STATE OF MINNESOTA

Office of Governor Mark Dayton

130 State Capitol ♦ 75 Rev. Dr. Martin Luther King Jr. Boulevard ♦ Saint Paul, MN 55155

February, 2014

Members of the Minnesota Legislature:

For more than 150 years, each generation of Minnesotans has answered the call to service in our Armed Forces. Today, more than 20,000 Minnesota men and women serve on active duty in the Minnesota National Guard; and the U.S. Army, Navy, Air Force, Marines, Coast Guard, and Reserves. Currently, more than 360,000 veterans call Minnesota home. These heroes have put their lives on the line to make our communities stronger, America safer, and the world a better place. We owe them our thanks.

Minnesota veterans deserve more than our gratitude and support. They have earned the promise of a great education and the opportunity to find meaningful work.

State government has a responsibility to do all we can to help Minnesota veterans fulfill their dreams and provide a better life for their families. That is why, as Governor, I have committed Minnesota to removing barriers to employment for Minnesota veterans. Our veterans and our economy have much to gain from these efforts.

Hiring veterans is one of the best investments a business or organization can make. Minnesota veterans have the skills employers seek, including: leadership; intelligence; dedication; and loyalty. Our veterans are resourceful leaders with the capacity to produce results in the most difficult environments. They offer the energy and know-how our economy needs.

The past three years, my administration has connected thousands of hardworking veterans with meaningful employment during the past three years—in state government and the private sector. Through new recruitment and retention efforts, strong relationships with veteran's organizations and advocates, support for deployed soldiers and their families, a focus on hiring veterans in state government, and reintegration training, we are getting our veterans back to work one service member at a time.

I am proud to report the state of Minnesota is leading by example. In Fiscal Year 2013, the state of Minnesota hired 331 veterans. Approximately 9.5% of state employees in cabinet-level agencies have self-identified as veterans, compared to 5.5% in the private sector.

We still have more work to do. And as long as I have the privilege of serving as Governor, I will continue doing everything I can to support our veterans. I ask for your help and your ideas as we work to give all our heroes the promise of freedom and prosperity they have fought so selflessly to defend.

Sincerely,

A handwritten signature in black ink that reads "Mark Dayton".

Introduction

Minnesota's workforce is comprised of veterans in both the public and private sectors. To assess Minnesota state government's efforts as an employer of veterans, the 2009 Legislature directed the Commissioner of Minnesota Management & Budget to annually collect veteran employment data from each cabinet-level state agency. In addition, Executive Order 10-13 instructs state agencies to report their veteran focused recruitment and retention activities which demonstrate their support and commitment to being a Veteran Friendly employer. This report fulfills Article 3, Section 22 of Chapter 94 from Session Laws of 2009 to provide a report and any additional data deemed important by the commissioner. This document reports veteran activity for fiscal year 2013.

Minnesota Management & Budget would like to acknowledge and thank the executive branch agencies for their support and for providing information on their recruitment and retention activities to be included in report.

Executive Summary

The Commissioner of Minnesota Management and Budget (MMB) is required by Article 3, Section 22 of Chapter 94 from the Session Laws of 2009 to annually collect data on the number of veterans in state government and veteran information at various points in the state recruitment and selection process. This is collected from each cabinet level agency. In addition, Executive Order 10-13 instructs state agencies to submit to MMB their veteran focused recruitment and retention efforts demonstrating their support and commitment to veterans.

There were a number of veteran-related laws affecting state employment in the 2013 legislative session. These are summarized on page 3, but the highlights include:

- Public employers are now required to allow deployed employees to choose when within a 12-month period they would like to take their 15-days of military leave
- Department of Defense form DD-214 indicating honorable discharge or separation under honorable conditions can be used to indicate rehabilitation or evidence to perform duties for certain jobs for which an applicant may have previously been disqualified

State law requires that the number of veterans among the state government cabinet-level agency workforce be reported to the legislature every year. Self-identification of veteran status is voluntary and employees are not legally required to provide this information. A self-service page is available on the MMB website for state employees to update their veteran status at any time.

According to fiscal year 2013 data, approximately 9.5% of the state government employees in cabinet-level agencies indicated they were veterans. By comparison, 5.5% of Minnesota's civilian labor force between the ages of 18 and 64 are veterans (*US Census, 2012 American Community Survey*).

Cabinet-level agencies hired 331 veterans into full-time unlimited positions in fiscal year 2013. Since fiscal year 2010 the cabinet-level agencies have hired 1,120 veterans to unlimited positions.

To promote the state as a veteran friendly employer and to increase opportunities for veterans in state government during fiscal year 2013, state agencies conducted veteran focused recruitment and retention activities; provided reintegration education and guidance; built partnerships with veteran organizations and advocates; provided support to their deployed military employees; and retained job classifications whose sole purpose is supporting veterans and in some cases must be filled by veterans. The Minnesota Department of Veteran Affairs provides services to ensure that Minnesota's veterans, their dependents and survivors receive the full measure of benefits and services to which they are entitled. In addition, the Minnesota Department of Military Affairs provides support to the Minnesota National Guard members.

Veteran Focused Legislation

Amended 2013 Legislation

M.S. 364.03 Relation of Conviction to Employment or Occupation

- Subd. 3. Summary: Persons shall not be disqualified from public employment or pursuing, practicing, or engaging in occupations requiring licensure solely due to prior criminal convictions, unless the crime or crimes directly relate to the employment position or occupation licensure area. If the crime directly relates to the employment position or occupational licensure area, the person shall not be disqualified if he or she can show evidence of rehabilitation and present fitness to perform the duties. The new amendment extended evidence of rehabilitation to include United States Department of Defense form DD-214, a document indicating honorable discharge or separation under honorable conditions from military service.

M.S. 626.8517

- Summary: Persons in active duty service may take the peace officer exam, but are not eligible to become licensed peace officers until honorably discharged from military service.

M.S. 192.26

- Summary: Public employers are now required to allow workers called to active duty to choose when during the calendar year to take their 15 days of paid military leave.

Existing Legislation

M.S. 1.05 Uniformed Services Employment and Reemployment Rights (USERRA)

- Subd. 5. Summary: Allows a current, former or prospective state employee who is a veteran to file a civil suit against the state for alleged violation(s) of USERRA.

M.S. 43A.09 Recruitment

- Summary: Requires MMB, in cooperation with appointing authorities of all state agencies to emphasize recruitment of veterans in addition to protected groups to “assist state agencies in meeting affirmative action goals to achieve a balanced work force.”

M.S. 43A.11 Veteran’s Preference

- **Subd. 7. Ranking of veterans**
Applicants who meet the minimum qualifications for a vacant position and claim veteran’s preference shall be listed in the applicant pool **ahead** of all other applicants.
- **Subd. 7. Recently Separated Veteran Interview Law**
Each recently separated veteran who meets minimum qualifications for a vacant position and has claimed a veteran’s or disabled veteran’s preference must be considered for the position. **The top five recently separated veterans must be granted an interview for the position by the hiring authority.**

M.S.43A.111 Noncompetitive Appointment of Certain Disabled Veterans

- Summary: Allows agencies to appoint qualified veterans with a verified service connected disability rating of at least 30% to classified positions on a noncompetitive basis.

M.S. 192.261 Leave of Absence

- Subd. 1. Summary: Requires the state or any political subdivision, municipal corporation, or other public agency of the state to allow an employee “during convalescence for an injury or disease incurred during active service” up to four years unpaid leave of absence to convalesce, along with a right to employment reinstatement.

M.S. 197.455 and 197.46 Veteran’s Preference Hearing Statute

- Summary: Eligible veterans may not be involuntarily terminated from employment, except as permitted by statute. Employers must notify the veteran of their proposed termination and inform the veteran of their right to contest the termination in a formal hearing. The veteran has 60 days to petition for a hearing. Terminations may not be effected until after the veteran has exercised their right to a hearing or the 60 day timeline to petition has expired. Veterans remain in payroll status during the 60 day period. If the veteran chooses to appeal the termination decision, compensation continues until a final determination is made.

M.S. 197.46 Veterans Preference Act; Removal Forbidden; Right of Mandamus (Amended)

- Requires that when certain government subdivisions notify an employee who is a veteran of intent to discharge the veteran from employment, the subdivision must state that the veteran has 60 days to identify and provide contact information about the person who will represent the veteran before a three-person board hearing the veteran’s complaint about the discharge. A failure of the veteran to provide the information within 60 days constitutes a waiver of the veteran’s right to the hearing and all other legal remedies available for reinstatement of the veteran’s employment position.

Executive Order 10-13 - Supporting the Selection and Employment of Veterans

- Directs state departments and associated agencies, boards, and commissions to continuously review and revise policies and procedures, and conduct increased outreach in order to engage and employ veterans as part of their hiring or selection process.

Veteran Employment Data

The state employee data in **Tables 1 and 4** are collected from the state's personnel and payroll system. These represent a snapshot of state employee data on November 5, 2012 (an approximate mid-point date in fiscal year 2012). The veteran information in **Tables 2 and 3** is collected from the state's applicant tracking system and is applicant data from fiscal year 2013 (July 1, 2012 to June 30, 2013). The numerical data in this report is from the cabinet-level agencies in the executive branch as required by statute. The cabinet-level agencies account for over 95% of state employees. The data in this report does not include the legislative branch, judicial branch, MnSCU, or the retirement agencies.

State Employee Veteran Status and Voluntary Disclosure

State law requires that the number of veterans among the state government cabinet-level agency workforce be reported to the legislature every year. Identification of veteran status is voluntary and employees are not legally required to provide this information. To obtain veteran status from state employees, a self-service webpage is available for state employees to update their veteran status at any time. Employees are encouraged, but not required to disclose their veteran status. As a result, some employees who are veterans may have opted **not** to self-identify, impacting the accuracy of this data.

Veteran Focused Initiatives, Programs and Services

The following section includes programs available to Minnesota veterans. Many of the services listed involve collaboration between state or federal agencies and legislature, veteran advocacy organizations, and private companies.

Commanders Task Force

The Minnesota Commanders Task Force is comprised of elected Commanders and Adjutants of nine congressionally-chartered Veterans Service Organizations in the state of Minnesota. The key functions of this group include developing a united veterans legislative agenda and actively advocating for it before the state and elected officials, serving as a non-partisan advisory group to the Commissioner of Veterans Affairs, the Governor and Legislators on Veterans issues in the state, and working to form Veteran Service Organization partnerships in program development.

Department of Natural Resources (DNR) Licensing

The DNR provides special privileges to veterans as it applies to hunting licenses, firearms safety training, fishing licenses, cross country ski passes, state park vehicle permits and the Minnesota Conservation Volunteer magazine. For example: free deer hunting licenses; hunt small game without a license privileges; and free annual Minnesota State Park permits.

<http://www.dnr.state.mn.us/licenses/military/index.html>

Military Tax Related Benefits

The Minnesota Department of Revenue has tax credits and tax relief for current, retired and disabled military service members. Credit and tax relief include:

Minnesota Association of County Veterans Service Officers

MACVSO works collaboratively with the Department of Veteran Affairs and nationally chartered Veterans service organizations in promoting the interests and welfare of Veterans who have service in the Armed Forces of the United States of America, their families and survivors. To enhance the quality of their lives through advising, counseling, claims assistance, education, advocacy and special programs. To ensure that they receive all of the benefits and services they so well deserve for the hardships they have endured.

Minnesota Health Care Program

This program helps pay for medical or nursing home care. Military families eligible for Minnesota Care may be able to get coverage without a premium for up to 12 months. The premium can be waived if a family member completed a military tour of duty within two years of being approved for coverage. This benefit is available to members of the Army, Navy, Air Force, Marines, Coast Guard, National Guard and Reserves. For more information go to [Human Services Programs for Returning Veterans](#)

StandDown Minnesota

The Minnesota Assistance Council for Veterans holds StandDown events that serve homeless and near-homeless veterans by providing services to help these former soldiers get their lives back on track. Hundreds of volunteers work at the events to provide services such as medical, dental, eye and psychological exams and treatments; job training; legal aid; federal and state tax counseling; social security eligibility information; substance abuse counseling; and food and shelter. Numerous state employees volunteer their time to this valuable program. The goal is to bring many services to one location and make them more accessible to all veterans who otherwise may not seek out services.

Veteran Workforce Programs / Veterans Employment Services

Veterans Employment Representatives are located at WorkForce Centers around the state and are available to work one-on-one with service members in their job search. The individualized assistance includes help with resumes, interviewing skills, networking techniques, referrals to other veteran services, and assistance connecting with employers.

Waiver of Commercial Driver's License

Veterans may be eligible for a waiver of a commercial driver's license based on their military experience. The MN Department of Transportation encourages veterans to contact their County Veteran Service Officer (CVSO) to obtain the necessary documentation

Support Programs for Collegiate Veterans

Minnesota State Colleges and Universities (MnSCU) has created and supported numerous programs for veterans at their 31 institutions. Each institution is a member of the Servicemember Opportunity College consortium.

- **Minnesota GI Bill Program** - The Minnesota GI Bill program was established in 2007 to provide postsecondary educational assistance to eligible Minnesota Veterans who served on or after September 11, 2001. In July 2013, the Program was expanded to include Veterans from all era's and eligible dependents. Full-time undergraduate or graduate students may be eligible to receive up to \$1,000 per semester, and part-time students can receive up to \$500 per semester. Eligible individuals may receive up to \$3,000 per academic year and \$10,000 lifetime benefit.

The Minnesota GI Bill was expanded to add VA approved On-the-Job Training (OJT) & Apprenticeship programs. Under the current Program, eligible employees may receive up to \$2,000 per fiscal year and employers, up to \$1,000 credit per fiscal year. Total aggregate benefit per employee is \$9,000.

- **Veteran Resource Centers/Higher Education Veteran Programs** – Each MnSCU campus has a veteran resource center. They are designed to be one stop centers to help students who have served or are currently serving in the military with their transition to college. The staff provides information and assistance regarding state and federal benefits, enrollment, placement testing, financial aid, online orientation, tuition and application waivers, military and academic transcripts, and much more. It is also a place where veterans can meet with people who have had similar experiences and where their families are welcomed. This resource is a partnership between MnSCU and the Minnesota Department of Veteran Affairs.
- **Veterans Education Transfer System** - This Minnesota State Colleges and Universities (MnSCU) online service is available to help veterans and members of the armed forces identify whether their military training can count for college credits in the MnSCU system. The transfer system currently identifies awardable credits for military training in four large occupational areas – law enforcement, diesel and truck mechanics, administrative and human resource assistants, and paramedics. For more information <http://www.mnscu.edu/media/newsreleases/current/article.php?id=172>
- **Veterans Upward Bound (VUB)** - This program prepares veterans for college and offers free college prep and study skills courses. Veterans also receive career, personal, and financial aid counseling, enrollment assistance, GED preparation, and one-on-one tutoring. The program provides all books and supplies to students at no cost. <http://www.minneapolis.edu/trioprograms/veteransupwardbound/>
- **Campus Veteran Clubs** - Some MnSCU campuses have a Veteran Club. The Veteran Club offers a place for veterans and their family and friends to gather for camaraderie and friendship. One goal is to make both the campus and the local community more aware of veteran issues.
- **Veteran Certifying Officials** - Each MnSCU campus has a Certifying Official (CO) who helps veterans with their benefit paperwork and registration process. Certifying Officials

also ensure that the veterans education programs are certified and the soldier receives the entitled benefits for those courses.

- **Veteran Resource Centers/Higher Education Veteran Programs** – Each MnSCU campus has a veteran resource center. The centers are designed to be one stop centers to help students who have served or are currently serving in the military with their transition to college. The staff provides information and assistance regarding state and federal benefits, enrollment, placement testing, financial aid, online orientation, tuition and application waivers, military and academic transcripts, and much more. It is also a place where veterans can meet with people who have had similar experiences and where their families are welcomed. Support Programs for Incarcerated Veterans

MN DOC has developed on-going partnerships to meet the needs of the state's veteran offenders who are being released. Veteran services are among the most impactful partnerships. Connection to veteran services and benefits upon release from a facility is extremely important to the success of the veteran.

- **In-Person Visits** - Veteran Representatives conduct in-person visits with veteran offenders while incarcerated. The representatives assist veterans by determining appropriate benefits and enrollment needs. The DOC and MDVA establish these connections as early as possible.
- **Transition Resource Fairs at MN DOC correctional facilities** – The Minnesota Assistance Council for Veterans (MACV) and MDVA, along with other government agencies, community non-profits, trade unions and faith-based organizations participate in an annual transition resource fair for veteran and non-veteran offenders. Information and resources are provided in a variety of offender needs areas (housing, employment, family support, personal finance, and mental health).
- **Transition Coalitions** – The coalition is comprised of various organizations for the purpose of discussing issues surrounding offenders. It also offers an opportunity for resource providers and government entities to work together. Veteran organizations such as MACV and MDVA attend these meetings. Another benefit is that non-profit and faith-based community organizations learn about veteran's benefits and share this information with their veteran clients. Veteran organizations learn about valuable resources in the community and where there may be gaps in their services to veterans.
- ***On Your Feet!*** – The *On Your Feet!* program is modeled after the Minnesota Circles of Support and Accountability program developed in 1994. The program is tailored specifically to incarcerated veterans. Small groups of volunteers provide intensive support and accountability to the veteran for approximately one year following their release.

The state also has veteran focused positions responsible for supporting veterans as they reintegrate back into civilian life and the workforce. Retention and Reintegration Support and Training

Reintegration guidance and support is a key factor in successfully returning veterans to work. Comprehensive reintegration programs provide a supportive environment which encourages the veteran to remain within state employment. It is also important for deployed employees to know they are remembered and supported while on active duty.

Typical agency support activities include the following:

- Pre-deployment
 - Meet with the employees to discuss how the agency can best stay connected with them and their families
 - Ask the employee to designate a representative who can legally interact with the state agency on their behalf
- During deployment
 - Hold positions for deployed employees
 - Encourage employees to return to their positions after deployment
 - Keep agency employees informed about their deployed co-workers using agency newsletter and intranet sites, when given privacy authorization
- Post-deployment
 - Conduct “Welcome Back to Work” recognition events for deployed employees upon return
 - Give appreciation awards for special recognition to veteran employees
 - Encourage returning “active duty” employees to share their military experiences with co-workers and answer questions at brown bag sessions
 - Develop individualized soldier “return to work” plans or supplementary training for smooth transition back to work
 - Grant additional time off for reintegration, if requested
 - Assign mentors or buddies to returning deployed employees
 - Provide information and resources about Post Traumatic Stress Disorder (PTSD), Traumatic Brain Injury (TBI) and other related programs such as the Employee Assistance Program (EAP) to both supervisors and returning veterans

State agencies shared accounts of their support for their deployed employee and their families. The following are examples of those state agencies’ support efforts:

- Provide on-going communication between employees and deployed employees and the families of deployed employees through emails and letters with photos
- Collect donations of food, gifts, and giftcards for the families of deployed employees to assist with living expenses and to provide for them during the holiday season
- Send deployed employees care packages including holiday gifts, homemade knitted caps, personal products, and letters with photos

- The MN Zoo hosts an annual Military Family Week event providing special discounts for military personnel and their families

Training

Many agencies provide or participate in training for managers, supervisors, and state employees regarding the reintegration of deployed employees. Agency human resources staff both conduct and attend training to ensure the appropriate state employees are knowledgeable and in compliance with applicable veteran laws. Some training sessions are led by subject matter experts from U.S. Veteran's Employment and Training Services and the state and federal Departments of Veterans Affairs.

Available training sessions include:

- Reintegration training for leadership staff and the returning deployed employees regarding smooth transitions back into the civilian workforce
- Uniformed Services Employment and Reemployment Act (USERRA) training to outline the responsibilities of the employer and the rights and benefits awarded to veteran employees
- Specific applications of the Family Medical Leave Act (FMLA) to deployed state employees and military family members
- Post-traumatic stress disorder, traumatic brain injury, and suicide prevention sessions for veteran counselors and coordinators at MnSCU campuses

Agency-specific training includes:

- Minnesota Management & Budget provides consultation, training and information to state managers, supervisors, and human resources staff regarding the Minnesota Veterans Preference Act (VPA), VPA hearings, Recently Separated Veteran Interview Law, and the Noncompetitive Appointment of Certain Disabled Veterans
- Minnesota Department of Transportation developed a 22-minute training DVD titled "We All Serve Fort Minnesota." The presentation covers the military aspects of the Family and Medical Leave Act; the Beyond the Yellow Ribbon Program; the Employer Support of the Guard and Reserve organization; the Uniformed Services Employment and Reemployment Rights Act (USERRA) and more. The presentation also includes portraits of a MnDOT employee whose son is on duty in Iraq and one employee who is a member of the Minnesota National Guard. The DVD was sent to each MnDOT district and to anyone who requested it. The DVD's title, "We All Serve Fort Minnesota" builds on the concept that although Minnesota has no active duty military installations, all Minnesotans

can support military families. It is also available on YouTube at <http://www.youtube.com/watch?v=8sIqeUUPSjI>

Awards and Acknowledgments

GI Jobs Magazine Military Friendly Schools Award

Each year GI Jobs Magazine honors the top 20% of colleges, universities, and trade schools across the nation that are doing the most to embrace America's military students and ensure their success on campus. The 2013 Military Friendly Schools list was compiled through extensive research and study of more than 12,000 schools nationwide. The 1,739 schools on this year's list prioritize the recruitment of students with military experience.

23 of 31 MnSCU colleges made the list in 2013. These schools made the grade by offering scholarships, veteran's clubs, military credit, and other services to veteran students. This award is a reflection on the dedication of a school's staff and faculty to our country's veterans.

Proclaimed Yellow Ribbon Companies

A Yellow Ribbon Company unites all key areas (recruiting, policy and procedure, training and development, community and employee outreach/support) within a company structure to create a broad network that connects and coordinates these areas throughout the company for the purpose of proactively supporting veterans and military families.

These organizations' efforts demonstrate a commitment to supporting military employees and local communities resulting in a stronger, more compassionate workplace. The following state agencies have been proclaimed Yellow Ribbon Companies.

- Minnesota State Colleges and Universities
- Minnesota Department of Natural Resources

Conclusion

There were a number of veteran-related laws affecting state employment in the 2013 legislative session. These are:

- Public employers are now required to allow deployed employees to choose when within a 12-month period they would like to take their 15-days of military leave
- Department of Defense form DD-214 indicating honorable discharge or separation under honorable conditions can be used to indicate rehabilitation or evidence to perform duties for certain jobs for which an applicant may have previously been disqualified
- Specification of when active duty personnel can take the peace officer exam and become a licensed peace officer

According to fiscal year 2013 data, the cabinet-level agencies in state government have a higher percentage of veterans in the workforce (9.5%), compared to percentage of veterans in Minnesota's civilian labor force (5.5%) between the ages of 18 and 64. (*US Census, 2012 American Community Survey*).

In fiscal year 2013, cabinet-level agencies hired 331 veterans into full-time unlimited positions. Since fiscal year 2010 the cabinet-level agencies have hired 1,120 veterans to unlimited positions. Veterans are being hired into a wide range of occupations across state government.

This report demonstrates that the executive branch state agencies and MnSCU are committed to upholding the state as a Veteran Friendly employer through their veteran focused recruitment and retention activities, building on-going relationships with veteran organizations and advocates, supporting deployed soldiers and their families, retaining veteran focused positions, providing reintegration training, and championing statewide initiatives for veterans.
