**Subject:** Pretrial Diversion Report

Below is the information for the Scott County Attorney's Office adult pretrial diversion program numbers for 2023 pursuant to Minn. Stat. §401.065, Subd. 4:

36 current participants.

15 participants entered program in 2023.

14 participants successfully completed program in 2023.

6 participants were terminated from the program for failure to pay (typically restitution) in 2023.

This program has been beneficial to allow low-level, non-violent/person offenders to remain out of the court system, while also making victims whole with payment of restitution as part of the diversion contract.
