Prepared by the

Minnesota Higher Education Coordinating Commission

PREFACE

As in the past, data have been collected from the colleges and universities providing the county of residence of the Minnesota students enrolled. The accompanying table includes the number of full-time new entering freshmen by county who were in attendance in Minnesota's institutions of higher education in the fall of 1967.

The grand total of new full-time entering freshmen who were residents of Minnesota was 26,166 as compared with 24,792 in the fall of 1966. Thus, the new freshmen enrollment increased by 1,374 students or by 5.5 percent.

Minnesota freshmen enrolled in the state junior colleges totaled 5,917 as compared with 4,653 in 1966. These figures represent an increase of 1,264 students or a gain of 27.2 percent. Entering freshmen in the state colleges numbered 7,468 as compared with 6,582 in the fall of 1966. The gain in these colleges was 886 students or 13.5 percent. Entering freshmen enrollments at the University of Minnesota declined from 8,971 in the fall of 1966 to 8,469 in 1967 for an enrollment decrease of 502 students or 5.6 percent. The entering freshmen enrollment in the private junior colleges increased, rising from 385 in 1966 to 453 in 1967. The enrollment increase in these institutions was 68 or 17.7 percent. Entering freshmen enrollment in the private colleges dropped from 4,201 in 1966 to 3,859 in 1967 for a decline of 342 students or 8.1 percent. One of the private four-year colleges did not report new entering freshmen by county, however.

A grand total of 3,856 new entering freshmen came from other states and 153 came from foreign countries. Location of residence could not be determined for 29 students. The grand total of new entering freshmen from all areas was 30,204 as compared with 28,623 in 1966. The overall gain was 1,581 or 5.5 percent.

Comparisons made with data collected in the fall of 1966 show that the number of new entering freshmen declined in 24 counties and remained the same in four counties. The decline ranged from one freshmen in Wabasha County to 313 freshmen in St. Louis County.
