**NOTES**

---

1. Statutory Requirements

Minnesota Statutes, Section 17.03:

**Subd. 13 Semiannual reports.** (a) The commissioner shall submit to the legislative committees having jurisdiction over appropriations from the agricultural fund in section 16A.531 reports on the amount of revenue raised in each fee account within the fund, the expenditures from each account, and the purpose for which the expenditures were made. The reports must be issued in February and November each year, to coincide with the forecasts of revenue and expenditures prepared under section 16A.103.

(b) The report delivered in February of each year must include the commissioner's recommendations, if any, for changes in statutes relating to the fee accounts of the agricultural fund.

2. Minnesota Grown Account (page 35)

Base budgets for the General Fund have included appropriations for transfer of \$186,000 per year into this account. Spending and transfer projections for future years assume this base level appropriation from the General Fund will continue. If General Fund support is decreased, all receipts will likely decrease and expenditures will have to be lowered to balance the budget.

3. Transfers to the General Fund

Laws of 2010, Chapter 215, Article 5, required transfers totaling **\$2,092,000** from the Agricultural Fund to the General Fund in 2013. These transfers came: 758 thousand from the pesticide regulatory account (page 3), 500 thousand from the ag chemical response and reimbursement account (page 6), 85 thousand from the seed inspection account (page 11), 35 thousand from the grain buyers and storage account (page 12), 108 thousand from the nursery-phytosanitary account (page 13), 354 thousand from the commercial feed account (page 27), 87 thousand

from the dairy services account (page 28), 43 thousand from the food handler reinspection account (page 30), 4 thousand from the beverage inspection account (page 31), 67 thousand from the egg law inspection account (page 34) and 51 thousand from the livestock weighing account (page 37).

Laws of 2011, 1st Special Session Chapter 10, Article 1, Section 37, as implemented by the Commissioner of Management and Budget, required transfers from this fund to the General Fund totaling **\$16,000** in 2013 in recognition of estimated savings in the State Employee Group Insurance Plan (SEGIP). These transfers came: eight thousand from the pesticide regulatory account (page 3), four thousand from the commercial feed account (page 27) and four thousand from the dairy services account (page 28).

4 The Governor makes the following recommendations for statutes relating to the accounts in this fund:

a) The Governor recommends increasing the waste pesticide surcharge paid by firms distributing pesticides. This increase will cover rising collection and disposal costs for waste pesticides collected through cooperative agreements and MDA-sponsored collections. (page 4)

b) The Governor recommends the creation of a pollinator protection account (page 8) so that dedicated funds are available to increase the protection of pollinators from potential negative impacts from pesticides. Fees would be collected on pesticide-treated seeds and on pesticides toxic to pollinators.

c) The Governor recommends creating a dedicated food certificate fee account (page 36) to administer the costs associated with the issuance of the certificates. Revenues and expenditures would move out of the General Fund and the fee would increase from \$75 to \$125 to allow for appropriate staffing to issue certificates more quickly.
