# Cost of Report Preparation

The total cost for the Office of the Secretary of State to prepare this report was approximately \$574. Most of these costs involved staff time in compiling and analyzing data, and preparing the written report. Incidental costs include paper, copying, and other office supplies.

Estimated costs are provided in accordance with *Minnesota Statutes* 2018, section 3.197, requiring the cost for preparing a report to be provided at the beginning of a report to the legislature.

## Introduction

This mandated report was prepared in accordance with Minnesota Statutes, section 203B.28, requiring the Office of the Minnesota Secretary of State to prepare a statistical report related to absentee voting in the most recent general election. Specifically, Minnesota Statutes, section 203B.28, requires:

*By January 15 of every odd-numbered year, the secretary of state shall provide to the chair and ranking minority members of the legislative committees with jurisdiction over elections a statistical report related to absentee voting in the most recent general election cycle. The statistics must be organized by county, and include:*

*(1) the number of absentee ballots transmitted to voters;*

*(2) the number of absentee ballots returned by voters;*

*(3) the number of absentee ballots that were rejected, categorized by the reason for rejection;*

*(4) the number of absentee ballots submitted pursuant to sections 203B.16 to 203B.27, along with the number of returned ballots that were accepted, rejected, and the reason for any rejections; and*

*(5) the number of absentee ballots that were not counted because the ballot return envelope was received after the deadlines provided in this chapter.*

## **Overview of Absentee Ballot Data for 2018**

This mandated report provides data on the number of absentee ballot envelopes, and therefore the enclosed ballots, that were accepted and rejected and the reasons for rejection. While this data is important, it is equally important to know how many eligible voters successfully cast ballots and how many did not. As such, this report provides both the number of rejected ballots by county as well as the number of voters whose absentee ballots were ultimately rejected and not counted. The data on voters only counts each voter once; a voter who had multiple ballots rejected is only counted in the category in which their latest ballot was rejected. If their last ballot was not rejected, but was received late, they are instead accounted for in the category "received late." This data reflects data entered into the system by county auditors and municipal clerks and relies on the accuracy of their data entry.

Please also note: In addition to the numbers on rejected and accepted absentee ballots, there were 834 voters who had their absentee ballot rejected and successfully voted at their polling place on election day.

## Key to Rejection Reasons

**Voter Name Not Match** – The name on the voter’s absentee ballot application did not match the name on the voter’s absentee ballot return envelope.

**Voter Address Not Match** – The address on the voter’s absentee ballot application did not match the address on the voter’s absentee ballot return envelope.

**No Voter Signature** – The voter did not sign the certificate printed on the absentee ballot return envelope.

**Numbers & Signature Not Match** – When compared to the voter’s absentee ballot application, neither the voter’s identification numbers nor the voter’s signature provided on the absentee ballot return envelope matched. This could also occur when a voter provided one number on their online application (DL vs. SSN), but provided a different number on their return materials.

**Voter Reg App Not Included** – The voter was not already registered at this address and failed to include a voter registration application in the absentee ballot return envelope.

**Voter Reg App Return Separate** – The voter was not already registered at this address and failed to include a voter registration application in the absentee ballot return envelope. It was returned separately, but less than 21 days before the election -- after the deadline for preregistering to vote.

**Voter Reg App Not Signed** – The voter was not already registered at this address and did enclose a voter registration application, but failed to sign it.

**Voter Reg App Deficient** – The voter was not already registered at this address and did enclose a voter registration application, but failed to include other required information.

**No Witness Signature** – The voter’s witness did not sign the certification on the absentee ballot envelope.

**No Witness Address, Title or Stamp** – The voter’s witness did not provide a Minnesota address, their title indicating that they are an official authorized to give oaths, or a notary stamp on the absentee ballot envelope.

**Witness Not Mark Proof** – The voter was not already registered at this address and was therefore required to show proof of residence to the witness. The witness did not indicate on the absentee ballot return envelope which proof of residence the voter provided.

**Already Voted** – The voter already had another absentee ballot accepted and counted or already voted in-person in the polling place.
