Teacher Mentorship & Retention of Effective Teachers Grant Program Narrative

The mentorship program at Stonebridge was focused on providing support to less experienced teachers and teachers new the district.

Mentors were assigned a group of teachers and weekly checked with the teachers to provide support. This year we were on distance learning until we started to bring students back on January 19, 2021.

Stonebridge teachers from the beginning of the year with distance learning were on site doing live instruction through their smart TV as well as teaching essential worker students in their classroom. This allowed mentors to go into classrooms and do walkthroughs to observe the lesson as well as join via zoom. In addition, this year teachers were able to have in person social distance coaching meetings with their mentor regularly. We found It was especially important this year for teachers to have the additional support and coaching mentors were offering with all the challenges distance learning and hybrid teaching presented to less experienced teachers.

Mentors met with the Academic Director to discuss the mentor/teacher coaching sessions and brainstorm increased ways to provide support and instructional strategies with the challenges that this year presented . Stonebridge was able to conduct the teacher evaluations as planned and reached the projected outcome with all teachers but one scoring 2.5 or above on their evaluations.

We know that the additional support a mentor offers less experienced teachers as well as teachers new the district is essential. At Stonebridge it has been instrumental in helping teachers continue to attain student growth, which has been reflected in the NWEA scores where over 50% of students are reaching their growth goal for the year.

Teacher Mentorship & Retention of Effective Teachers Grant Program Data

Please provide the total expected numbers and percentages of total participants for each of the following groups that your program will involve. Numbers may reflect teachers in multiple categories being counted more than once. Each category's percentage is of the total number of teachers being mentored under this grant.

Table 1: Total number of teachers new to the profession or district that received mentoring as a result of this grant.

Teachers Mentored Using Grant Funding	American Indian or Alaskan Native	Asian or Pacific Islander	Hispanic	Black	White	Other

Teacher Mentorship & Retention of Effective Teachers Grant Additional Reporting Requirements

Retention Strategies

Per Minn. Stat. § 122A.70, a school district that receives a grant must negotiate additional retention strategies for teachers who are of color or who are American Indian in their beginning years of employment, such as financial incentives for working in the school/district for at least five years or providing collegial support through teacher placement. Please describe the strategies your organization developed.

Stonebridge provides financial incentives to all teachers beginning in their fifth year. Stonebridge will provide an additional incentive to all teachers of color beginning in their fifth year. We are currently considering if we can provide an additional incentive each year to teachers of color.

Additional Funding

Please list any and all additional funding you used to support teacher mentorship and retention efforts. Specify if these funds were used to support teachers new to the profession or district, including teaching residents, teachers of color, teachers who are American Indian, teachers in license shortage areas, teachers with special needs, and/or experienced teachers in need of peer coaching.

General Education Funds are used to support retention efforts through incentives for teachers of color, teachers who are American Indian, teachers in license shortage areas.
