Along with their participation and incident reporting, postsecondary institutions report whether the institution is committed to complying with the following health and safety standards set by the Forum on Education Abroad, indicated by 1, 2 and 3 above.

1. The organization prioritizes health, safety, and security in program development, implementation, and management, conducting appropriate risk assessments for program sites and activities, maintaining written emergency plans and protocols, and identifying and leveraging relevant authorities, networks and resources.
2. Staff are trained to anticipate and respond responsibly to student health, safety, or security issues, students are trained to responsibly manage their own health, safety, and security while abroad, and measures are in place for ongoing monitoring of and advising on health, safety, and security issues.
3. The organization maintains appropriate kinds of insurance at recommended levels, operates in compliance with local laws, and follows best practices in reporting on critical incidents. See more information on the Forum's Standards of Good Practice
