AT A GLANCE

- DPS has 1,855 employees
- We have nine operational divisions that include:
 - Alcohol and Gambling Enforcement Division (AGED)
 - Bureau of Criminal Apprehension (BCA)
 - Driver and Vehicle Servicers (DVS)
 - Emergency Communications Networks (ECN)
 - Homeland Security and Emergency Management (HSEM)
 - Minnesota State Patrol (MSP)
 - Office of Justice Programs (OJP)
 - Office of Traffic Safety (OTS)
 - State Fire Marshal Division (SFM), which also includes the Office of Pipeline Safety (OPS) and the Minnesota Board of Firefighter Training and Education (MBFTE)
- DPS, through its divisions, serves the majority of the state's population as well as numerous public safety, governmental, and non-profit organizations of the state.

PURPOSE

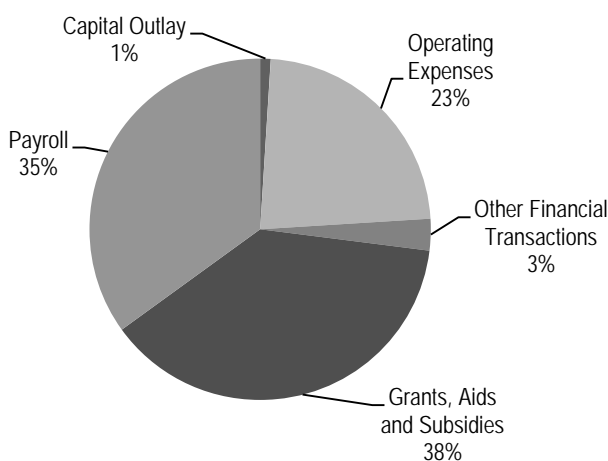

DPS is committed to protecting citizens and communities through activities that promote and support prevention, preparedness, response, recovery, education, and enforcement in order to ensure that **people in Minnesota are safe**. These objectives are achieved through:

- A focus on saving lives
- Providing efficient and effective services
- Maintaining public trust
- Developing strong partnerships

DPS provides the administrative structure for nine diverse divisions focused on improving safety for all people in Minnesota. The agency also has four divisions that provide human resource, fiscal, internal affairs, and communication support. DPS, through its divisions, works in partnership with city, county, state, federal, and not-for-profit agencies to improve safety. We are funded through federal, state general fund, special revenue, trunk highway, and Highway User Tax Distribution funds.

BUDGET

Spending by Category
FY 13 Actual

Source: SWIFT

Historical Spending

Source: Consolidated Fund Statement

For the FY 12-13 biennium, the Department of Public Safety was primarily financed through legislative appropriations from the general fund (\$201M), trunk highway fund (\$175M) and the highway user tax distribution fund (\$18M). Funding through the Federal Government was \$269M. In addition, special revenue funds collected mainly through user fees was \$247M.

STRATEGIES

We ensure that all people in Minnesota are safe by:

- Assisting in complex criminal investigations; providing full-service laboratory support to all law enforcement agencies; and providing training and criminal justice integration services to prevent and solve crimes.
- Providing services to prevent, prepare for, respond to and recover from natural and man-made disasters.
- Providing training, funding, and technical assistance to improve community safety and to assist crime victims.
- Provide training, investigation, inspection, regulation, data collection, and emergency response services to protect lives and property from fire and pipeline incidents.
- Enforcing the state's liquor and gambling laws to protect the public from illegal alcohol sales, illegal consumption, and illegal gambling.
- Providing funding, technical assistance, and research to prevent traffic deaths and serious injuries.
- Providing law enforcement services, education, and assistance to ensure the safe and efficient movement of traffic on Minnesota roads, the protection of the driving public, and the security of the Capitol Complex.
- Regulating motor vehicles, vehicle dealers, and licensed drivers to ensure that state and federal law are being implemented and followed.
- Providing funding and technical assistance to operate a state-of-the-art 911 system and the implementation of a state-wide interoperable communication system for emergency responders.
- Providing overall leadership, policy and direction to ensure the agency successfully meets its goals.

The Department of Public Safety's legal authority comes from [Minn. Statute 299A](https://www.revisor.mn.gov/statutes/?id=299A) (<https://www.revisor.mn.gov/statutes/?id=299A>).

FY16-17 Biennial Budget Change Item

Change Item: Operating Adjustment (Transportation)

Fiscal Impact (\$000s)	FY 2016	FY 2017	FY 2018	FY 2019
General Fund				
Expenditures	117	236	236	236
Revenues	0	0	0	0
Other Funds				
Expenditures	3,041	6,164	6,164	6,164
Revenues	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	3,158	6,400	6,400	6,400
FTEs	0	0	0	0

Recommendation:

The Governor recommends additional funding for compensation related costs associated with the delivery of agency services. This amount represents an annual increase of 1.8% for General Fund compensation costs.

Rationale/Background:

Each year, compensation costs rise due to labor contract settlements, and changes in employer-paid contributions for insurance, FICA, Medicare, retirement, and other factors. Absorbing this increase in compensation costs within existing agency base appropriations results in reduced staffing and/or reduced non-compensation spending.

Proposal:

The Governor recommends increasing agencies' general fund budgets for employee wage and benefit costs by 1.8% per year for FY 2016-17. Agencies were instructed to include a 1.8% increase to total compensation each year in their base budgets, based upon the compound annual compensation spending rate increase per FTE over the last ten years for executive branch employees. This recommendation is intended to allow agencies to maintain their current level of agency operations.

For non-General Fund direct appropriated funds, the Governor's budget recommendations also include an adjustment of 1.8% per year, where the amount can be supported by the source of revenue.

Because the Minnesota State Patrol operates 24 hours, 7 days a week the Governor is recommending a 3% increase.

Results:

This proposal is intended to allow agencies to continue to provide current levels of service and information to the public.

Statutory Change(s):

N.A.

Department of Public Safety

FY16-17 Biennial Budget Change Item

Change Item: Increase the Trooper Escort Rate

Fiscal Impact (\$000s)	FY 2016	FY 2017	FY 2018	FY 2019
General Fund				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Special Revenue Fund				
Expenditures	150	150	150	150
Revenues	150	150	150	150
Net Fiscal Impact = (Expenditures – Revenues)	0	0	0	0
FTEs	0	0	0	0

Recommendation:

The Governor recommends changing the statutorily established rate set for escort services of the MN State Patrol to more closely reflect actual operating cost of this service. Further, this proposal seeks to change statutory language allowing the Commissioner of Public Safety to set an average rate based upon actual cost per fiscal year.

Rationale/Background:

The State Patrol provides escort services to ensure traffic safety when required by MnDOT permit and/or when requested by private contractors. This service allows State Troopers to assist with the movement of oversize loads or traffic control needs. The State Patrol charges a fee for this service.

Proposal:

Minnesota State Statute 299D.09 articulates the rates that can be charged. The rates were last set in 2008 and 2009. Because the rate is set in statute each time we seek an increase, we are inherently unable to charge for the actual cost of our service. Since 2009, cost of living wage increases have gone up 8% not to include health care and retirement contribution increases.

This proposal seeks to change the statutory language related to an existing program, allowing the Commissioner of Public Safety to set an average rate, based upon actual cost, once per fiscal year. This would allow the State Patrol to expeditiously change the rate when the costs associated with providing the service increase.

This proposal precludes us from having to create legislative initiatives aimed at covering our costs to provide service to private industry. If allowing the Commissioner to set the rate is not palatable, we would minimally request that the rate for 2016 and 2017 increase to reflect the changes from 2009 until now.

Because we are bound by 299D.09 to charge the established rates, we are not covering our costs to provide the services necessary to ensure traffic safety in Minnesota. That means providing these services is being augmented by the Trunk Highway fund.

The intended results are to have a nimble process allowing the State Patrol to conduct escort activities to ensure traffic safety while recapturing our costs to provide the service. The results will free Trunk Highway monies so they can be spent as intended on patrolling highways.

Results:

FY16-17 Biennial Budget Change Item

Change Item: Driver and Vehicle Services (DVS) Spending Authority Increase

Fiscal Impact (\$000s)	FY 2016	FY 2017	FY 2018	FY 2019
General Fund				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Special Revenue Fund				
Expenditures	1,800	1,800	1,800	1,800
Revenues	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	1,800	1,800	1,800	1,800
FTEs	0	0	0	0

Recommendation:

The Governor recommends additional expenditure authority from the Driver Services and Driver Vehicle Services special revenue accounts to fully fund Driver and Vehicle Services staff positions and cover salary, benefits, and operating cost increases necessary to meet estimated costs for Fiscal Years 2016 and FY 2017.

Rationale/Background:

The Governor recommends an increase in spending authority of \$600,000 in FY2016 and \$600,000 in FY2017 to fully fund DVS' 538 FTE positions and DVS' operational expenses.

Driver and Vehicle Services (DVS) is estimating that an increase in spending authority is needed to continue to fund all current FTE positions and operation expenses in the Special Revenue Fund. If DVS was not granted the additional spending authority, DVS would have to lay off approximately 18-20 positions to cover the shortfall in funding, unemployment and separation cost.

The Governor is also asking for \$1.2 million annually in additional spending authority for the Vehicle Services Operating Account to cover increased costs to be paid to MINNCORR for purchasing, delivering, and mailing plates, registration stickers, and registration notices as required under Minnesota Statutes, Section 168.381 sub 4(c). If DVS does not receive the additional expenditure authority to cover the costs associated with the vehicle plate process, they would need to lay off an additional 20-25 FTE positions that are paid from the Vehicle Services Special Revenue Account.

Proposal:

The loss of these positions would impact DVS customer service, extend issuing time of driver licenses and delay response to inquiries from Minnesota citizens. DVS needs to fully fund all positions allotted to the division in order to provide driver and vehicle services to Minnesotans throughout the state. DVS must have the financial resources to ensure we can fill behind our vacancies so that we have adequate staffing to maintain production and delivery of services to our customers in a timely manner.

Results:

The intended result of this proposal is to maintain an acceptable turnaround time for DVS services relied upon by Minnesotans and businesses.

FY16-17 Biennial Budget Change Item

Change Item: IFTA Reinstatement Fee

Fiscal Impact (\$000s)	FY 2016	FY 2017	FY 2018	FY 2019
General Fund				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Special Revenue Fund				
Expenditures	0	0	0	0
Revenues	40	40	40	40
Net Fiscal Impact = (Expenditures – Revenues)	(40)	(40)	(40)	(40)
FTEs	0	0	0	0

Recommendation:

The Governor recommends a reinstatement fee of \$100 to cover the administrative costs associated with reinstating a revoked International Fuel Tax Agreement (IFTA) license. This practice is followed by other IFTA jurisdictions. The revenue is a non-dedicated receipt in the vehicle services operating account.

Rationale/Background:

The International Fuel Tax Agreement is an agreement between certain states within the United States and Canadian provinces to simplify the reporting of fuel use by motor carriers that operate in more than one jurisdiction. License holders are carriers who operate vehicles in more than one jurisdiction and are required to pay fuel taxes. A license may be revoked for not filing a quarterly fuel tax return or non-payment of IFTA fuel taxes. Other IFTA jurisdictions collect a reinstatement fee from the carrier to pay for staffing costs associated with the administration of the IFTA regulations.

Currently, Minnesota has no statutory provision to collect a reinstatement fee for a revoked IFTA license. The IFTA license revocation process adds additional annual staffing costs for the administration of IFTA regulations.

Proposal:

DVS is proposing to establish a reinstatement fee of \$100 to cover the administrative costs associated with reinstating a revoked IFTA license.

This fee would pay for the additional administrative costs associated with the revocation and reinstatement process as well as the annual staffing costs to reinstate the 400 IFTA licensees annually.

Results:

The result of the proposal will be to capture the cost of reinstating these licenses by the users of the license instead of DVS diverting resources from other purposes.

Type of Measure	Name of Measure	Previous	Current	Dates
Quantity	Reinstatements	400	400	FY 2014

Statutory Change(s):

Minnesota Statutes, Chapter 168D, Subd. 15

Department of Public Safety

FY16-17 Biennial Budget Change Item

Change Item: Fixed Wing Aircraft Purchase

Fiscal Impact (\$000s)	FY 2016	FY 2017	FY 2018	FY 2019
General Fund				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Trunk Highway Fund				
Expenditures	975	0	0	0
Revenues	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	975	0	0	0
FTEs	0	0	0	0

Recommendation:

The Governor recommends funding to replace one of three fixed wing aircraft in the State Patrol aviation fleet, all of which are in excess of 31 years old.

Rationale/Background:

The State Patrol operates fixed wing aircraft (3) and helicopters (3) to provide traffic and public safety service. This proposal is to replace aircraft sold because of age and maintenance costs. Sold aircraft include two Cessna 182s, one Beechcraft Queen Air, and a Bell helicopter.

The State Patrol has been preparing for this proposal for several years by a strategic downsizing of our aviation fleet to include the sale of four aircraft. The remaining proceeds of those sales (\$373,000), combined with this proposal will allow for the purchase of a new, efficient, safe, state of the art aircraft and thermal imager allowing us to serve the entire State of Minnesota with flight times nearly twice as fast as our current fixed wing fleet.

The thermal imagers installed on our helicopters do not have mapping capability and are vastly outdated. This technology is what allows us to find lost hunters, children in corn fields, missing persons, safely monitor traffic pursuits, and locate suspects evading capture by the police.

The State Patrol is the only law enforcement agency in Minnesota using thermal imagery for traffic safety and search and rescue missions. The three Cessna 182s in the current fleet are 1981-1983 model year airplanes. The three Bell helicopters are 1981, 1996, and 2005 model year airframes.

Proposal:

This proposal is to purchase a single engine fixed wing aircraft that can fly into known icing conditions. It also includes the purchase and installation of a high definition thermal imager and camera with mapping ability to find locations efficiently.

This proposal is necessary in order for us to provide efficient and effective traffic safety flight missions and search and rescue missions. When compared to a helicopter, the proposed aircraft will cost about 75% less per flight hour to operate. Minnesota weather brings inherent challenges.

This proposal would position the State Patrol Aviation Section for the future by replacing previously sold aircraft with an efficient state of the art platform expanding our capabilities in the area of traffic safety and our ability to respond to calls for service.

Department of Public Safety

FY16-17 Biennial Budget Change Item

Change Item: Creating a Data Services Unit in the Driver and Vehicle Services Division

Fiscal Impact (\$000s)	FY 2016	FY 2017	FY 2018	FY 2019
General Fund				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Special Revenue Fund				
Expenditures	90	90	90	90
Revenues	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	90	90	90	90
FTEs	1	1	1	1

Recommendation:

The Governor recommends the creation of a Data Services Unit to provide legal advice and administration of the overall Driver and Vehicle Services (DVS) data practices program, preparing executive-level correspondence and reports related to data practices, as well as ensuring that best practices are identified and implemented throughout DVS.

Rationale/Background:

The 2014 Bulk Data Subscription Service law requires DVS to undertake additional data practices administrative responsibilities including the completion of compliance audits, monthly invoicing, the administration of separate provisions for non-bulk users, the administration of the user agreements and special data requests as well as undertaking corrective actions.

Proposal:

This initiative creates a Data Services Unit to provide legal advice and administration of the overall DVS data practices program, preparing executive-level correspondence and reports related to data practices, as well as ensuring that best practices are identified and implemented throughout DVS.

The Unit Director, in consultation with the DPS Legal Counsel, would serve as the primary advisor to the DPS Commissioner and DVS Director on DVS data practices initiatives, issues, and best practices in addition to supervising the DVS data practices program.

This initiative includes the hiring of an individual to conduct compliance audits of existing data practices users through a combination of proactive audits, random audits, compliance audits, and customer requested audits. This position would also implement appropriate corrective actions based on audit findings as well as create and execute new user agreements for business partners and oversee the auditing of existing users for compliance with data practices policies and procedures.

The third staff member would provide day-to-day administration of the data practices subscription services and escrow accounts, research individual customer questions received by phone or email, reply to these questions and requests for information and coordinate the monthly customer billing program in collaboration with the DVS Cashiers Unit so that customer invoices could be prepared.

Results

The end result of this proposal is to increase oversight and accountability of DVS databases and services to maintain credibility and trust in the organization and processes. In addition, this proposal will help DPS keep in compliance with state and federal law.

Department of Public Safety

FY16-17 Biennial Budget Change Item

Change Item: Fine increase for Second and Subsequent Offense for Texting While Driving

Fiscal Impact (\$000s)	FY 2016	FY 2017	FY 2018	FY 2019
General Fund				
Expenditures	0	0	0	0
Revenues	6	6	6	6
Other Funds				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	-6	-6	-6	-6
FTEs	0	0	0	0

Recommendation:

The Governor seeks to increase the fine for second and subsequent texting while driving offenses in order to enhance traffic safety in the state of Minnesota by \$50.00. The current fine is not set in statute but is listed as a petty misdemeanor. The current fine for this offense is \$50.00.

In 2013 there were 1,739 convictions for violating MS169.475 Subd. 2. The citations have increased approximately 20% per year since 2009 when the initial law passed. Assuming 5% will have a second or subsequent offense the fiscal impact will be minimal.

The distribution of the fine revenue will depend on where the offense occurred and the applicable statute.

Rationale/Background:

169.475 Subd.2 currently states "No person may operate a motor vehicle while using a wireless communications device to compose, read, or send an electronic message, when the vehicle is in motion or part of traffic." The proposed legislation would increase the fine for second and subsequent violations. The current penalty for a violation is a petty misdemeanor, with no fine given in statute. DPS is not proposing to raise the criminal penalty, just the amount of the fine per federal grant requirements.

The change is needed to strengthen the existing law and intends to reduce the motor vehicle fatality rate. It requires enhanced penalties for drivers who have already been cited for this dangerous behavior. On average, studies show a driver who is texting takes their eyes off the road for 4.6 seconds. At 55 mph, that's like traveling the length of a football field while blindfolded.

This change will address the DPS indicator of reducing traffic fatalities and serious injuries. Between 2011 and 2013, distracted driving was a factor in one out of four traffic crashes, resulting in an average of 64 deaths and 8,188 injuries per year. Distracted driving crashes are likely under-reported due to law enforcement's challenge in determining distraction as a crash factor. Enhanced penalties for second and subsequent citations should reduce the number of driver's texting and accessing the Internet via their smartphones, thus resulting in fewer fatal and serious injury crashes.

Increased fines for a second and subsequent offense for texting is one of the requirements Minnesota needs to be eligible for the federal distracted driving grants. (Moving Ahead for Progress in the 21st Century—MAP21). The requirements do not specify how much, only that the fine increases for additional violations which is considered a deterrent. These grant funds must be used to educate and enforce distracted driving laws.

Proposal:

We propose to increase the fine \$50.00 for second and subsequent offense for texting/accessing the Internet. 169.475 Subd.2 currently states "No person may operate a motor vehicle while using a wireless communications device to compose, read, or send an electronic message, when the vehicle is in motion or part of traffic." The proposed legislation would increase the fine for second and subsequent violations. The penalty for a violation is a petty misdemeanor, with no fine amount set in statute. The current fine for this offense is \$50.00.

The Minnesota Toward Zero Deaths (TZD) program is a collaborative program between the DPS, Minnesota Department of Transportation and Health. These agencies support this proposal. Other traffic safety stakeholders such as Minnesota Safety

Council, Minnesotan's for Safety Driving, Minnesota MADD, Governors Highway Safety Association and the National Highway Traffic Safety Administration also support this proposal.

Results:

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>

Statutory Change(s):

169.475 Subd.2. (Currently this is a petty misdemeanor with no fine amount set in statute.)

Department of Public Safety

FY16-17 Biennial Budget Change Item

Change Item: Capitol Security

Fiscal Impact (\$000s)	FY 2016	FY 2017	FY 2018	FY 2019
General Fund				
Expenditures	\$1,570	\$1,570	\$1,570	\$1,570
Revenues	0	0	0	0
Other Funds				
Expenditures	0	0	0	0
Revenues	0	0	0	0
Net Fiscal Impact = (Expenditures – Revenues)	\$1,570	\$1,570	\$1,570	\$1,570
FTEs	28	28	28	28

Recommendation:

The Governor recommends that current capitol security contracts with capitol complex agencies be eliminated and that capitol security be funded primarily through a direct appropriation to the Department of Public Safety. This proposal reflects the recommendations made by the Advisory Committee on Capitol Area Security.

Rationale/Background:

Contracted services with individual agencies account for nearly twenty percent of the funds expended for security through the Department of Public Safety's Capitol Security Division. This funding mechanism is designed to provide security based on a state agency's priorities instead of a broader assessment of overall security risks and needs throughout the complex. In addition, the current funding mechanism is dependent upon contracts, which can be cancelled at any time. This makes it difficult to provide overall security if an agency relocates out of a building and cancels the security contract and the remaining agencies in a building still need the additional coverage. In addition, individual agency cancellation of these contracts creates an unstable funding source for providing a service that Minnesotans expect at the Capitol.

Proposal:

The proposal eliminates the current contracts and proposes a direct appropriation of \$1.55 million dollars to the Department of Public Safety to provide security at the Capitol Complex based on threat assessments, perceived vulnerabilities, and stakeholder input.

IT Related Proposals:

This is not an IT-related proposal.

Results:

The result of the proposal will lead to increased reliable security at the Capitol Complex that is flexible and responsive to the needs of the tenants located there.

Net Fiscal Impact = (Expenditures – Revenues)	130	130	130	130
FTEs	1	1	1	1

Request:

This proposal funds a Labor Relations Manager to the Department of Public Safety.

Rationale/Background:

The Department of Public Safety is a very diverse and large agency whose mission is to keep Minnesotans safe through activities ranging from patrolling highways, to issuing driver licenses, to assisting locals solve heinous crimes, to supporting crime victims throughout the state. DPS is comprised of 11 Divisions, with nearly 2,000 employees, in 154 different job classifications. Currently the ratio of HR staff to supported DPS employees is 1/142, with only 11 full time and 2 part time employees. In comparison, the Department of Transportation is 1/49; Pollution Control is 1/86; Revenue is 1/71; and DEED is 1/73. The current base budget for Human Resources is \$1.077 million dollars.

Proposal:

The proposal seeks to fill the Labor Relations Manager position, which is currently being performed by the Human Resources Director in addition to the other duties. The Labor Relations Manager handles employee performance management, disciplinary actions, grievance processing for AFSCME Units 6,7 and 25, MAPE, MMA, MGEC (Engineers), Commissioners Plan, Managerial Plan and MLEA (Law Enforcement). The Labor Relations Manager also participates on state collective bargaining teams and serves as backup to the Human Resources Director. The HR Department, and relationships with other agencies and outside stakeholders, are being strained due to these divided duties. These functions and roles need to be separated due to the complexity of the needs of agency related to labor relations vs. the recruitment and retention of employees.

Results:

Improved relations with stakeholders through a dedicated Labor Relations Manager and increased focus on recruitment and retention by the HR Director.

Statutory Change(s):

None

Program: Admin and Related Services<https://dps.gov.mn>**AT A GLANCE**

- 70 staff serving 1,855 DPS employees (not including MN.IT employees)
- 43,040 payment vouchers processed
- 152 job classifications represented at DPS
- 4,018 SEMA4 personnel transactions
- 394 FMLA cases managed
- Conducted 59 employee misconduct investigations
- Responded to 21 reasonable accommodation requests

PURPOSE

The Department of Public Safety's Admin and Related Services provide leadership and support to all divisions within DPS to aid in ensuring that people are safe in Minnesota. We work in partnership with all DPS divisions to provide solutions in the areas of: human resource management, including internal affairs and affirmative action; fiscal responsibility and resource management; as well as department information dissemination and transparency. DPS Admin and Related services help guide the work of the 1,855 employees of the agency who serve nearly every person in Minnesota.

SERVICES PROVIDED

The Admin and Related Services provide support to all of DPS through the following services:

- Recruit, train, and retain top quality employees
- Ensure safe work environments, manage worker's compensation claims effectively, and provide professional development opportunities
- Manage all employee relations matters
- Administer all benefits to employees
- Investigate allegations of employee misconduct
- Ensure compliance with the Americans with Disabilities Act, including reasonable accommodation requests
- Tribal consultation coordination
- Provide communication and outreach to the public, media, stakeholders, and legislature in order to deliver life safety information, support transparency, and ensure compliance with the Data Practices Act
- Properly manage all accounting, purchasing, and payroll functions of the department

Program: State Patrol
Activity: Patrolling Highways

<https://dps.mn.gov/divisions/msp>

AT A GLANCE

- Workforce
 - 631 employees
- Over 612,000 enforcement contacts
- Over 25,000 crashes investigated
- Nearly 5,000 impaired driving arrests
- Over 17.5 million miles traveled by State Troopers
- Over 73,000 assists to the public
- Nearly 18,000 assists to local law enforcement
- Almost 49,500 driving complaints received from the motoring public

PURPOSE

The State Patrol enforces traffic and criminal laws on Minnesota's public highways and on state property. These law enforcement services provide for the safe and efficient movement of traffic and the protection of our citizens through enforcement, education, and assistance

SERVICES PROVIDED

Our primary role is the enforcement of laws regulating the use of Minnesota's highways with special emphasis on removing impaired drivers, encouraging seat belt use, ensuring safe speeds, and enforcing distracted driving laws. We work closely with our allied agencies to increase public safety in our state by providing law enforcement services.

In addition to traditional traffic law enforcement, troopers

- Investigate motor vehicle crashes
- Provide life-saving first aid at crash scenes
- Assist stranded motorists
- Educate the public on traffic safety issues
- Partner with stakeholders to increase traffic safety awareness
- Provide aviation law enforcement services
- Investigate motor vehicle title and dealer law crimes
- Assist local and federal law enforcement agencies

RESULTS

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Quantity	Enforcement contacts with the public	649,034	612,057	2012-2013
Quantity	Number of impaired driving arrests	5,449	4,982	2012-2013
Quality	Number of sustained external complaints investigated by internal affairs as a result of enforcement contacts	1	0	2012-2013
Quality	Voluntary seat belt compliance	93.6%	94.8%	2012-2013
Results	Number of fatal crashes per 100 million vehicle miles traveled	.69	.68	2012-2013
Results	Percentage of fatal crashes involving alcohol	33%	30%	2012-2013

The State Patrol's legal authority comes from [Minn. Stat. 299D.01](https://www.revisor.mn.gov/statutes/?id=299D.01) (<https://www.revisor.mn.gov/statutes/?id=299D.01>).

Program: State Patrol
Activity: Commercial Vehicle Enforcement

<https://dps.mn.gov/divisions/msp/commercial-vehicles>

AT A GLANCE

- Workforce
 - 62 employees
- Over 36,000 commercial motor vehicle driver safety inspections
- Nearly 23,500 school bus safety inspections
- 2,927 reportable commercial motor vehicle crashes
- 2,382 commercial motor vehicle drivers placed out of service
- 5,852 commercial motor vehicles placed out of service
- Over 300 outreach presentations to the industry
- Almost 203,000 commercial motor vehicles weighed

PURPOSE

The State Patrol Commercial Vehicle Enforcement section exists to enforce laws regulating the operation and movement of commercial motor vehicles. The goal is to reduce the number of commercial vehicle crashes through enforcement and education as well as reduce damage to roadways caused by overweight vehicles.

SERVICES PROVIDED

We enforce state and federal laws regulating the size, weight, and operation of commercial motor vehicles.

- Staff six fixed site weigh stations to ensure compliance with roadway weight limits
- Provide mobile enforcement through random patrols and planned saturations
- Inspect school buses at fixed sites and saturations
- Provide training to other agencies and industry on safe commercial vehicle operation/maintenance
- Administer the Mandatory Inspection Program to prevent unsafe vehicles from being operated
- Enforce laws related to red-dyed fuel
- Provide industry and stakeholder education aimed at voluntary compliance

RESULTS

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Quantity	Number of commercial motor vehicle and driver inspections*	40,353	36,168	2012-2013
Quantity	Number of school bus safety inspections	22,658	23,375	2012-2013
Quality	Vehicle out of service rates	17.14%	16.07%	2012-2013
Results	Percentage of commercial motor vehicle involved fatal crashes per 100 million vehicle miles traveled	.17	.10	2011-2012

*A staffing decline accounts for this reduction, but staffing is increasing in 2014.

Program: State Patrol
Activity: Capitol Complex Security

<https://dps.mn.gov/divisions/msp>

AT A GLANCE

- Workforce
 - 102 employees
- Over 71,000 environmental, fire, and security monitoring points
- Over 4,500 assists to the public
- Nearly 18,300 security checks completed
- Approximately 9,000 employees on the Capitol Complex
- Over 1 million visitors to the Capitol Complex
- Over 900 permitted special events on the Capitol Complex

PURPOSE

We provide for the safety and security of the entire State Capitol Complex as well as the protection of the Governor and Governor's residence.

SERVICES PROVIDED

In addition to an overall security presence, capitol security personnel:

- Patrol and provide fixed site security
- Protect the Governor, Governor's residence and other dignitaries
- Respond to alarms, medical calls, disturbances, and other police calls for service
- Provide parking enforcement for the orderly placement of vehicles
- Monitor 489 video cameras
- Issue and manage 9,700 access key cards

RESULTS

Program: Driver and Vehicle Services (DVS)

<https://dvs.dps.state.mn.us>

AT A GLANCE

- Workforce
 - 518 staff members at 97 locations
- Revenue
 - Collected over one billion dollars
- Licensing and Registrations Processed
 - 1.3 million vehicle titles
 - 1.18 million vehicle registrations
 - 1.23 million license plates
 - 111,940 disability parking certificates
 - 4,140 auto dealers
 - 123,000 ID cards
- Testing and Inspections
 - Almost 560,000 driver's license knowledge and skill exams
 - Almost 1,600 dealer inspections
- Enforcement Related Activities
 - Suspended, canceled, revoked, disqualified, and reinstated driving privileges of over 33,000 drivers
 - Enrolled over 6,200 participants in the Ignition Interlock Program

PURPOSE

We maintain the integrity of Minnesota driver licenses (DL), the identification (ID) issuance process, the motor vehicle title issuance process, and the vehicle registration process in order to ensure accuracy and security, to prevent fraud, and to protect public safety. DVS ensures the proper collection of fees and taxes which support the state's transportation system and other state programs designed to protect the safety of the public.

VEHICLE SERVICES PROVIDED

- We collect revenue and perform audits to ensure the correct payment of taxes and fees which are used by the state to improve highway safety and roadway standards.
- We issue license plates which are produced to make roadways safer through improved accuracy, readability, and reflectivity.
- We issue certificates of title to provide evidence of ownership, mileage, and the existence of brands in order to protect consumers and financial institutions.
- We regulate 4,140 auto dealers and 175 deputy registrars and ensure that the correct payment of taxes and fees are received in order to protect consumers.
- We conduct audits of users of motor vehicle data to determine if access to restricted information meets statutory compliance.

DRIVER SERVICES PROVIDED

- We test driving knowledge and skills to measure the competence of driver educators and driver license applicants to protect the public's safety.
- We issue driver licenses after verification of identity and residency to ensure one driver, one license, and one driving record.
- We deny or withdraw driving privileges from those drivers who do not qualify or violate the law in order to keep unsafe drivers off the road.
- We conduct audits of users of driver's license data to determine if access meets statutory compliance.
- We regulate 127 DL Agents and ensure that the correct payment of fees is received in order to protect consumers.

Program: Office of Traffic Safety (OTS)

<https://ots.dps.state.mn.us>

AT A GLANCE

- Workforce
 - 20 employees
- Provide 165 grants to 300 local units of government and nonprofit agencies to improve motorists' behavior
- Provide expertise in critical traffic safety program areas
- Provide research analysis and program evaluation to determine traffic crash trends and emerging issues
- Administer the Motorcycle Safety and Child Seats for Needy Families programs supported by state special revenue funds
- Trunk highway fund appropriations are used for a required state match to secure federal grant funds
- Administer approximately \$16.5 million in grants from the National Highway Traffic Safety Administration

PURPOSE

We support programs to reduce traffic fatalities and serious injuries through increasing seat belt use, decreasing impaired driving, moderating speeds, and reducing distracted driving behavior. These programs serve Minnesota citizens, local units of government and nonprofit agencies. We also provide leadership to the Towards Zero Deaths (TZD) program in partnership with the Minnesota Department of Transportation and Minnesota Department of Health.

SERVICES PROVIDED

We provide funding and support public education and outreach, traffic enforcement, policy development, and community traffic safety programs. Our partners include the Minnesota State Patrol, Minnesota Department of Transportation, Minnesota Department of Health, Driver and Vehicle Services, Bureau of Criminal Apprehension, county and municipal governments and traffic safety advocate organizations.

We utilize:

- Research based, data-driven countermeasures targeting populations that are overrepresented in traffic crashes which includes high visibility enforcement coupled with public outreach and education
- Strong traffic safety laws such as primary seat belt, graduated driver's license, driver license sanctions and ignition interlock
- Strong partnerships with other state agencies and local stakeholders to address traffic safety in a collaborative effort statewide

Our staff serve as grant coordinators and key resource experts on impaired driving, teen drivers, motorcycle safety, occupant protection, child passenger safety, pedestrian and bicycle safety, distracted driving, older drivers, traffic records, and program evaluation.

Our researchers analyze Minnesota traffic crash data and identify traffic safety problem areas and crash trends, conduct program evaluation, develop the Minnesota Motor Vehicle Crash Facts and the Minnesota Impaired Driving Facts publications. We respond to crash data needs of the general public, the media, legislative members, the Governor's office, and all stakeholders. We also support Minnesota's participation in the Fatal Analysis Reporting System, a national database on fatal motor vehicle crashes.

Program: Office of Pipeline Safety (OPS)
<https://ops.dps.mn.gov>
AT A GLANCE

- Workforce
 - 16 employees
- Inspection of interstate and intrastate pipelines
- 104 pipeline companies
- Over 65,000 miles of pipeline
- Education provided to over 2,700 utility operators and excavators throughout Minnesota in 2013
- Over 6,000 hours of inspection and operator training in 2013

PURPOSE

We ensure pipelines are safe and work statewide to prevent underground utility damage.

There are nearly 65,000 miles of natural gas and hazardous liquid pipelines in Minnesota. These pipelines run throughout the state, delivering natural gas and other petroleum products to homes, industry and businesses.

Our 16 employees protect lives and the environment through natural gas and hazardous liquid pipeline inspections, enforcement, accident and incident investigations, and education. We investigate and enforce state excavation laws.

SERVICES PROVIDED

Inspection program: We routinely review pipeline operator procedures, training, and records and observe practices and conditions in the field to ensure compliance with state and federal regulations. Inspections are conducted to ensure pipeline systems are operated in a safe manner.

In the event of a pipeline accident, we conduct investigations to ensure the pipeline operator followed proper procedures, maintained regulatory compliance and takes steps to prevent future recurrence.

Damage prevention program: We are the education and enforcement authority for the "Call Before You Dig" law. The law requires any individual or company to call the Gopher State One Call Center at least 48 hours before digging so that operators can be notified to mark underground utilities. Education activities throughout Minnesota aim to prevent excavation related damage to pipelines and other underground facilities.

RESULTS

<i>Type of Measure</i>	<i>Name of Measure</i>	<i>Previous</i>	<i>Current</i>	<i>Dates</i>
Quantity	Number of times a gas pipeline was damaged per 1,000 calls to have them located thru the One Call Center.	2.60 / 1,000	2.06 / 1,000	2012/2013
Quality	Number of significant pipeline incidents in Minnesota	4	6	2012/2013
Results	Number of fatalities at pipeline incidents in Minnesota	0	0	2012/2013

The following statutes grant authority to MNOPS to conduct the program noted above: Excavation Notice System in [Minn. Statute 216D](https://www.revisor.mn.gov/statutes/?id=216D) (<https://www.revisor.mn.gov/statutes/?id=216D>), Natural Gas Pipeline Safety in [Minn. Statute 299F.56](https://www.revisor.mn.gov/statutes/?id=299F.56) (<https://www.revisor.mn.gov/statutes/?id=299F.56>), the Office of Pipeline Safety Legal Authority in [Minn. Narrative:

The Department of Public Safety receives federal funds for a wide variety of operations and projects impacting the Safety of Minnesota citizens. These grants come from a variety of federal agencies, each with their own application, award, expenditure, reporting and reimbursement processes and procedures. Most of the federal funds are ongoing grants that serve specific operations and projects implemented by the Department of Public Safety. The Department relies on these funds in the managing their budget.

Larger grants include funds for Highway Traffic Safety, Disaster Assistance, Homeland Security, Motor Carrier Safety, Impaired Driving, Pipeline Safety, and Victims of Crime. Other grants the Department receives include funds for Law Enforcement, Forensic Science, Internet Crimes Against Children, Seat Belt Enforcement, Ignition Interlock, and Violence Against Women.

Several of the federal grants require matching funds, or maintenance of effort commitments. These vary by federal agency and specific grant. The Department agrees to these commitments when accepting the federal grant award. Matches are covered with existing Department budgets and in some cases by local governments. Maintenance of effort commitments are managed within the budget and require tracking of certain expenditures and a related reporting process. Department federal awards that require a match or maintenance of effort commitment are identified in the table above.

Award estimates are based on past experience and current communication with the Department division staff and federal contacts. We do not estimate federal disaster funds for future years since it is impossible to accurately predict future disasters and their financial impact. We do not anticipate any major trends that impact funding at this time.
