Subject: Annual Report on Obsolete, Unnecessary, or Duplicative Rules, as Required by
Minnesota Statutes, Section 14.05, Subdivision 5.

Dear Governor Walz, Senators, Representatives, Legislative Coordinating Commission Director
Weber and Revisor Inman:

Minnesota Statutes, section 14.05, subdivision 5, states:

"By December 1 of each year, an agency must submit to the governor, the legislative coordinating
commission, the policy and funding committees and divisions with jurisdiction over the agency, the

revisor of statutes, a list of any rules or portions of rules that are obsolete, unnecessary or duplicative of other state or federal statutes or rules. The list must also include an explanation of why the rule or portion of the rule is obsolete, unnecessary or duplicative of other state or federal statutes or rules.

By December 1, the agency must either report a timetable for repeal of the rule or portion of the rule, or must develop a bill for submission to the appropriate policy committee to repeal the obsolete, unnecessary, or duplicative rule. Such a bill must include proposed authorization to use the expedited procedures of section 14.389 to repeal or amend the obsolete, unnecessary, or duplicative rule. A report submitted under this subdivision must be signed by the person in the agency who is responsible for identifying and initiating repeal of obsolete rules. The report also must identify the status of any rules identified in the prior year's report as obsolete, unnecessary, or duplicative. If none of an agency's rules are obsolete, unnecessary, or duplicative, an agency's December 1 report must state that conclusion."

The Board of Medical Practice has reviewed its rules and found that Minnesota Rules, parts 5610.0100; 5610.0200; and 5610.0300 are obsolete, unnecessary, or duplicative of other state or federal statutes or rules, specifically, Minnesota statute 319B. A bill has been drafted by the Office of the Revisor of Statutes to be presented during the 2022 legislative session.

If you have any questions regarding this report, please feel free to contact me.

Sincerely,

Ruth M. Martinez, MA, CMBE

Executive Director
