Dear Legislative Reference Library Staff,

Pursuant to Minnesota Statute §14.05, subdivision 5, please consider this correspondence as the report on obsolete, unnecessary, and duplicative rules of the Minnesota Board of Animal Health (BAH), for the year 2020. An electronic version of this report is also being submitted to the Legislative Coordinating Commission at lcc@lcc.leg.mn.

Currently BAH has no obsolete, unnecessary, or duplicative rules. In its 2019 report, BAH reported that the legislature had amended a BAH statute in 2019 which required BAH to amend its related rules. To update you, BAH has initiated the rulemaking process in order to amend these rules and incorporate statutory changes.

Sincerely,

Beth S. Thompson, JD, DVM
Executive Director and State Veterinarian
