SUMMER GODDESS WALLEYE

Firelake Grill House and Cocktail Bar with Red Lake Nation Fishery

Yield: 4 servings

4 boneless walleye fillets

Green goddess dressing (page 13)

Garlic herb breadcrumbs (page 13)

1 T olive oil

1 small fennel bulb, cored and julienned,
reserve a few fronds for garnish

8 ounces baby green beans, trimmed and blanched

4-5 radishes, cut in half and then quartered

1 T lemon garlic butter (page 13)

Salt and black pepper, to taste

1 lemon, cut into wedges

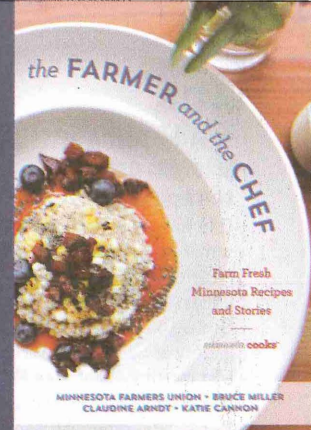

Preheat oven to 425°F.

Spread top of each walleye fillet with about 2 tablespoons green goddess dressing. Cover with herb breadcrumb mix. Place fish on a parchment-lined baking dish, breadcrumb side up, and bake until herb crumbs turn a light golden brown, about 8-10 minutes.

While walleye is cooking, heat a sauté pan over medium heat. When pan is hot, add olive oil and fennel, and sauté until fennel is crisp tender. Add green beans and radishes. Sauté until beans are heated through and radishes have started to soften. Finish with lemon garlic butter; toss to coat. Season with sea salt and black pepper. Divide vegetables onto four plates, then arrange fish on vegetables. Serve with a ramekin of green goddess salad dressing and lemon wedge.

For dressing, breadcrumb, and lemon garlic butter recipes, see page 13.

The Minnesota Grown Program is proud to be a significant funding partner for The Farmer and the Chef cookbook from Minnesota Farmers Union, arriving July 2020 (ISBN: 9781493046584 • \$27.95). MAPLE COFFEE BEAN PARFAIT WITH PUMPKIN BAR

Spanky's Stone Hearth in partnership with Aquila Maple Syrup

Yields: 12 6-oz servings

For parfait:

16 egg yolks	1 c heavy cream
2 c sugar	2 oz confectioner's sugar
16 oz coffee	chocolate covered coffee beans
6 oz maple syrup	pinch of cocoa

In a medium saucepan, bring 16 ounces of coffee to a simmer and reduce by $\frac{1}{2}$ so you end up with 8 ounces of concentrated coffee. Add sugar and boil for about 5 minutes until the sugar dissolves. Cool coffee and sugar mixture to room temp. Place egg yolks in a bowl. Make a double boiler by adding approximately 1 inch of water to the bottom of a sauce pan and place a heat-proof bowl on top, making sure the water does not touch the bottom of the bowl. Place egg yolks and cooled coffee mixture into the heat-proof bowl and whisk the mixture together for 7-10 minutes until it thickens and a custard forms. Remove from heat and place in an ice bath, stirring occasionally.

Using a whisk, hand held beater, or a stand mixer, make whipped cream by whipping the heavy cream with the confectioner's sugar until loose peaks form. Remove cooled custard from the ice bath and stir in pure maple syrup. Combine, folding the whipped cream into the custard gently so as not to deflate the whipped cream. Pour into martini glasses and freeze for 8 hours.

For bars:

$\frac{1}{2}$ c vegetable oil	$\frac{1}{2}$ t baking soda	1 c flour
2 eggs	pinch of salt	$\frac{1}{2}$ oz banana liqueur
1 c sugar	1 t baking powder	$\frac{1}{2}$ t allspice
15 oz pumpkin puree	1 t cinnamon	

Preheat oven to 350°F. In a mixing bowl, cream oil, eggs, and sugar together. Add remaining ingredients and mix. Pour batter into two 9" round cake pans. Bake for approximately 20 minutes. Cool completely. Frost with cream cheese frosting.

For frosting:

2 oz cream cheese	1 c confectioner's	$\frac{1}{2}$ t milk
3 T butter, softened	sugar	$\frac{1}{2}$ t vanilla

Cream together frosting ingredients in a mixing bowl. Spread onto pumpkin bars.

When ready to serve, cut bars into desired size and shape and arrange on top of parfait. Embellish with coffee beans and a pinch of cocoa.

Presentation suggestions: Consider sprinkling granular sugar on top of the frosting and torching it to create a crème brûlée look.

HOTDISH & GRILLED WRAPS

Continued from Chicken Noodle Hotdish recipe on page 83.

To prepare hotdish:

Cook cavatappi pasta for about 3 minutes; cool completely under cold water until ready to add to cream sauce.

In a sauté pan over medium heat, melt butter and add onion and garlic. Add celery, carrots, sweet red peppers, and 2 cups of reserved chicken broth from above. Bring to a soft boil until celery and carrots start to soften.

Reduce heat and add heavy cream, cream cheese, and Parmesan cheese, whisking constantly as you add so the mixture doesn't curdle. Add cornstarch; continue to whisk on medium heat until mixture thickens and comes back to a simmer (be sure to whisk constantly and keep heat on medium-low so as not to scorch the bottom of the pan and ruin the flavor). Once thickened, remove from the heat and add prepared pesto sauce and stir to combine.

In a deep 9 x13 pan add cream sauce mixture, cold cooked noodles, peas, and cooked chicken. Cover with foil and bake at 400°F for approximately 30-45 minutes. Taste for seasoning; season with salt and pepper, if necessary.

To prepare wraps:

Put approximately 1 cup cooked hotdish inside each tortilla; roll up like a burrito. Place burrito in a cast iron or non-stick pan with the seam of the burrito down. Cook, pressing with a heat proof spatula, until one side of the tortilla is a golden brown color then flip, and brown the other side. Cut burritos in half diagonally and serve with a side, such as a fresh salad.

MOROCCAN SPICED LAMB WITH QUINOA TABBOULEH

Blue Heron Coffeehouse in partnership with O'Neill Family Farm

For lamb:

2 lb boneless lamb shoulder, trimmed of fat (about 1½ lb)	1 c chicken stock	1 t ground cinnamon
1 t ground turmeric	8 threads Spanish saffron, crushed	½ t freshly ground pepper
1 t ground ginger	16 fresh cilantro sprigs, bundled with a cotton string	cilantro sprigs, for garnish
1¼ t salt	1 c dried, pitted apricots	
3 T olive oil	½ c golden raisins	
1½ c diced onions	1 onion, halved and thinly sliced	
3 large garlic cloves, minced	2 T honey	

Cut lamb into 1½-inch cubes; place in a medium-sized bowl. Season lamb with turmeric, ginger, and ½ teaspoon salt.

Heat 2 tablespoons of olive oil in a Dutch oven over high heat until oil is hot but not smoking. In small batches, add single layers of lamb cubes to the pot, browning them on all sides but not cooking them through, approximately 2-3 minutes. Removed browned lamb from the pot and set aside, continuing until all lamb has been browned.

Reduce heat to medium high and add 1 additional tablespoon of oil to the pot. Add diced onions and garlic and cook for one minute. Add browned lamb back into the pot, including any juices. Cook, scraping the bottom of the pot to release brown bits, 3-4 minutes. Add chicken broth, saffron, and cilantro bundle; bring mixture to a boil.

Reduce heat to medium-low and simmer, covered, for 1½ hours, or until meat is tender.

Pour 1 cup boiling water over apricots and raisins and let sit for 20 minutes. Strain and set aside.

Using slotted spoon, remove meat, place on clean plate, and keep warm. Bring remaining liquid in pan to a simmer. Add sliced onions, apricots, raisins, honey, cinnamon, ground pepper, and ¾ teaspoon salt. Return liquid to a simmer and cook 6-8 minutes, or until mixture is slightly thickened. Add cooked lamb back into sauce and heat through, about 2 minutes. Garnish with fresh cilantro sprigs. Serve with Quinoa Tabbouleh and yogurt (optional).

For Quinoa Tabbouleh recipe, see page 95.

CSA FARMS

community supported agriculture

Community Supported Agriculture (CSA) farms are a popular way to buy fresh, local food. Customers pay before the season starts and then receive a weekly “share” of produce during the growing season. The amount of food in and price of a “share” will vary depending on size. Some farmers have customers pick-up their share at the farm and some have other designated sites where you can pick-up your share.

CSAs begin selling memberships to their farm in late winter/early spring, before planting begins. Since CSA farms come in many different styles, spend time researching which is the right fit for you. Know that CSA membership involves sharing risks and reward with your farmer. During any year, some crops will be bountiful and others may struggle or fail.

Use this list to find a CSA farm near you!

APPLE ORCHARDS

Some of the world's best apples- from Honeycrisp to First Kiss- were developed in Minnesota. You can buy local apples well before Labor Day, starting as early as late July for some varieties! First Kiss ripens around mid-August, Zestar! around late-August, and Honeycrisp in mid-September. Learn more about Minnesota apples at mnhardy.umn.edu/varieties/fruit/apples.

Find your closest apple orchard from the list below, and contact them to learn about their apple varieties and when they'll be ripe.

minnesota WINERIES

Visiting a Minnesota winery is part of the perfect day trip, weekend getaway or date-night. Some wineries also host weddings, birthday dinners, retirement parties and other events.

Much of the growth in Minnesota's wine industry is thanks to research at the University of Minnesota, which is recognized for having one of the top wine grape programs in the U.S. A few of the outstanding cold-hardy wine grapes they've developed include: Frontenac, Frontenac Gris, La Crescent & Marquette. To learn more about these grapes, visit www.grapes.umn.edu. To learn more about Minnesota's wine producers, visit the Minnesota Grape Growers at www.mngrapegrowers.com.

PUMPKIN patches

"Fall fun" in Minnesota means visiting the pumpkin patch! Enjoy the crisp fall air with your friends or family while picking pumpkins large and small. Many patches have "pick your own" fields so you can explore and search for your favorite while others have pre-picked pumpkins to browse instead.

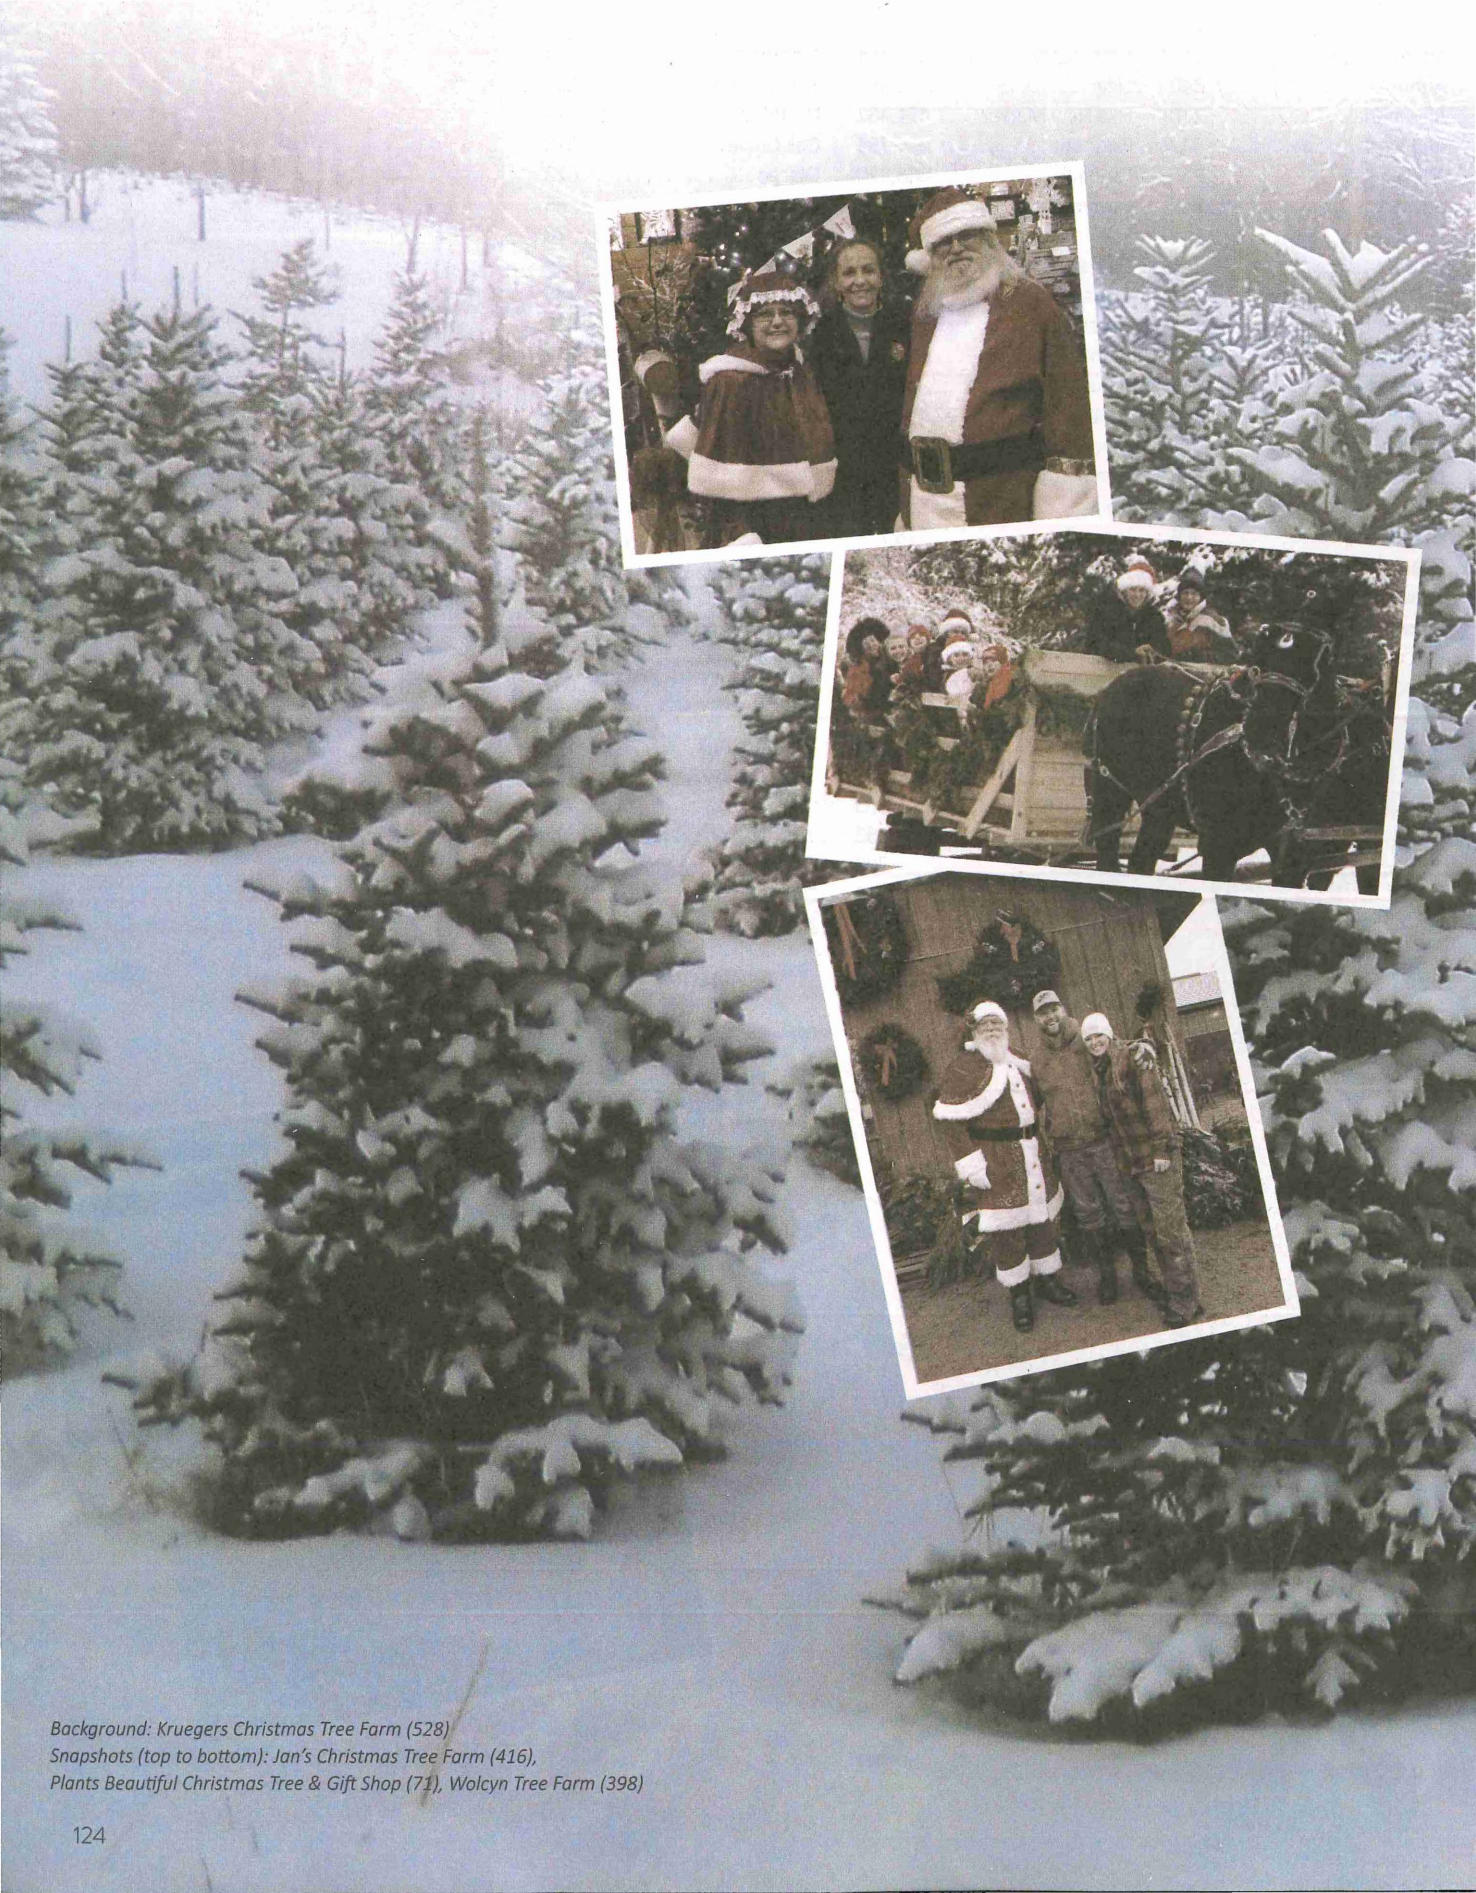

Cook, decorate, and make Jack-O-Lanterns from local pumpkins this year by finding your nearest pumpkin patch.

Christmas Tree FARMS

and grower-owned retail lots

Picking a real, locally grown Christmas tree is about more than just the tree - it's about the experience you have. Many farms provide a wonderful experience that everyone will remember for years to come. Enjoy the beauty of the trees and the crisp air as you look for your family's perfect tree. Some farms offer additional activities too, like wagon/sleigh rides, warm cider, and custom wreaths. Some farms are even visited by Santa!

Once you bring your special tree home, use these tips to keep your tree fresh: Always make a fresh cut. Remove at least a ½ inch thick portion from the bottom of the trunk before placing it in the stand to help your tree better absorb water. Use a stand that fits your tree. Avoid whittling the sides of the trunk to make it fit the stand. These outer layers of the trunk help the tree take-up and retain water. Keep the water level high. Trees typically drink a lot of water in the first few days and then slow their intake. Use a stand that can hold 1 quart (4 cups) of water per inch diameter of the tree trunk. Check the water level multiple times during the first days and at least once daily after that.
