Region 2 Arts Council Mission Statement

The Region 2 Arts Council strengthens the presence of the arts by supporting opportunities for arts creation, promotion, and education for the people of Beltrami, Clearwater, Hubbard, Lake of the Woods, and Mahnommen Counties.

Region 2 Arts Council Vision Statement

Creating a thriving arts culture that enhances the quality of life in our communities.

1. Describe the activities relating to expenditures and management of its regional arts council block allocation

GRANT PROGRAMS

In FY16, Region 2 Arts Council expanded its grant program offerings to 12 grant programs and 15 grant deadlines. Additions included the Arts and Cultural Heritage Grant for Small Towns, the Arts and Cultural Heritage Grant for Schools, Arts and Cultural Heritage Grant for Individual Artists and Quick Grants for individual artists and organizations. For a relatively small arts council, this number of grant programs and deadlines was challenging to manage, but our constituents responded favorably and our applicant pool widened through greater accessibility and definition to our grant programs.

In FY17, these new grant programs continued. Additionally, our dedication to serving Native American Artists in our region led us to develop an Anishinaabe Arts Initiative Artist Fellowship award funded by the McKnight Foundation. This was another positive addition to Region 2 Arts Council's complement of grants.

Including Region 2 Arts Council's Community Arts Support grant (with a deadline every other year) there was a total of 11 grants and 14 grant deadlines in FY17.

Region 2 Arts Council is continuing to make adjustments to our grant program offerings and deadlines into FY18.

3. Describe the relationship between the biennial plan and the actual grants and other forms of assistance provided during the year:

FY16-17 Prioritized Needs and Resulting and Future Actions

The following is a list of stated needs and resulting actions from FY16 and 17.

FY16-17 Prioritized Needs

1. Need for New Grant Programs

FY16-17 Resulting Actions: The development of a grant for schools to help promote artist residencies; a Quick Grant for Individual Artists and Organizations so that there would be a quick turn around in the application process and the ability to respond to professional development opportunities and arts project opportunities that arise quickly; the development of a grant for organizations in small towns under 2000.

FY17 Resulting Actions: The Anishinaabe Arts Initiative Fellowship award was developed and the new grant programs implemented in FY16 were continued.

2. Need for Information

FY17 Resulting Actions: Region 2 Arts Council hired a part time program assistant to develop its professional development workshop program for artists and arts organizations, assist with grant information sessions, and coordinate R2AC's first Arts Expo- Artist Resource Fair.

3. Need for Promotion

FY16-17 Resulting Actions: R2AC continued to strive to increase the support we provide to artists and arts organizations via sharing their accomplishments and events in our newsletter, on our calendar & social media platforms.

FY17 Resulting Actions: Regional artists and arts organizations were showcased in the Arts Expo-Artist Resource fair. An AAI Exhibit showcased the artwork of past and current AAI grant recipients and AAI Council members. The opening for the AAI Exhibit was held during the Arts Expo. The exhibit then traveled to the McKnight Foundation and was shown over the summer in the Cynthia Binger Boynton Lobby Gallery. Artist demonstrators were given a stipend to share their art- either via performance or demonstration- throughout the day at the Arts Expo.

4. Need for Workshops

FY17 Resulting Actions: 6 professional development workshops were offered. 88 people benefited. The Arts Expo served a combination of statewide resource presenters, artist demonstrators, exhibit goers, artists and community members, totaling 200 people in attendance. In FY17, a total of 12 grant info sessions and grant info drop-ins were offered. 65 individual artists and arts organizations benefited.

In comparison to FY16, this marks an increase of 241 people served through the professional development workshop program, and 20 additional artists and arts organizers served through the grant information session / drop-in sessions offered.

FY17 Resulting Actions: Workshops in Ojibwe floral applique, Black Ash Basketry, and Watercolor were offered and well-attended. Non-profit and board development workshops including MAP for Non-profits' Board Bootcamp, VSA's "Expanding Participation by Artists and Non-Artists with Disabilities," MSAB's Artist Initiative Intensive, and a Gallery Directors panel provided information for local arts and non-arts non profits and individual artists.

5. Networking and Collaboration

FY17 Resulting Actions: *See Arts Expo and Anishinaabe Arts Initiative Exhibit information under "Need for Workshops"*

6. Venues or Space

FY17 Resulting Actions: *See Arts Expo and Anishinaabe Arts Initiative Exhibit information under "Need for Workshops"*

4. Provide a description of the council's distinct goals and measurable outcomes for the arts and cultural heritage fund programs and services.

FY16-17 ACH Goals

GOAL 1: Provide financial resources for the arts to thrive in our region.

Goal 1 Strategy

FY16-17 Strategies implemented:

- New grant programs were offered to improve accessibility to funding: ACH Individual, ACH Schools, ACH Small Towns, Quick Grants.
- Online grant application process was created to improve ease and accessibility in application process.
- Funding for artists with disabilities was explored & discussed with VSA's Executive Director, Craig Dunn. No further action taken was taken in FY17.

FY16&17 Strategies not implemented:

- Additional funding sources identified and explored.

- ✓ *Grant funding increased in FY16 after staff numbers were reduced from 3FT to 2FT staff. It was perceived that R2AC had adequate resources but constrained staff time; therefore, exploring strategies for additional funding was neither attempted nor achieved in FY16 or 17.*

Goal 1 Performance Measures

- *Constituent survey responses show that the full complement of R2AC grants play a positive role in helping the arts thrive in our region:*
- ✓ *On our FY16/17 biennial survey, two questions were asked that come close to generating a measurable response to whether Region 2 Arts Council grants play a positive role in helping the arts thrive in our region:*
- *To what extent have our grant programs for organizations provided opportunities for exposure to and expression of arts and cultural heritage in our region?*
- *To what extent have our individual artist grant programs opened creative opportunities for artists in our region?*

Out of 58 respondents, when all of the organizational grant programs and all of the individual artist grant programs were averaged together, both received an average rating of 4 out of 5. However, there were some trends to be noted: Region 2 Arts Council's most traditional grant programs, those open to any individual artist and any non-profit organization in our five county region, received the highest average- 4.4 out of 5- in response to both of these questions.

- *Applicant response to online grant programs indicates that online grants improve ease in the application process:*
- ✓ *Anecdotally, we have received a very positive response to our online grant application program. All applications have been online since FY16 and our Anishinaabe Arts Initiative program has both an online and a hard copy application form.*
- ✓ *Although the following outputs neither confirm nor deny ease in the application process, it will be important to consider this in future years, and to track the trends: online grant applications were implemented in FY16. In FY15, R2AC received 142 grant applications and awarded 84 grants. In FY16, R2AC received 140 grant applications and awarded 92 grants. In FY17, R2AC received 127 grant applications and awarded 89 grants. These results will be a topic of further board and staff discussion.*
- *Applicant response to new grant programs indicates improved accessibility to our funding:*
- ✓ *On our FY16/17 end-of-the biennium survey, out of 58 respondents, on a scale of 1= accessibility not improved and 5= accessibility very much improved, 3.8 was the average response to the question "How much have Region 2 Arts Council's six new grant programs improved accessibility to arts funding in our region?"*

GOAL 2 - Encourage participation in the arts by people of all ages, ethnicities, abilities, socioeconomic statuses, and geographic locations within our region.

FY16-17 Strategies implemented (Goal 2)

- Region 2 Arts Council encouraged and supported arts activities in our rural communities through the ACH-Small Towns grants.
- ✓ *In both FY14 and FY15, 8 arts projects and programs in towns under 2000 were awarded funding from R2AC's State General Fund and Arts and Cultural Heritage Fund allocation. In FY16, 14 arts projects and programs in towns under 2000 were awarded funding and in FY17, 16 arts projects and programs in towns under 2000 were awarded funding. This doubling of funded arts activity in small towns under 2000 can be attributed, in large part, to our ACH Small Towns and ACH Schools grants and to the resulting promotions and outreach to small towns in particular.*

FY17 Strategies implemented (Goal 2)

- Region 2 Arts Council's awareness of our region's constituents was raised as we developed relationships with organizations that support arts programming across all sectors, including Very Special Arts (VSA), and individuals and organizations who work with artists with disabilities, local senior centers and eldercare facilities, such as the Northwoods Participatory Arts Collective and Bemidji Woodcarvers Association.
- ✓ *Note: this action was revised from the suggested action of raising awareness among our constituents to raising our regional arts council's awareness.*
- Participate in discussions on equity sponsored by FRACM.
- ✓ *After attending the GIA conference in St. Paul on Racial Equity, R2AC Executive Director Laura Seter served as one of three members on the Forum of Regional Arts Council's statewide project committee that was charged with the development of a 2-year McKnight proposal focused on improving the FRACM's cultural competency and racial equity practices.*
- ✓ *Region 2 Arts Council staff attended a two-day workshop on racial equity and cultural competency entitled, "Courageous Conversation-Beyond Diversity" facilitated by the Pacific Educational Group.*

Goal 2 Performance Measures

- Constituent survey responses show that it is perceived that Region 2 Arts Council encourages participation in the arts by people of all ages, ethnicities, abilities, socioeconomic status, and geographic locations within our region.
- ✓ *On the FY16/17 biennial survey, an average of 58 respondents rated the following question on a scale of 1-3; 1= not at all, 2 = somewhat; 3 = very much: "How much do you think that Region 2 Arts Council encourages participation in the arts by people of all ages, races/ethnicities, abilities, socio-economic*

statuses, geographic locations within the region?" The question was broken down into categories. What follows each category is its average rating:

- Ages: 2.7
- Races/Ethnicities: 2.7
- Abilities: 2.6
- Socio-economic statuses: 2.6
- Geographic Locations within the region: 2.6

GOAL 3 - Provide information and promotion for arts activities and opportunities.

FY17 Strategies Implemented (Goal 3)

- Region 2 Arts Council's April 2017 Arts Expo held at the Rail River Folk School offered opportunities for arts collaboration and networking, as well as expanded outreach, support, and instruction for grant writing endeavors, not limited to R2AC funded opportunities, by developing relationships with other arts funders to better promote their opportunities.
- The hiring of a part-time program assistant dramatically improved Region 2 Arts Council's social media presence. Additionally, two staff radio interviews, one televised interview with BSU TV, and one Arts Expo feature on Lakeland Public Television improved our visibility.
- Region 2 Arts Council regularly engages constituents and shares information through its Facebook business and personal page.

Goal 3 Performance Measures

- When attendees were asked how they had been impacted by attending the Arts Expo, two survey respondents summed up perfectly what Region 2 Arts Council had hoped would be the result:
 - ✓ *I felt I was a part of our local art community as I met fellow artists. I also got to speak directly to foundation and funding sources available to me. This networking was very important and I was impressed with the resources and work put into the Expo. It was perfect!*
 - ✓ *I didn't realize how many arts organizations were out there and the amount of funding for the arts made me happy to live in a time where we can truly be artists and make a significant impact on the community.*
- In FY17, Region 2 Arts Council continued to run the gamut in its promotional strategies and information sharing methods. No one method truly outshone the others.
- ✓ On the Region 2 Arts Council FY16/17 biennial survey, respondents were asked how much they rely on various Region 2 Arts Council generated sources as a go-to place for information. On a scale of 1=Not at all, 2=Somewhat, 3=A great deal, an average of 58 respondents rated our website, r2arts.org, the highest as a source of information, with a 2.4 average rating. Next was newspaper and other forms of print media with a 2.2

average rating, followed by Region 2 Arts Council staff and word-of-mouth, each with a 2.0 average rating.

Goal 4 - Support arts learning.

FY16-17 Strategies Implemented (Goal 4)

An Arts and Cultural Heritage Grant for Schools was created. No cash match was required.

Goal 4 Performance Measures: Output

The number of successful grant applications that resulted in Region 2 Arts Council-funded arts activity in public and charter schools and community education programs increased in FY16 and 17 over fiscal years 14 and 15. In FY14 and 15 the average number of Region 2 Arts Council-funded artist residency/artistic programs offered at schools and community education programs was four. In FY16, six programs were funded. In FY17, that number jumped to nine. The impact of having an Arts and Cultural Heritage-funded grant program specifically for schools and community ed programs increased our outreach efforts to schools. The development of relationships between teachers and administrators and Region 2 Arts Council continues to grow.

Goal 5 - Provide responsible stewardship of funds.

FY16-17 Strategies Implemented:

- The annual audits and biennial planning documents are available to the public via the r2ac website.
- Broad public input and engagement in decision making to insure the use of funds meet the expectations of R2AC constituents were sought via surveys, constituent meetings, and an R2AC listening session in every county.
- Professional staff was hired and retained and consistent professional development opportunities such as a Foundant online grant system training in Montana, 2-day Cultural Competency training in Bemidji, and Rural Arts and Culture Summit attendance in Morris, MN were provided.

Goal 5 Performance Measures

- In FY17, 3 online surveys were made available to constituents for response.
- ✓ *The FY16/17 biennial survey (available to all members of the public) asked whether Region 2 Arts Council is a responsible steward of the funds it receives. Of 58 respondents, this question received an average rating of 3.4 on a scale of 1= Do not agree; 2 = Neutral/Don't know; 3 = agree; 4 = strongly agree.*
- ✓ *On the FY17 survey linked to all grant applications, the question asked respondents to rate their trust in Region 2 Arts Council's stewardship of public arts funds. Of 66 respondents, the average rating was 4.8 on a scale of 1=poor; 2=limited; 3=satisfactory; 4=very good; 5=excellent; and 6=n/a.*

5. Provide a summary of programs disseminated

The **Region 2 Arts Council's Professional Development Program** provides high-quality workshops and training for artists, arts organizations and the public. The professional development program has brought workshops such as social media, online marketing and fundraising tools, financial and legal advice for artists, artist residency training, and hands-on workshops to advance artistic skills to artists residing in our Region 2 communities. Professional Development workshops to benefit arts organizations have included workshops for arts boards of directors and workshops to improve audience development.
