

OFFICE OF THE MINNESOTA SECRETARY OF STATE

Steve Simon

2019 Legislative Report on Election Equipment Grant Account Awards

COST OF REPORT PREPARATION

Estimated costs to prepare the report are provided in accordance with Minnesota Statutes, section 3.197. The total cost for the Office of the Secretary of State to prepare this report was approximately \$845. These costs are exclusively staff time needed to prepare and gather data for the written report.

Background

In 2017, the legislature authorized \$7 Million in grant funding available to counties, cities, towns, and school districts to assist with the purchase of voting equipment. The legislature authorized use of these funds to offset up to 50% of the cost of optical scan precinct counters, optical scan central counters, or assisted voting devices; or up to 75% of the cost of electronic rosters. See Minn. Laws. 2017, 1st Spec. Sess., Chap. 4, Art. 3 § 17. This report summarizes the grant awards made to local jurisdictions in accordance with the enabling legislation, "including the jurisdiction, the amount of the grant, and the type of equipment purchased." *Id.*

Overview of Election Equipment Grant Account Awards

The Office of the Minnesota Secretary of State made grant applications available starting on September 6, 2017. Applications were due to the Office of the Minnesota Secretary of State by 4 p.m. on December 15, 2017. At the close of the grant application period, ***the Office of the Minnesota Secretary of State received grant applications from 85 counties and 17 municipalities, for a total request of over \$13.3 million in grant matching funds.*** Of these jurisdictions, 97 requested \$8,199,605.78 in matching funds for electronic rosters and 59 requested \$5,097,051.17 in matching funds for optical scan precinct counters, optical scan central counters, or assisted voting devices.

Between December 15, 2017 and January 19, 2018, the Office of Secretary of State reviewed applications for completeness and prepared grant contracts and grant award allocations. Because the amount of grant requests exceeded the amount of available grant funds, grant awards were pro-rated based on the number of precincts in the jurisdiction. There were a total of 102 grants awarded (85 counties and 17 municipalities). One municipality, Wuori Township, declined its grant award and three jurisdictions have not signed and returned their grant contract (Dodge County, Hennepin County, and the City of Buhl) and, therefore, have not yet received grant funds. Of those who received grant funds, the Secretary of State's office has received calendar-year 2018 reports from 97 or the 98 counties and municipalities at this time. The Office will file a supplemental legislative report when all grant reports have been filed with the Secretary of State's Office.

If there are questions on the materials submitted in this report or the status of a jurisdiction's grant award or contract, contact Julie Strother at 651-201-1342 or julie.strother@state.mn.us
