

History of Regent Elections

HOUSE RESEARCH

The Regent Candidate Advisory Council (RCAC) was established in law in 1988 to assist with the recruitment, screening and recommendation of candidates to the legislature for the election of regents to the Board of Regents of the University of Minnesota. In 2005, the recommendation process was changed in law to require the RCAC to make recommendations to the governor who then recommend candidates to the legislature. The governor's role was eliminated by a law change in 2007.

This document summarizes the recommendations of the RCAC, the joint legislative committee, the legislature, and the governor back to 1989, the first year of recommendations by the RCAC.

History of Regent Elections, Appointments, and Recommendations of the Regent Candidate Advisory Council (RCAC) and the Joint Education Committee
