

DEPARTMENT: Public Service

Office Memorandum

DATE: November 23, 1993

TO: Marilyn Cathcart
Director, Legislative Reference Library

FROM: Karen Santori 
Supervisor, Regulatory Information and Library Services

PHONE: 296-0391

SUBJECT: **Prairie Island Record**

The Department has prepared a copy of the record in the Prairie Island case to be available for use in the Legislative Reference Library.

The case is organized into the following sections.

ITEMS are letters and documents submitted throughout the case and listed by date on an index.

TRANSCRIPTS are the bound record of the actual proceeding, as provided by a court reporter. We are not able to make additional copies of the transcripts. Due to copyright laws, additional copies must be ordered through the court reporter at considerable expense.

EXHIBITS are documents presented to the Administrative Law Judge in the hearing and entered into evidence.

INFORMATION REQUESTS are not an official part of the record, but are enclosed because they represent much of the background information gathered.

PUBLIC COMMENT are letters written on the matter to the Commission from the general public. These letters are not provided at this time due to the difficulty in making copies. The letters, contained in 10 2-inch file folders, are often handwritten comments on various sizes of paper. We will attempt to provide copies of these letters if requested.

PROPRIETARY INFORMATION includes documents that are part of the record, but not provided here due to the data privacy laws. Authorization to review proprietary documents must be provided by the source of the information.

If you have a question about a specific document or the organization of the case, please feel free to give me a call.
