such inferior officers as they think proper in the president alone, in the courts of law, or in the heads of departments.

The president shall have power to fill all vacancies that may happen during the recess of the senate, by granting commissions which shall expire at the end of their next session.

Sec. 3. He shall, from time to time, give to the Congress information of the state of the Union, and recommend to their consideration such measures as he shall judge necessary and expedient. He may, on extraordinary occasions, convene both houses, or either of them; and in case of disagreement between them with respect to the time of adjournment, he may adjourn them to such time as he shall think proper; he shall receive ambassadors and other public ministers. He shall take care that the laws be faithfully executed, and shall commission all the officers of the United States.

The judges, both of the supreme and inferior courts, shall hold their offices during good behavior, and shall, at stated times, receive for their services a compensation which shall not be diminished during their continuance in office.

Sec. 2. The judicial power shall extend to all cases in law and equity, arising under this Constitution, the laws of the United States, and treaties made, or which shall be made under their authority; to all cases affecting ambassadors, other public ministers and consuls; to all cases of admiralty and maritime jurisdiction; to controversies to which the United States shall be a party; to controversies between two or more states, between a state and citizens of another state, between citizens of different states, between citizens of the same state claiming lands under grants of different states, and between a state or the citizens thereof and foreign states, citizens or subjects.

In all cases affecting ambassadors, other public ministers and consuls, and those in which a state shall be party, the supreme court shall have original jurisdiction. In all the other cases before mentioned the supreme court shall have appellate jurisdiction, both as to law and fact, with such exceptions and under such regulations as the Congress shall make.

The trial of all crimes, except in cases of impeachment, shall be by jury, and such trial shall be held in the state where the said crimes shall have been committed; but when not committed within any state, the trial shall be at such place or places as the Congress may by law have directed.

Sec. 3. Treason against the United States shall consist only in levying war against them, or in adhering to their enemies, giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court.

The Congress shall have power to declare the punishment of treason, but no attainder of treason shall work corruption of blood, or forfeiture, except during the life of the person attained.

ARTICLE IV

Section 1. Full faith and credit shall be given in each state to the public acts, records and judicial proceedings of every other state. And the Congress may by general laws prescribe the manner in which such acts, records and proceedings shall be proved, and the effect thereof.

Sec. 2. The citizens of each state shall be entitled to all privileges and immunities of citizens in the several states.

A person charged in any state with treason, felony, or other crime, who shall flee from justice and be found in another state, shall on demand of the executive authority of the state from which he fled, be delivered up, to be removed to the state having jurisdiction of the crime.

No person held to service or labor in one state under the laws thereof, escaping into another, shall, in consequence of any law or regulation therein, be discharged from such service or labor, but shall be delivered up on claim of the party to whom such service or labor may be due.

Sec. 3. New states may be admitted by the Congress into this Union; but no new state shall be formed or erected within the jurisdiction of any other state, nor any state be formed by the junction of two or more states or parts of states, without the consent of the legislatures of the states concerned, as well as of the Congress.

The Congress shall have power to dispose of and make all needful rules and regulations respecting the territory or other property belonging to the United States, and nothing in this Constitution shall be so construed as to prejudice any claims of the United States or of any particular state.

Sec. 4. The United States shall guarantee to every state in the Union a republican form of government; and shall protect each of them against invasion, and, on application of the legislature, or of the executive (when the legislature cannot be convened), against domestic violence.

ARTICLE V

The Congress, whenever two-thirds of both houses shall deem it necessary, shall propose amendments to this Constitution, or, on the application of the legislatures of two-thirds of the several states, shall call a convention for proposing amendments, which in either case shall be valid, to all intents and purposes, as part of this Constitution, when ratified by the legislatures of three-fourths of the several states, or by conventions in three-fourths thereof, as the one or the other mode of ratification may be proposed by the congress; provided, that no amendment which may be made prior to the year one thousand eight hundred and eight shall in any manner affect the first and fourth clauses in the ninth section of the first article; and that no state, without its consent, shall be deprived of its equal suffrage in the senate.

ARTICLE VI

All debts contracted and engagements entered into, before the adoption of this Constitution, shall be as valid against the United States under this Constitution, as under the confederation.

The senators and representatives before mentioned, and the members of the several state legislatures, and all executive and judicial officers, both of the United States and of the several states, shall be bound by oath or affirmation to support this Constitution, but no religious test shall ever be required as a qualification to any office or public trust under the United States.

NORTHWEST ORDINANCE OF 1787

Secretary of State's Note: Enacted by the Continental Congress on July 13, 1787, this act organized the Northwest Territory, a tract of land extending north of the Ohio River and west from the Appalachian Mountains to the Mississippi River. The act established a territorial government, provided for the congressional appointment of a governor and secretary, and called for the formation of not less than three, but no more than five new states.

The act is considered one of the most important legislative acts passed by the Continental Congress, second only to the Declaration of Independence. Among its lasting legacies, it set a precedent that westward expansion of the United States would occur through the admission of new states rather than by the extension of existing states' boundaries. In addition, new states were to be admitted into the Union on equal footing with states previously established.

The act included civil rights provisions, which were precursors to the Bill of Rights in the U.S. Constitution. It included freedom of religion, the rights of habeas corpus and a trial by jury. It banned slavery in the territory, excessive fines, ex post facto laws, cruel and unusual punishment, and encouraged public education.

By May 1848, five states were carved from the Northwest Territory: Ohio, Indiana, Illinois, Michigan and Wisconsin. Minnesota would incorporate the remaining territorial land west of the St. Croix River.

NORTHWEST TERRITORY 1787

NORTHWEST ORDINANCE 1787

[Passed, July 13, 1787]

An Ordinance for the government of the territory of the United States northwest of the river Ohio.

1. Be it ordained by the United States, in Congress assembled, That the said territory, for the purpose of temporary government, be one district, subject, however, to be divided into two districts, as future circumstances may, in the opinion of Congress, make it expedient.

Chapter Two Founding Documents

2. Be it ordained by the authority aforesaid, That the estates both of resident and non-resident proprietors in the said territory, dying intestate, shall descend to, and be distributed among, their children and the descendants of a deceased child in equal parts, the descendants of a deceased child or grandchild to take the share of their deceased parent in equal parts among them; and where there shall be no children or descendants, then in equal parts to the next of kin, in equal degree; and among collaterals, the children of a deceased brother or sister of the intestate shall have, in equal parts among them, their deceased parent's share; and there shall, in no case, be a distinction between kindred of the whole and half blood; saving in all cases to the widow of the intestate her third part of the real estate for life, and one-third part of the personal estate; and this law, relative to descents and dower, shall remain in full force until altered by the Legislature of the district. And until the Governor and judges shall adopt laws, as hereinafter mentioned, estates in the said territory may be devised or bequeathed by wills in writing, signed and sealed by him or her in whom the estate may be, (being of full age), and attested by three witnesses; and real estates may be conveyed by lease and release, or bargain and sale, signed, sealed, and delivered by the person, being of full age, in whom the estate may be, and attested by two witnesses, provided such wills be duly proved, and such conveyances be acknowledged, or the execution thereof duly proved, and be recorded within one year after proper magistrates, courts, and registers, shall be appointed for that purpose; and personal property may be transferred by delivery, saving, however, to the French and Canadian inhabitants, and other settlers of the Kaskaskies, Saint Vincents, and the neighboring villages, who have heretofore professed themselves citizens of Virginia, their laws and customs now in force among them, relative to the descent and conveyance of property.

3. Be it ordained by the authority aforesaid, That there shall be appointed, from time to time, by Congress, a Governor, whose commission shall continue in force for the term of three years, unless sooner revoked by Congress; he shall reside in the district, and have a freehold estate therein, in 1,000 acres of land, while in the exercise of his office.

4. There shall be appointed from time to time, by Congress, a Secretary, whose commission shall continue in force for four years, unless sooner revoked; he shall reside in the district, and have a freehold estate therein, in five hundred acres of land, while in the exercise of his office. It shall be his duty to keep and preserve the Acts and laws passed by the Legislature, and the public records of the district, and the proceedings of the Governor in his executive department, and transmit authentic copies of such Acts and proceedings every six months, to the Secretary of Congress. There shall also be appointed a court, to consist of three judges, any two of whom to form a court, who shall have a common law jurisdiction, and reside in the district, and have each therein a freehold estate in five hundred acres of land, while in the exercise of their offices; and their commission shall continue in force during good behavior.

5. The Governor and judges, or a majority of them, shall adopt and publish in the district such laws of the original States, criminal and civil, as may be necessary, and best suited to the circumstances of the district, and report them to Congress from time to time, which laws shall be in force in the district until the organization of the General Assembly therein, unless disapproved of by Congress; but afterwards the Legislature shall have authority to alter them as they shall think fit.

6. The Governor, for the time being, shall be commander-in-chief of the militia, appoint and commission all officers in the same below the rank of general officers; all general officers shall be appointed and commissioned by Congress.

7. Previous to the organization of the general assembly, the Governor shall appoint such magistrates, and other civil officers, in each county or township, as he shall find necessary for the preservation of the peace and good order in the same. After the General Assembly shall be organized the powers and duties of magistrates and other civil officers shall be regulated and defined by the said assembly; but all magistrates and other civil officers, not herein otherwise directed, shall, during the continuance of this temporary government, be appointed by the Governor.

8. For the prevention of crimes and injuries, the laws to be adopted or made shall have force in all parts of the district, and for the execution of process, criminal and civil, the Governor shall make proper divisions thereof; and he shall proceed, from time to time, as circumstances may require, to lay out the parts of the district in which the Indian titles shall have been extinguished, into counties and townships, subject, however, to such alterations as may thereafter be made by the Legislature.

9. So soon as there shall be five thousand free male inhabitants, of full age, in the district, upon giving proof thereof to the Governor, they shall receive authority, with the time and place, to elect Representatives from their counties or townships, to represent them in the General Assembly: Provided, that for every five hundred free male inhabitants there shall be one Representative, and so on, progressively, with the number of free male inhabitants, shall the right of representation increase, until the number of Representatives shall amount to twenty-five; after which the number and proportion of Representatives shall be regulated by the legislature: Provided, that no person be eligible or qualified to act as a Representative, unless he shall have been a citizen of one of the United States three years, and be a resident in the district, or unless he shall have resided in the district three years; and, in either case, shall likewise hold in his own right, in fee simple, two hundred acres of land within the same: Provided also, that a freehold in fifty acres of land in the district, having been a citizen of one of the States, and being resident in the district, or the like freehold and two years' residence in the district, shall be necessary to qualify a man as an elector of a Representative.

10. The Representatives thus elected shall serve for the term of two years; and in case of the death of a Representative, or removal from office, the Governor shall issue a writ to the county or township, for which he was a member, to elect another in his stead, to serve for the residue of the term.

The Legislative Council shall consist of five members, to continue in office five years, unless sooner removed by Congress; any three of whom to be a quorum; and the members of the council shall be nominated and appointed in the following manner, to wit: As soon as Representatives shall be elected the Governor shall appoint a time and place for them to meet together, and when met they shall nominate ten persons, resident in the district, and each possessed of a freehold in five hundred acres of land, and return their names to Congress, five of whom Congress shall appoint and commission to serve as aforesaid; and whenever a vacancy shall happen in the Council, by death or removal from office, the House of Representatives shall nominate two persons, qualified as aforesaid, for each vacancy, and return their names to Congress, one of whom Congress shall appoint and commission for the residue of the term; and every five years, four months at least before the expiration of the time of service of the members of the Council, the said House shall nominate ten persons, qualified as aforesaid, and return their names to Congress, five of whom Congress shall appoint and commission to serve as members of the Council five years, unless sooner removed. And the Governor, Legislative Council, and House of Representatives shall have authority to make laws in all cases for the good government of the district, not repugnant to the principles and articles in this Ordinance established and declared. And all bills, having passed by a majority in the House, and by a majority in the Council, shall be referred to the Governor for his assent; but no bill or legislative Act whatever shall be of any force without his assent. The Governor shall have power to convene, prorogue, and dissolve the General Assembly when, in his opinion, it shall be expedient.

12. The Governor, judges, Legislative Council, Secretary, and such other officers as Congress shall appoint in the district, shall take an oath or affirmation of fidelity, and of office; the Governor before the President of Congress, and all other officers before the Governor. 14. It is hereby ordained and declared, by the authority aforesaid, that the following articles shall be considered as articles of compact, between the original States and the people and States in the said territory, and forever remain unalterable, unless by common consent, to wit:

And, in the just preservation of rights and property, it is understood and declared that no law ought ever to be made or have force in the said territory, that shall, in any manner whatever, interfere with or affect private contracts, or engagements bona fide and without fraud previously formed.

The inhabitants and settlers in the said territory shall be subject to pay a part of the federal debts, contracted, or to be contracted, and a proportional part of the expenses of government, to be apportioned on them by Congress, according to the same common rule and measure by which apportionments thereof shall be made on the other States; and the taxes for paying their proportion shall be laid and levied by the authority and direction of the Legislatures of the district, or districts, or new States, as in the original States, within the time agreed upon by the United States in Congress assembled. The Legislatures of those districts, or new States, shall never interfere with the primary disposal of the soil by the United States in Congress assembled, nor with any regulations Congress may find necessary for securing the title in such soil to the bona fide purchasers. ORGANIC ACT OF 1849

Secretary of State's Note: On March 3, 1849, Congress passed the Organic Act creating the Territory of Minnesota. The northern, southern and eastern boundaries of the territory formed the familiar border of the state of Minnesota we know today. However, the territory's western border extended into present day North Dakota and South Dakota to the White Earth and Missouri Rivers.

The movement to create a territorial government followed the formation of the states of Iowa and Wisconsin, when expanses of land were left without a formal government. Elected as a delegate to Congress, Henry H. Sibley worked with U.S. Senator Stephen A. Douglas, chairman of the Senate Committee on Territories, to pass legislation establishing a government for the Minnesota Territory.

The act provided for a governor, secretary, judicial system, legislative assembly and delegate to Congress. The governor, secretary, chief justice and associate justices, attorney and marshal of the territory were to be appointed by the president with the consent of the U.S. Senate. Legislators and congressional delegates were to be elected by eligible voters (free, white male inhabitants of the territory over the age of 21).

The territorial legislature's first session convened on September 3, 1849, in the Central House at the corner of Bench and Minnesota Streets in St. Paul. The legislative assembly consisted of two houses; a council of nine members and a house of representatives composed of 18 members. The act allowed for the number of councilors and representatives to increase proportionately as the population grew.

The act strongly recognized the importance of education by requiring that specific land sections in each township be reserved for schools.

AN ACT TO ESTABLISH THE TERRITORIAL GOVERNMENT OF MINNESOTA

[Passed March 3, 1849]

Section 1. *Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That from and after the passage of this act, all that part of the territory of the United States which lies within the following limits, to-wit: Beginning in the Mississippi river at the point where the line of forty-three degrees and thirty minutes of north latitude crosses the same; thence running due west on said line, which is the northern boundary of the state of Iowa, to the northwest corner of the said state of Iowa; thence southerly along the western boundary of said state to the point where said boundary strikes the Missouri river; thence up the middle of the main channel of the Missouri river to the mouth of White Earth river; thence up the middle of the main channel of the White Earth river to the boundary line between the possessions of the United States and Great Britain, thence east and south of east along the boundary line between the possessions of the United States and Great Britain to Lake Superior; thence in a straight line to the northernmost point of the state of Wisconsin in Lake Superior; thence along the western boundary line of said state of Wisconsin to the Mississippi river; thence down the main channel of said river to the place of beginning, be and the same is hereby erected into a temporary government by the name of the Territory of Minnesota; provided, that nothing in this act contained shall be construed to inhibit the government of the United States from dividing said Territory into two or more territories, in such manner and at such times as Congress shall deem convenient and proper, or from attaching any portion of said Territory to any other state or territory of the United States.

Sec. 2. *And be it further enacted*, That the executive power and authority in and over said Territory of Minnesota shall be vested in a governor, who shall hold his office for four years, and until his successor shall be appointed and qualified, unless sooner removed by the president of the United States. The governor shall reside within said Territory; shall be commander-in-chief of the militia thereof; shall perform the duties and receive the emoluments of superintendent of Indian affairs. He may grant pardons for offenses against the law of said Territory, and reprieves for offenses against the laws of the United States until the decision of the president can be made known thereon; he shall commission all officers who shall be appointed to office under the laws of the said Territory, and shall take care that the laws be faithfully executed.

Sec. 3. *And be it further enacted*, That there shall be a secretary of said Territory, who shall reside therein, and hold his office for four years, unless sooner removed by the president of the United States; he shall record and preserve all the laws and proceedings of the legislative assembly hereinafter constituted, and all the acts and proceedings of the governor in his executive department; he shall transmit one copy of the laws and one copy of the executive proceedings, on or before the first day of December in each year, to the president of the United States, and at the same time two copies of the laws to the speaker of the house of representatives, and the president of the senate for the use of Congress. And in case of the death, removal, resignation, or necessary absence of the governor from the Territory, the secretary shall be and he is hereby authorized and required to execute and perform all the powers and the duties of the governor during such vacancy or necessary absence or until another governor shall be duly appointed to fill such vacancy.

Sec. 4. *And be it further enacted*, That the legislative power and authority of said Territory shall be vested in the governor and a legislative assembly. The legislative assembly shall consist of a council and house of representatives. The council shall consist of nine members having the qualifications of voters, as hereinafter prescribed, whose term of service shall continue two years. The house of representatives shall, at its first session, consist of eighteen members, possessing the same qualifications as prescribed for members of the council, and whose term of service shall continue one year. The number of councilors and representatives may be increased by the legislative assembly, from time to time, in proportion to the increase of population; provided, that the whole number shall never exceed fifteen councilors and thirty-nine representatives. An apportionment shall be made, as nearly equal as practicable, among the several counties or districts for the election of the council and representatives, giving to each section of the Territory representation in the ratio of its population, Indians excepted, as nearly as may be. And the members of the council and of the house of representatives shall reside in and be inhabitants of the districts for which they may be elected, respectively. Previous to the first election, the governor shall cause a census or enumeration of the inhabitants of the several counties and districts of the Territory to be taken, and the first election shall be held at such times and places and be conducted in such manner as the governor shall appoint and direct, and he shall, at the same time, declare the number of members of the council and house of representatives to which each of the counties and districts shall be entitled under this act. The number of persons authorized to be elected having the highest number of votes, in each of said council districts for members of the council, shall be declared by the governor to be duly elected to the council, and the person or persons authorized to be elected, having the greatest number of votes for the house of representatives, equal to the number to which each county or district shall be entitled, shall also be declared by the governor to be duly elected members of the house of representatives; provided, that in case of a tie between two or more persons voted for, the governor shall order a new election to supply the vacancy made by such tie. And the persons thus elected to the legislative assembly shall meet at such place on such day as the governor shall appoint, but thereafter the time, place and manner of holding and conducting all elections by the people, and the apportioning of the representation in the several counties or districts to the council and house of representatives, according to the population, shall be prescribed by laws, as well as the day of the commencement of the regular session of the legislative assembly; provided, that no one session shall exceed the term of sixty days.

Sec. 5. *And be it further enacted*, That every free white male inhabitant above the age of twenty-one years, who shall have been a resident of said Territory at the time of the passage of this act, shall be entitled to vote at the first election, and shall be eligible to any office within the said Territory; but the qualifications of voters and of holding office at all subsequent elections shall be such as shall be prescribed by the legislative assembly; provided, that the right of suffrage and of holding office shall be exercised only by citizens of the United States and those who shall have declared on oath their intention to become such, and shall have taken an oath to support the constitution of the United States and the provisions of this act.

All the laws passed by the legislative assembly and governor shall be submitted to the Congress of the United States, and if disapproved shall be null and of no effect.

Sec. 7. *And be it further enacted*, That all township, district and county officers, not herein otherwise provided for, shall be appointed or elected, as the case may be, in such manner as shall be provided by the governor and legislative assembly of the Territory of Minnesota. The governor shall nominate and, by and with the advice and consent of the legislative council, appoint all officers not herein otherwise provided for, and, in the first instance, the governor alone may appoint all said officers, who shall hold their offices until the end of the next session of the legislative assembly.

Sec. 8. *And be it further enacted*, That no member of the legislative assembly shall hold or be appointed to any office which shall have been created, or the salary or emoluments of which shall have been increased, while he was a member, during the term for which he was elected, and for one year after the expiration of such term; and no person holding a commission or appointment under the United States, except postmasters, shall be a member of the legislative assembly, or shall hold any office under the government of said Territory.

Sec. 9. *And be it further enacted*, That the judicial power of said Territory shall be vested in a supreme court, district courts, probate courts, and in justices of the peace. The said Territory shall be divided into three judicial districts, and a district court shall be held in each of said districts by one of the justices of the supreme court, at such time and places as may be prescribed by law; and the said judges shall, after their appointment, respectively, reside in the districts which shall be assigned them. The jurisdiction of the several courts herein provided for, both appellate and original, and that of probate courts and justices of the peace, shall be as limited by law; provided, that the justices of the peace shall not have jurisdiction of any matter in controversy when the title or boundaries of land may be in dispute, or where the debt or sum claimed shall exceed one hundred dollars; and the said supreme and district courts, respectively, shall possess chancery as well as common law jurisdiction. The supreme court, or the justices thereof, shall appoint its own clerk, and every clerk shall hold his office at the pleasure of the court for which he shall have been appointed. Writs of error and appeals from the final decisions of said supreme court shall be allowed, and may be taken to the supreme court of the United States, in the same manner and under the same regulations as from the circuit courts of the United States, where the value of the property or the amount in controversy, to be ascertained by the oath or affirmation of either party, or other competent witness, shall exceed one thousand dollars; and each of the said district courts shall have and exercise the same jurisdiction, in all cases arising under the constitution and laws of the United States, as is vested in the circuit and district courts of the United States; and the first six days of every term of said courts, or so much thereof as shall be necessary, shall be appropriated to the trial of causes arising under the said constitution and laws; and writs of error and appeal in all such cases shall be made to the supreme court of said Territory, the same as in other cases. The said clerk shall receive in all such cases the same fees which the clerks of the district courts of the late Wisconsin Territory received for similar services.

Sec. 10. *And be it further enacted*, That there shall be appointed an attorney for said Territory, who shall continue in office for four years, unless sooner removed by the president, and who shall receive the same fees and salary as the attorney of the United States for the late Territory of Wisconsin received. There shall also be a marshal for the Territory appointed, who shall hold his office for four years, unless sooner removed by the president, and who shall hold his office for four years, unless sooner removed by the president, and who shall execute all processes issuing from the said courts, when exercising their jurisdiction as circuit and district courts of the United States; he shall perform the duties, be subject to the same regulations and penalties, and be entitled to the same fees as the marshal of the district court of the United States for the late Territory of Wisconsin; and shall, in addition, be paid two hundred dollars annually as a compensation for extra services.

Sec. 11. *And be it further enacted*, That the governor, secretary, chief justice and associate justices, attorney and marshal, shall be nominated and by and with the advice and consent of the senate, appointed by the president of the United States. Sec. 12. *And be it further enacted*, That the inhabitants of the said Territory shall be entitled to all the rights, privileges and immunities heretofore granted and secured to the Territory of Wisconsin and to its inhabitants; and the laws in force in the Territory of Wisconsin at the date of the admission of the State of Wisconsin shall continue to be valid and operative therein, so far as the same be not incompatible with the provisions of this act, subject, nevertheless, to be altered, modified or repealed by the governor and legislative assembly of the said Territory of Minnesota; and the laws of the United States are hereby extended over and declared to be in force in said Territory, so far as the same, or any provision thereof, may be applicable.

ACT AUTHORIZING A STATE GOVERNMENT FOR MINNESOTA

Secretary of State's Note: During the opening of Congress in December 1856, Henry Rice, delegate to Congress from the territory of Minnesota, introduced an act authorizing a state government for Minnesota. The Enabling Act passed Congress and was approved on February 26, 1857.

In addition to establishing state boundaries, the Enabling Act provided for a constitutional convention and election of delegates to that convention. It further stipulated that the constitutional convention consider the following proposals: setting aside 72 sections of land for a state university; granting 10 sections of land to the state to complete and erect public buildings at the Capitol; granting the state the exclusive rights to use all salt springs; and allocating 5 percent of the proceeds from the sale of public lands lying within the state by Congress to be used to build roads.

The Enabling Act authorized the state of Minnesota to have one representative in Congress and such additional representatives as the ratio for representation allowed. To determine the population of the territory, the act authorized a census to be taken by the U.S. marshal. The census was completed in October 1857; the population of the territory was 150,037.

MINNESOTA AS ADMITTED TO THE UNION

ADMISSION OF MINNESOTA INTO THE UNION

Secretary of State's Note: The history of the settlement of the state of Minnesota begins after the last glacial period when American Indians followed the herds of large game to this area. Centuries later French fur traders discovered the region's rich natural resources. European and other immigrants began settling in the "Land of 10,000 Lakes" late in the 18th century. A bill to admit Minnesota into the Union was submitted to Congress in December 1857. Citizens were interested in controlling their own destiny and wanted to actively pursue the many advantages of organizing as a state rather than a territory.

Legislation for statehood encountered several obstacles that delayed passage, including the politics of slavery. To preserve the balance of power in Congress, it was customary to admit states two at a time: one free and one slave. The Minnesota bill was paired with the bill for admission of the state of Kansas. Minnesota would prohibit slavery while Kansas would be admitted as a slave state. Due to a controversy regarding the Kansas constitution, legislation admitting both states was delayed. Minnesota's admission into the Union was also opposed by congressmen from southern slave states.

On May 11, 1858, Minnesota entered the Union as the thirty-second state when this act was adopted by Congress and signed by President James Buchanan. Because Minnesota had no telegraph lines or railroad, it took almost two weeks for news of the passage of the legislation to reach St. Paul. A telegram was sent to Prairie du Chien, Wisconsin, and sent up the Mississippi River to St. Paul by steamboat. State officers were officially sworn in on May 24, 1858.

CONGRESSIONAL ACT FOR THE ADMISSION OF MINNESOTA INTO THE UNION

[Passed May 11, 1858]

Whereas, An act of Congress was passed February twenty-sixth, eighteen hundred and fifty-seven, entitled "An act to authorize the people of the Territory of Minnesota to form a constitution and state government preparatory to their admission into the Union on an equal footing with the original states"; and, whereas, the people of said Territory did, on the twenty-ninth day of August, eighteen hundred and fifty-seven, by delegates elected for that purpose, form for themselves a constitution and state government, which is republican in form, and was ratified and adopted by the people at an election held on the thirteenth day of October, eighteen hundred and fifty-seven, for that purpose; therefore,

Sec. 1. *Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled,* That the State of Minnesota shall be one, and is hereby declared to be one, of the United States of America, and admitted into the Union on an equal footing with the original states in all respects whatever.

Sec. 2. *And be it further enacted,* That said State shall be entitled to two representatives in Congress, until the next apportionment of representatives among the several states.

Sec. 3. *And be it further enacted,* That from and after the admission of the State of Minnesota, as hereinbefore provided, all the laws of the United States which are not locally inapplicable shall have the same force and effect within that State as in other States of the Union; and the said State is hereby constituted a judicial district of the United States, within which a district court, with like powers and jurisdiction as the district court of the United States for the district of Iowa, shall be established; the judge, attorney and marshal of the United States of the said district of Minnesota shall reside within the same, and shall be entitled to the same compensation as the judge, attorney and marshal of the district of Iowa; and in all cases of appeal or writ of error heretofore prosecuted and now pending in the supreme court of the United States, upon any record from the supreme court of Minnesota Territory, the mandate of execution or order of further proceedings shall be directed by the supreme court of the United States to the district court of the United States for the district of Minnesota, or to the supreme court of the State of Minnesota, as the nature of such appeal or writ of error may require; and each of those courts shall be the successor of the supreme court of Minnesota Territory, as to all such cases, with full power to hear and determine the same, and to award mesne or final process therein.

UNITED STATES OF AMERICA, 1858

CONSTITUTION OF THE STATE OF MINNESOTA

Secretary of State's Note: In accordance with the Enabling Act of February 26, 1857, an election was held on June 1, 1857, at which Republican and Democratic delegates were elected to the constitutional convention. When these delegates assembled in St. Paul on July 13, 1857, to draft the Minnesota constitution, bitterness between the two parties was so intense that Republican and Democratic delegates refused to meet in the same convention. As a result, each party held separate sessions in different rooms of the first capitol building.

The Democratic convention was presided over by Henry H. Sibley, later elected first governor of Minnesota. The Republican convention was presided over first by John W. North, and later by St. Andrew D. Balcombe.

The political discord was so great that the two bodies never acted in joint meeting during the entire constitutional convention which lasted from July 13 to August 29, 1857. The final work was done through a conference committee composed of five conferees from each of the conventions. The conferees, by reporting to and receiving advice from their respective conventions, were able to draft a constitution that would be acceptable to both bodies. On August 28, 1857, in spite of numerous protests by delegates, the report of the conference committee was adopted without amendment by both the Republican and Democratic conventions.

However, when it came time to sign the constitution, emotions were still so intense that Democrats would not sign a document that bore Republican signatures, and the Republicans objected to signing a document that bore the signatures of Democrats. The solution to this impasse: two constitutions. One constitution was written on white paper and signed by only Republicans. The other constitution was written on blue-tinted paper and signed by only Democrats.

Therefore, on the 29th day of August, after seven weeks of political dispute and disagreement, the two conventions adjourned after as many members as could bring themselves to do so signed the copy of the constitution enrolled for their particular convention.

The constitution provided for an election to be held on October 13, 1857. At this election the voters were to accept or reject the constitution. The ballots used for this purpose were printed to provide for only affirmative votes. A voter who wished to reject the constitution had to alter his ballot and write in a negative vote. The result: 30,055 for acceptance and 571 for rejection.

The procedure for acquiring statehood not only requires a constitution to be approved by the voters of the proposed state, but also that the constitution be approved by Congress. In December 1857, the Minnesota constitution was submitted to the U.S. Senate for ratification.

A certified copy of the Democratic constitution was transmitted to the Senate by the territorial secretary. This copy was attached to the bill for the admission of Minnesota into the Union. However, when the bill was reported back from the Senate, historians report that the Republican constitution was attached. In any event, there is substantial authority that both constitutions were before Congress when it approved Minnesota's Constitution; Minnesota was admitted to the Union on May 11, 1858.

In the election of October 13, 1857, in addition to voting on the constitution, the voters elected executive, legislative and judicial officers. The executive and judicial officers were content to wait for an act from Congress before assuming office. But the Legislature took the opposite view and convened on December 3, 1857, believing that under the Enabling Act, the statehood of Minnesota began when the voters approved the constitution. Even though the Legislature convened under an incorrect interpretation of the Enabling Act, they proceeded to enact laws which have remained undisturbed by the courts.

The first two acts passed by the Legislature were proposed amendments to the constitution. One amendment authorized a loan to railroads of \$5 million and the other related to the term of office of the first state officers. These amendments were ratified by the voters at a special election held April 15, 1858. It appears that the constitution approved by Congress on May 11, 1858, included these amendments.

The Minnesota Legislature in 1971 established a constitutional study commission to review the constitution and make recommendations to maintain its utility. After two years of study, the commission recommended that an amendment be prepared to restructure the constitution for easy reference and to rewrite it in modern language.

The amendment was introduced and passed in both houses, signed by the governor, and approved by the voters on November 5, 1974. The previous wording of the constitution can be found in the Minnesota Legislative Manual 1973–74. The amendment approved in 1974 did not alter the meaning of the constitution. In cases of constitutional law, the original document remains the final authority.

Any bill passed during the last three days of a session may be presented to the governor during the three days following the day of final adjournment and becomes law if the governor signs and deposits it in the office of the secretary of state within 14 days after the adjournment of the legislature. Any bill passed during the last three days of the session which is not signed and deposited within 14 days after adjournment does not become a law.

Chapter Two Founding Documents

If the legislature is in session, he shall transmit to the house in which the bill originated a copy of the statement, and the items vetoed shall be separately reconsidered. If on reconsideration any item is approved by two-thirds of the members elected to each house, it is a part of the law notwithstanding the objections of the governor.

Sec. 24. Presentation of orders, resolutions, and votes to governor. Each order, resolution or vote requiring the concurrence of the two houses except such as relate to the business or adjournment of the legislature shall be presented to the governor and is subject to his veto as prescribed in case of a bill.

Sec. 9. **Retirement, removal and discipline.** The legislature may provide by law for retirement of all judges and for the extension of the term of any judge who becomes eligible for retirement within three years after expiration of the term for which he is selected. The legislature may also provide for the retirement, removal or other discipline of any judge who is disabled, incompetent or guilty of conduct prejudicial to the administration of justice.

No soldier, seaman or marine in the army or navy of the United States is a resident of this state solely in consequence of being stationed within the state.

Sec. 3. **Uniform oath at elections.** The legislature shall provide for a uniform oath or affirmation to be administered at elections and no person shall be compelled to take any other or different form of oath to entitle him to vote.

Sec. 4. **Civil process suspended on election day.** During the day on which an election is held no person shall be arrested by virtue of any civil process.

They shall constitute a board of canvassers to canvass the returns and declare the result within three days after the canvass.

Sec. 9. **Campaign spending limits.** The amount that may be spent by candidates for constitutional and legislative offices to campaign for nomination or election shall be limited by law. No person shall be convicted without the concurrence of two-thirds of the senators present.

Sec. 2. **Officers subject to impeachment; grounds; judgment.** The governor, secretary of state, auditor, attorney general and the judges of the supreme court, court of appeals and district courts may be impeached for corrupt conduct in office or for crimes and misdemeanors; but judgment shall not extend further than to removal from office and disqualification to hold and enjoy any office of honor, trust or profit in this state. Chapter Two Founding Documents

Sec. 6. **A member of the senate or house of representatives, an executive officer of the state identified in section 1 of article V of the constitution, or a judge of the supreme court, the court of appeals, or a district court is subject to recall from office by the voters.** The grounds for recall of a judge shall be established by the supreme court. The grounds for recall of an officer other than judge are serious malfeasance or nonfeasance during the term of office in the performance of the duties of the office or conviction during the term of office of a serious crime. A petition for recall must set forth the specific conduct that may warrant recall. A petition may not be issued until the supreme court has determined that the facts alleged in the petition are true and are sufficient grounds for issuing a recall petition. A petition must be signed by a number of eligible voters who reside in the district where the officer serves and who number not less than 25 percent of the number of votes cast for the office at the most recent general election. Upon a determination by the secretary of state that a petition has been signed by at least the minimum number of eligible voters, a recall election must be conducted in the manner provided by law. A recall election may not occur less than six months before the end of the officer's term. An officer who is removed from office by a recall election or who resigns from office after a petition for recall issues may not be appointed to fill the vacancy that is created.

ARTICLE IX AMENDMENTS TO THE CONSTITUTION

Section 1. **Amendments; ratification.** A majority of the members elected to each house of the legislature may propose amendments to this constitution. Proposed amendments shall be published with the laws passed at the same session and submitted to the people for their approval or rejection at a general election. If a majority of all the electors voting at the election vote to ratify an amendment, it becomes a part of this constitution. If two or more amendments are submitted at the same time, voters shall vote for or against each separately.

Sec. 2. **Constitutional convention.** Two-thirds of the members elected to each house of the legislature may submit to the electors at the next general election the question of calling a convention to revise this constitution. If a majority of all the electors voting at the election vote for a convention, the legislature at its next session, shall provide by law for calling the convention. The convention shall consist of as many delegates as there are members of the house of representatives. Delegates shall be chosen in the same manner as members of the house of representatives and shall meet within three months after their election. Section 5 of Article IV of the constitution does not apply to election to the convention.

Sec. 3. **Submission to people of constitution drafted at convention.** A convention called to revise this constitution shall submit any revision to the people for approval or rejection at the next general election held not less than 90 days after submission of the revision. If three-fifths of all the electors voting on the question vote to ratify the revision, it becomes a new constitution of the state of Minnesota.

ARTICLE X TAXATION

Section 1. Power of taxation; exemptions; legislative powers. The power of taxation shall never be surrendered, suspended or contracted away. Taxes shall be uniform upon the same class of subjects and shall be levied and collected for public purposes, but public burying grounds, public school houses, public hospitals, academies, colleges, universities, all seminaries of learning, all churches, church property, houses of worship, institutions of purely public charity, and public property used exclusively for any public purpose, shall be exempt from taxation except as provided in this section. There may be exempted from taxation personal property not exceeding in value \$200 for each household, individual or head of a family, and household goods and farm machinery as the legislature determines. The legislature may authorize municipal corporations to levy and collect assessments for local improvements upon property benefited thereby without regard to cash valuation. The legislature by law may define or limit the property exempt under this section other than churches, houses of worship, and property solely used for educational purposes by academies, colleges, universities and seminaries of learning.

Sec. 2. Forestation. To encourage and promote forestation and reforestation of lands whether owned by private persons or the public, laws may be enacted fixing in advance a definite and limited annual tax on the lands for a term of years and imposing a yield tax on the timber and other forest products at or after the end of the term.

Sec. 3. Occupation tax; ores. Every person engaged in the business of mining or producing iron ore or other ores in this state shall pay to the state an occupation tax on the valuation of all ores mined or produced, which tax shall be in addition to all other taxes provided by law. The tax is due on the first day of May in the calendar year next following the mining or producing. The valuation of ore for the purpose of determining the amount of tax shall be ascertained as provided by law. Funds derived from the tax shall be used as follows: 50 percent to the state general revenue fund, 40 percent for the support of elementary and secondary schools and ten percent for the general support of the university.

Sec. 4. Motor fuel taxation. The state may levy an excise tax upon any means or substance for propelling aircraft or for propelling or operating motor or other vehicles or other equipment used for airport purposes and not used on the public highways of this state.

Sec. 5. Aircraft. The legislature may tax aircraft using the air space overlying the state on a more onerous basis than other personal property. Any such tax on aircraft shall be in lieu of all other taxes. The legislature may impose the tax on aircraft of companies paying taxes under any gross earnings system of taxation notwithstanding that earnings from the aircraft are included in the earnings on which gross earnings taxes are computed. The law may exempt from taxation aircraft owned by a nonresident of the state temporarily using the air space overlying the state.

Sec. 6. Taconite taxation. Laws of Minnesota 1963, Chapter 81, relating to the taxation of taconite and semi-taconite, and facilities for the mining, production and beneficiation thereof shall not be repealed, modified or amended, nor shall any laws in conflict therewith be valid until November 4, 1989. Laws may be enacted fixing or limiting for a period not extending beyond the year 1990, the tax to be imposed on persons engaged in (1) the mining, production or beneficiation of copper, (2) the mining, production or beneficiation of copper-nickel, or (3) the mining, production or beneficiation of nickel. Taxes imposed on the mining or quarrying of taconite or semi-taconite and on the production of iron ore concentrates therefrom, which are in lieu of a tax on real or personal property, shall not be considered to be occupation, royalty, or excise taxes within the meaning of this amendment.

Sec. 7. (Repealed, November 5, 1974).

Sec. 8. Pari-mutuel betting. The legislature may authorize on-track pari-mutuel betting on horse racing in a manner prescribed by law.

ARTICLE XI

APPROPRIATIONS AND FINANCES

Section 1. **Money paid from state treasury.** No money shall be paid out of the treasury of this state except in pursuance of an appropriation by law.

Sec. 2. **Credit of the state limited.** The credit of the state shall not be given or loaned in aid of any individual, association or corporation except as hereinafter provided.

Sec. 3. **Internal improvements prohibited; exceptions.** The state shall not be a party in carrying on works of internal improvements except as authorized by this constitution. If grants have been made to the state especially dedicated to specific purposes, the state shall devote the proceeds of the grants to those purposes and may pledge or appropriate the revenues derived from the works in aid of their completion.

Sec. 4. **Power to contract public debt; public debt defined.** The state may contract public debts for which its full faith, credit and taxing powers may be pledged at the times and in the manner authorized by law, but only for the purposes and subject to the conditions stated in section 5. Public debt includes any obligation payable directly in whole or in part from a tax of state wide application on any class of property, income, transaction or privilege, but does not include any obligation which is payable from revenues other than taxes.

Sec. 5. **Public debt and works of internal improvement; purposes.** Public debt may be contracted and works of internal improvements carried on for the following purposes:

- (a) to acquire and to better public land and buildings and other public improvements of a capital nature and to provide money to be appropriated or loaned to any agency or political subdivision of the state for such purposes if the law authorizing the debt is adopted by the vote of at least three-fifths of the members of each house of the legislature;
- (b) to repel invasion or suppress insurrection;
- (c) to borrow temporarily as authorized in section 6;
- (d) to refund outstanding bonds of the state or any of its agencies whether or not the full faith and credit of the state has been pledged for the payment of the bonds;
- (e) to establish and maintain highways subject to the limitations of article XIV;
- (f) to promote forestation and prevent and abate forest fires, including the compulsory clearing and improving of wild lands whether public or private;
- (g) to construct, improve and operate airports and other air navigation facilities;
- (h) to develop the state's agricultural resources by extending credit on real estate security in the manner and on the terms and conditions prescribed by law;
- (i) to improve and rehabilitate railroad rights-of-way and other rail facilities whether public or private, provided that bonds issued and unpaid shall not at any time exceed \$200,000,000 par value; and
- (j) as otherwise authorized in this constitution.

As authorized by law political subdivisions may engage in the works permitted by (f), (g), and (i) and contract debt therefor.

Sec. 6. **Certificates of indebtedness.** As authorized by law certificates of indebtedness may be issued during a biennium, commencing on July 1 in each odd-numbered year and ending on and including June 30 in the next odd-numbered year, in anticipation of the collection of taxes levied for and other revenues appropriated to any fund of the state for expenditure during that biennium.

No certificates shall be issued in an amount which with interest thereon to maturity, added to the then outstanding certificates against a fund and interest thereon to maturity, will exceed the then unexpended balance of all money which will be credited to that fund during the biennium under existing laws. The maturities of certificates may be extended by refunding to a date not later than December 1 of the first full calendar year following the biennium in which the certificates were issued. If money on hand in any fund is not sufficient to pay all non-refunding certificates of indebtedness issued on a fund during any biennium and all certificates refunding the same, plus interest thereon, which are outstanding on December 1 immediately following the close of the biennium, the state auditor shall levy upon all taxable property in the state a tax collectible in the ensuing year sufficient to pay the same on or before December 1 of the ensuing year with interest to the date or dates of payment.

Sec. 7. Bonds. Public debt other than certificates of indebtedness authorized in section 6 shall be evidenced by the issuance of bonds of the state. All bonds issued under the provisions of this section shall mature not more than 20 years from their respective dates of issue and each law authorizing the issuance of bonds shall distinctly specify the purposes thereof and the maximum amount of the proceeds authorized to be expended for each purpose. A separate and special state bond fund shall be maintained on the official books and records. When the full faith and credit of the state has been pledged for the payment of bonds, the state auditor shall levy each year on all taxable property within the state a tax sufficient with the balance then on hand in the fund to pay all principal and interest on bonds issued under this section due and to become due within the ensuing year and to and including July 1 in the second ensuing year. The legislature by law may appropriate funds from any source to the state bond fund. The amount of money actually received and on hand pursuant to appropriations prior to the levy of the tax in any year shall be used to reduce the amount of tax otherwise required to be levied.

Sec. 8. Permanent school fund; source; investment; board of investment. The permanent school fund of the state consists of (a) the proceeds of lands granted by the United States for the use of schools within each township, (b) the proceeds derived from swamp lands granted to the state, (c) all cash and investments credited to the permanent school fund and to the swamp land fund, and (d) all cash and investments credited to the internal improvement land fund and the lands therein. No portion of these lands shall be sold otherwise than at public sale, and in the manner provided by law. All funds arising from the sale or other disposition of the lands, or income accruing in any way before the sale or disposition thereof, shall be credited to the permanent school fund. Within limitations prescribed by law, the fund shall be invested to secure the maximum return consistent with the maintenance of the perpetuity of the fund. The principal of the permanent school fund shall be perpetual and inviolate forever. This does not prevent the sale of investments at less than the cost to the fund; however, all losses not offset by gains shall be repaid to the fund from the interest and dividends earned thereafter. The net interest and dividends arising from the fund shall be distributed to the different school districts of the state in a manner prescribed by law. A board of investment consisting of the governor, the state auditor, the secretary of state, and the attorney general is hereby constituted for the purpose of administering and directing the investment of all state funds. The board shall not permit state funds to be used for the underwriting or direct purchase of municipal securities from the issuer or the issuer's agent.

Sec. 9. Investment of permanent university fund; restrictions. The permanent university fund of this state may be loaned to or invested in the bonds of any county, school district, city or town of this state and in first mortgage loans secured upon improved and cultivated farm lands of this state, but no such investment or loan shall be made until approved by the board of investment; nor shall a loan or investment be made when the bonds to be issued or purchased would make the entire bonded indebtedness exceed 15 percent of the assessed valuation of the taxable property of the county, school district, city or town issuing the bonds; nor shall any farm loan or investment be made when the investment or loan would exceed 30 percent of the actual cash value of the farm land mortgaged to secure the investment; nor shall investments or loans be made at a lower rate of interest than two percent per annum nor for a shorter period than one year nor for a longer period than 30 years.

Chapter Two Founding Documents

Sec. 10. Exchange of public lands; reservation of rights. As the legislature may provide, any of the public lands of the state, including lands held in trust for any purpose, may be exchanged for any publicly or privately held lands with the unanimous approval of the governor, the attorney general and the state auditor. Lands so acquired shall be subject to the trust, if any, to which the lands exchanged therefor were subject. The state shall reserve all mineral and water power rights in lands transferred by the state.

Sec. 11. Timberlands set apart as state forests; disposition of revenue. School and other public lands of the state better adapted for the production of timber than for agriculture may be set apart as state school forests, or other state forests as the legislature may provide. The legislature may also provide for their management on forestry principles. The net revenue therefrom shall be used for the purposes for which the lands were granted to the state.

Sec. 12. County, township or municipal aid to railroads limited. The legislature shall not authorize any county, township or municipal corporation to become indebted to aid in the construction or equipment of railroads to any amount that exceeds five percent of the value of the taxable property within that county, township or municipal corporation. The amount of taxable property shall be determined by the last assessment previous to the incurring of the indebtedness.

Sec. 13. Safe keeping state funds; security; deposit of funds; embezzlement. All officers and other persons charged with the safekeeping of state funds shall be required to give ample security for funds received by them and to keep an accurate entry of each sum received and of each payment and transfer. If any person converts to his own use in any manner or form, or shall loan, with or without interest, or shall deposit in his own name, or otherwise than in the name of the state of Minnesota; or shall deposit in banks or with any person or persons or exchange for other funds or property, any portion of the funds of the state or the school funds aforesaid, except in the manner prescribed by law, every such act shall be and constitute an embezzlement of so much of the aforesaid state and school funds, or either of the same, as shall thus be taken, or loaned, or deposited or exchanged, and shall be a felony. Any failure to pay over, produce or account for the state school funds, or any part of the same entrusted to such officer or persons as by law required on demand, shall be held and be taken to be prima facie evidence of such embezzlement.

Sec. 14. A permanent environment and natural resources trust fund is established in the state treasury. Loans may be made of up to five percent of the principal of the fund for water system improvements as provided by law. The assets of the fund shall be appropriated by law for the public purpose of protection, conservation, preservation, and enhancement of the state's air, water, land, fish, wildlife, and other natural resources. The amount appropriated each year of a biennium, commencing on July 1 in each odd-numbered year and ending on and including June 30 in the next odd-numbered year, may be up to 5 1/2 percent of the market value of the fund on June 30 one year before the start of the biennium. Not less than 40 percent of the net proceeds from any state-operated lottery must be credited to the fund until the year 2025.

ARTICLE XII

SPECIAL LEGISLATION; LOCAL GOVERNMENT

Section 1. **Prohibition of special legislation; particular subjects.** In all cases when a general law can be made applicable, a special law shall not be enacted except as provided in section 2. Whether a general law could have been made applicable in any case shall be judicially determined without regard to any legislative assertion on that subject. The legislature shall pass no local or special law authorizing the laying out, opening, altering, vacating or maintaining of roads, highways, streets or alleys; remitting fines, penalties or forfeitures; changing the names of persons, places, lakes or rivers; authorizing the adoption or legitimation of children; changing the law of descent or succession; conferring rights on minors; declaring any named person of age; giving effect to informal or invalid wills or deeds, or affecting the estates of minors or persons under disability; granting divorces; exempting property from taxation or regulating the rate of interest on money; creating private corporations, or amending, renewing, or extending the charters thereof; granting to any private corporation, association, or individual any special or exclusive privilege, immunity or franchise whatever or authorizing public taxation for a private purpose. The inhibitions of local or special laws in this section shall not prevent the passage of general laws on any of the subjects enumerated.

Sec. 2. **Special laws; local government.** Every law which upon its effective date applies to a single local government unit or to a group of such units in a single county or a number of contiguous counties is a special law and shall name the unit or, in the latter case, the counties to which it applies. The legislature may enact special laws relating to local government units, but a special law, unless otherwise provided by general law, shall become effective only after its approval by the affected unit expressed through the voters or the governing body and by such majority as the legislature may direct. Any special law may be modified or superseded by a later home rule charter or amendment applicable to the same local government unit, but this does not prevent the adoption of subsequent laws on the same subject. The legislature may repeal any existing special or local law, but shall not amend, extend or modify any of the same except as provided in this section.

Sec. 3. **Local government; legislation affecting.** The legislature may provide by law for the creation, organization, administration, consolidation, division and dissolution of local government units and their functions, for the change of boundaries thereof, for their elective and appointive officers including qualifications for office and for the transfer of county seats. A county boundary may not be changed or county seat transferred until approved in each county affected by a majority of the voters voting on the question.

Sec. 4. **Home rule charter.** Any local government unit when authorized by law may adopt a home rule charter for its government. A charter shall become effective if approved by such majority of the voters of the local government unit as the legislature prescribes by general law. If a charter provides for the consolidation or separation of a city and a county, in whole or in part, it shall not be effective without approval of the voters both in the city and in the remainder of the county by the majority required by law.

Sec. 5. **Charter commissions.** The legislature shall provide by law for charter commissions. Notwithstanding any other constitutional limitations the legislature may require that commission members be freeholders, provide for their appointment by judges of the district court, and permit any member to hold any other elective or appointive office other than judicial. Home rule charter amendments may be proposed by a charter commission or by a petition of five percent of the voters of the local government unit as determined by law and shall not become effective until approved by the voters by the majority required by law. Amendments may be proposed and adopted in any other manner provided by law. A local government unit may repeal its home rule charter and adopt a statutory form of government or a new charter upon the same majority vote as is required by law for the adoption of a charter in the first instance.

PUBLIC HIGHWAY SYSTEM**

Section 1. Authority of state; participation of political subdivisions. The state may construct, improve and maintain public highways, may assist political subdivisions in this work and by law may authorize any political subdivision to aid in highway work within its boundaries.

Sec. 2. Trunk highway system. There is hereby created a trunk highway system which shall be constructed, improved and maintained as public highways by the state. The highways shall extend as nearly as possible along the routes number 1 through 70 described in the constitutional amendment adopted November 2, 1920, and the routes described in any act of the legislature which has made or hereafter makes a route a part of the trunk highway system.

The legislature may add by law new routes to the trunk highway system. The trunk highway system may not exceed 12,200 miles in extent, except the legislature may add trunk highways in excess of the mileage limitation as necessary or expedient to take advantage of any federal aid made available by the United States to the state of Minnesota.

Any route added by the legislature to the trunk highway system may be relocated or removed from the system as provided by law. The definite location of trunk highways numbered 1 through 70 may be relocated as provided by law but no relocation shall cause a deviation from the starting points or terminals nor cause any deviation from the various villages and cities through which the routes are to pass under the constitutional amendment adopted November 2, 1920. The location of routes may be determined by boards, officers or tribunals in the manner prescribed by law.

Sec. 3. County state-aid highway system. A county state-aid highway system shall be constructed, improved and maintained by the counties as public highways in the manner provided by law. The system shall include streets in municipalities of less than 5,000 population where necessary to provide an integrated and coordinated highway system and may include similar streets in larger municipalities.

Sec. 4. Municipal state-aid street system. A municipal state-aid street system shall be constructed, improved and maintained as public highways by municipalities having a population of 5,000 or more in the manner provided by law.

Sec. 5. Highway user tax distribution fund. There is hereby created a highway user tax distribution fund to be used solely for highway purposes as specified in this article. The fund consists of the proceeds of any taxes authorized by sections 9 and 10 of this article. The net proceeds of the taxes shall be apportioned: 62 percent to the trunk highway fund; 29 percent to the county state-aid highway fund; nine percent to the municipal state-aid street fund. Five percent of the net proceeds of the highway user tax distribution fund may be set aside and apportioned by law to one or more of the three foregoing funds. The balance of the highway user tax distribution fund shall be transferred to the trunk highway fund, the county state-aid highway fund, and the municipal state-aid street fund in accordance with the percentages set forth in this section. No change in the apportionment of the five percent may be made within six years of the last previous change.

Sec. 6. Trunk highway fund. There is hereby created a trunk highway fund which shall be used solely for the purposes specified in section 2 of this article and the payment of principal and interest of any bonds issued under the authority of section 11 of this article and any bonds issued for trunk highway purposes prior to July 1, 1957. Sec. 7. County state-aid highway fund. There is hereby created a county state-aid highway fund. The county state-aid highway fund shall be apportioned among the counties as provided by law. The funds apportioned shall be used by the counties as provided by law for aid in the construction, improvement and maintenance of county state-aid highways. The legislature may authorize the counties by law to use a part of the funds apportioned to them to aid in the construction, improvement and maintenance of other county highways, township roads, municipal streets and any other public highways, including but not limited to trunk highways and municipal state-aid streets within the respective counties.

Sec. 8. Municipal state-aid street fund. There is hereby created a municipal state-aid street fund to be apportioned as provided by law among municipalities having a population of 5,000 or more. The fund shall be used by municipalities as provided by law for the construction, improvement and maintenance of municipal state-aid streets. The legislature may authorize municipalities to use a part of the fund in the construction, improvement and maintenance of other municipal streets, trunk highways, and county state-aid highways within the counties in which the municipality is located.

Sec. 9. Taxation of motor vehicles. The legislature by law may tax motor vehicles using the public streets and highways on a more onerous basis than other personal property. Any such tax on motor vehicles shall be in lieu of all other taxes thereon, except wheelage taxes imposed by political subdivisions solely for highway purposes. The legislature may impose this tax on motor vehicles of companies paying taxes under the gross earnings system of taxation notwithstanding that earnings from the vehicles may be included in the earnings on which gross earnings taxes are computed. The proceeds of the tax shall be paid into the highway user tax distribution fund. The law may exempt from taxation any motor vehicle owned by a nonresident of the state properly licensed in another state and transiently or temporarily using the streets and highways of the state.

Sec. 10. Taxation of motor fuel. The legislature may levy an excise tax on any means or substance used for propelling vehicles on the public highways of this state or on the business of selling it. The proceeds of the tax shall be paid into the highway user tax distribution fund.

Sec. 11. Highway bonds. The legislature may provide by law for the sale of bonds to carry out the provisions of section 2. The proceeds shall be paid into the trunk highway fund. Any bonds shall mature serially over a term not exceeding 20 years and shall not be sold for less than par and accrued interest. If the trunk highway fund is not adequate to pay principal and interest of these bonds when due, the legislature may levy on all taxable property of the state in an amount sufficient to meet the deficiency or it may appropriate to the fund money in the state treasury not otherwise appropriated.

AMENDMENTS PROPOSED TO STATE CONSTITUTION SINCE 1858

Secretary of State's Note: From 1858 until 1898, the Minnesota constitution required that a proposed amendment be approved by a simple majority of both chambers of the Legislature and then ratified by a simple majority of the voters at the next general election.

In 1898, the constitution was amended, changing the standards for approving a constitutional amendment. Since that point, a constitutional amendment must be approved by a simple majority of both chambers of the Legislature at one session, and then ratified by a majority of voters in an election. For an amendment to pass it must receive a majority of all votes cast in the election, therefore not voting for or against the amendment is the same as a "no" vote. (Article IX, Section 1 of the Constitution of Minnesota). The following table may indicate that more votes were cast to approve an amendment than the votes cast to reject the amendment, but the amendment may still have failed because a majority of all voters at the election did not cast a "yes" vote. (*The total election vote figures set forth below for 1858 through 1898 are for historical information only.*)

Chapter Three State Legislature

THE MINNESOTA LEGISLATURE

Minnesota Constitution provides: To be elected a state senator or representative, a person must be a qualified voter, 21 years old, a resident of Minnesota for one year, and a resident of the legislative district for six months immediately preceding the election (Article IV).

Website: www.leg.state.mn.us

Senate Information: 231 State Capitol, St. Paul 55155, Phone: (651) 296-0504

House Information: 175 State Office Building, St. Paul 55155, Phone: (651) 296-2146

Term: Senator: two or four years; Representative: two years.

Senators are elected in years ending in 0, 2, and 6. The two-year term at the beginning of each decade is due to redistricting. Legislative district boundaries change as a result of the census.

Compensation: \$31,140 annually; round trips between home and state capitol; per diem allowance for living expenses while conducting legislative business outside of their district.

Membership: The state of Minnesota is divided into 67 senate districts, each of which is divided into two, creating the 134 house districts. Each senate district elects one senator and each house district elects one representative.

Functions and powers: The principal legal task of the Legislature is to pass laws and to adopt a state budget, both of which affect a wide range of state programs and resources.

The Legislature also proposes amendments to the state constitution to be placed on the ballot for approval by the voters, elects regents of the University of Minnesota, and performs legislative oversight or review. The Senate has additional authority to confirm certain gubernatorial appointments.

The Legislature possesses a judicial function. It judges the election and qualifications of its members, may punish or expel members for contempt or disorderly behavior, and may impeach or remove members of the executive and judicial branches from office.

Each legislative body has a rules committee that directs the operating procedures of that body. The Legislature conducts business under the guidelines provided by the rules of that house, rules adopted jointly, state statutes, the state constitution, and Mason's Manual of Legislative Procedure.

Organization: Members of the Minnesota Legislature are nominated and elected in affiliation with political parties. Currently all Minnesota legislators are affiliated with either the Democratic-Farmer-Labor (DFL) or Republican (R) parties. The legislators affiliated with each party in each body make up a "caucus," e.g., House DFL caucus or House Republican caucus. The DFL caucus currently holds a majority in both the House and the Senate.

Convening the Legislature: On the first day of a regular session both houses of the Legislature convene at noon. The lieutenant governor, having already taken the oath of office, calls the Senate to order and presides until a president is elected and has taken the oath of office. The House is called to order by the secretary of state, who presides over that body until a speaker is elected and has taken the oath of office. After convening, the oath of office is administered to all members of each house.

Presiding officers and leadership: Senate members elect the president of the senate from among their members, and the House members elect the speaker of the house from among their members. The president presides over the Senate and the speaker of the house presides over the House. The speaker also presides over joint sessions of the House and Senate. Sandra L. Pappas (DFL–St. Paul) is president of the Senate and Paul Thissen (DFL–Minneapolis) is speaker of the House.

Each body elects the top staff members. The secretary of the senate, JoAnne M. Zoff, and chief clerk of the house, Albin A. Mathiowitz, are the highest ranking staff officers in each body.

Each caucus elects a leader, who serves as a leading spokesperson for caucus policies. In the Senate, the majority leader is Thomas M. Bakk (DFL–Cook) and the minority leader is David W. Hann (R–Eden Prairie). In the House, the majority leader is Erin Murphy (DFL–St. Paul) and the minority leader is Kurt Daudt (R–Crown).

Committees: The House and Senate have many committees that hold hearings on bills related to the topics assigned to them. The number of committees in each house and the number of members serving on each committee varies from session to session. In addition to the work they do during each legislative session, committees may hold informational hearings between legislative sessions.

In the House, the speaker appoints members for each committee, including a member to chair the committee, a vice-chair, and a lead representative from the minority caucus. In the Senate, a committee names the chairs of each committee. The majority and minority caucuses decide among themselves which of their members will serve on each committee.

Regular sessions: The Minnesota Legislature convenes in regular session each odd-numbered year on the first Tuesday after the first Monday in January. Although it is not required to do so, the Legislature also meets in even-numbered years, starting on a date agreed to by both bodies, usually in January or February. In total, between the two years, the Legislature may not meet for more than 120 legislative days and may not meet in regular session after the first Monday following the third Saturday in May of any year.

Each two-year term of the House is considered one legislative session, also known as one “biennium.” For this reason, the Legislature may take action in the second year on bills that were not passed in the first year, without having to reintroduce them. Bills are numbered consecutively in order of introduction through both years.

Special sessions: The governor may call the Legislature into a special session at any time. Special sessions become necessary when legislative action is needed to meet emergencies or when legislative work is unfinished at the end of a regular session. The governor does not have the power to limit the length of a special session.

Deadlines: Bills may be introduced at any time, but must meet certain benchmarks in the process in order to remain viable. There are usually three deadlines. By the “first deadline,” a bill must have passed through all of the required policy committees in one of the bodies. By the “second deadline,” its companion must have passed through all of the policy committees in the other body. By the “third deadline,” an omnibus appropriations bill and its companion must have passed through the required finance divisions in both bodies.

Passage of laws: Almost any idea may be turned into a bill – it may be an entirely new law, amend a current law or repeal a law. A bill follows eight steps on its way to becoming Minnesota law.

1. Legislative proposal: Anyone can come up with an idea for a bill—an individual, consumer group, corporation, governmental unit or governor. Before a bill can be considered, it must be put into proper legal form by the revisor of statutes. Only a legislator, constitutional officer, or state agency can ask the revisor to prepare a bill.

2. Authors: Each bill must have one legislator in each body to serve as the chief author of the bill. The chief author is usually the one to ask the revisor to prepare the bill. The chief author in each body introduces the bill, presents it in committees and on the floor.

Other legislators may sign on as “co-authors” to show their support for the proposal. There may be up to 34 co-authors in the House and four in the Senate. Co-authors are listed on the bill, but often do not take an active role in the passage of a bill.

Chapter Three State Legislature

3. Introduction: When a bill is introduced, it is assigned a file number by which it is known. In the House, it is a house file number, e.g., H.F. 1531; in the Senate, a senate file number, e.g., S.F. 1331. Numbers are assigned to bills in chronological order as they are introduced. The House and Senate versions of the bills are known as companions.

At the time a bill is introduced, it is given its “first reading” and is referred to the appropriate committee. A bill must receive three readings on the floor of each body before it can be passed.

4. Committee consideration: The chair of the committee to which the bill was referred will decide when and if to give the bill a hearing. All committee meetings are open to the public. Committees often hear testimony from those in favor or opposed to a bill before taking action. Committees often amend the language of the bills.

Committees may vote on whether a bill should pass or may delay consideration of it by “laying it on the table.” A bill must receive the votes of a majority of the members present and voting in order to pass. Bills that are passed may be sent to another committee or to the floor for consideration by the entire House or Senate.

5. Second Reading, General Register and General Orders: Once a bill has passed through all of the required committees, it is sent to the full House or Senate and given its second reading and placed on the list of bills that the body may consider. In the House this list is called the General Register; in the Senate it is called General Orders.

6. Debate, Third Reading and Passage: At this point, House and Senate procedures differ slightly.

In the House, the Committee on Rules and Legislative Administration chooses bills from the General Register for consideration by the full House by placing them on the Calendar for the Day or the Fiscal Calendar. The chief author presents the bill. Members may debate the merits of the bill and offer amendments. When there are no more amendments, the bill is given its third reading. After any additional debate, the House takes a roll call vote on the bill, meaning that each member’s vote for or against the bill is recorded.

The Senate uses a different procedure. The chair of the committee on Rules and Administration designates the bills from General Orders that the Senate will consider each day. The Senate then meets as the “committee of the whole,” and debates the issue and offers amendments to the bill. The Senate then votes the bill up or down.

Bills approved by the “committee of the whole” are placed on the calendar. At this point, the bill has its third reading and a roll call vote is taken on the bill.

To pass, a bill needs the votes of a majority of the members in each body. The one exception are bonding bills which require a vote of three-fifths of the members to pass. A bonding bill authorizes the sale of bonds to raise money for the state.

7. Conference committee: When the House and the Senate pass companion bills with language that is not identical, a conference committee is formed. Conference committees are made up of either three or five members from each body. Their goal is to find a compromise between the language passed by the House and the Senate. If they reach a compromise, their agreement must be passed by both bodies before it can be sent to the governor.

8. The governor: Once the House and Senate have agreed on and passed the identical bill—either when it was first passed or as a result of a conference committee—it is sent to the governor for his consideration. The governor has several options. He may sign it, in which case the bill becomes a law. The governor may veto it as a whole and provide an explanation for his decision. For bills that spend money, the governor may choose to “line item” certain expenditures, and sign the rest of the bill into law.

If the governor does not sign or veto a bill within three days after receiving it, the bill becomes a law. The governor has up to 14 days to take action on bills passed during the last three days of a legislative session in the second year of the biennium. If the governor does not take action on a bill passed during this time frame, it does not become law.

The Legislature may override a governor's veto if two-thirds of the members of both bodies vote to do so.

~ Voting in Minnesota ~

The Evolving Ballot

For the first 20 years of statehood, political parties in Minnesota printed their own ballots listing only their slate of candidates. Voters would mark their selections on a variety of ballots or write their choices on a blank piece of paper.

In 1889, Minnesota's largest cities began printing uniform ballots with all of the candidates on a single ballot called the "Australian ballot." By 1891 the entire state had adopted the design. Voting instructions often were provided in languages other than English, including German, Norwegian or Swedish.

At the time the ballot was adopted, candidates were required to file their candidacy with the secretary of state in order to be included on a ballot. For a general election ballot, a candidate had to be nominated by delegates of a political party that had received at least 1 percent of the votes cast in the last district or state election. Candidates representing new political parties could get on the ballot through a petition process requiring signatures from 1 percent of the voters for that district or the state.

88TH LEGISLATURE (2013-2014)

As adopted on April 10, 2013

1. PARLIAMENTARY REFERENCE

The rules of parliamentary practice contained in Mason's Manual of Legislative Procedure (1989 edition) govern the Senate in all cases in which they are applicable, and in which they are not inconsistent with these rules and orders of the Senate and the joint rules and orders of the Senate and House of Representatives.

2. REPORTING OF BILLS

Every bill, memorial, order, resolution or vote requiring the approval of the Governor must be reported to the Senate on three different days before its passage. (a) The first report, called the first reading, is made when it has been received for introduction. (b) The second report, called the second reading, is made when it has been considered by all the necessary standing committees and is ready for debate. (c) The third report, called the third reading, is made when it is ready for final passage.

3. BILL INTRODUCTION

3.1 Bills, memorials, and concurrent or joint resolutions may be introduced by a member or by a standing committee.

3.2 The name of the author, authors, or committee must be written on the bill, memorial or resolution. The number of authors may not exceed five.

3.3 An original and two copies are required for introduction.

3.4 A member or a committee desiring to introduce a bill, memorial or concurrent or joint resolution shall deliver it to the office of the Secretary, and the Secretary shall promptly deliver all the bills, memorials or concurrent or joint resolutions to the President who shall present them to the Senate.

3.5 During the period between the last day of the session in any odd-numbered year and the first day of the session in the following year, a bill filed with the Secretary for introduction must be given a file number and may be unofficially referred by the President, with the approval of the Chair of the Committee on Rules and Administration, to an appropriate standing committee of the Senate. All bills filed for introduction during this period must be presented to the Senate when it reconvenes and must be referred to the standing committees previously indicated by the President, subject to objection to the referral under Rule 4.10.

4. BILL REFERRAL

4.1 The President shall refer each bill without motion to the proper standing committee unless otherwise referred by the Senate.

4.2 A bill or resolution may not be referred to committee or amended until it has been given its first reading.

4.3 A member may not object to a bill or resolution on its introduction.

4.4 All bills appropriating money, or obligating the state to pay or expend money, or establishing a policy which to be effective will require expenditure of money, when referred to and reported by any other than the Committee on Finance, must be referred before passage to the Committee on Finance.

4.5 All bills delegating rulemaking to a department or agency of state government and all bills exempting a department or agency of state government from rulemaking, when referred to and reported by any other than the Committee on State and Local Government, must be referred before passage to the Committee on State and Local Government.

4.6 All bills creating a new commission, council, task force, board, or other body to which a member of the legislature will be appointed must be referred before passage both to the Committee on State and Local Government and to the Committee on Rules and Administration.

4.7 All bills authorizing or increasing a sentence of imprisonment to a state correctional institution must be referred before passage to the Committee on Judiciary.

4.8 All resolutions required to follow the same procedure as bills must be referred before passage to the Committee on Rules and Administration.

4.9 A bill introduced by a committee need not be referred to a standing committee unless a question arises. It must lie over one day before being given its second reading.

4.10 A member may question the reference of a bill during the order of business of first reading on the day of introduction. When a member questions the reference of a bill, the bill must be referred without debate to the Committee on Rules and Administration to report the proper reference. Upon adoption of the report of the Committee on Rules and Administration, the bill must be referred accordingly.

5. RECALL FROM COMMITTEE

5.1 With the concurrence of the chief author of the bill, before the deadline for committee action on a bill, a majority of the whole Senate may recall the bill from a committee and re-refer it to any other committee or place it on General Orders. After the committee deadline for action on a bill, 41 affirmative votes of the whole Senate may recall the bill from any committee and re-refer it to any other committee or place it on General Orders.

5.2 By a report of the Committee on Rules and Administration adopted by the Senate, the Committee on Rules and Administration, on request of the chief author, may remove a bill from committee and re-refer it to any other committee or place it on General Orders.

6. RESOLUTIONS

6.1 Memorial resolutions addressed to the President or the Congress of the United States, or a house or member of Congress, or a department or officer of the United States, or a state or foreign government, joint resolutions, and resolutions requiring the signature of the Governor must follow the same procedure as bills before being adopted.

6.2 A resolution may not be changed to a bill, and a bill may not be changed to a resolution.

6.3 Upon the request of a member, a resolution not required to follow the same procedure as bills and not offered by the Committee on Rules and Administration must be referred to the Committee on Rules and Administration. If the resolution is not referred to the Committee on Rules and Administration, the resolution must lie over one calendar day without debate or other action, upon the request of a member.

7. BUDGET TARGETS

7.1 The Committees on Taxes and on Finance must hold hearings as necessary to determine state revenues and appropriations for the fiscal biennium.

7.2 Within 30 days after the last state general fund revenue and expenditure forecast for the next fiscal biennium becomes available during the regular session in the odd-numbered year, targets for the general fund budget must be publicly announced by the Chair of the Committee on Finance or the Chair of the Committee on Rules and Administration. Subsequent adjustments to the targets required under this rule shall be made by public announcement of the chair of the Committee on Rules and Administration.

7.3 The omnibus tax and appropriation bills are: (1) the omnibus tax bill; (2) the E-12 education appropriations bill; (3) the higher education and workforce development appropriations bill; (4) the health and human services appropriations bill; (5) the environment, economic development and agriculture appropriations bill; (6) the judiciary appropriations bill; (7) the state departments and veterans appropriations bill; (8) the transportation and public safety appropriations bill; and (9) the omnibus capital investment bill. An omnibus appropriation or tax bill may not be divided.

7.4 An amendment to an omnibus appropriation or tax bill that is a Senate file or an unofficial engrossment of a House file is out of order if it will: (1) increase net appropriations from a fund for a fiscal biennium, without a corresponding increase in net revenue, compared to the bill as it was reported to the floor of the Senate; (2) reduce net revenue to a fund for a fiscal biennium, without a corresponding reduction in net appropriations, compared to the bill as it was reported to the floor of the Senate; (3) change appropriations, transfers, or revenues to an agency that was not in the bill as it was reported to the floor of the Senate; or (4) create or increase the amount of a tax expenditure by reducing appropriations, transfers, or revenues to an agency that was not in the bill as it was reported to the floor of the Senate.

8. CONFIRMATIONS

8.1 Every gubernatorial appointment requiring the advice and consent of the Senate must be referred by the President to the appropriate committee. If a question arises as to the proper committee, the appointment must be referred without debate to the Committee on Rules and Administration for a report making the proper reference.

8.2 An appointment referred to committee and not reported to the Senate within 60 legislative days after it was referred is withdrawn from committee and placed on the confirmation calendar for consideration by the Senate before adjournment of the regular session, unless the appointee's term has expired or the appointee is no longer serving.

8.3 The final question on the appointment is, "Will the Senate, having given its advice, now consent to this appointment?" The question must not be put the same day the appointment is received or on the day it is reported by committee except by unanimous consent. Confirmation of the appointment requires the affirmative vote of a majority of the whole Senate.

Chapter Three State Legislature

9. STANDING COMMITTEES

The standing committees of the Senate are as follows:

Capital Investment	Jobs, Agriculture and Rural Development
Commerce	Judiciary
Education	Rules and Administration
Environment and Energy	State and Local Government
Finance	Taxes
Health, Human Services and Housing	Transportation and Public Safety
Higher Education and Workforce Development	

10. APPOINTMENTS TO STANDING COMMITTEES

10.1 The majority and minority groups must each be represented on all standing committees of the Senate substantially in proportion to their numbers in the Senate. The majority group shall assign the number of positions the minority group will hold on each committee. The minority group must be given adequate notice of its positions before the session begins.

10.2 Both the majority and minority groups shall appoint their own members to fill the number of positions each group will hold on each committee and budget division. The minority group shall transmit notice of its assignments to the majority group within 14 calendar days after receipt of the notice of positions available. The minority group may designate a ranking member for each committee. Nothing prohibits a member of the minority group from serving as chair or vice chair of a committee, subcommittee, division, or commission. If the minority group for any reason fails to make its appointments pursuant to this rule, the majority group may make all the committee and budget division assignments.

10.3 The majority and minority committee assignments are subject to the uniform criteria governing committee assignments applicable to both the majority and minority groups. The uniform criteria must be adopted by the Committee on Rules and Administration.

10.4 The Senate resolution establishing representation on all Senate standing committees must set forth committee assignments as made by the majority and minority groups.

10.5 A member may not serve as the chair of the same standing committee or the same division of a standing committee, or a committee with substantially the same jurisdiction, for more than three consecutive Senate terms. This limit does not apply to the Committee on Rules and Administration.

10.6 After the organization of the Senate and after consultation with and the approval of the minority leader, the Chair of the Committee on Rules and Administration may add members to or delete members from a standing committee or division.

11. APPOINTMENTS BY SUBCOMMITTEE ON COMMITTEES

11.1 The Committee on Rules and Administration may constitute a standing Subcommittee on Committees, the report of which within its jurisdiction has the effect of a report of the Committee on Rules and Administration. The subcommittee consists of at least five members, including members of the minority group substantially in proportion to their number in the Senate.

11.2 Unless otherwise provided, the Subcommittee on Committees shall appoint all members of commissions or other bodies authorized to be appointed by the Senate and report the appointments to the Senate.

12. COMMITTEE MEETINGS

12.1 All meetings of the Senate, its committees, and subcommittees are open to the public. A meeting of a caucus of the members of any of those bodies from the same political party need not be open to the public. A caucus of the Hennepin county, Ramsey county, or St. Louis county delegation is open to the public. For purposes of this rule, a meeting occurs when a quorum is present and action is taken regarding a matter within the jurisdiction of the body.

12.2 Any person may submit to the Chair of the Committee on Rules and Administration a complaint that members have violated the open meeting requirements of Minnesota Statutes, section 3.055. The complaint must be in writing. The Chair of the Committee on Rules and Administration shall immediately forward the complaint in writing to the Subcommittee on Ethical Conduct without disclosing the identity of the complainant. The complaint must not be further disclosed without the consent of the complainant, except to the members against whom the complaint was made, unless the complaint was made by a member of the Senate in writing under oath, in which case the investigatory procedures of Rule 55 apply.

12.3 To the extent practical, a committee or subcommittee shall announce each meeting to the public at least three calendar days before convening. The notice must state the name of the committee or subcommittee, the bill or bills to be considered, and the place and time of meeting. A bill may not be considered on the day it was introduced. The notice must be posted on the Senate's Web site and on all Senate bulletin boards in the Capitol and the State Office Building. A notice must be sent to the House of Representatives for posting as it deems necessary. If the three-day notice requirement cannot be met, the committee or subcommittee shall give simultaneous notice to all of the known proponents and opponents of the bill as soon as practicable.

12.4 A Senate committee, subcommittee, or division shall adjourn no later than midnight each day, unless two-thirds of the members present vote to suspend this requirement.

12.5 Committees, subcommittees, and divisions may not meet while the Senate is in session without permission of the Senate. The names of the members excused shall be printed in the Journal.

12.6 A majority of its members constitutes a quorum of a committee, subcommittee, or division.

12.7 Each standing committee of the Senate, including a subcommittee or division of the committee, may at any time sit and act, investigate and take testimony on any matter within its jurisdiction, report hearings held by it, and make expenditures as authorized by the Committee on Rules and Administration.

12.8 A standing committee, but not a subcommittee or division, may require by subpoena or otherwise the attendance and testimony of witnesses and the production of correspondence, books, papers, and documents, in the manner provided by Minnesota Statutes, section 3.153.

12.9 Upon the request of a member of a committee, subcommittee, or division to which a bill has been referred, or upon the request of the chief author of the bill, a record must be made of the vote on the bill or any amendment in the committee, subcommittee, or division.

12.10 Upon request of three members of the committee before the vote is taken, the record of a roll call vote in a standing committee must accompany the committee report and be printed in the Journal.

12.11 A committee report may only be based on action taken at a regular or special meeting of the committee. A report in violation of this rule is out of order.

12.12 No Senate committee, division, or subcommittee shall permit any appointed officer or employee of the executive branch, registered lobbyist, or lobbyist principal to be seated at the committee table with members of the Senate during an official meeting of a committee of the Senate.

13. HOUR OF CONVENING

If the Senate adjourns without setting a time to reconvene, the Senate shall convene on the next legislative day at 11:00 a.m.

14. PRESIDENT

14.1 The President shall take the chair at the time to which the Senate adjourned. The President shall immediately call the members to order and, on the appearance of a quorum, shall proceed with the regular order of business.

14.2 The President may call a member to preside. In the absence of the President, the President Pro Tem, the Chair of the Committee on Rules and Administration, or the Chair's designee, shall preside over the Senate. In the absence of the President and the Chair, the Senate may select a member to perform the duties of the President. Substitutions do not extend beyond adjournment.

14.3 The President shall preserve order and decorum, may speak on points of order in preference to members, and shall also decide all questions of order, subject to an appeal to the Senate by a member.

14.4 An appeal is decided by a majority vote of those present and voting. Upon an appeal from the decision of the President, the question is, "Shall the decision of the President be the judgment of the Senate?"

14.5 The President shall sign all acts, memorials, addresses and resolutions. All writs, warrants, and subpoenas issued by the Senate must be signed by the President and attested by the Secretary.

14.6 Upon a finding by the Committee on Rules and Administration that the President refuses or is unable to sign any of the documents described in this rule, the Chair of the Committee on Rules and Administration, or some other member selected by the committee, shall assume the duties of the President under this rule until the President is able to sign the documents described or until the Senate elects a new President, whichever occurs first.

Chapter Three State Legislature

15. ADMISSION TO SENATE CHAMBER

15.1 The Senate Chamber is reserved for Senate use.

15.2 A person may not be admitted to the Senate Chamber except as provided in these rules. A member, an officer, the constitutional officers, ex-Governors of the State of Minnesota, members of the House, judges of the trial and appellate courts and members of Congress may be admitted.

15.3 Past members of Congress or of the state legislature who are not interested in any claim or directly in a bill pending before the legislature may be personally admitted by a member of the Senate.

15.4 An employee of either house may be admitted at the request of a member or an officer of the Senate.

15.5 A member of another state, provincial, or national legislative body may be admitted to the floor by any member of the Senate. A member of another legislative body who is admitted to the floor may be introduced to the Senate by the President.

15.9 The Retiring Room of the Senate is reserved for the exclusive use of the members of the Senate at all times. The Sergeant at Arms shall strictly enforce this rule.

15.10 When a member-elect is sworn in, the member-elect may request that one guest be admitted until the member-elect has been sworn in.

16. CREDENTIALS FOR NEWS COVERAGE

16.1 (a) The Secretary of the Senate shall provide a reasonable number of spaces on the Senate floor and in the Senate gallery for individuals and organizations with credentials and passes issued under this rule. The Sergeant at Arms may not issue credentials or day passes under this rule to political organizations. For the purposes of this rule, "political organization" means an organization owned or controlled by a registered lobbyist, a political party, or any party organization. (b) Due to the limited space available for organizations or individuals providing news coverage of the Senate, the Senate finds that there is a compelling public interest in limiting credentials issued under this rule to organizations or individuals who demonstrate that they provide regular news coverage of the legislature. For session credentials, an organization or individual must submit an application to the Sergeant at Arms. The Sergeant at Arms must review the application and approve or reject it within 14 days after receipt. Upon the request of the Sergeant at Arms, an applicant for credentials must provide evidence of the applicant's activities in providing regular news coverage of the legislature. Evidence of regular news coverage must include examples of news coverage of legislative matters produced by the applicant. The examples must include written, video, or audio coverage written or recorded in the past year, and a description of how they were publicly distributed. Any opinion expressed in the examples is not subject to review under this rule at any time. (c) If an application is rejected, the Sergeant at Arms must state the reason for the rejection in writing and notify the applicant, the Secretary of the Senate, the Majority Leader, and the Minority Leader in writing. (d) An appeal of a denial of credentials must be made in writing to the Secretary of the Senate, the Senate Majority Leader, and the Senate Minority Leader. The Committee on Rules and Administration shall review and decide the appeal within 14 days after receiving a letter of appeal.

16.2 The Sergeant at Arms may grant day passes upon the request of a member or upon the request of an individual or organization who has not applied for credentials and who is not prohibited from receiving credentials under Rule 16.1, paragraph (a).

16.3 The Secretary shall compile and distribute to the public a directory of individuals and organizations who have been issued credentials under Rule 16.1 to provide news coverage from the Senate floor. The directory must include each individual's picture and organization and a brief biography.

16.4 The Secretary must issue each individual or organization with credentials an identification badge showing the individual's name and organization. The individual must wear the badge when in the Senate Chamber.

17.3 Smoking is not permitted in the Senate Chamber or galleries, the Retiring Room, hearing rooms, offices, or other spaces under the control of the Senate.

17.4 During floor proceedings, picture taking by persons other than accredited news or legislative photographers, picture taking with floodlights or flash units, and visual or audible disruptions are prohibited. At all times, demonstrations and food or beverages are prohibited in the Senate Chamber and in the galleries.

19.1 In presenting a petition, memorial, remonstrance or other communication addressed to the Senate, a member shall only state the general purpose of it.

19.2 Every petition, memorial, remonstrance, resolution, bill and report of committee, must have an appropriate title, and the name of the member presenting it written on it.

19.3 Every written communication distributed to members in the Senate Chamber must have the name of the member or officer distributing it displayed on it.

20. MESSAGES FROM THE HOUSE

A message from the House of Representatives that a Senate bill has been amended, and the amendment, must be printed and placed on the members' desks before a member may move to concur in the House amendment. If the amendment has been printed in the House Journal for a preceding day and is available to the members, the Journal copy may serve as the printed copy.

21. OBJECTIONS TO COMMITTEE REFERRALS

A member may question the proper reference of a bill at the time the bill is reported by a standing committee to which it was previously referred. When a member questions the reference of a bill, the bill must be referred without debate to the Committee on Rules and Administration to report the proper reference. Upon adoption of the report of the Committee on Rules and Administration, the bill must be referred accordingly.

22. GENERAL ORDERS

22.1 The Secretary shall make a list of all bills, resolutions, reports of committees, and other proceedings of the Senate that are referred to the Committee of the Whole and number them. The lists are called the "General Orders".

22.2 Items on General Orders may be taken up in the order in which they are numbered, as ordered by the Chair of the Committee on Rules and Administration, or as otherwise ordered by a majority of the committee.

22.3 General Orders, together with all bills required to be included on it, must be electronically available or printed at least one calendar day before being considered in Committee of the Whole.

22.4 With the concurrence of the chief author of the bill, a majority of the whole Senate may at any time take a bill from the table and place it on General Orders.

23. COMMITTEE OF THE WHOLE

23.1 All bills, memorials, orders, resolutions and votes requiring the approval of the Governor must, after a second reading, be considered in Committee of the Whole before they are finally acted upon by the Senate, unless considered on the Consent Calendar or as a Special Order.

23.2 The President may call a member to the Chair when the Senate resolves itself into the Committee of the Whole.

Chapter Three State Legislature

23.3 The rules observed in the Senate govern, as far as practicable, the proceedings of the Committee of the Whole, and the Chair of the Committee of the Whole has the powers of the President, as appropriate. However, a member may speak more than twice on the same subject and a call for the previous question may not be made.

23.4 A member may request a roll call vote. The vote must be recorded in the Journal along with the amendment.

23.5 The recommendations of the Committee of the Whole must be reported to the Senate. The question is on the adoption or rejection of the report, and no other question may be admitted. The question may be divided to permit separate Senate action on the report as to any bill.

25. CONSENT CALENDAR

25.1 If a committee determines that a bill it recommends to pass is not likely to be opposed, the committee may recommend that the bill be placed on the Consent Calendar. If the committee report is adopted, the bill must be electronically available or printed and placed on the Consent Calendar after its second reading. On the question of adoption of the report, the question of accepting the recommendation that the bill be placed on the Consent Calendar may be divided from the question of adopting the report in other respects.

25.2 A majority of the whole Senate, or the Chair of the Committee on Rules and Administration, may order a bill on General Orders placed on the Consent Calendar.

25.3 The Consent Calendar must be electronically available or printed at least one calendar day before the matters on it are considered.

25.4 If a member objects to consideration of a bill on the Consent Calendar at any time during its consideration in the Senate before the question on final passage is put, and that objection is supported by at least two other members, the bill is referred to the Committee of the Whole, and the Secretary shall place it at the bottom of General Orders subject to Rule 22.2, except that it need not lie over one calendar day before consideration in the Committee of the Whole.

26. SPECIAL ORDERS

26.1 The Chair of the Committee on Rules and Administration, or the Chair's designee, may designate a special order for a bill that has been given its second reading.

26.2 A special order may provide that the bill be considered immediately, at a time certain, or after specific other business is completed.

26.3 During consideration of a special order, Rule 36.5 is suspended.

26.4 As nearly as applicable, debate on the bill and all proceedings including amendments and substitutions must be conducted as in the Committee of the Whole.

26.5 On any question, a member may request a roll call vote, which must be entered in the Journal.

26.6 Unless it is otherwise disposed of, after consideration a bill on Special Orders must immediately proceed to its third reading and final passage.

27. MOTIONS

27.1 A motion or amendment must be written if a member requests. It must identify the member or committee offering it.

27.2 When a motion is made, it must be stated by the President. If it is in writing, it must be handed to the Secretary and read to the members.

27.3 After a motion is stated by the President, or read by the Secretary, it is in possession of the Senate, but may be withdrawn by the author at any time before decision or amendment.

28. PRECEDENCE OF MOTIONS

28.1 When a question is under debate no motion may be made, except:

- | | |
|-------------------------------|----------------------------------|
| 1. To adjourn. | 6. To refer. |
| 2. To recess. | 7. To postpone to a day certain. |
| 3. To reconsider. | 8. To amend. |
| 4. To lay on the table. | 9. To postpone indefinitely. |
| 5. For the previous question. | |

28.2 Motions numbered 1, 2, 4 and 5 above are not debatable.

28.3 These motions have precedence in the foregoing order; but when a motion for the previous question has been made, or the main question ordered, a motion to lay on the table is not in order.

28.4 A motion to postpone to a day certain, to refer, to postpone indefinitely, or to amend, having been decided, may not again be put on the same day, nor at the same stage of the bill or proposition.

29. MOTION TO ADJOURN

A motion to adjourn or a motion to adjourn to a time certain is always in order. The latter motion is debatable solely as to the time. When either motion is rejected, it may not be renewed until further business has been transacted.

30. MOTION TO RECONSIDER

30.1 When a motion or question has been decided, a member who voted with the prevailing side may move for reconsideration:

(1) on the same day on which the vote was taken; (2) within the next two calendar days; or (3) if after the time provided under clause (1) or (2), on the first day the Senate meets after the vote was taken. The motion takes precedence over all other questions except a motion to adjourn or recess.

30.2 When a motion to adjourn is adopted before the disposition of a motion for reconsideration, the motion for reconsideration must lie over until the next succeeding day the Senate meets except as provided in this rule.

30.3 When notice of intent to move reconsideration of the final action of the Senate on a question is given by a member, the Secretary shall retain the subject of the notice until after the expiration of the time during which the motion can be made.

30.4 A notice of intent to move for reconsideration is not in order after the Tuesday before the third Saturday in May, but a motion to reconsider may be made.

30.5 A motion for reconsideration having been once voted on may not be made again nor reconsidered.

31. MOTION FOR THE PREVIOUS QUESTION

31.1 Unless a motion for the previous question is made specifically applicable to a subsidiary motion, it must be in this form: "Shall the main question now be put?" If the motion for the previous question is supported by a majority of the members present, its effect is to put an end to all debate and bring the Senate to a direct vote upon all pending amendments in their order and then upon the main question.

31.2 On a motion for the previous question, a call of the Senate is in order before the President submits the question to the Senate.

31.3 On a motion for the previous question there is no debate. All incidental questions of order, arising after a motion is made for the previous question, and pending the motion, must be decided, whether on appeal or otherwise, without debate.

32. MOTION TO REFER

A bill or resolution may be referred to committee at any time before its passage. If an amendment is reported on the referral to any committee other than the Committee of the Whole, it must again be read the second time, considered in Committee of the Whole, read the third time and placed on final passage. If the referral is to the Committee of the Whole it must be placed at the head of General Orders, except when the referral is from the Consent Calendar under Rule 25.4.

33. MOTION TO AMEND BILL OR RESOLUTION

33.1 A motion to amend must be written if a member requests. It must identify the member offering it.

33.2 In drawing an amendment to a bill or resolution, reference must be made, first to the number of the bill, then to the page, and then to the line or lines where language is to be stricken or inserted.

33.3 In filling blanks, the largest sum, the longest time and the greatest distance must be first taken.

33.4 The title to a bill may be amended by the Secretary at any time the bill is amended by the Senate.

33.5 An amendment is not in order to a bill on the Calendar or after third reading without the unanimous consent of the Senate unless it:

(1) fills a blank; (2) amends the title; (3) is proposed to the chief author of the bill by the Revisor of Statutes to correct technical defects found by the Revisor while engrossing earlier amendments to the bill; or (4) is proposed to a bill on the Consent Calendar before the bill is given its third reading.

Chapter Three State Legislature

34. MOTION TO SUSPEND RULES

34.1 A rule may be suspended by a vote of at least two-thirds of the whole Senate.

34.2 A motion to suspend the rules for the purpose of advancing a bill may be made only under the order of business, “Motions and Resolutions”.

35. GERMANENESS

35.1 An amendment proposed to the Senate or to the Committee of the Whole that is not germane is out of order.

35.2 A non-germane amendment includes one that:

(1) relates to a substantially different subject; or (2) is intended to accomplish a substantially different purpose, than that of the original bill to which it is proposed.

35.3 An amendment to insert a constitutional amendment is not germane to a bill that does not already include a constitutional amendment.

35.4 Whether an amendment is germane is to be decided by the President, who may put the question to the body if the President chooses.

35.5 A motion to remove an amendment placed on a House bill under Rule 45.1 is out of order if removal of the amendment would make a portion of the House bill not germane to the Senate companion for which it was substituted.

35.6 If a House amendment to a Senate bill is not germane to the Senate bill, a motion to concur in the House amendment is out of order.

36. DEBATE

36.1 When a member is about to speak to the Senate, the member shall rise and respectfully address “Madam (or Mr.) President.” The member may not proceed to speak further until recognized by the President.

36.2 The member shall speak only to the question under debate and avoid personality.

36.3 The member may inform the Senate of the Governor’s position on a bill and on its status in the House of Representatives.

36.4 In discussing a resolution, each member is limited to ten minutes.

36.5 A member may not speak more than twice on the same question on the same day without permission of the Senate.

36.6 When a member is speaking, no one may stand between the member speaking and the President.

36.7 A member may not speak without using a microphone.

36.8 All remarks during debate shall be addressed to the President.

36.9 When the President puts a question, or addresses the Senate, no one may walk out of or cross the Chamber.

36.10 When a member is called to order, the member shall be silent until it is determined whether or not the member is in order. If a member is called to order for words spoken in debate, the words excepted to must be taken down in writing by the Secretary immediately.

36.11 Debate on the report of a conference committee is in order at any time after the report has been made available electronically or printed and placed on the desk of each member, or at an earlier time agreed to by a majority of the whole Senate.

37. ABSENCE OF MEMBERS

A member or officer of the Senate may not be absent from a session of the Senate unless excused by the Senate. The name of a member excused must be printed in the Journal.

38. CALL OF THE SENATE

38.1 A member may impose a call of the Senate requiring the attendance of all members before any further proceedings occur except a motion to adjourn.

38.2 Upon the imposition of a call, a member may request a record of those present and the Sergeant at Arms shall bring in the absent members.

38.3 When the Senate has been placed under call, a member may demand that the doors be closed and that no member be permitted to leave the Chamber until the matter or question, if any, under consideration at the time of the call is disposed of, or until the call is lifted by a majority of the whole Senate, or until the Senate adjourns.

38.4 A majority of the whole Senate may excuse members not answering the call.

38.5 A call may not be imposed after voting has commenced.

39. DIVISION OF QUESTION

39.1 A member may call for a division of the question when the division is possible. A motion to strike and insert is indivisible.

39.2 The defeat of a motion to strike does not preclude an amendment nor a motion to strike and insert.

40. VOTING

40.1 The President shall distinctly state the question before taking the vote. The President shall declare the result of the vote. If a member questions the result of a vote, the President shall order a division.

40.2 A member may vote on a question or be counted on a division only at the member's own seat in the Senate Chamber.

40.3 At any time before the start of voting on a question, a member may request a roll call vote, which must be entered in the Journal, unless at the time the request is made, the Senate is taking a roll call vote using the electrical voting system.

40.4 Unless otherwise ordered, a roll call vote, except upon elections, may be taken by means of the electrical voting system under the control of the President.

40.5 A roll call vote may not be interrupted except to close the roll as provided in Rule 41.3.

40.6 A member or other person may not proceed to or remain by the Secretary's desk while a roll call or division is being taken.

41. MEMBERS TO VOTE UNLESS EXCUSED

41.1 Every member who is in the Senate Chamber during a roll call, including in the Committee of the Whole, shall vote upon the request of another member unless excused by the Senate.

41.2 A motion by a member to be excused from voting must be made before the question is put. A member wishing to be excused from voting may make a brief statement of the reason for making the request. The question on the motion to excuse must be taken without further debate.

41.3 When members have had an opportunity to vote and fail to do so, a majority of the whole Senate may, by motion, direct the President to close the roll.

41.4 The vote on a motion to close the roll must be taken without debate. No member is required to vote on the motion.

42. FINAL PASSAGE

The final question on a bill or other matter requiring action by both Houses after its first and second reading, and after the consideration in Committee of the Whole, is on its final passage.

43. TRANSMITTING BILLS TO THE HOUSE

43.1 Except when a motion to reconsider has been made as provided in Rule 30, immediately after the passage of a bill or other matter in which the concurrence of the House of Representatives is requested, the Secretary shall transmit it to the House.

43.2 On the concurrence of a bill or other matter of the House by the Senate, or on the concurrence or disagreement in a vote of the House, the Secretary shall notify the House.

44. ENGROSSING AND ENROLLING OF BILLS

44.1 The Secretary and the Engrossing Secretary shall ensure that every bill, memorial, or resolution originating in the Senate is carefully engrossed before it is transmitted to the House of Representatives for concurrence. All engrossing and enrolling of bills shall be done at the direction and under authority of the Senate.

44.2 The Secretary shall ensure that every bill, memorial, or resolution originating in the Senate is carefully enrolled by the Revisor of Statutes before it is presented to the Governor or filed with the Secretary of State.

45. COMPARISON AND SUBSTITUTION OF BILLS

45.1 A House bill, after its first reading, must be referred as follows, unless there is a motion by the Chair of the Committee on Rules and Administration or a designee of the Chair:

(a) If there is no Senate companion bill, the House bill must be referred to the appropriate standing committee, unless there is objection under Rule 4.10.

(b) If there is a Senate companion bill, the House bill must be referred to the standing committee possessing the Senate companion.

(c) If the Senate companion bill has been reported to the Senate, the House bill must be referred to the Committee on Rules and Administration, which shall report whether the House bill is identical to the Senate companion bill. If the bills are identical, the report must recommend that the House

Chapter Three State Legislature

bill be given its second reading and substituted for the Senate companion bill and the Senate companion bill be indefinitely postponed. If the House bill is not identical to the Senate companion bill, the report of the committee must recommend an amendment to the House bill that when adopted will render the House bill identical to the Senate bill. Upon adoption of a committee report containing the proposed amendment, the House bill as amended must be given its second reading and substituted for the Senate companion bill and the Senate companion bill must be indefinitely postponed.

45.2 The Secretary shall prepare and submit reports under this rule on behalf of the Committee on Rules and Administration.

45.3 A House bill placed on the Calendar by substitution must not be given its third reading on the same day as the substitution.

46. CONFERENCE COMMITTEES

46.1 The Committee on Rules and Administration may constitute a standing Subcommittee on Conference Committees, the report of which within its jurisdiction has the effect of a report of the Committee on Rules and Administration. The subcommittee consists of three members, one of whom must be a member of the minority group.

46.2 The Subcommittee on Conference Committees shall appoint all conference committees of the Senate and report the appointments to the Senate. In the appointment of members of conference committees between the two houses, the Subcommittee on Conference Committees shall appoint those who are in accord with the position of the Senate. Whenever practical, the subcommittee shall give preference to authors of bills in dispute and to members of standing committees in which the bills were considered.

47. DISPOSITION OF BILLS ON ADJOURNMENT

Adjournment of the regular session in an odd-numbered year to a date certain in the following year is equivalent to daily adjournment, except that a bill on the Calendar, Consent Calendar, General Orders, or table, other than a bill laid on the table after being vetoed by the governor or after its conference committee has been discharged under Joint Rule 3.02, must be returned to the standing committee other than the Committee on Rules and Administration from which it was last reported to the Senate, unless otherwise provided for by motion before adjournment.

48. PRINTING AND DISTRIBUTION OF BILLS

48.1 Unless otherwise ordered by the Senate, all Senate bills that have been reported upon favorably or without recommendation by a committee must be electronically available or printed before consideration by the Senate or the Committee of the Whole.

48.2 A House bill amended by the Senate must be unofficially engrossed and electronically available or printed when placed on General Orders.

48.3 A bill may be electronically available or printed by order of the Secretary when amended after second reading.

48.4 A bill must be electronically available or printed when ordered by the Senate.

48.5 Action by the Senate on a bill that has not been printed is a waiver of the printing requirement.

48.6 To the extent practical, the Secretary shall provide a copy of any bill to the public and may charge a reasonable fee.

49. JOURNAL AND INDEX

49.1 The Secretary shall keep a correct Journal of the proceedings of the Senate and shall perform other duties assigned to the Secretary.

49.2 The Secretary shall not permit Journal records, accounts or papers to be taken out of the Secretary's custody, other than in the regular mode of business. If a document in the Secretary's charge is missing, the Secretary shall report the fact to the President, so that inquiry may be made.

49.3 The Secretary shall supervise the recording of proceedings in the Journal, the engrossing, transcribing and copying of bills and resolutions, and generally perform the duties of Secretary, under direction of the Committee on Rules and Administration.

49.4 The Journal of each day's proceedings is open for correction at any time during the session of the next day the Senate meets. Unless corrected on that day, the Journal stands approved.

49.5 The Secretary shall keep a record of all Senate and House bills showing the status of each bill pending, until its final passage.

50. ELECTRONIC RECORDINGS

50.1 The Secretary shall cause to be recorded on electronic media the proceedings of the Senate, the Committee of the Whole, and each standing committee and subcommittee. Each electronic record must be clearly labeled to show the name of the body whose proceedings are recorded and the dates the proceedings occurred. Each electronic record of the proceedings of the Senate and the Committee of the Whole must be accompanied by a log showing the number of each bill considered and the places on the record where consideration of the bill occurred.

50.2 Within two working days after each Senate session, the Secretary shall make a copy of the electronic record and corresponding log of proceedings of the Senate and the Committee of the Whole available to the Legislative Reference Library.

50.3 Within one week after each meeting of a standing committee or subcommittee, the Secretary shall make the electronic record of the meeting available to the Legislative Reference Library, together with an agenda showing bills considered and any action taken on them.

50.4 Upon completion and approval of the minutes of the meeting of a standing committee, subcommittee, or division, the Secretary shall ensure that the completed minutes of the meeting are made available to the public. By October 1st of each year, the Secretary shall deliver a copy of minutes for each meeting held in that calendar year before October 1st to the Legislative Reference Library.

50.5 The Secretary shall keep a record of each session of the Senate and the Committee of the Whole, each meeting of a Senate standing committee or subcommittee and the date on which the electronic record of the session or meeting was made available to the Legislative Reference Library. The Library shall keep a similar record of all electronic records to which it has been given access.

50.6 The Library shall provide committee staff with reasonable access to Senate electronic records and shall provide the public with convenient facilities to listen to them.

50.7 The Secretary shall make copies of Senate electronic records available to the public for a fee determined by the Secretary to be adequate to cover the cost of preparing the copies. A copy must be provided free to a member of the Senate upon request for use in legislative business.

50.8 The Secretary shall keep the original electronic record and log of each session of the Senate and the Committee of the Whole until the end of the period for which the members of the existing House of Representatives have been elected, at which time the electronic record may be preserved or disposed of as the Secretary sees fit. The Legislative Reference Library shall keep electronic records, logs, and minutes forwarded to it until two years after the end of the period for which the members of the existing Senate have been elected, at which time they may be preserved or disposed of as the Library sees fit.

50.9 The Senate intends that testimony and discussion preserved under this rule not be admissible in any court or administrative proceeding on an issue of legislative intent.

51. OTHER DUTIES OF SECRETARY

51.1 The Secretary shall not issue a certificate authorizing the payment of money by virtue of a motion or resolution, unless the motion or resolution is voted for by a majority of the whole Senate on a roll call vote.

51.2 The Secretary and the Engrossing Secretary shall correct all mistakes in numbering the sections and reference to them, whether the errors occur in the original bill or are caused by amendments to it.

51.3 The Secretary is the agent of the Senate for the purchase of supplies and services. The Secretary's records on purchase of supplies and services are open for inspection.

51.4 The Secretary shall adopt administrative controls to ensure that each member is accountable for the member's own long distance telephone calls and that Senate telephones are used only for Senate business.

51.5 By the 15th day of April, July, October, and January of each year, the Secretary shall submit a detailed report of Senate expenditures during the previous quarter to the Committee on Rules and Administration.

51.6 The Secretary's public records may be inspected during normal business hours.

52. SERGEANT AT ARMS

The Sergeant at Arms shall: (1) execute all orders of the President; (2) perform all assigned duties connected with the police and good order of the Senate Chamber; (3) exercise supervision over the entry and exit of all persons to and from the Chamber; (4) see that messages are promptly delivered; (5) see that the hall is properly ventilated and the temperature is properly regulated; (6) see that the Chamber is open for the use of members of the Senate at least one-half hour before the start of a session; and (7) perform all other services pertaining to the office of Sergeant.

Chapter Three State Legislature

53. BUDGET AND EXPENDITURES

53.1 The Committee on Rules and Administration shall adopt an operating budget for the Senate and post it on the Senate Web site.

53.2 All propositions for the appointment and payment of employees of the Senate or for expenditures of the legislature, other than those provided by law, must be referred without debate to the Committee on Rules and Administration.

54. EMPLOYEES

54.1 The Committee on Rules and Administration shall establish positions, set compensation, appoint employees, and authorize expense reimbursement for employees as it deems necessary to carry out the work of the Senate. At the request of any committee member, an action of the committee must be submitted as a Senate resolution for adoption by the Senate.

54.2 The Secretary shall keep a roster of all employees of the Senate, including positions and compensation, which must be open for inspection by the public.

54.3 The Secretary shall post, in a public place in the Capitol, a notice of every vacant position on the permanent staff of the Senate. The notice must remain posted for at least one week, and no vacancy may be filled until the period of posting has elapsed.

54.4 Except as otherwise provided in these rules, the Committee on Rules and Administration has full and exclusive authority over, and charge of all employees of the Senate both elected and appointed. The committee has the sole and exclusive power and authority to assign them to duties other than for which they were elected or appointed as the committee may provide.

54.5 The committee may make employment rules and regulations. In case of violation of an order of the committee by an employee, or in case of a violation of a rule or regulation made by the committee, or in case of misconduct or omission by an employee, the Committee on Rules and Administration may hear complaints and discharge the employee or impose discipline, a fine, or other punishment upon the employee. The committee may, by a vote of a majority of the members of the committee, discuss an employee disciplinary proceeding under this rule in an executive session to which the open meeting requirements of Rules 12.1 to 12.3 do not apply.

54.6 The Secretary shall supervise the employees under the direction of the Committee on Rules and Administration.

55. SUBCOMMITTEE ON ETHICAL CONDUCT

55.1 The Committee on Rules and Administration shall appoint a Subcommittee on Ethical Conduct of the Committee on Rules and Administration consisting of four members, two from the majority group and two from the minority group.

55.2 The subcommittee shall serve in an advisory capacity to a member or employee upon written request and shall issue recommendations to the member or employee. A member may request the subcommittee to provide its advice on a potential conflict of interest to the member in private. If so requested, the subcommittee shall conduct its proceedings on the advisory opinion in private. The request, proceedings on the request, and any advice given by the subcommittee in response to the request must remain private. The member may not use an advisory opinion from the subcommittee as a defense to a complaint under this rule unless the opinion has been adopted by the subcommittee at a public meeting.

55.3 The subcommittee shall investigate a complaint made in writing by a member of the Senate under oath. The complaint must be received before adjournment sine die in the last year of a senate term or during a special session held after that time regarding improper conduct by a member or employee of the Senate. The subcommittee has the powers of a standing committee to issue subpoenas under Minnesota Statutes, section 3.153.

55.4 Within 30 calendar days after receiving a complaint, the subcommittee must meet and either make a finding of no probable cause, vote to defer action until a certain time, or proceed with its investigation.

55.5 In order to determine whether there is probable cause to believe that improper conduct has occurred, the subcommittee may, by a vote of three of its members, conduct a preliminary inquiry in executive session to which the open meeting requirements of Rules 12.1 to 12.3 do not apply. The executive session may be ordered by a vote of three of its members whenever the subcommittee determines that matters relating to probable cause are likely to be discussed. The executive session must be limited to matters relating to probable cause. Upon a finding of probable cause, further proceedings on the complaint are open to the public.

55.6 The subcommittee may appoint special counsel to provide expert advice on how to conduct its proceedings. The subcommittee may appoint a suitable person to conduct the investigation and report findings of fact and recommendations for action to the subcommittee.

- 55.7 If, after investigation, the subcommittee finds the complaint substantiated by the evidence, it shall recommend to the Committee on Rules and Administration appropriate disciplinary action.
- 55.8 To minimize disruption of its public proceedings, the subcommittee may require that television coverage be pooled or be provided by Senate media services.
- 55.9 If criminal proceedings relating to the same conduct have begun, the subcommittee may defer its proceedings until the criminal proceedings have been completed.
- 55.10 The Senate intends that proceedings of the Subcommittee on Ethical Conduct not be admissible in any criminal proceeding.

56. STANDARDS OF ETHICAL CONDUCT

- 56.1 Members shall adhere to the highest standard of ethical conduct as embodied in the Minnesota Constitution, state law, and these rules.
- 56.2 A member shall not publish or distribute written material if the member knows or has reason to know that the material includes any statement that is false or clearly misleading, concerning a public policy issue or concerning the member's or another member's voting record or position on a public policy issue.
- 56.3 Improper conduct includes conduct that violates a rule or administrative policy of the Senate, that violates accepted norms of Senate behavior, that betrays the public trust, or that tends to bring the Senate into dishonor or disrepute.
- 56.4 Members of the Senate shall disclose potential conflicts of interest in the discharge of senatorial duties as provided in Minnesota Statutes, section 10A.07.

57. LOBBYISTS

- 57.1 A lobbyist shall not appear before a Senate committee pursuant to the lobbyist's employment unless the lobbyist is in compliance with the law requiring lobbyist registration, Minnesota Statutes, sections 10A.03 to 10A.06. A lobbyist, when appearing before a committee, shall disclose to the committee on whose behalf the lobbyist speaks and the purpose of the lobbyist's appearance.
- 57.2 A lobbyist shall not knowingly, either directly or through a third party, furnish false or misleading information or make a false or misleading statement that is relevant and material to a matter before the Senate or any of its committees, subcommittees, or divisions when the lobbyist knows or should know it will influence the judgment or action of the Senate or any of its committees, subcommittees, or divisions.
- 57.3 The Subcommittee on Ethical Conduct shall investigate a complaint by a member of the Senate in writing under oath received before adjournment sine die in the last year of a Senate term or during a special session held after that time that a lobbyist has violated Rule 57.1 or 57.2. The investigatory procedures of Rule 55 apply, except as provided in this rule. The complaint and proceedings on the complaint are private until the subcommittee has found probable cause to believe that a violation of Rule 57.1 or 57.2 has occurred, unless they are made public by the lobbyist whose conduct is the subject of the complaint or by the vote of at least three members of the subcommittee.

58. AMENDMENTS TO RULES

Every proposition to amend a rule of the Senate must be referred to the Committee on Rules and Administration. The proposition may not be acted upon until the report of the committee is received by the Senate.

Chapter Three State Legislature

PERMANENT RULES OF THE HOUSE OF REPRESENTATIVES

As adopted on February 11, 2013

ARTICLE 1 - DAILY BUSINESS

1.01 CONVENING OF THE HOUSE. Unless otherwise ordered, the House convenes at 3:00 p.m. The Speaker must take the chair at the appointed hour and call the House to order. The call to order is followed by a prayer by the Chaplain or time for a brief meditation, then by the pledge of allegiance to the flag of the United States of America, and then by a call of the roll of members.

The names of members present and members excused must be entered in the Journal of the House.

1.02 READING OF THE JOURNAL. If a quorum is present, the Chief Clerk must read the Journal of the preceding day, unless otherwise ordered. The House may correct errors in the Journal of the preceding day.

1.03 ORDER OF BUSINESS. After the Journal is read, the order of business of the day is:

- | | |
|---|---|
| (1) Presentation of petitions or other communications | (6) Introduction and first reading of House bills |
| (2) Reports of standing committees and divisions | (7) Consideration of messages from the Senate |
| (3) Second reading of House bills | (8) First reading of Senate bills |
| (4) Second reading of Senate bills | (9) Calendar for the day |
| (5) Reports of select committees | (10) Motions and resolutions |

The House may advance or revert from any order of business to any other order of business either without objection, or by majority vote of the whole House. Conference committees on House bills and the Committee on Rules and Legislative Administration may report at any time.

1.04 REPORTING OF BILLS. A bill must be reported to the House on three different days before its passage, except as provided in Rule 5.02. The first report, called the first reading, occurs when it is introduced; the second report, called the second reading, occurs when it has been reported by the appropriate standing committees and divisions for consideration by the House; the third report, called the third reading, occurs when it is ready for the vote on passage.

1.10 INTRODUCTION OF BILLS AND RESOLUTIONS. A bill or resolution must be submitted to the Speaker at least 24 hours before the convening of the daily session at which it is to be introduced. A bill or resolution must be introduced in triplicate and each copy must bear the signature of the member or the name of the committee or division introducing it. In regular session, a bill prepared by a department or agency of state government must be introduced and given its first reading at least ten days before the date of the first committee deadline. Each annual session, the Committee on Rules and Legislative Administration may designate a date after which a House File may not be introduced during that annual session, unless approved for introduction by the Committee on Rules and Legislative Administration. The date must be at least 14 calendar days after the Committee acts under this paragraph, but no earlier than May 1 of each annual session.

1.11 FIRST READING AND REFERENCE OF BILLS. A bill or resolution must be reported and given its first reading when it is introduced. A bill or resolution must not be objected to when it is introduced. After its first reading, the Speaker must refer a bill or resolution to the appropriate standing committee or division, except as provided in Rule 1.15 and Rule 1.13. Congratulatory resolutions referred to in Rule 4.02 are exempt from this Rule. Except as otherwise provided in these Rules, after the Speaker refers a bill or resolution, a majority vote of the whole House is required for the House to re-refer the bill or resolution.

1.12 AUTHORS OF BILLS AND RESOLUTIONS. A bill, memorial, or resolution must not have more than 35 authors. After a bill or resolution is introduced and given its first reading: (a) a member may be removed as an author, by motion of the member; and (b) a member wishing to be an author may be added as an author, by motion of the author of the bill or resolution.

1.13 INTRODUCTION OF COMMITTEE OR DIVISION BILLS. A standing or special committee of the House or a division of the House may introduce a bill as a committee or division bill on any subject within its purview. When a committee or division bill is introduced and read for the first time, the Speaker may refer it to a standing committee or division. If the Speaker does not refer it, the bill must be laid over one day. Then it must be read for the second time and placed on the General Register.

1.14 RECESS BILL INTRODUCTIONS. During the period between the last day of the regular session in an odd-numbered year and the first day of the regular session in the next year, a bill filed with the Speaker for introduction must be given a file number and may be unofficially referred by the Speaker to an appropriate standing committee or division.

1.15 DISPOSITION OF SENATE FILES. A Senate File received by the House that is accompanied by a message announcing its passage by the Senate must be referred to the appropriate standing committee or division under Rule 1.11. But if a Senate File is received that a member requests be compared to a House File already reported by a standing committee or division of the House and placed on the General Register or on the Calendar for the Day, the Senate File must be referred to the Chief Clerk for comparison. If the Chief Clerk reports that the Senate File is identical to the House File, the Senate File may, by majority vote, be substituted for the House File and take its place. The fact that the bills are identical must be entered in the Journal and the House File is then considered withdrawn. A Senate File that is amended on the floor of the House, except at the time of final passage, and a Senate File that has been reported to the House with amendments by a House standing committee or division, must be unofficially engrossed and reprinted by the Chief Clerk. An amendment may be offered to an unofficial engrossment of a Senate File.

1.20 GENERAL REGISTER. The General Register consists of all bills that have received a second reading. Bills must be placed on the General Register in the order that they receive their second reading. A bill must be on the General Register, be given to each member, and be available to the public before it may be considered by the House on the Calendar for the Day or the Fiscal Calendar. Each day that the House meets in session, the Chief Clerk must publish a list of the bills on the General Register.

1.21 CALENDAR FOR THE DAY. The Calendar for the Day is a list of bills that are to be considered that day by the House. The House must consider each item on the Calendar for the Day in the order determined by the presiding officer. After consideration by the House, unless otherwise disposed of, the bill must immediately be given its third reading and placed upon its passage. A bill that has received its second reading may be placed on the Calendar for the Day by the Committee on Rules and Legislative Administration or by order of the House upon the motion of a member as provided in this Rule. The Committee on Rules and Legislative Administration must designate the bills that are to be on the Calendar for the Day. During regular session, the Committee must designate the bills by 5:00 p.m. the day before the day that the bills are to be on the Calendar, except that the Committee may designate the bills at any time after a day specified by the Committee on Rules and Legislative Administration. After the Committee designates the bills, the Chief Clerk must publish the Calendar for the Day. In order to trigger a prefilling requirement, the calendar for the day must be established in accordance with Rule 3.33. A bill that is on the General Register for more than ten legislative days may be placed on the Calendar for the Day by a majority vote of the whole House, acting on the motion of a member. A bill placed on the Calendar for the Day in this manner must be considered first the next time that the House reaches the order of business "Calendar for the Day." "A member must give notice to the Speaker and the Chief Clerk three legislative days before making a motion to place a bill on the Calendar for the Day. The notice must specify the number and title of the bill. Only the member who gave notice to the Speaker and the Chief Clerk, or another member designated in writing by the member who gave notice, may make the motion to place the bill on the Calendar for the Day. After the third legislative day following the day of notice, the motion must be made the first time that the House reaches the order of business "Motions and Resolutions." If the motion is not made at that time, the member who gave notice forfeits the right to make that motion. A bill may be continued on the Calendar for the Day by a majority vote of the whole House. A third motion by the author of a bill to continue it on the Calendar for the Day is not in order; upon such a motion, the bill must be stricken from the Calendar and returned to the General Register in the order of its second reading. The Calendar for the Day expires when the House adjourns for the day, unless the House, by a majority vote of the whole House, continues items remaining on the Calendar to the next day.

1.22 FISCAL CALENDAR. A finance bill that has had its second reading must be considered by the House when requested by the Chair of the Committee on Ways and Means or by a designee of the Chair. A bill relating to taxes or raising revenue that has had its second reading must be considered by the House when requested by the Chair of the Committee on Taxes or a designee of the Chair. During regular session, a chair must announce the intention to make the request by 5:00 p.m. the legislative day before the day that the request for consideration is to be made, except

Chapter Three State Legislature

that the Chair may designate the bills at any time after a day specified by the Committee on Rules and Legislative Administration. During periods when the 5:00 p.m. requirement does not apply, the chair must announce the intention at least two hours before making the request. In order to trigger a prefiling requirement a notice given under Rule 1.22 must comply with Rule 3.33. After consideration by the House on the Fiscal Calendar, unless otherwise disposed of, the bill must immediately be given its third reading and placed upon its passage.

1.30 THIRD READING OF BILLS. An amendment must not be received after the third reading of a bill without unanimous consent, except to fill blanks or to amend the title. At any time before it is passed, a bill or resolution may be referred or re-referred by a majority vote of the whole House. If the committee or division to which it is referred or re-referred reports an amendment to it, the bill or resolution must again be given its second reading and placed on the General Register.

1.40 PUBLICATION OF BILLS FOR THE HOUSE. After a bill receives its second reading, the bill must be prepared and published or made electronically available for consideration by the House. A majority of the House may order the publication of a bill at any time.

1.50 ADJOURNING OF THE HOUSE. The House may not meet during a legislative day after midnight, except that the House, by majority vote, may meet past the time of adjournment required by this Rule.

ARTICLE 2 - FLOOR PROCEEDINGS, VOTING, DECORUM

2.01 ABSENCE OF MEMBERS AND OFFICERS. Unless illness or other sufficient cause prevents attendance, a member or officer of the House must not be absent from a session of the House without the prior permission of the Speaker.

2.02 CALL OF THE HOUSE. Ten members may demand a call of the House at any time until voting begins. After the House is placed under call, a second roll call on any aspect of a call of the House is out of order. When a call is demanded, the doors of the chamber must be closed, the roll called, and the absent members sent for; and no member is allowed to leave the chamber until the roll call is suspended or completed. During the roll call, no motion is in order except a motion pertaining to matters incidental to the call. Proceedings under the roll call may be suspended by a majority vote of the whole House. The Sergeant at Arms must not permit a member to leave the Chamber unless the member is excused by the Speaker, or the call of the House has been lifted by a majority vote of the whole House.

2.03 ROLL CALL VOTE. A roll call vote is required to pass a bill or to adopt a resolution or motion directing the payment of money. In all other cases a roll call vote may be ordered only if 15 members demand it. When the House is taking a roll call vote on another issue, a roll call vote may not be ordered on a motion that members not voting be excused from voting.

2.04 EXPLAINING OR CHANGING VOTE. A member must not explain a vote or discuss the question during a roll call vote. A member must not change a vote or move for the record an intention to have voted or voted differently after the result of the roll call vote is announced from the chair by the Speaker.

2.05 EVERY UNEXCUSED MEMBER TO VOTE. A member who has an immediate interest in a question must not vote on it. Every other member present before the result of a vote is declared by the presiding officer must vote for or against the matter before the House, unless the House excuses the member from voting. But a member is not required to vote on any matter concerning a memorial resolution. A member who does not vote when the member's name is called must state reasons for not voting. After the vote has been taken but before the presiding officer has announced the result of the vote, the presiding officer must submit to the House the question: "Shall the member, for the reasons stated, be excused from voting?" The question must be decided without debate. After the question is decided, the presiding officer must announce the result of the vote, after which other proceedings about the nonvoting member may take place.

2.10 ELECTRONIC VOTING SYSTEM. An electronic voting system under the control of the Speaker may be used to take any vote except a vote on an election or if the House is currently taking a roll call. A member must not vote on a question except at the member's own seat in the chamber.

2.15 RECORDED FLOOR PROCEEDINGS. Proceedings on the floor of the House must be recorded on an appropriate audio recording medium under the direction of the Chief Clerk. The Chief Clerk must transmit a copy of the recordings to the Director of the Legislative Reference

Library. The Legislative Reference Library must keep the recordings available for public use under its rules during the legislative biennium when the recordings were created and for eight years thereafter. The Library may then preserve or dispose of the recordings as the Library sees fit. A person may obtain a copy of a recording while it is kept in the Library by paying a fee determined by the House Controller to cover the cost of preparing the copy. Discussion preserved under this Rule is not intended to be admissible in a court or administrative proceeding on an issue of legislative intent.

2.20 DUTIES OF MEMBERS. Members must keep their seats until the Speaker announces adjournment. A member, before speaking, must rise and respectfully address the Speaker and must not speak further until recognized by the Speaker. If more than one member rises at the same time, the Speaker must select the member to speak first.

2.21 NOTICE OF INTENT TO DEBATE A RESOLUTION. A member may give notice of intent to debate a resolution, except a resolution introduced as a house file or a senate file under Rule 4.02 or a resolution offered by the Committee on Rules and Legislative Administration or the Committee on Ethics. The notice may be given at any time before the vote is taken on the resolution. If the notice is given, the resolution must be laid over one day without debate or any other action.

2.30 QUESTIONS OF ORDER. If a member violates the Rules in any way, the Speaker must, or another member may, call the member to order. The member called to order must immediately sit down unless another member moves to permit the member who was called to order to explain. In either case, the House, if appealed to, must decide the question without debate. Only if the decision is in favor of the member called to order may that member proceed. The House may censure or punish a member called to order.

2.31 OFFENSIVE WORDS IN DEBATE. If a member is called to order for offensive words in debate, the member calling for order must report the words to which exception is taken and the Clerk must record them. A member must not be held to answer, or be subject to censure of the House, for language used in debate unless exception is taken before another member speaks or other business takes place.

2.32 ORDER IN DEBATE. Except for the member who offered the motion, amendment, or proposition under consideration, a member must not speak more than twice on the subject, without leave of the House, nor more than once until every other member wishing to speak on the subject has had an opportunity to do so.

2.33 ORDER DURING SESSION. A member must not walk out of or across the Chamber while the Speaker is putting the question. A member must not engage in private conversation while another member is speaking or pass between a speaking member and the Chair. A member must not disrupt order and decorum in the Chamber by possessing or using any audiovisual display, including but not limited to placards, signs, photographs, visual aids, or the use of any video images or audio, except for such items that are distributed to members at their desks for the purpose of conducting business of the day.

2.34 PERSONS BY THE CHIEF CLERK'S DESK DURING VOTE. No person may remain by the Chief Clerk's desk during a roll call vote.

2.39 EXECUTIVE BRANCH OR LOBBYIST PRESENCE IN COMMITTEE. No House committee, division or subcommittee shall permit any member or staff of the executive branch, registered lobbyist, or lobbyist principal, to be seated at the committee table with members of the House during official proceedings of committees of the House.

2.40 ADMITTANCE TO FLOOR. No person other than a member may be admitted to the House Chamber, except: properly authorized employees; the Chief Executive and ex-governors of the State of Minnesota; members of the Senate; heads of departments of the state government; judges of the Supreme Court, Court of Appeals, and District Courts; members of Congress; those persons invited to address the body or a joint convention of the house and senate, and guests for such an address or joint convention; a family member of a member; and properly accredited representatives of radio and television stations, newspapers and press associations, as provided for in these Rules. Any other person may be issued a permit by the Speaker good for the day, but that person must be seated near the Speaker's rostrum, and must not engage in conversation that disturbs the business of the House. Before issuing a permit, the Speaker must make certain that the person does not seek the floor of the House to influence decisions of the House. The alcoves in the Chambers are for the use of members only, and the Sergeant at Arms must keep them clear of others. From one hour before the time the House is scheduled to convene until one hour after the House adjourns for the day,

Chapter Three State Legislature

the retiring room is reserved for the exclusive use of the members and employees of the House. As long as the Senate prohibits entry of House members into its retiring room, no Senators may enter the House retiring room during the time it is reserved for exclusive use of members and employees. A committee or division meeting must not be held there except emergency meetings authorized by the Speaker. The Sergeant at Arms must strictly enforce this provision. Unless an extraordinary condition exists the Speaker must not entertain a request to suspend this Rule or present the request of a member for unanimous consent to suspend this Rule.

2.41 MEDIA NEWS REPORTERS. Accredited representatives of the press, press associations, and radio and television stations must be given equal press privileges by the House. A person wishing to report proceedings of the House may apply to the Chief Sergeant at Arms for a media pass and assignment to suitable available space. The Sergeant may coordinate the issuance of media passes with the appropriate senate authority. Television stations must be permitted to televise sessions of the House. Media representatives must be allowed access to both wells in the gallery of the House chambers.

ARTICLE 3 - MOTIONS, AMENDMENTS, AND OTHER PROPOSITIONS

3.01 AMENDMENTS AND OTHER MOTIONS. An amendment or other motion must not be debated until after it is stated by the Speaker. After an amendment or other motion is stated by the Speaker it is in possession of the House, but the mover may withdraw it at any time before it is amended or decided. Unless a motion, resolution, or amendment is withdrawn on the day it is made, it must be entered in the Journal, with the name of the member offering it. Except as otherwise permitted by the Speaker, an amendment or other motion must be in writing, and five copies of it must be given to the Chief Clerk.

3.02 ORDER OF PUTTING QUESTION; FILLING BLANKS. Except for a privileged question, questions before the House or a committee or division must be put in the order they are moved. In filling a blank, a motion for the largest sum or the longest time must be put first.

3.03 DIVISION OF A QUESTION. A member may request the division of a question that contains more than one separate and distinct point. A motion to strike and insert is not divisible. The failure of a motion to strike does not preclude another motion to amend or to strike and insert.

3.10 PRECEDENCE OF MOTIONS. While a question is under consideration, only the following motions may be received:

- | | |
|------------------------------------|----------------------------------|
| (1) To fix the time of adjournment | (6) To postpone to a day certain |
| (2) To adjourn | (7) To amend |
| (3) To lay on the table | (8) To postpone indefinitely |
| (4) For the previous question | (9) To pass |
| (5) To refer | |

The first four motions must be decided without debate. The motions have precedence in the order listed, except that if the motion for the previous question has been properly made, and properly supported, and the main question ordered, the motion to lay on the table is not in order.

3.11 MOTION TO ADJOURN. A motion to adjourn is always in order except during a roll call. After a motion to adjourn is made, before putting the question, the Speaker may permit any member to state reasons why adjournment might be improper at that time. A statement is not debatable and must be limited to two minutes.

3.12 MOTION TO LAY ON THE TABLE. A motion to lay on the table is not in order on a motion to amend, except that a motion to amend the Rules may be tabled.

3.13 THE PREVIOUS QUESTION. The previous question may be moved by a member who is supported by 15 members. If the motion for the previous question is ordered by a majority of members present, its effect is to put an end to all debate and bring the House to direct vote upon the question. Before the presiding officer submits a motion for the previous question to the House, a call of the House is in order. After a majority has ordered the previous question, a call of the House is not in order before the decision on the main question. When the previous question is decided in the negative, the main question remains under debate until it is disposed of by a vote on the question, by a subsequent motion calling for the previous question under this Rule, or in some other manner. All incidental questions of order arising after a motion is made for the previous question and before the vote on the main question must be decided without debate.

3.14 MOTION TO RECONSIDER. After a question is decided either in the affirmative or negative, a member who voted with the prevailing side may move to reconsider it. The motion must be made on the same day the vote was taken or on either of the next two days that the House meets in session and has possession of the matter. The motion may be made at any time in the Order of Business. It takes precedence over any other question except a motion to adjourn. The motion to reconsider must not be made if the document, bill, resolution, message, report or other subject of official action on which the vote was taken has left the possession of the House. If a motion to reconsider fails, it must not be renewed.

3.15 MOTION TO RESCIND. A motion to rescind is not in order at any time in any proceeding in the House or in any committee or division of the House.

3.20 AMENDMENTS TO AMENDMENTS. An amendment may be amended, but an amendment to an amendment must not be amended.

3.21 MOTIONS AND PROPOSITIONS MUST BE GERMANE. (a) A motion or proposition on a subject different from that under consideration must not be admitted under guise of its being an amendment. A motion, amendment, or other proposition offered to the House is out of order if it is not germane to the matter under consideration. Whether a proposition is germane to the matter under consideration is a question to be decided by the presiding officer, who may put the question to the House. (b) An amendment to an amendment on the House floor must relate only to the primary amendment, without introducing any new subject.

3.22 AMENDMENT TO INCREASE AN APPROPRIATION OR TAX. The concurrence of a majority of the whole House, determined by a roll call vote, is required to adopt an amendment increasing an appropriation or a tax.

3.23 CONSTITUTIONAL AMENDMENTS. A constitutional amendment may not be offered as an amendment to a bill on the floor.

3.30 EXPENDITURE OF HOUSE FUNDS. The concurrence of a majority of the whole House, determined by a roll call vote, is required for favorable action on a resolution or motion involving the expenditure of money appropriated by the Legislature to the House. The resolution or motion must be referred to the Committee on Rules and Legislative Administration before being acted on by the House.

3.33 AMENDMENTS MUST BE PREFILED. (a) An amendment on a bill being considered on the Calendar for the Day or the Fiscal Calendar is out of order unless the amendment has been filed with the Chief Clerk by 12:00 noon on the calendar day prior to the calendar day the bill next can be considered on the Calendar for the Day or the Fiscal Calendar. If a bill next can be considered by the House on the Calendar for the Day or the Fiscal Calendar on a Monday, an amendment must be filed by 12:00 noon on the prior Friday. An amendment is not out of order under this Rule if it is a technical or revisor's change to a bill or an amendment. Whether an amendment is a technical or revisor's change is a question to be decided by the presiding officer, who may put the question to the House. (b) Paragraph (a) applies to an amendment to a bill only if by 12:00 noon on the day before the deadline for filing amendments the following has occurred: (1) the Committee on Rules and Legislative Administration has designated the bill for inclusion on the Calendar for the Day or a chair has announced intention to place the bill on the Fiscal Calendar; and (2) the version of the bill that will be considered on the Calendar for the Day or the Fiscal Calendar is available to members. (c) Substitution of language in the House version of a bill for language in the Senate companion bill is not an amendment for purposes of this Rule if notice of the chief author's intent to substitute the House language is given when a bill is placed on the Calendar for the Day or when a chair announces intention to place the bill on the Fiscal Calendar. (d) When an amendment is filed with the Chief Clerk, the Chief Clerk must have the amendment posted on the House Web site as soon as is practical. The Speaker may specify procedures for filing amendments under this Rule. (e) An amendment to a prefiled amendment on a bill is out of order unless the amendment to the amendment has been filed with the Chief Clerk six hours after the prefiling deadline under paragraph (a). An amendment to a prefiled amendment is not out of order under this Rule if it is a technical or conforming change to a prefiled amendment. Whether an amendment is a technical or conforming change to a prefiled amendment is a question to be decided by the presiding officer, who may put the question to the House. (f) An amendment to a bill or a prefiled amendment must include a stamp indicating the date and time that the amendment was drafted. (g) This Rule may be waived or the deadlines in this Rule may be extended for an individual bill, or waived for all bills after a certain date, by the Committee on Rules and Legislative Administration.

Chapter Three State Legislature

(h) If the Calendar for the Day or the Fiscal Calendar is continued, the prefiling period must be reopened in accordance with paragraphs (a) to (e) of this rule, unless the prefiling period is waived or extended under paragraph (g) of this rule.

3.34 REFERRAL FOR CORRECTIONS. The Speaker, either by announcement without objection, or the House, by majority vote of the whole House, may refer a bill or resolution from the General Register, Fiscal Calendar, or Calendar for the Day to the Committee on Rules and Legislative Administration for the purpose of making changes to the bill. A bill so referred must be either further referred by the Committee on Rules and Legislative Administration, in consultation with the Speaker, to a standing committee with jurisdiction over the portion of the bill that is subject to correction or returned to the General Register by the Committee on Rules and Legislative Administration within five days, and if the Committee on Rules and Legislative Administration fails to act within five days, the bill shall be automatically returned to the General Register.

ARTICLE 4 - BILLS AND RESOLUTIONS

4.01 BILL AND RESOLUTION FORM. A bill or resolution must not be introduced until it has been examined and approved by the Revisor of Statutes as to form and compliance with these Rules and the Joint Rules of the House and Senate. The Revisor's approval must be endorsed on the bill or resolution. A bill that is divided into articles may include or be accompanied by a table of contents.

4.02 RESOLUTIONS. A statement of facts being forwarded for action to a governmental official, agency, or body or other similar proposal is a memorial and must be introduced in the same form and take the same course as a bill. A joint resolution and any resolution requiring the signature of the governor must be introduced in the same form and take the same course as a bill. A resolution must not authorize expenditure from any source other than the money appropriated by the Legislature to the House. Congratulatory resolutions do not require consideration or adoption by the House. A resolution must not be changed to a bill, and a bill must not be changed to a resolution.

4.03 WAYS AND MEANS COMMITTEE; BUDGET RESOLUTION; EFFECT ON EXPENDITURE AND REVENUE BILLS. (a) The Committee on Ways and Means must hold hearings as necessary to determine state expenditures and revenues for the fiscal biennium. (b) Within 25 days after the last state general fund revenue and expenditure forecast for the next fiscal biennium becomes available during the regular session in the odd-numbered year, the Committee on Ways and Means must adopt a budget resolution. The budget resolution: (1) must set the maximum limit on net expenditures for the next fiscal biennium for the general fund, (2) must set an amount or amounts to be set aside as a budget reserve and a cash flow account, (3) must set net spending limits for each budget category represented by the major finance and revenue bills identified in paragraph (e), and (4) may set limits for expenditures from funds other than the general fund. The budget resolution must not specify, limit, or prescribe revenues or expenditures by any category other than those specified in clauses (1), (2), (3), and (4). After the Committee adopts the budget resolution, the limits in the resolution are effective during the regular session in the year in which the resolution is adopted, unless a different or amended resolution is adopted. (c) During the regular session in the even-numbered year, before the Committee on Ways and Means reports a bill containing net increases or decreases in expenditures as compared to general fund expenditures in the current fiscal biennium estimated by the most recent state budget forecast, the Committee may adopt a budget resolution. If adopted, the resolution must account for the net changes in expenditures. The resolution may also (1) set limits for changes in net expenditures for each budget category represented by the major finance and revenue bills identified in paragraph (e), and (2) set limits for expenditures from funds other than the general fund. If the Committee adopts a budget resolution, it is effective during the regular session that year, unless a different or amended resolution is adopted. (d) The major finance or revenue bills may be combined or separated by a majority vote of either the Committee on Ways and Means or the Committee on Rules and Legislative Administration. Combined or separated bills must conform to the limits in the resolution as those limits apply to the accounts in those bills. (e) Major finance and revenue bills are: the capital investment bill; the commerce and consumer protection finance bill; the education finance bill; the environment, natural resources, and agriculture finance bill; the health and human services finance bill; the higher education finance bill; the housing finance bill; the jobs and

economic development finance bill; the judiciary finance bill; the legacy finance bill; the public safety finance bill; the state government and veterans affairs finance bill; the tax bill; and the transportation finance bill. (f) After the adoption of a resolution by the Committee on Ways and Means, each finance committee, and the Committee on Taxes must reconcile each bill described in Rule 4.10 with the resolution. When reporting a finance or revenue bill, each committee or division must provide to the Committee on Ways and Means a fiscal statement reconciling the bill with the resolution. (g) After the adoption of a resolution by the Committee on Ways and Means, the Committee on Ways and Means must reconcile finance and revenue bills with the resolution. When reporting a bill, the chair of the Committee must certify to the House that the Committee has reconciled the bill with the resolution. (h) After the adoption of a resolution by the Committee on Ways and Means, an amendment to a bill is out of order if it would cause any of the limits specified in the resolution to be exceeded. Whether an amendment is out of order under this Rule is a question to be decided on the Floor by the Speaker or other presiding officer and in Committee or Division by the person chairing the Committee or Division meeting. In making the determination, the Speaker or other presiding officer or the Committee or Division chair may consider: (1) the limits in a resolution; (2) the effect of existing laws on revenues and expenditures; (3) the effect of amendments previously adopted to the bill under consideration; (4) the effect of bills previously recommended by a Committee or Division or bills previously passed in the legislative session by the House or by the legislature; (5) whether expenditure increases or revenue decreases that would result from the amendment are offset by decreases in other expenditures or increases in other revenue specified by the amendment; and (6) other information reasonably related to expenditure and revenue amounts. (i) After a resolution is adopted by the Committee on Ways and Means, the Committee must make available a summary of the estimated fiscal effect on the general fund of each bill that has been referred to the Committee on Ways and Means by a finance committee or a division of a finance committee, or the Committee on Taxes and of each bill that has been reported by the Committee on Ways and Means.

4.05 AMENDMENT LIMITS. An amendment to a bill that has received its second reading and is being considered by the House is out of order if that amendment would increase the spending or spending base from any fund from which appropriations are made in that bill, or would increase the spending or spending base in total from all funds in the bill or in the bill with the proposed amendment. This rule is only in effect when a budget resolution adopted under Rule 4.03 is not in effect. In the absence of an adopted budget resolution, this rule does not apply after the last Thursday on which the Legislature can meet in regular session in odd-numbered years, and after the last Thursday on which the Legislature intended, when it adopted the concurrent resolution required by Joint Rule 2.03, to meet in regular session in even-numbered years, or after a date specified by the Committee on Rules and Legislative Administration. This provision does not apply when a Senate bill is accepted for substitution under Rule 1.15, or in the event that the language that was in the House version of the bill prior to a substitution under Rule 1.15, is adopted in its entirety as an amendment to a Senate file received by the House.

4.10 BILLS AFFECTING STATE REVENUES AND EXPENDITURES. (a) Except as provided in Rule 1.15, a House or Senate bill that directly, substantially, and specifically affects any present or future financial obligation, budget policy, or revenue of the State must be referred as provided in paragraphs (b) and (c) to the appropriate Committee before the bill receives its second reading. A bill that negligibly affects any present or future financial obligation, budget policy, or revenue of the State is not subject to mandatory referral under this rule. (b) A bill subject to paragraph (a) reported by a finance committee must, if recommended to pass, be subsequently referred to the Ways and Means Committee, unless the bill has a negligible fiscal impact and is subject to direct reference to the Floor under Rule 6.05. (c) A bill with a substantial impact on the tax revenues or tax policies of the State must be referred to the Committee on Taxes. A bill reported by the Committee on Taxes containing a substantial fiscal impact must be referred to the Committee on Ways and Means. For purposes of this paragraph, “tax” excludes any fee, charge, exaction, or assessment, a primary purpose of which is to recover direct or indirect costs incurred by the state or other governmental entity or as a payment for benefits received. (d) The chairs of the Committees on Taxes and Ways and Means shall advise the Speaker on the application of this rule and may determine whether or not any given piece of legislation must be referred to the committee they chair.

Chapter Three State Legislature

4.12 BILLS AFFECTING DEBT AND CAPITAL PROJECTS. The Committee on Capital Investment has jurisdiction over legislation affecting debt obligations issued by the state and capital projects of the state, including the planning, acquiring and bettering of public lands and buildings and other state projects of a capital nature. Except as provided in Rule 1.15, a House or Senate bill that directly and specifically affects debt obligations or capital projects of the state must be referred to the Committee on Capital Investment before the bill receives its second reading. Referral is not required by this Rule if the bill deals primarily with the financing of state capital facilities using trunk highway funds, with transportation projects financed without debt obligations of the state, or with the local financing of capital facilities of local governments. Referral is not required by this Rule if the bill has a negligible effect on debt obligations and capital projects of the state as determined by the chair of the Committee on Ways and Means, in conjunction with the chair of the Committee on Capital Investment. Referral is not required by this Rule if the bill is a major finance or revenue bill identified in Rule 4.03, unless the bill directly and specifically affects debt obligations of the state, but if a major finance or revenue bill contains a provision that directly and specifically affects capital projects of the state, the chair of the finance or tax committee reporting the bill must notify the chair of the Committee on Ways and Means and the chair of the Committee on Capital Investment of the provision before the bill is considered by the House. The Speaker, by announcement, must assign to each finance committee the appropriate jurisdiction for recommendations on debt obligations and capital projects of the state. Finance committees must submit recommendations within their jurisdiction to the Committee on Capital Investment for further disposition. A bill with a fiscal effect reported by the Committee on Capital Investment must be accompanied by a statement of its fiscal effect, is exempt from the referral required by Rule 4.10, is subject to the same committee deadlines as the Committee on Ways and Means, and must be referred to the Committee on Ways and Means. This referral is not required if the bill has a negligible fiscal effect, as determined by the chair of the Committee on Capital Investment with the concurrence of the chair of the Committee on Ways and Means.

4.13 BILLS AFFECTING STATE GOVERNMENT POWERS AND STRUCTURE. The Committee on Government Operations has jurisdiction over a House or Senate bill that:

- (a) establishes or reestablishes a department, agency, commission, board, task force, advisory committee or council, or bureau, or other like entity;
- (b) delegates rulemaking authority to, or exempts from rulemaking, a department or agency of state government; or
- (c) substantially changes the organization of a department or agency of state government or substantially changes, vests or divests the official rights, powers, or duties of an official, department or agency of state government or an institution under its control.

Except as otherwise provided in this Rule and Rule 1.15, a bill that is within the jurisdiction of the Committee on Government Operations must be referred to that Committee before it receives its second reading. A committee or division (other than the Committee on Government Operations) reporting such a bill must recommend its re-referral to the Committee on Government Operations if reporting before the deadline for action on the bill by that Committee; if reporting after the deadline, the committee or division must recommend re-referral to the Committee on Rules and Legislative Administration. The re-referral requirements of this Rule do not apply to a bill if the Committee on Government Operations already has approved the bill or the substance of the matter that otherwise would require re-referral under this Rule. The Chair of the Committee on Government Operations shall advise the Speaker on the application of this Rule and may determine whether or not a bill must be referred to the Committee under this Rule.

4.14 BILLS PROPOSING MEMORIALS. A bill or amendment that proposes to have a memorial placed in the Capitol area must be referred to the Committee on Rules and Legislative Administration.

4.15 BILLS PROPOSING CONSTITUTIONAL AMENDMENTS. A House or Senate bill that proposes a constitutional amendment must be referred to the Committee on Rules and Legislative Administration before it receives its second reading. When reporting such a bill, a committee or division, other than the Committee on Rules and Legislative Administration, must recommend re-referral to the Committee on Rules and Legislative Administration.

4.16 BILLS AFFECTING GOVERNMENT DATA PRACTICES. The Committee on Civil Law has jurisdiction over a House or Senate bill that substantially affects either Minnesota Statutes, Chapter 13, or other government data practices statutes. Except as otherwise provided in this Rule and Rule

1.15, a bill that is within the jurisdiction of the Committee on Civil Law must be referred to that committee before it receives its second reading. A committee or division reporting such a bill must recommend its re-referral to the Committee on Civil Law if reporting before the deadline for action on the bill by that committee; if reporting after the deadline, the committee or division must recommend re-referral to the Committee on Rules and Legislative Administration. The re-referral requirement of this Rule does not apply to a bill if the Committee on Civil Law already has approved the bill or the substance of the matter that otherwise would require re-referral under this Rule. The Chair of the Committee on Civil Law shall advise the Speaker on the application of this Rule and may determine whether or not a bill must be referred to the Committee under this Rule.

4.20 DISPOSITION OF BILLS DURING INTERIM. Adjournment of the regular session in an odd-numbered year to a day certain in the next year is the same as daily adjournment except that a bill on the Calendar for the Day, Fiscal Calendar, or General Register must be returned to the standing committee or division that last acted on the bill.

4.30 RECALLING BILL FROM COMMITTEE OR DIVISION. A bill or resolution may be recalled from a committee or division at any time by majority vote of the whole House, be given a second reading and be placed on the General Register. A motion to recall a bill or resolution is in order only under the order of business “Motions and Resolutions.” This Rule does not apply in a special session or after the deadline for committee reports on House files.

4.31 TIME LIMIT TO CONSIDER BILLS. If 20 legislative days after a bill has been referred to a committee or division (other than the Committee on Ways and Means, the Committee on Taxes, or a division of one of those committees) a report has not been made on it by the committee or division, its chief author may request that it be returned to the House. The request must be entered in the Journal. The committee or division must vote on the bill requested within ten calendar days after the day of the request. If the committee or division fails to vote on it within ten days, the chief author may present a written demand to the Speaker for its immediate return to the House. The demand must be presented within five calendar days after the day that the committee or division is required to vote. If the demand is presented in the time allowed, it must be entered in the Journal and is the demand of the House. The bill is then considered to be in the possession of the House and must be given its second reading and placed on the General Register. The bill may be re-referred by a majority vote of the whole House. If the motion to re-refer is made on the day of the demand or on the next House legislative day, the motion takes precedence over all other motions except privileged motions and is in order at any time.

ARTICLE 5 - PARLIAMENTARY PRACTICE

5.01 SUSPENSION OR AMENDMENT OF THE RULES. The concurrence of two-thirds of the whole House is required to suspend or amend a Rule of the House, except that any amendment to the Rules reported by the Committee on Rules and Legislative Administration may be adopted by a majority of the whole House. Except as provided in Rule 5.02, a motion to suspend or amend any Rule of the House must be made under the order of business “Motions and Resolutions.” If the motion is made at another time, unanimous consent is required before the Speaker may entertain the motion. A motion to suspend the Rules, together with the subject matter to which it pertains, is debatable, but the previous question may be applied to the motion under Rule 3.13.

5.02 SUSPENSION OF RULES TO ADVANCE A BILL. A bill must be reported on three different days as provided in Rule 1.04, except that in case of urgency, a two-thirds majority of the whole House may suspend this requirement. A motion to suspend the Rules to advance a bill for consideration out of its regular order is in order under the order of business “Motions and Resolutions” or at any time the bill is before the House. The motion must be presented to the Speaker in writing and must describe the status of the bill.

5.03 DEFINITIONS. In these Rules the terms “majority vote” and “vote of the House” mean a majority of members present for the vote. The term “vote of the whole House” means a majority of all the members elected to the House. Singular words used in these Rules include the plural, unless the context indicates a contrary intention.

5.04 AUTHORIZED MANUAL OF PARLIAMENTARY PROCEDURE. “Mason’s Manual of Legislative Procedure” governs the House in all applicable cases if it is not inconsistent with these Rules, the Joint Rules of the Senate and House of Representatives, or established custom and usage.

Chapter Three State Legislature

5.05 CONFLICT OF RULES. When there is a conflict between a single House Rule and a single Joint Rule, the Speaker shall make a ruling as to which applies.

ARTICLE 6 - COMMITTEES, DIVISIONS, AND REPORTS

6.01 COMMITTEES AND DIVISIONS. Standing committees and divisions of the House must be appointed by the Speaker as follows: Agriculture Policy; Capital Investment; Civil Law; Commerce and Consumer Protection Finance and Policy; Early Childhood and Youth Development Policy; Education Finance; Education Policy; Elections; Energy Policy; Environment and Natural Resources Policy; Environment, Natural Resources, and Agriculture Finance; Ethics; Government Operations; Health and Human Services Finance; Health and Human Services Policy; Higher Education Finance and Policy; Housing Finance and Policy; Jobs and Economic Development Finance and Policy; Judiciary Finance and Policy; Labor, Workplace, and Regulated Industries; Legacy; Public Safety Finance and Policy; Rules and Legislative Administration; State Government Finance and Veterans Affairs; Taxes; Property and Local Tax Division; Transportation Finance; Transportation Policy; Ways and Means

6.02 COMMITTEE AND DIVISION MEMBERSHIP. At least 30 days before the start of a regular session of the Legislature, the Speaker-designate must provide the minority political party caucuses with a list of the standing committees and divisions proposed for the session. The Speaker-designate must prescribe the number of minority caucus members to be appointed to each committee and division and may require general membership guidelines to be followed in the selection of committee and division members. If the minority leader submits to the Speaker-designate, at least 15 days before the start of the session, a list of proposed committee and division assignments for the minority caucus that complies with the numbers and guidelines provided, the Speaker must make the proposed assignments with the purpose of attaining proportionate representation on the committees and divisions for the minority caucus. A committee of the House must not have exclusive membership from one profession, occupation or vocation. A member must not serve as the chair of the same standing committee or division, or a standing committee or division with substantially the same jurisdiction, during more than the three immediately prior consecutive regular biennial sessions. This Rule does not apply to service as chair of the Committee on Rules and Legislative Administration.

6.03 APPOINTMENTS TO BOARDS AND COMMISSIONS. Upon the convening of the biennial session, the Speaker must notify the members of the House of each board or commission to which a member of the House may be appointed by the Speaker. The Speaker must request advice from the minority leader on these appointments.

6.04 SUBCOMMITTEES. The chair of a committee or division must appoint the chair and members of each subcommittee with the advice and consent of the Speaker. The chair or the committee or division may refer bills to a subcommittee. A subcommittee may exercise the authority delegated to it by the chair or by the committee or division.

6.05 DIVISIONS. (a) If the Speaker or the House refers a bill to a division, the bill remains in that division until the House moves the bill from the division or approves a report from the division that moved the bill from that division. A division report under this paragraph is subject to Rule 6.30.

(b) The chair of a committee may refer a bill within the possession of the committee to a division of that committee. When the chair refers a bill to a division under this paragraph, the chair may recall the bill from the division. A committee chair referring or recalling a bill under this paragraph must give written notice of the referral or recall as soon as possible to the Chief Clerk for publication. To the extent practical, the Chief Clerk must attempt to provide notice on the House Web site of referrals and recalls of bills under this paragraph. (c) The chair of a division must cause division records to be kept in a manner consistent with Rule 6.24. (d) Division meetings are subject to Rule 6.20. (e) Divisions are subject to Rule 6.21.

6.10 THE COMMITTEE ON ETHICS. The Speaker must appoint a Committee on Ethics consisting of four members: two members from the majority political party caucus, and two from the minority caucus. One alternate from each caucus must also be appointed. The committee must adopt written procedures, which must include due process requirements, for handling complaints and issuing guidelines. A complaint may be brought about conduct by a member that violates a rule or administrative policy of the House, that violates accepted norms of House behavior, that betrays the public trust, or that tends to bring the House into dishonor or disrepute. A complaint about a

member's conduct must present with specificity the factual evidence supporting the complaint. A complaint must be in writing, under oath and signed by two or more members of the House, and submitted to the Speaker. Before submitting the complaint to the Speaker, the complainants must cause a copy of it and any supporting materials to be delivered to any member named in the complaint. Within seven days after receiving a complaint, the Speaker must refer the complaint to the Ethics Committee for processing by the committee according to its rules of procedure. The existence and substance of a complaint, including any supporting materials, and all proceedings, meetings, hearings, and records of the Ethics Committee are public; except that the committee, upon a majority vote of the whole committee, may meet in executive session to consider or determine the question of probable cause, to consider a member's medical or other health records, or to protect the privacy of a victim or a third party. A complaint of a breach of confidentiality by a member or employee of the House must be immediately referred by the Speaker to the Ethics Committee for disciplinary action. The committee must act in an investigatory capacity and may make recommendations regarding complaints submitted to the Speaker before adjournment sine die. With the approval of the Speaker, the committee may retain a retired judge or other nonpartisan legal advisor to advise and assist the committee, as the committee considers appropriate and necessary in the circumstances of the case, in conducting the proceedings and obtaining a complete and accurate understanding of the information relevant to the conduct in question. Ethics Committee recommendations for disciplinary action must be supported by clear and convincing evidence and must be reported to the House for final disposition.

6.20 COMMITTEE MEETING SCHEDULE; DEADLINES. The Speaker must prepare and publish a schedule of committee meetings, fixing as far as practicable the regular meeting day and time of each committee. The chair of a committee must give written notice of a special meeting or a change in the regular schedule of meetings. The notice may be announced from the desk and must be posted in public notice locations maintained by the House. The notice must be posted at least one day in advance of the change. As far as practicable, the chair of a committee must give three days notice of the date, time, place and agenda for each meeting. Meeting notices must indicate when alternative media will be used to conduct the meeting. During the first ten weeks of the session in the odd-numbered year and the first five weeks of the session in the even-numbered year, a standing committee must not have a regularly scheduled meeting after noon on Friday, but the Speaker may approve a special meeting of a committee during this time. A committee must not meet between 12:00 midnight and 7:00 a.m. Only the Committee on Rules and Legislative Administration may meet during a daily session of the House without leave. The House shall establish deadlines for each regular session by resolution.

6.21 COMMITTEE PROCEDURES. Meetings of House committees must be open to the public except for executive sessions that the committee on ethics considers necessary under Rule 6.10. For purposes of this requirement, a meeting occurs when a quorum is present and action is taken regarding a matter within the jurisdiction of the committee. This requirement does not apply to a meeting of members of a committee from the same political party caucus. A majority of members of a committee is a quorum. The Rules of the House must be observed in committee if they are applicable. An amendment offered in committee must be on a subject that is within the jurisdiction of the committee. Whether an amendment is on a subject that is within the jurisdiction of the committee is a question to be decided by the person chairing the meeting, who may put the question to the committee. A member of a committee may demand a roll call vote on any bill, resolution, report, motion or amendment before the committee. If a demand is made, the roll must be called. The name of the member demanding the roll call and the vote of each member must be recorded in the committee minutes. A committee may reconsider an action while the matter remains in the possession of the committee. A committee member need not have voted with the prevailing side to move to reconsider the action. The chair of a committee, after consultation with the Speaker, may establish written procedures for the submission of amendments to the committee, the setting of committee agendas, and other matters pertaining to the conduct of the committee's business. Before implementing the written procedures, the chair must provide a copy of them to the Speaker and to each member of the House and must make copies available to others upon request.

6.22 PUBLIC TESTIMONY. Public testimony from proponents and opponents must be allowed on every bill or resolution before a standing committee, division or subcommittee of the House.

Chapter Three State Legislature

6.23 OPEN MEETING ENFORCEMENT. A person may submit to the Speaker a complaint alleging a violation of the open meeting requirements of Rule 6.21. The complaint must be in writing. On receiving a complaint, the Speaker, or a person designated by the Speaker, must investigate the complaint promptly. If the Speaker concludes, following investigation, that a violation of the open meeting Rule may have occurred, the Speaker must refer the complaint to the Committee on Ethics for further proceedings.

6.24 COMMITTEE RECORDS. The chair of a standing committee must cause a committee record to be kept, in the form prescribed by the Committee on Rules and Legislative Administration. The record must include the record of committee proceedings on each bill referred to the committee and the minutes of the committee and any subcommittees.

The committee and subcommittee minutes must include:

- a. the time and place of each hearing or meeting;
- b. the names of committee or subcommittee members who are present;
- c. the name and address, at the Chair's discretion, of each person appearing before the committee or subcommittee, together with the name and address of the person, association, firm or corporation in whose behalf the appearance is made;
- d. the language of each motion, the name of the member making the motion, the result of a vote on the motion, and, on a roll call vote, the names of those in favor and those opposed;
- e. the date on which a subcommittee is established, the names of its members and the file number of bills referred to it and reported by it;
- f. other important matters related to the work of the committee or subcommittee.

The minutes must be approved at the next regular meeting of the committee or subcommittee.

At the end of two business days after approval by the committee or subcommittee, copies of the minutes must be filed with the Chief Clerk and be open to public inspection in the Chief Clerk's office and on the House Web site. At the end of the legislative biennium minutes and other records must be delivered to the Director of the Legislative Reference Library. Audio recordings of Committee and Subcommittee meetings must be made available for public use by the end of the business day following each meeting. The chair of a committee who elects not to release the recording of a committee meeting until the minutes of the meeting are approved by the committee must make a copy of the recording available by the end of the next business day after a written request for it is made to the committee. The House must keep the recordings of committee meetings available for public use during the legislative biennium in which they were created and, at the end of the legislative biennium, must transmit a copy of the recordings to the Director of the Legislative Reference Library. The Legislative Reference Library must keep committee records and recordings available for public use under its rules for eight years after the end of the legislative biennium during which the materials were created and then may preserve or dispose of the recordings as the Library sees fit. A person may obtain a copy of a recording during the legislative biennium in which it is created by paying a fee determined by the House Controller to cover the cost of preparing the copy. A person may obtain a copy of a recording while it is kept in the Library by paying a fee determined by the House Controller to cover the cost of preparing the copy. A person may obtain a copy of a page of committee minutes or other records for a fee determined by the House Controller to cover the cost of preparing the copy. A copy of a recording must be provided free to a member or staff of the House upon request for use in legislative business. Testimony and discussion preserved under this Rule are not intended to be admissible in a court or administrative proceeding on an issue of legislative intent.

6.30 COMMITTEE REPORTS. The House must adopt or reject a committee report on a bill or resolution without amendment. The chair of a standing committee reporting to the House on a bill or resolution must use the form provided for committee reports. Each bill or resolution must be reported separately. The report must state the action taken by the committee and the date of the action. The report must be authenticated by the signature of the chair. Before a committee reports favorably on a bill or resolution, the chair must see that the form of the bill or resolution conforms to these Rules and the Joint Rules of the House and Senate. Except during the last seven legislative days in a year, the committee report and any minority report must be submitted to the Chief Clerk at least four hours before the convening of the daily session. The Committee on Rules and Legislative Administration may report at any time.

6.31 SUBSTITUTION OF BILLS. A standing or special committee or division or its members must not report a substitute for a bill referred to the committee or division if the substitute relates to a different subject, is intended to accomplish a different purpose, or requires a title essentially different from that of the bill referred. If the House is advised that a substitute bill reported to the House violates this Rule, the report must not be adopted.

6.32 MINORITY REPORTS. A minority report must be made separately from the majority report and must be considered before the majority report. If the minority report is adopted the majority report must not be considered. If the minority report is not adopted the majority report must then be considered.

6.40 REPORTS OF CONFERENCE COMMITTEES. A conference committee may report at any time and may meet during a daily session of the House without leave. A conference committee report must be electronically available or printed. A conference committee report must include only subject matter contained in the House or Senate versions of the bill for which that conference committee was appointed, or like subject matter contained in a bill passed by the House or Senate. The member presenting the conference committee report to the House must disclose all substantive changes from the House version of the bill.

6.50 COMMITTEE OR DIVISION REPORT LAID OVER. The report of any committee or division may be laid over one day and printed in the Journal, if so ordered by the House.

When the office of Speaker becomes vacant, the Chair of the Committee on Rules and Legislative Administration has the powers and must discharge the duties of the office as necessary, until a Speaker is elected by the House or until a speaker-designate is selected as provided in this Rule. The House must elect a Speaker when the House is next called to order. If the Legislature is not in session, within 30 days after the office of Speaker becomes vacant the Committee on Rules and Legislative Administration must meet and select a speaker-designate to exercise the powers and discharge the duties of the office as necessary until a Speaker is elected by the House.

7.05 SPEAKER PRO TEMPORE. The Speaker must appoint one or more members as Speaker pro tempore. A Speaker pro tempore must preside in the Speaker's absence. The Index Clerk, supervised by the Chief Clerk, must prepare an index in which bills may be indexed by topic, number, author, subject, section of the statutes amended, committees, divisions, and any other method that will make it a complete and comprehensive index. The index must be open for public inspection during the legislative session and must be printed in the permanent Journal.

7.20 DUTIES OF THE SERGEANT AT ARMS. The Sergeant at Arms must carry out all orders of the House or the Speaker and perform all other services pertaining to the office of Sergeant at Arms, including: maintaining order in the Chamber and other areas used for the business of the House and its committees and divisions and members; supervising the entering and exiting from the Chamber and the other areas; and promptly delivering messages.

The House Controller must arrange for the purchase of goods and services for the House. The Controller must seek the lowest possible prices consistent with satisfactory quality and dependability. A contract of the House, or an amendment to a contract, authorizing an expenditure of more than \$500 must be signed by the Speaker or the Controller. A contract, or an amendment to a contract, authorizing an expenditure of up to \$500 may be executed by an employee authorized and directed in writing by the Controller to act for the Controller on the contract or contracts of its type. A contract or amendment to a contract entered into in violation of this Rule is not binding on the House. The House Controller must consult with an adaptive technology expert to identify commercially available upgrades for computers and Internet technology that are compatible with adaptive speech technology prior to purchasing upgrades. Employees of the House must be reimbursed for actual expenses in the same manner as state employees. During session, for travel away from the Capitol, members must be reimbursed for actual expenses, in addition to per diem expense allowances, in the manner and amount prescribed by the Committee on Rules and Legislative Administration.

8.02 MEMBER OFFICES. Members not seeking re-election are required to vacate their House offices by December 1 of their last year of service. Members who are not re-elected are required to vacate their House offices by December 15 of their last year of service. 8.10 COMMITTEE AND DIVISION BUDGETS AND EXPENSES. The Committee on Rules and Legislative Administration must establish a budget for each standing committee and division of the House for expenses incurred by the committee or division, its members, and its staff in conducting its legislative business. The term "honorarium" does not include reimbursement for expenses incurred and actually paid by a member in performing a service. Alleged violations of this Rule must be referred to the Committee on Ethics under Rule 6.10. If the Committee on Ethics finds that an honorarium was accepted in violation of this Rule, the Committee must direct its return. If it is not returned, the committee may recommend disciplinary action under Rule 6.10.

9.21 ACCEPTANCE OF TRAVEL AND LODGING BY A MEMBER OR EMPLOYEE. 1.10 PARLIAMENTARY PROCEDURE The rules of the House shall be the Rules of the Joint Convention of both houses in all cases in which the foregoing rules are not applicable.

ARTICLE II BILLS

2.01 FORM The title of each bill shall clearly state its subject and briefly state its purpose. When a bill amends or repeals an existing act, the title shall refer to the chapter, section or subdivision. Reference shall be made to Minnesota Statutes for the provisions appearing therein unless reference to previous session laws is required for some special reason. Bills shall refer to Minnesota Statutes as follows: "Minnesota Statutes, section" Bills shall refer to the session laws as follows: "Laws, chapter, section"

A bill for the amendment of a statute shall contain the full text of the section or subdivision to be amended as it appears in the latest edition of Minnesota Statutes unless it has been amended, in which event it shall contain the full text as amended. The words and characters constituting the amending matter shall be inserted in the proper place in the text and underscored. The words and characters to be eliminated by the amendment shall be stricken by drawing a line through them. The text of a new section or subdivision shall also be underscored when a bill amends an existing chapter or section by adding a new section or subdivision. In the omnibus appropriation bills required by Joint Rule 2.02, sections making an appropriation or transfer and not amending a statute or session law need not have new material underscored. Before a committee favorably reports upon a bill, the chair of the committee shall see that the bill conforms to this rule. When a bill is printed in the Journal, the new matter shall be underscored and the matter to be eliminated shall be stricken by drawing a line through it. A bill drafted by the Revisor of Statutes for the purposes of correcting errors in Minnesota Statutes need not comply with the provisions of this paragraph if the bill is labeled "REVISOR'S BILL" immediately below the title, and if there is attached thereto a memorandum of information explaining the reasons for the bill. If the bill is for an original law and not for an amendment of an existing law, the sections and subdivisions shall be arranged, subdivided, and numbered in like manner as Minnesota Statutes. If such a bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota Statutes, such headnotes and decimal identification may be submitted by standing committee chairs to the Revisor of Statutes for examination. Any such headnotes shall be in bold face, and shall be subject to the provisions of Minnesota Statutes, section 645.49. All numbers in titles shall be expressed in figures. All numbers of section or chapter of law shall be in figures. In the body of a bill numbers in excess of ten shall be in figures, except for a special reason they may be written, but when written they shall not be followed by numbers or parentheses. A bill may include or be accompanied by a table of contents. A bill that repeals a statute may include or be accompanied by an appendix containing the full text of the section or subdivision repealed. A bill containing a constitutional amendment may only contain the statutory language and changes necessary to conduct the constitutional election and to implement the constitutional amendment, should it pass. Extraneous statutory changes or additional topics may not be included in a bill proposing a constitutional amendment.

2.02 APPROPRIATING MONEY The same bill shall not appropriate public money or property to more than one local or private purpose. No clause appropriating money for a local or private purpose shall be contained in a bill appropriating money for the State government or public institutions. All resolutions authorizing the issuing of abstracts by the Secretary of the Senate or the Chief Clerk of the House for the payment of money shall be upon the call of "yeas" and "nays."

2.03 DEADLINES The Legislature shall establish by concurrent resolution deadlines for each regular session. The deadlines do not apply to the House committees on Capital Investment, Ways and Means, Finance, Taxes, or Rules and Legislative Administration, nor to the Senate committees on Capital Investment, Finance, Taxes, or Rules and Administration. The first deadline is for committees to act favorably on bills in the house of origin. The second deadline is for committees to act favorably on bills, or companions of bills, that met the first deadline in the other house. A committee has until the second deadline to act favorably on a bill, or the companion of a bill, that by the first deadline was referred to a finance committee. The deadline for a committee of either house to act on a bill that has been recommended favorably by the Legislative Commission on Pensions and Retirement is the second committee deadline. The major appropriation bills are exempt from the first two deadlines. The third deadline is for committees to act favorably on major appropriation and finance bills. When a committee in either house acts favorably on a bill after a deadline established in the concurrent resolution, the bill must be referred in the Senate to the Committee on Rules and Administration and in the House of Representatives to the Committee on Rules and Legislative Administration for disposition. Either rules committee, when reporting a bill referred to the committee under this rule, may waive application of the rule to subsequent actions on that bill by other committees. All bills necessary to implement the governor's budget submitted by a state agency or department must be made available for introduction within 15 calendar days after the governor's budget was submitted. A bill introduced after that date must be referred to the Committee on Rules and Administration in the Senate or the Committee on Rules and Legislative Administration in the House of Representatives and may not be heard without the approval of that committee.

2.04 AMENDING BILLS ORIGINATING IN OTHER HOUSE Either house shall have the power to amend any bill, memorial, or resolution passed by the other house.

2.05 RECEDING FROM POSITION Prior to a Conference Committee on any matter, either house may recede from its position on any difference existing between the two houses. In order to recede, and if the matter is not in the possession of a house, that house shall request return of the matter

Chapter Three State Legislature

from the other house. To recede, a majority of a house shall govern, except in cases otherwise provided in the Constitution. If the question is put and lost, it shall not be put again on the same day. A reconsideration of the question shall in all respects be regulated by the rules of that house.

2.06 CONFERENCE COMMITTEES In all cases of disagreement between the Senate and House on amendments adopted by either house to a bill, memorial or resolution passed by the other house, a Conference Committee consisting of not less than three members nor more than five members from each house may be requested by either house. The other house shall appoint a similar committee. The manner of procedure shall be as follows: The house of origin passes a bill and transmits it to the other body. If the other body adopts an amendment to the bill and passes it as amended, it shall return the bill with a record of its actions to the house of origin. If the house of origin refuses to concur in the amendment, it shall ask for a Conference Committee, appoint such a committee on its part, and transmit the bill with a record of its action to the other house. If the other house adheres to its amendment, it shall appoint a like committee and return the bill to the house of origin.

All Conference Committees shall be open to the public. As much as practical, meetings of Conference Committees shall be announced as far in advance as possible, with the intent to provide a 24 hour notice, and actions taken shall be agreed upon in an open meeting. At an agreed upon hour the Conference Committee shall meet. The members from each house shall state to the members from the other house, orally or in writing, the reason for their respective positions. The members shall confer thereon. A conference committee may not meet between the hours of midnight and 7:00 a.m., except that a committee may extend a meeting for up to one hour past midnight by a vote of two-thirds of the members appointed to the committee by each house. The chair shall rotate between the Senate and the House of Representatives at least every calendar day, Sundays and holidays excepted. The conferees shall report to their respective houses the agreement they have reached, or, if none, the fact of a disagreement. If an agreement is reported, the house of origin shall act first upon the report. A Conference Committee report must be limited to provisions that are germane to the bill and amendments that were referred to the Conference Committee. A provision is not germane if it relates to a substantially different subject or is intended to accomplish a substantially different purpose from that of the bill and amendment that were referred to the Conference Committee. A Conference Committee report may not appropriate a larger sum of money than the larger of the bill or the amendments that were referred to the Conference Committee unless the additional appropriation is authorized by the Speaker of the House of Representatives and the Majority Leader of the Senate. A Conference Committee report may not delegate rulemaking to a department or agency of state government or exempt a department or agency of state government from rulemaking unless the delegation or exemption was included in either the bill or the amendment that was referred to the Conference Committee. A Conference Committee report may not create a new commission, council, task force, board, or other body to which a member of the legislature may be appointed unless the body was created in either the bill or the amendment that was referred to the Conference Committee. If the report is adopted and repassed as amended by the Conference Committee by the house of origin, the report, the bill and a record of its action shall be transmitted to the other house. Except after the last Thursday on which the Legislature can meet in regular session in odd-numbered years, and after the last Thursday on which the Legislature intended, when it adopted the concurrent resolution required by Rule 2.03, to meet in regular session in even-numbered years, a written or electronic copy of a report of a Conference Committee shall be placed on the desk of each member of a house, or delivered electronically, twelve hours before action on the report by that house. If the report has been reprinted in the Journal of either house for a preceding day and is available to the members, the Journal copy shall serve as the written report. The member presenting the Conference Committee report to the body shall disclose, either in writing or orally, the substantial changes from the bill or the amendment as they were last before the body.

2.07 ENROLLMENT AND SIGNATURE After a bill or memorial or joint resolution has been passed by both houses, it shall be carefully and properly enrolled by the Revisor of Statutes under the direction of the Secretary of the Senate for a matter originating in the Senate or the Chief Clerk of the House for a matter originating in the House. The enrollment shall be prepared on archival quality paper approximately 8 1/2" x 14" in size and may be produced by means of a copying machine. An enrolled bill shall be labeled "An Act" but otherwise shall be identical to the bill passed by the Legislature. Other enrollments shall be identical to the memorial or joint resolution passed by the legislature. The Revisor of Statutes shall obtain the signatures and certificates of the proper officers to the enrollment. A joint resolution applying to the Congress of the United States to call a convention for proposing amendments to the Constitution of the United States, ratifying an amendment to the Constitution of the United States, proposing an amendment to the Minnesota Constitution, or prescribing the compensation of judges shall not be presented to the Governor for

approval but shall be deposited by the Revisor of Statutes with the Secretary of State. All other enrollments shall be presented to the Governor for approval.

ARTICLE III GENERAL PROVISIONS

3.01 SUSPENSION OF JOINT RULES Either house may suspend the Joint Rules of the Senate and House by a vote of two-thirds of its members.

3.03 INTERIM COMMITTEE AND COMMISSION REPORTS Except as otherwise provided by law, the report of any interim committee or commission to the Legislature shall be submitted on paper 8 1/2" x 11" in size, spiral bound, stapled, or punched on the left edge to fit a standard size three ring binder intended for that size paper. A brief summary of the recommendations of the commission or committee shall appear first and be clearly separated from its findings, discussions, and exhibits. If the report contains legislative recommendations, a copy of any proposed legislation, particularly if extensive in character, shall if possible be attached as an exhibit at the end of the report.

ARTICLE IV ELECTION OF REGENTS

4.01 JOINT COMMITTEE By February 28 of each odd-numbered year, or at a date agreed to by concurrent resolution, a joint committee shall meet to recommend nominees for regent of the University of Minnesota to be presented to a Joint Convention of the legislature. The members of the joint committee are the members of the senate and house budget and policy divisions on higher education. A majority of the members from each house is a quorum of the joint committee.

The joint committee may recommend to the joint convention candidates recommended by the advisory council and any other candidates nominated by the joint committee. Nominations may be made by committee members only. Nominations must be made for a specified congressional or student seat, or for any at-large seat. In recommending nominees, the joint committee must consider the needs of the University of Minnesota. A candidate other than one recommended by the advisory council may be nominated for consideration by the joint committee only if the nomination receives the support of at least three house of representatives members of the committee and two senate members of the committee. The joint committee must make recommendations for vacancies on the Board of Regents. The roll shall be called viva voce on the recommendation of regents. A candidate must receive a majority vote of members from the house of representatives and from the senate on the joint committee to be recommended to the joint convention. The joint committee must meet to interview candidates and recommend candidates to the joint convention.

4.02 JOINT CONVENTION At the Joint Convention of the Senate and House of Representatives called to elect regents, the joint committee shall report the name of the person or persons recommended for each seat. These persons are considered to be nominated. Any member of the legislature may submit additional nominations. If there is more than one at-large seat to be filled, all candidates nominated for an at-large seat are candidates for any of the at-large seats. The roll shall be called viva voce on the election of regents. The roll must be called first on congressional district seats until they are filled, then on the student seat, and then on the at-large seats. Each member may cast one vote for each seat to be filled, but no more than one vote for a candidate. The candidate for each seat receiving a majority of the votes cast must be declared elected. If there is more than one at-large seat to be filled and more than one candidate who receives a majority of the votes cast, the candidates receiving the highest number of votes must be declared elected; in case of a tie for the highest number of votes, the votes must be cast again. If no candidate receives a majority of the votes cast for a seat, on each succeeding ballot the candidate with the fewest votes must be dropped from consideration and the votes cast again until a majority vote is achieved. Any candidate with fewer than 20 votes on any ballot shall also be dropped on succeeding ballots.

THE GOVERNOR IN MINNESOTA

Minnesota Constitution provides: To qualify as governor, a person must be 25 years old, reside in the state one year, be a citizen of the United States and elected by the people (Article V).

The primary duties of the governor are to oversee all operations of state government and to take the lead in shaping public policy through legislative proposals and agency initiatives. The operation of government is carried out through more than 23 major departments whose heads are appointed by the governor. These department heads, along with the lieutenant governor and chief of staff, make up the governor's cabinet. The departments of revenue, and management and budget are the governor's chief advisors on financial matters; the departments of employment and economic development, labor and industry, and commerce advise the governor regarding economic development, the business climate, and business regulation; the departments of health, human services, education, and corrections advise the governor on various social policies; and the departments of pollution control and natural resources carry out the governor's environmental policies.

The governor appoints people to state boards and commissions and appoints judges for all state courts when vacancies occur. He chairs the State Executive Council, Land Exchange Board, and Board of Investment. As commander-in-chief of state military forces, the governor can activate the National Guard for emergency duty.

The governor reviews all bills passed by the legislature and has the power to veto those he disapproves. On occasion, the governor may appear before the Legislature. Because of the separation of powers required by the Minnesota Constitution, a governor may enter a legislative chamber only with the permission of the Legislature. Only the governor has the power to call a special session of the Legislature.

~ Voting in Minnesota ~

A Pioneer's Family First Election

Ida Pickett Bell recorded her family's 300-mile journey from Lyon, Wisconsin, to southern Minnesota in 1860. Her wonderfully descriptive account details their covered wagon trip and the joy they found when they reached their new homestead—the day before the 1860 presidential election.

"The day after we arrived was election day. There was very little red tape and no registration at all. The voting place for that neighborhood was at the home of Ole Peterson, a Norwegian, who became a political boss of some importance in Freeborn County. There father and Uncle George deposited their votes for Abraham Lincoln. Only one other vote ever gave father so much satisfaction—that was his first vote for Henry Clay."

~ Voting in Minnesota ~

First Woman Secretary of State

Virginia Paul Holm was the first woman to serve as Minnesota's secretary of state. She was appointed to the position by Governor Elmer Anderson in 1952 to succeed H. H. Chesterman. Secretary Chesterman had been appointed to fill the vacancy in office created by the death of her husband Mike Holm, the longest-serving Minnesota secretary of state.

The public did not support Chesterman's appointment and felt that Holm's wife would be a more appropriate choice. Once appointed to the position, she finished serving out her late husband's term, and was elected to her own term in 1952. She lost a bid for re-election in 1954.

In preparation for the election contest trial before a court of three district judges in the disputed 1962 gubernatorial race between incumbent Governor Elmer L. Andersen and challenger Lt. Gov. Karl Rolvaag, team members for each side review a ballot. Prior to 1974, courts handled all election disputes, including the counting and reviewing of disputed ballots. Subsequently, state law was amended to authorize administrative recounts before a contest was presented to the courts. See next page for more information on this historic contest.

THE JUDICIARY IN MINNESOTA

~ *Voting in Minnesota* ~

Every Vote Does Count

On Election Day, November 6, 1962, Minnesota voters took to the voting booths to elect a governor. The leading candidates in the tight race were incumbent Gov. Elmer Andersen and challenger Lt. Gov. Karl Rolvaag. The margin was to be so razor-thin that Minnesotans would not know the winner (and new governor) until March 1963.

Notably, this was the first time citizens would elect the governor to a four-year term; the term had been extended from two years by a state constitutional amendment passed in 1958.

In the end, it was to be the closest statewide race in Minnesota history. The State Canvassing Board convened and was split both on the winner and what to do next. After a filing of a “notice of contest,” months of review of disputed ballots by court-authorized teams, and court challenges and rulings, Rolvaag was certified as Minnesota’s 31st governor, defeating Andersen by 91 votes out of more than 1.2 million votes — or .007 percent of votes cast.

While the battle over the determination of the election winner was hard-fought and often contentious, the 1962 election and its aftermath established the specific procedures used in future election contests — contests Minnesotans have continued to witness in recent elections.

COUNTIES IN MINNESOTA

When Minnesota officially became a territory in 1849, it followed the lead of other territories to the east and adopted county and township forms of government. This system of local governance was originally derived from England. In October of 1849 the first five counties of the state were established: Benton, Itasca, Ramsey, Wabasha, and Washington.

The State of Minnesota has grown from five counties in 1849 to 87 counties today. Ramsey County is the smallest in land area, encompassing less than 170 square miles. St. Louis County has the largest land area with over 6,000 square miles. County populations vary from over 1,150,000 in Hennepin County to 3,500 in Traverse County.

Law provides: Counties are governed by an elected board of commissioners and administrative officers who serve four-year terms. Alternate forms of government may be adopted, chiefly to allow for an elected executive, a manager or administrator, or appointed administrative officers. (*Minnesota Statutes*, Chapter 375A)

Functions: Counties are responsible for property tax assessment, tax administration, elections, record keeping, transportation, planning and zoning, solid waste management, environment, parks and water management, law enforcement, courts and health and human services.

Additional information about Minnesota’s counties is available from the Association of Minnesota Counties, 125 Charles Ave., St. Paul 55103-2108, (651) 224-3344, www.mncounties.org.

Local Government Chapter Seven

CITIES IN MINNESOTA

Law provides: Minnesota's two basic types of cities are home-rule charter cities, which operate under a local charter, and statutory cities, which operate under the statutory city code (*Minnesota Statutes*, Chapter 412). The distinction between home-rule cities and statutory cities is one of organization and powers and is not based on differences in population, size, location, or any other physical feature.

Form of government: Home-rule charter cities may establish any form of government they choose in their charters. Typical forms include: council-manager, strong mayor, and mayor-council. Statutory cities may choose a form of government from three alternatives: the mayor-council plan with either an elected clerk (standard plan), or an appointed clerk (Plan A), or the council-manager plan (Plan B).

Functions: Police and fire protection, street maintenance, sewer and water, parks and recreation are traditional city services. Cities may choose to provide utilities, sell liquor, operate a hospital, maintain an airport, and provide ambulance service, among other options.

There are three different types of statutory cities: Standard Plan, Plan A, and Plan B.

Standard Plan statutory cities have a weak mayor council and consist of an elected mayor, city clerk, treasurer and three-five elected council members. A weak-mayor council organization allocates administrative and legislative duties to council members. A mayor has no greater authority than any other council member, with the exceptions of being the presiding officer at meetings and other minor functions of the office.

Plan A statutory cities are the most common type of city government in Minnesota. These cities also operate with a weak mayor-council structure, but have larger councils, between four to six elected members, and the city clerk and treasurer are appointed. Neither the clerk or treasurer positions are members of the council.

Plan B statutory cities are council-manager plan for municipalities with populations of over 1,000 residents. These cities have an elected mayor and four or six council members with an appointed city manager. The city manager oversees administrative duties for the city while the mayor and council maintain traditional policy making roles.

Home-rule charter cities derive their powers from a charter. This process allows cities to form their own government and decide which officials should be elected or appointed. Charter adoption, amendment and abandonment procedures are found in state statutes.

Betty Crocker for Senate

Image provided by the Minnesota Historical Society

Betty Crocker had been a household name to Minnesotans since 1921 due to print and radio advertising by General Mills. When World War II rationing adversely affected the market for baking products, General Mills began an advertising campaign to Vote for Betty for Senate as an April Fool's Day joke.

Hubert Horatio Humphrey, Jr. — The Happy Warrior

In his distinguished, life-long public service career that included serving as Minneapolis mayor, five-term U.S. senator from Minnesota and the nation's vice president, Hubert Horatio Humphrey, Jr.'s fight for expansion of civil rights would be his hallmark.

Humphrey first took the political stage in support of civil rights in his inaugural address as mayor of Minneapolis. In that speech, he proclaimed, "Government can no longer ignore displays of bigotry, violence and discrimination."

His crusade to ensure that all citizens had the right to fully participate in the democratic process gained national attention in a renowned speech on civil rights at the 1948 Democratic National Convention. The following year he began his tenure in the U. S. Senate where his unrelenting fight for the expansion of civil and voting rights earned him the nickname "Happy Warrior."

One of his greatest accomplishments as senator was his successful effort to break the filibuster preventing a vote on the Civil Rights Act. As floor leader for the bill and aware the Democratic senators were split, Humphrey had to recruit Republicans to his cause to ensure a two-thirds majority vote. By enlisting the help and leadership of Republican Majority Leader Sen. Everett Dirksen, Illinois, Humphrey secured the 71 votes needed to end the filibuster. On June 19, 1964, the Senate passed the Civil Rights Act on a vote of 73-27.

Months later as vice president of the United States, Humphrey watched as President Lyndon Johnson signed the 1965 Voting Rights Act into law —extending voting rights to millions of Americans who had for generations been denied that right.

Tribal Government

Drummers play a song in Pipestone, Minnesota, on August 17, 2012, to celebrate the homecoming of the Dakota people back to Minnesota after 150 years of exile. On behalf of Gov. Mark Dayton, Minnesota Secretary of State Mark Ritchie read a letter repudiating Gov. Alexander Ramsey’s words calling for the extermination of the Dakota in 1862, and declared August 17 as a day of remembrance and reconciliation. All national and state flags were flown at half-staff from sunrise to sunset.

Chapter Nine Tribal Government

MINNESOTA'S FEDERALLY RECOGNIZED AMERICAN INDIAN TRIBES

Federally recognized American Indian tribes are ones that were in existence, or evolved as a successor to a tribe that was in existence, before anyone else inhabited the United States. Tribes exist in a “domestic dependent nation status” and have a government-to-government relationship with the United States. They possess certain inherent rights of self-government and are entitled to certain federal benefits, services and protections.

There are 11 federally recognized American Indian tribes with reservations throughout Minnesota. Seven of these are Anishinaabe (Chippewa, Ojibwe) and four are Dakota (Sioux).

The seven communities of Grand Portage, Bois Forte, Red Lake, White Earth, Leech Lake, Fond du Lac and Mille Lacs comprise the Anishinaabe reservations. These reservations are located throughout northern Minnesota from the central lakes region of the state to the northeastern tip.

In the southern region of the state there are four Dakota reservations: Shakopee Mdewakanton, Prairie Island, Lower Sioux and Upper Sioux. Like the reservations in northern Minnesota, these areas of land were set aside by United States government treaties.

~ Voting in Minnesota ~

Foreign-born Germans and the Election of 1860

In 1860, Minnesota had the most liberal law for enfranchisement of immigrants of all Midwestern states, allowing foreign-born residents to vote four months after applying for citizenship.

Garnering the immigrant vote — especially the German vote — would be crucial for both major political parties. According to the 1860 U.S. Census, the foreign-born German population in Minnesota was 23,309 or 15.8 percent of the population. In that year, the state's white population totaled 169,395, and the number of eligible voters (males over age 20) was 38, 183. This meant that one in seven voters was a foreign-born German.

When the votes of the 1860 election were counted, Minnesota had returned four electoral votes for the Republican candidate Lincoln. The results showed 22,069 votes for Abraham Lincoln and 11,920 for Stephen Douglas. While impossible to precisely determine how the German population voted, where data is available and where the Germans amounted to more than one-half the population, they overwhelmingly supported Lincoln.

Election Returns at the Bijou Theater 1892

Early in the 20th century, Minnesota's economy was evolving from one based on subsistence production to one in which there was discretionary income. An innovator who understood and capitalized on this economic trend was Theodore L. Hays, owner of the Bijou Theater in Minneapolis.

Hayes recognized that local interest in politics greatly increased after the 1892 Republican National Convention was held in Minneapolis. Hayes, who had always had an interest in politics, understood the public could be drawn to his theaters for political events and decided to provide election-night results.

In 1892, Hayes advertised that he would keep the Bijou open until midnight on election night to provide the public with the most up-to-the-minute returns. To provide this service, he worked with the North American Telegraph Company to install the necessary wire to the Bijou Theater. The wire would provide national election results, and the county auditor and city clerk would provide local results. The Minneapolis Tribune and Times reporters also would be on hand to update patrons with new election information.

The election night coverage proved to be a successful endeavor, and the event continued and grew in subsequent years. Delivery of election reporting evolved with technology. By 1910, results were being delivered by Western Union, long-distance telephone service, special messenger and reporters.

~ Voting in Minnesota ~

How does same-day registration affect voter turnout?

Minnesota leads the nation in voter participation and has consistently done so since implementing same-day registration. Same-day registration allows hundreds of thousands of Minnesotans who may have moved just prior to the election or who need to update their registration to do so on Election Day.

In the 2012 presidential election, voter turnout in same-day voter registration states was 8 percent higher than states that did not have it. In the 2010 midterm elections, states with same-day voter registration had turnout rates 6 percent higher than in other states.

Thanks to this important safety net, Minnesota is consistently number-one in voter turnout.

STATE GENERAL ELECTION NOVEMBER 6, 2012

Vote For Constitutional Amendments

If a majority of all the electors voting at the election vote to ratify an amendment, it becomes part of the Constitution.

Proposed Constitutional Amendment 2

The following text is proposed to be added to the Minnesota Constitution, Article VII, Section 1 (a).

(b) All voters voting in person must present valid government-issued photographic identification before receiving a ballot. The state must issue photographic identification at no charge to an eligible voter who does not have a form of identification meeting the requirements of this section. A voter unable to present government-issued photographic identification must be permitted to submit a provisional ballot. A provisional ballot must only be counted if the voter certifies the provisional ballot in the manner provided by law.

(c) All voters, including those not voting in person, must be subject to substantially equivalent identity and eligibility verification prior to a ballot being cast or counted.

Ballot Question: Shall the Minnesota Constitution be amended to require all voters to present valid photo identification to vote and to require the state to provide free identification to eligible voters, effective July 1, 2013?

~ Voting in Minnesota ~

Are same-day registrants' eligibility to vote verified?

Yes, in multiple ways. On Election Day, same-day registrants must provide proof that they currently reside in the precinct and sign an oath that they are eligible. Their data is verified with the Department of Public Safety Division of Driver and Vehicle Services, Social Security Administration, and state Department of Corrections. Local election officials check to be sure that no one votes more than once and send a non-forwardable postcard to verify their addresses. If any of these checks indicate a problem, county election officials are required to forward the information to the county attorney for further investigation and possible prosecution for a felony-level offense.

Voting Instructions for New Citizens

Minnesota has always been a leader in providing its newest citizens with voting instructions. In the 1920s and '30s, for example, voting instructions were printed in multiple languages, including: Bohemian, Finnish, French, German, Norwegian, Polish, Russian and Swedish. Today, our newest citizens can find voting instructions available in Hmong, Russian, Somali, Spanish and Vietnamese. The example below is in Norwegian.
