Legislative Charge

This report is consistent with the requirements of Minnesota Statutes, section 120B.35, subdivision 4, which states, “Consistent with the requirements of this section, beginning June 20, 2012, the commissioner must annually report to the public and the legislature best practices implemented in those schools that are identified as high performing under federal expectations.”

Statement

This year’s report was originally intended to complement the work of the state’s Results First team partnering with the Minnesota Department of Education to identify and share best practices. Due to delays in the work process caused by the state’s response to COVID-19, that work is not yet complete. Next year’s version of this report will build on the completed Results First work once it is available.
