SUMMARY OF 2000 BUSINESS ASSISTANCE FORMS SUBMITTED BY STATE AND LOCAL GOVERNMENT AGENCIES

Introduction - Overview of the Business Subsidy Law

In 1999, the Minnesota Legislature adopted new regulations for granting business subsidies for state and local agencies authorized to provide business subsidies. Minnesota Statutes §116J.993 through 116J.995 (see Appendix A), regulate business subsidy agreements signed on or after August 1, 1999, and replaces Minnesota Statute §116J.991. Agencies and entities created or authorized to provide business subsidies were no longer subject to the reporting requirements for agreements signed under Minnesota Statute §116J.991, but now must still comply with agreements signed after August 1, 1999.¹

This report reflects only a five-month period of analysis and should not be interpreted as an accurate reflection of activity related to business subsidies and financial assistance. A longer time is needed to capture the dynamics of such activities and properly evaluate the results. Moreover, since the reporting and operating requirements of Minnesota Statutes §116J.993 through §116J.995 are different than those of the Minnesota Statute §116J.991, the data from the 1999 Business Assistance Report and previous reports should not be compared with this report.

The Statutes set forth a definition and explicitly exclude 18 types of assistance from the definition of business subsidies including all awards less than \$25,000. Many of these exclusions are defined as financial assistance by the law and must be reported if provided by an agency. Under the law, local government agencies in communities with a population of more than 2,500 and state government agencies with the authority to grant subsidies must submit a report to the Department of Trade and Economic Development (DTED), regardless of whether they have awarded business subsidies. Local government agencies in communities with a population of 2,500 or less are exempt from filing the Minnesota Business Assistance Form (MBAF), unless they have awarded a subsidy in the past five years. DTED is required to compile and publish the results of the reports of the previous calendar year by July 1 of each year.²

¹In May 2000, Minnesota Statutes §116J.993 through 116J.995 were amended by the Legislature and now explicitly exclude 22 types of assistance from the definition of business subsidies. In accordance with the law, business loans and loan guarantees of \$75,000 or less are excluded from the analysis in this report. In the future, DTED's report will reflect on the other amended provisions as set forth in the statute. Because the amended statute reinstated the requirements under Minnesota Statute §116J.991, certain business subsidy agreements signed between July 1, 1999 and July 31, 1999, must report as well until all goals are achieved (see Appendix B).

²Resource constraints prevented DTED from submitting this report by July 1, 2000.

Data Collection

To facilitate the collection of report information, DTED created the MBAF (see Appendix C). At the beginning of the 2000 calendar year, DTED directed government agencies to submit a completed MBAF for each business subsidy agreement signed between August 1, 1999, and December 31, 1999. DTED required that agencies submit forms based on the year the agreement was signed rather than when assistance was actually awarded, and report annually on each agreement until they submitted a MBAF documenting the achievement of all goals as outlined in the agreement for two years after the benefit date or until the goals are met, whichever is later as required by the law. Since the effective date of the legislation was August 1, 1999, government agencies were not required to complete a MBAF for agreements signed prior to that date.

The 2000 MBAF collected more detailed information about each business subsidy agreement compared to the 1999 MBAF, including;

- the type, public purpose, amount of subsidy, and type of district if the subsidy is TIF;
- the hourly wage of each job created with separate bands of wages;
- the sum of the hourly wages and cost of health insurance provided by the recipient;
- the date(s) by which job and wage goals will be met;
- a statement of goals identified in the agreement and an update on progress toward meeting them;
- the location of the recipient prior to receiving the business subsidy;
- information on why the recipient did not complete the project outlined in the subsidy agreement at its previous location, if previously at another site in Minnesota;
- the name and address of the parent corporation of the recipient, if any; and
- a list of all financial assistance by all grantors for the project (see Appendix C for the 2000 MBAF form).

To avoid requiring agencies to amend agreements reached prior to August 1, 1999, the information outlined in Minnesota Statute §116J.994, subdivision 7, is only required for agreements signed on or after August 1, 1999. Forms summarized in this report cover business subsidy agreements reached from August 1, 1999, through December 31, 1999 and submitted to DTED. Forms submitted by government agencies for eligible projects are available on the Department's website.

MBAF Distribution

In early 2000, DTED distributed the MBAF and a letter to 3,500 government (city, township, county and state) agency officials throughout Minnesota that may use public money to provide business subsidies. The department also distributed the MBAF to non-profit organizations, foundations and development corporations that may provide business assistance (see Table 1). The MBAF form was also posted on the department's website and the department also worked with the League of Minnesota Cities and the Economic Development Association of Minnesota to publicize and promote the law.

In addition to mailing the form and posting it on the department website, DTED also took several steps to notify government agencies of the need to file the 2000 MBAF. DTED made several presentations throughout the state and provided a fact sheet and a Frequently Asked Questions publication that detailed the provisions and requirements of the 1999 Business Subsidy law (see Appendices D and E). In April 2000, DTED also sent a letter to government agencies reminding them to submit a report because either they awarded business subsidies during the last five years or represented a population of more than 2,500 persons. The department also informed agencies that if the department did not receive a report by June 1, 2000, those agencies were prohibited from awarding any business subsidies until a report had been filed as required by the statute (see Appendix G).

Findings

Overview

Of the 494 state and local government agencies that were required to file either because of population size or previous business subsidy activity, 383 agencies submitted a 2000 MBAF form and 111 agencies did not submit a form (see Appendix H).³ There were also 3 agencies that submitted a 2000 MBAF but were not otherwise required to report (see Appendix I). DTED received a total of 425 forms from government agencies in 2000. Out of the 383 agencies who submitted a form, 44 government agencies reported on 65 eligible business subsidy agreements that were reached between August 1, 1999 and December 31, 1999. There were also 3 eligible

³The 494 state and local government agencies were identified through several means; state agencies, previous MBAFs submitted, population size and government bodies identified through organizational membership lists (e.g., Economic Development Association of Minnesota). Since a comprehensive list of agencies is not available, the actual number of required filers may be higher.

business subsidy agreements that were reported by agencies that were not otherwise required to report. The \$20.7 million of business assistance provided by these 68 agreements ranged from a \$27,800 land contribution agreement to a \$3.9 million TIF agreement (see Appendices L, N and O). One state agency also reported 3 eligible financial assistance agreements for pollution control and abatement for a totaled value of \$123,118 (see Appendix P).

MBAF forms that reported ineligible projects (e.g., assistance valued at less than \$25,000 or business loans and loan guarantees of \$75,000 or less, and subsidies awarded in agreements reached before August 1, 1999, or after December 31, 1999) were not analyzed and are not included in this summary.⁴ In addition, one form reporting a project that was scheduled to receive funding, but which was no longer funded, was also excluded from this analysis.

Data Limitations

The 2000 Business Assistance Report also does not provide comparisons with agreements signed prior to August 1, 1999, because it only analyzes those agreements reported in 2000 and the business subsidy reporting requirements have changed significantly from M.S. § 116J.991. Moreover, since this report provides data for only five months of activity, any conclusions on agency activity are premature.

DTED has developed a tracking system that is now in place to track the progress of agreements signed on and after August 1, 1999, in accordance with the statutory requirements outlined in M.S. § 116J.994, Subdivision 9. This system will enable the department to track current agreements and those entered into in the future.

Public Hearing and Adopted Criteria

According to the statute, business subsidies may not be granted until the grantor has held a public hearing and adopted criteria for awarding subsidies in compliance with M.S. § 116J.994. Grantors were also required to submit a copy of their adopted criteria policies to DTED. Of the 494 agencies that were required to submit a 2000 MBAF either because of population size or previous business subsidy activity, DTED received 383 reports. There were 111 agencies that did not submit a 2000 MBAF as required (see Appendix H). DTED also received 3 reports from agencies that submitted a 2000 MBAF but were not otherwise required to report (see Appendix I). Not included in this analysis were forms by government agencies that reported activity prior to and after the effective date of the statute and local government agencies with communities of less than 2,500 persons or those that had no prior activity for more than 5 years.

⁴DTED received more than 300 phone calls from agencies requesting information about the 2000 MBAF and business subsidy law as of July 26, 1999. DTED also contacted more than 50 agencies that completed forms with inconsistencies or incomplete information and modified the forms and data as necessary. The department in some instances, relied on logic and judgement in evaluating forms that were submitted by agencies with inconsistent data.

Of the 497 agencies that were required to submit a copy of their criteria in accordance with the statute because of population size, previous activity, or who submitted a 2000 MBAF but were not otherwise required to report, the distribution of the reports submitted by agencies are as follows:

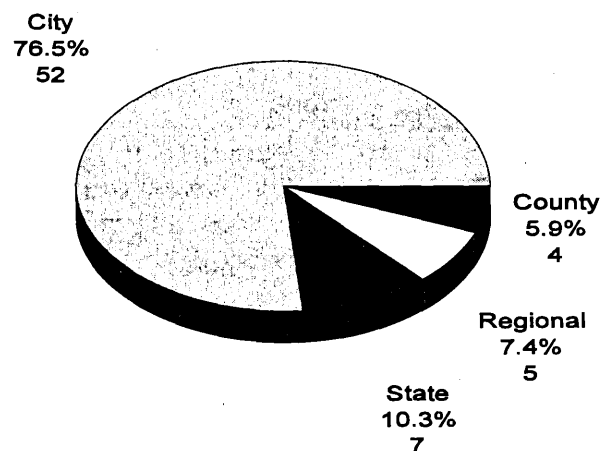

- 176 agencies or 35.4 percent reported holding a public hearing and adopting criteria in compliance with the statute;
- 297 agencies or 59.8 percent reported not holding a public hearing or adopting criteria;
- 7 agencies or 1.4 percent reported that they held a public hearing but have not yet adopted criteria;
- 10 agencies or 2.0 percent provided other explanations for not being in compliance with the statute during the period of 8/01/99 through 12/31/99; and,
- 7 agencies or 1.4 percent had missing data on the report.

In summary, 147 agencies or 29.6 percent submitted criteria in accordance with the statute and 350 agencies or 70.4 percent did not submit criteria (See Appendices J and K).

Distribution of Business Assistance by Government Agency

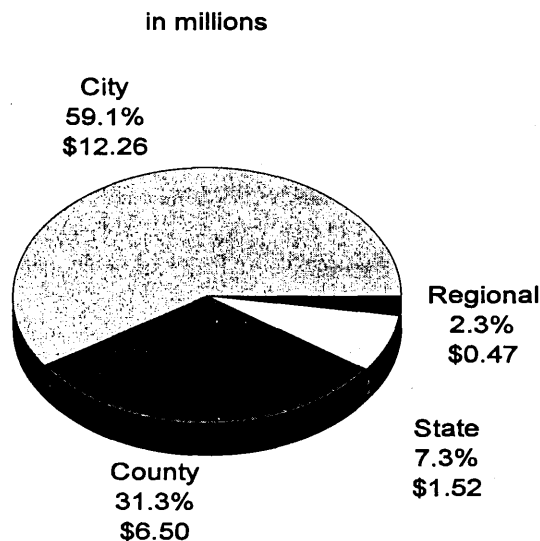

Cities accounted for most of the business subsidy agreements reported on in 2000. As Figure 1 shows, of the 68 business subsidy agreements reported in the 2000 MBAF, cities accounted for 52 agreements (76.5 percent), the state for 7 agreements (10.3 percent), regional agencies for 5 agreements (7.4 percent), and counties for 4 agreements (5.9 percent).

FIGURE 1
Distribution of Business Subsidy Agreements by Government Agency for
Agreements Reached Between August 1, 1999 and December 31, 1999

As Figure 2 indicates, the distribution of the value of business subsidies provided by agencies was somewhat different than the distribution of subsidy agreements. County agencies contributed significantly higher and the remaining types of agencies somewhat lower shares in terms of value. Of the \$20.7 million in business subsidies reported by the MBAF, city agencies provided about \$12.3 million (59.1 percent), state agencies, \$1.5 million (7.3 percent), counties agencies, \$6.5 million (31.3 percent), and regional agencies, \$470,000 (2.3 percent).

FIGURE 2
Distribution of Business Subsidy Agreements by Value for Agreements
Reached Between August 1, 1999 and December 31, 1999

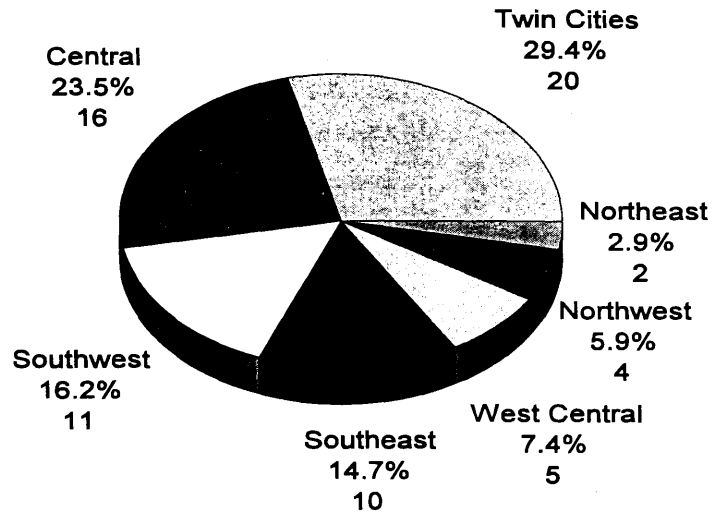

Distribution of Financial Assistance by Government Agency

One state agency accounted for all of the financial assistance activity reported on in 2000. The agency reported 3 eligible agreements which had a total value of \$123,118.

Regional Distribution of Business Subsidy Agreements

The Twin Cities region accounted for most of the business subsidy agreements reported on in 2000. As Figure 3 shows, of the 68 business subsidy agreements reported on the 2000 MBAF, the Twin Cities region accounted for 20 agreements (29.4 percent), Central for 16 agreements (23.5 percent), Southwest for 11 agreements (16.2 percent), Southeast 10 agreements (14.7 percent), West Central 5 agreements (7.4 percent), Northwest 4 agreements (5.9 percent), and Northeast 2 agreements (2.9 percent) (see Appendix F for county representation in DTED Economic Development Regions).

FIGURE 3
Regional Distribution of Business Subsidy Agreements Reached
Between August 1, 1999 and December 31, 1999

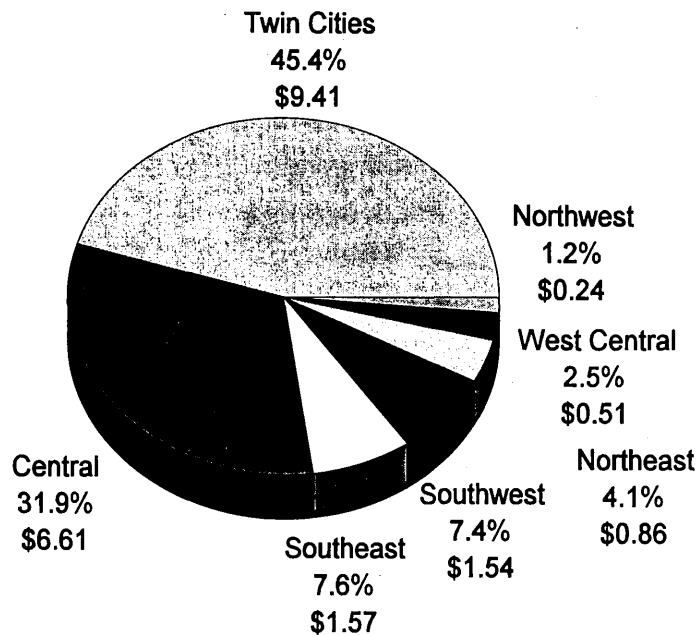

Regional Distribution of Business Subsidy Agreements by Value

Of the \$20.7 million in business subsidies reported in 2000 by government agencies, the Twin Cities region provided about \$9.41 million (45.4 percent), Central, \$6.61 million (31.9 percent), Southeast \$1.57 million (7.6 percent), Southwest \$1.54 million (7.4 percent), Northeast \$0.86 million (4.1 percent), West Central \$0.51 million (2.5 percent), and the Northwest \$0.24 million (1.2 percent) (see Figure 4).

FIGURE 4
Regional Distribution of Business Assistance Agreements by Value for Agreements
Reached Between August 1, 1999 and December 31, 1999

in millions

Regional Distribution of Financial Assistance Agreements

Of the 3 financial assistance agreements reported in 2000, the Twin Cities region accounted for two agreements that provided \$89,532 in assistance and the Southeast region reported one agreement of \$39,532. The total value of financial assistance awarded by government agencies was \$123,118.

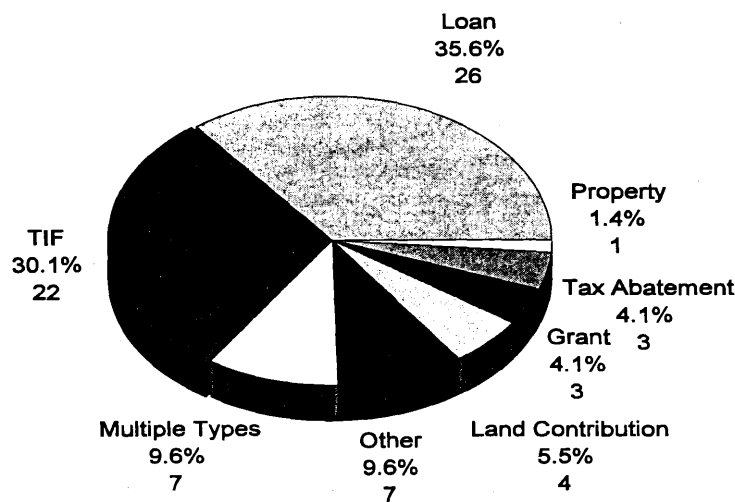

Type of Business Subsidies Provided

Of the \$20.7 million in subsidies reported in 2000 by state, county and local governments agencies, amounts ranged from a \$27,800 land contribution to a \$3,924,500 TIF agreement. The median value was \$122,500 for all agreements awarded.

Loans and TIF were the most common types of subsidies provided. Of the 68 business subsidy agreements reported by government agencies, there were 73 types of business subsidies reported because several agencies reported more than one type of assistance for each project. Those

agencies also separated out each type of subsidy by dollar amount. As Figure 5 shows, of the 73 types of business subsidies reported by government agencies, loans were involved in 26 agreements (35.6 percent), TIF was used in 22 agreements (30.1 percent), other types of subsidies, 7 agreements (9.6 percent)⁵, multiple types of subsidies, 7 agreements (9.6 percent), grants, 3 agreements (4.1 percent), land contribution, 4 agreements (5.5 percent), tax abatement, 3 agreements (4.1 percent), contribution of property, 1 agreement (1.4 percent). There was no activity reported by agencies concerning guarantees of payment or preferential land use.

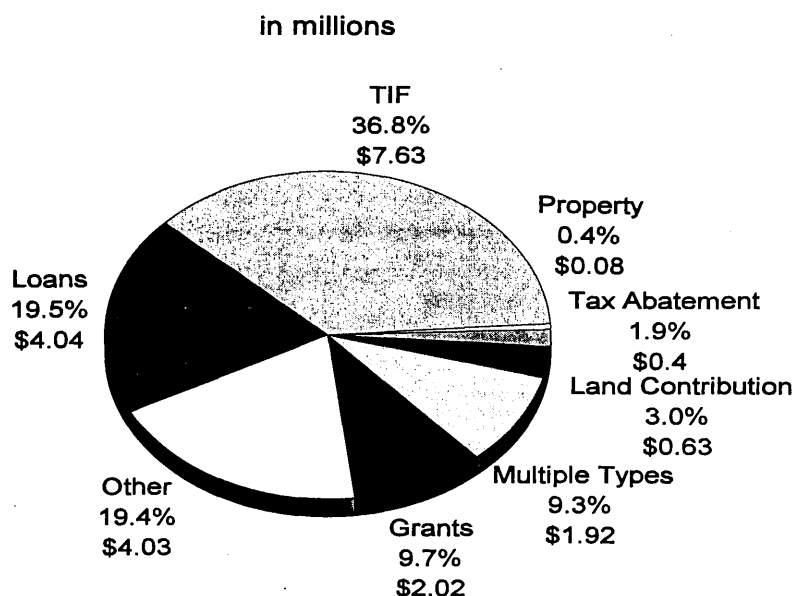

FIGURE 5
Distribution of Business Subsidy Agreements by Type for Agreements
Reached Between August 1, 1999 and December 31, 1999

In contrast to the distribution of agreements by type of subsidies, TIF accounted for the highest share, 36.8 percent (\$7.63 million) of the value reported business subsidies, exceeding loans, 19.5 percent (\$4.04 million), followed by other types of subsidies, 19.4 percent (\$4.03 million), grants, 9.7 percent (\$2.02 million), multiple types of subsidies, 9.2 percent (\$1.92 million), land contribution, 3.0 percent (\$0.63 million), tax abatement, 1.9 percent (\$0.4 million), and contribution of property, 0.4 percent (\$0.08 million) (see Figure 6).

⁵Other types of business subsidies include: clearance and redevelopment; reduction of trunk fees; Border City Development Zone; land write down; storm sewer connection grant; and tax-exempt financing.

FIGURE 6
Distribution of Business Subsidy Agreements by Value for Agreements
Reached Between August 1, 1999 and December 31, 1999

Type of Financial Assistance Provided

Of the \$123,118 in financial assistance reported in 2000 by a state agency, 100 percent (3 agreements) were for pollution control or abatement.

Type and Value of TIF District for Business Subsidy Agreements

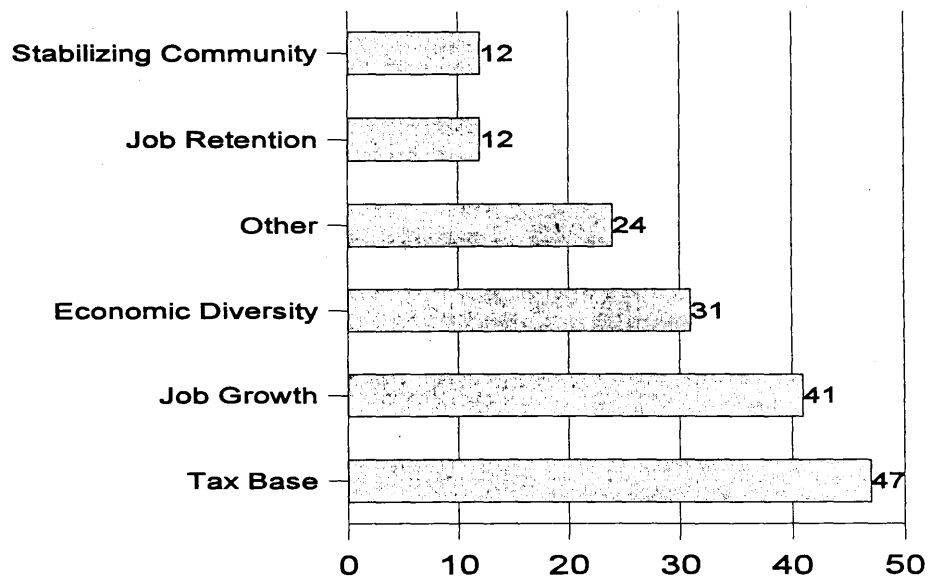

Of the 68 business subsidy agreements entered into by government agencies, 34 agreements included tax increment financing. Of the 34 agreements, 19 agreements (55.9 percent) were TIF redevelopment districts, and 15 agreements (44.1 percent) were TIF economic development districts.

Of the \$20.7 million in business subsidies provided by government agencies, \$13.9 million consisted of tax increment financing. TIF redevelopment, 83.5 percent (\$11.6 million), accounted for the largest share of TIF district types, followed by TIF economic development, 16.5 percent (2.3 million).

Public Purpose for Business Subsidy Agreements

Minnesota Statute §116J.994 requires that business subsidy and financial assistance agreements state a public purpose. Of the 68 business subsidy agreements entered into by government agencies, increasing the tax base, 47 agreements (69.1 percent)⁶, and job growth, 41 agreements (60.3 percent), accounted for the highest share of the type of public purpose reported by government agencies. Other types of public purpose included increasing economic diversity, 31 agreements (45.6 percent), other purposes⁷, 24 agreements (35.3 percent), and job retention and stabilizing the community which each accounted for 12 agreements (17.6 percent) (see Figure 7).

FIGURE 7
Distribution for Business Subsidies by Public Purpose for Agreements
Reached Between August 1, 1999 and December 31, 1999

Public Purpose for Financial Assistance Agreements

Of the 3 financial assistance agreements entered into by government agencies in 2000, environmental improvement accounted for the public purpose reported in each agreement.

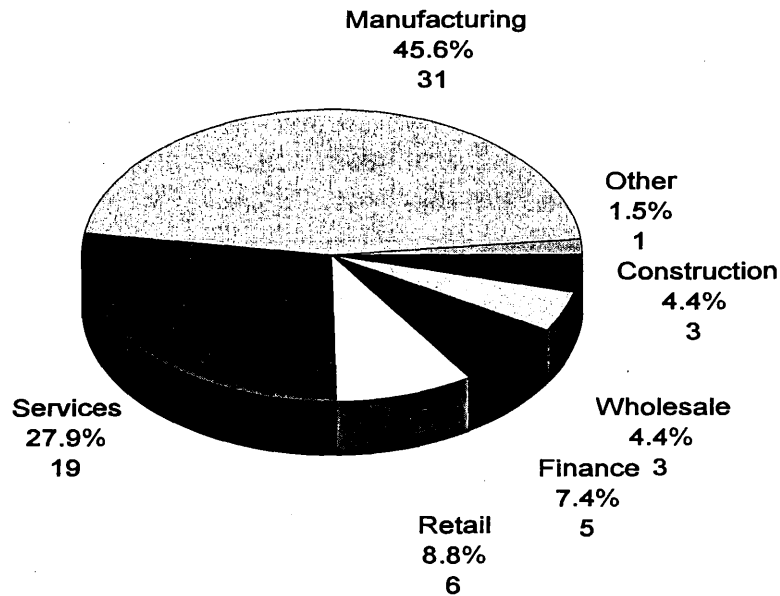

⁶Increasing the tax base was used by agencies in conjunction with other public purposes as outlined in the public purpose section of the report (see Appendices N, O, and P for more detailed public purpose information).

⁷Other types of public purpose indicated in 27 agreements included: encouraging high quality construction; leveraging private investment; increasing major infrastructure; eliminating blight; redevelopment; increasing tourism; retail; business growth; environmental improvements; improving social welfare services; and, improving medical services.

Industry Sector of Business Subsidy Agreements for Recipients

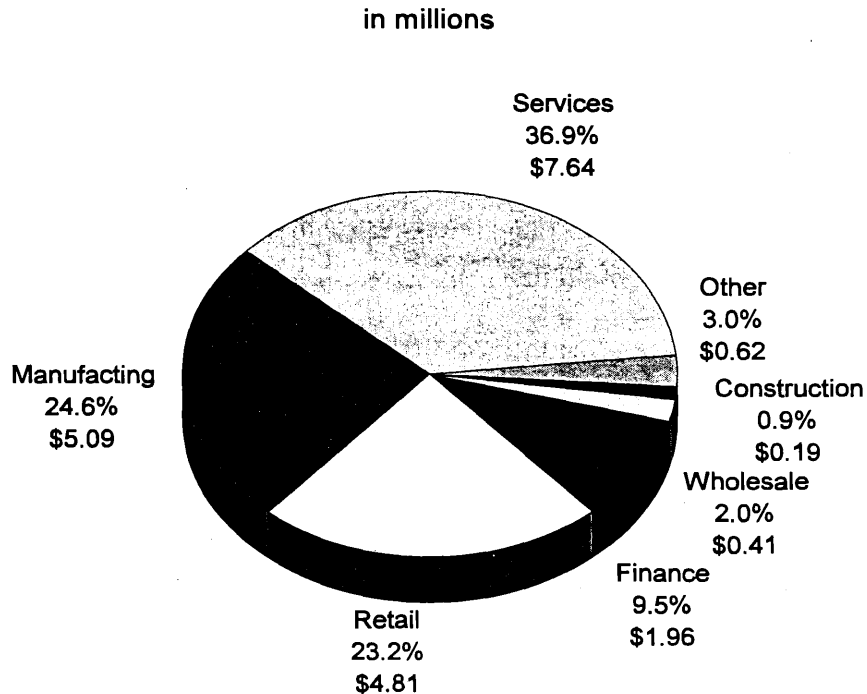

Of the 68 business subsidy agreements reported by government agencies in 2000, the manufacturing sector accounted for 31 agreements (45.6 percent), services, 19 agreements (27.9 percent), retail trade, 6 agreements (8.8 percent), finance, insurance, and real estate, 5 agreements (7.4 percent), wholesale trade, 3 agreements (4.4 percent), construction, 3 agreements (4.4 percent), and other, 1 agreement (1.5 percent) (see Figure 8).

FIGURE 8
Distribution of Business Subsidy Agreements by Industrial Sector for Agreements Reached Between August 1, 1999 and December 31, 1999

Of the \$20.7 million in business subsidies provided by government agencies, the services sector accounted for \$7.6 million (36.9 percent), manufacturing, \$5.1 million (24.6 percent), retail trade, \$4.8 million (23.2 percent), finance, insurance, and real estate, \$2.0 million (9.5 percent), other, \$0.6 million (3.0 percent), wholesale, \$0.4 million (2.0 percent), and construction, \$0.2 million (0.9 percent) (see Figure 9).

FIGURE 9
Distribution of Value for Industrial Sectors for Agreements Reached
Between August 1, 1999 and December 31, 1999

Establishment and Attainment of Goals Identified in the Agreement

The MBAF asked grantors to identify the type of goals the recipients were expected to achieve. Grantors were also required to indicate the progress toward these goals. This section provides general information on those issues. The discussion of specific job creation and wage goal levels for business subsidy agreements begins on page 14.

Specific Job and Wage Goals for Business Subsidy Agreements

Under the law, government agencies are required to include in agreements specific job and wage goals that must be attained within 2 years of the benefit date. Of the 68 eligible business agreements entered into by government agencies between August 1, 1999 and December 31, 1999, 89.7 percent or 61 agreements established specific job and wage goals, 5.9 percent or 4 agreements did not, and 4.4 percent or 3 agreements were missing data.

Of the 61 agreements that were reported by agencies that established specific job and wage goals, 8 percent or 5 agreements have attained specific job and wage goals; 67 percent or 41 agreements reported that the recipient had not attained specific job and wage goals; and 25 percent or 15 agreements were missing information. All agencies reported that recipients had more time to meet their job and wage goals.

Other Job Creation and Wage Goals for Business Subsidy Agreements

There were 6 agreements reported by agencies that established other job creation and wage goals. Of the 6 agreements reported by agencies as establishing other job creation and wage goals, 3 recipients attained their goals. All agencies reported that recipients had more time to meet their other job creation and wage goals.

Other Wage Goals for Business Subsidy Agreements

There were 2 agreements reported by agencies that established other wage goals. At this time, no agency has reported that a recipient has attained its goals. All agencies reported that recipients had more time to meet their other wage goals.

Goals Other than Wage and Job Goals for Business Subsidy Agreements

There were 8 agreements reported by agencies that established goals other than wage and job goals. Of the 8 agreements reported by agencies that established goals other than wage and job goals, 1 recipient attained its goals. All agencies reported that recipients had more time to meet their goals other than wage and job goals.

Goals for Financial Assistance Agreements

Of the 3 eligible financial assistance agreements reported by a government agency, no job and wage goals were established because the goal was to reduce consumption of hazardous solvents. The recipients have achieved all goals and fulfilled all obligations stipulated in the agreements.

Job Creation and Wage Goals for Business Subsidy Agreements

Under the law, the subsidy agreement, in addition to other goals, must include goals for the number of jobs created, which may include separate goals for the number of full-time or part-time part-time jobs, and wage goals for jobs created or retained.

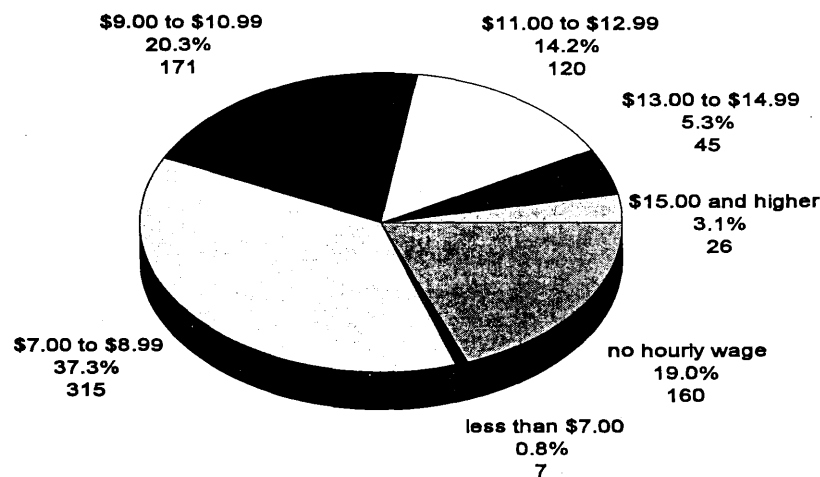

Full-time Job Creation and Wage Goals

Agencies reported full-time job creation and wage goals in 52 of the 68 business subsidy agreements. Those agencies reported a full-time creation goal of 844 jobs. The distribution of full-time job creation and wage goals are as follows:

- 3.1 percent or 26 jobs were expected to pay an hourly wage of \$15.00 or higher;
- 5.3 percent or 45 jobs between \$13.00 and \$14.99;
- 14.2 percent or 120 jobs between \$11.00 and \$12.99;
- 20.3 percent or 171 jobs between \$9.00 and \$10.99;
- 37.3 percent or 315 jobs between \$7.00 and \$8.99;
- 0.8 percent or 7 jobs at less than \$7.00; and,
- 19.0 percent or 160 jobs with no hourly wage level goal (see Figure 10).

Agencies reported a full-time hourly health insurance value in 16 business subsidy agreements for a total of 247 jobs with an average hourly value of \$2.07.

FIGURE 10
Distribution of Full-time Job Creation and Wage Goals for Agreements Reached
Between August 1, 1999 and December 31, 1999

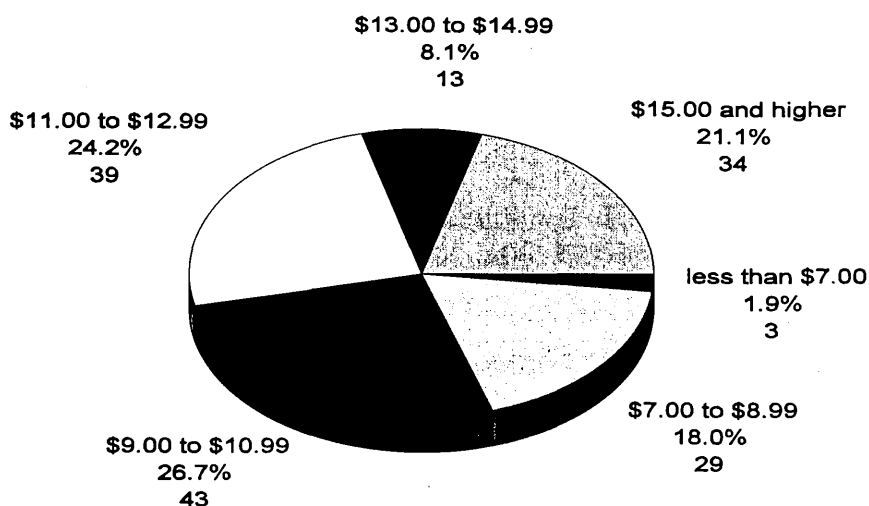

Actual Full-time Job Creation and Wages

Agencies reported actual full-time job creation and wage goals in 15 of the 68 business subsidy agreements. Agencies reported 161 actual full-time jobs created compared to a goal of 844 jobs. All agencies reported that recipients had more time to meet their job creation and wage goals. The distribution of actual full-time job creation and wage goals are as follows:

- 21.1 percent or 34 jobs are paying an hourly wage of \$15.00 or higher;
- 8.1 percent or 13 jobs between \$13.00 and \$14.99;
- 24.2 percent or 39 jobs between \$11.00 and \$12.99;
- 26.7 percent or 43 jobs between \$9.00 and \$10.99;
- 18.0 percent or 29 jobs between \$7.00 and \$8.99; and,
- 1.9 percent or 3 jobs at less than \$7.00 (see Figure 11).

Agencies reported actual full-time hourly health insurance value in 5 business assistance agreements for a total of 34 jobs with an actual average hourly value of \$2.09.

FIGURE 11
Distribution of Actual Full-time Job Creation and Wages for Agreements Reached
Between August 1, 1999 and December 31, 1999

Full-time Equivalent (FTE) Job Creation and Wage Goals

Some agreements called for job creation in terms of FTE. Agencies reported FTE job creation and wage goals in 11 agreements or 164 jobs.⁸ The distribution of full-time equivalent job creation and wage goals are as follows:

- 2.4 percent or 4 jobs were expected to pay an hourly wage of \$15.00 or higher;
- no jobs between \$13.00 and \$14.99;
- 3.7 percent or 6 jobs between \$11.00 and \$12.99;
- 5.5 percent or 9 jobs between \$9.00 and \$10.99;
- 25.6 percent or 42 jobs between \$7.00 and \$8.99;
- 50.6 percent or 83 jobs less than \$7.00; and,
- 12.2 percent or 20 jobs without an hourly wage level.

One agency reported full-time equivalent hourly health value in 1 business assistance agreement for a total of 8 jobs with an average hourly value of \$1.33.

⁸Numbers were rounded to the nearest whole number.

Actual Full-time Equivalent (FTE) Job Creation and Wages

Agencies reported actual full-time equivalent job creation and wage goals in 4 of the 68 business assistance agreements. Those agencies reported 32 actual full-time equivalent jobs created compared to a goal of 163 jobs. All agencies reported that recipients had more time to meet their job creation and wage goals. The distribution of actual FTE job creation and wage goals are as follows:

- 12.5 percent or 4 jobs were reported paying an hourly wage of \$15.00 or higher;
- no jobs between \$13.00 and \$14.99;
- 18.8 percent or 6 jobs between \$11.00 and \$12.99;
- no jobs between \$9.00 and \$10.99;
- 68.8 percent or 22 jobs between \$7.00 and \$8.99⁹; and,
- no jobs at less than \$7.00.

One agency reported an actual full-time equivalent hourly health value in 1 business assistance agreement for a total of 1 job with an average hourly value of \$1.33.

Part-time Job Creation and Wage Goals

Agencies reported part-time job creation and wage goals in 10 of the 68 business subsidy agreements. Those agencies reported a part-time creation goal of 78 jobs.¹⁰ The distribution of part-time job creation and wage goals are as follows:

- 1.3 percent or 1 job was expected to pay an hourly wage of \$15.00 or higher;
- 2.6 percent or 2 jobs at between \$13.00 and \$14.99;
- no jobs between \$11.00 and \$12.99;
- 3.8 percent or 3 jobs between \$9.00 and \$10.99;
- 24.4 percent or 19 jobs between \$7.00 and \$8.99;
- 67.9 percent or 53 jobs less than \$7.00; and,
- no jobs without an hourly wage level goal.

Agencies reported a part-time hourly health insurance value in 2 business subsidy agreements for a total of 8.5 jobs with an average hourly value of \$2.25.

⁹Percentages were more than 100 percent because of rounding.

¹⁰Numbers were rounded to the nearest whole number.

Actual Part-time Job Creation and Wages

Agencies reported actual part-time job creation and wage goals in 8 of the 68 business subsidy agreements. Agencies reported 66 actual part-time jobs created compared to a goal 78 jobs.¹¹ All agencies reported that recipients had more time to meet their job creation and wage goals. The distribution of actual part-time job creation and wage goals are as follows:

- no part-time jobs were reported paying an hourly wage between \$15.00 or \$13.00;
- 6.1 percent or 4 jobs between \$11.00 and \$12.99;
- 6.1 percent or 4 jobs between \$9.00 and \$10.99;
- 21.2 percent or 14 jobs between \$7.00 and \$8.99; and,
- 66.7 percent or 44 jobs at less than \$7.00.

One agency reported actual full-time hourly health insurance value in 1 business assistance agreement for a total of 1 job with an actual average hourly value of \$1.33.

Job Retention and Wage Goals

Agencies reported job retention and wage goals in 9 agreements or 230 jobs.¹² The distribution of job retention and wage goals are as follows:

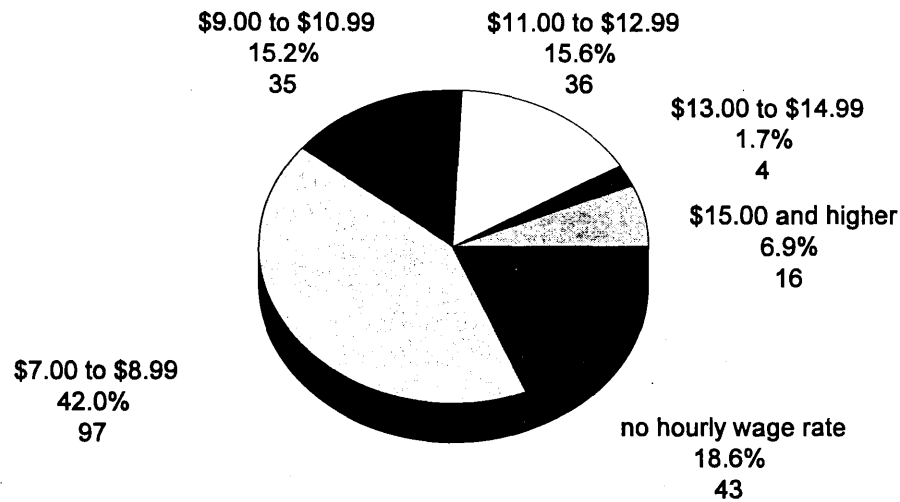

- 6.9 percent or 16 jobs were expected to pay an hourly wage of \$15.00 or higher;
- 1.7 percent or 4 jobs between \$13.00 and \$14.99;
- 15.6 percent or 36 jobs between \$11.00 and \$12.99;
- 15.2 percent or 35 jobs between \$9.00 and \$10.99;
- 42.0 percent or 97 jobs between \$7.00 and \$8.99;
- no jobs at less than \$7.00; and,
- 18.6 percent or 43 jobs with no hourly wage level (see Figure 12).

Four agencies reported an hourly value of health insurance for jobs retained in 4 business assistance agreements for a total of 127 jobs for an average hourly value of \$1.07.

¹¹Numbers were rounded to the nearest whole number.

¹²Numbers were rounded to the nearest whole number.

FIGURE 12
Distribution of Job Retention and Wage Goals for Agreements Reached
Between August 1, 1999 and December 31, 1999

Actual Job Retention and Wages

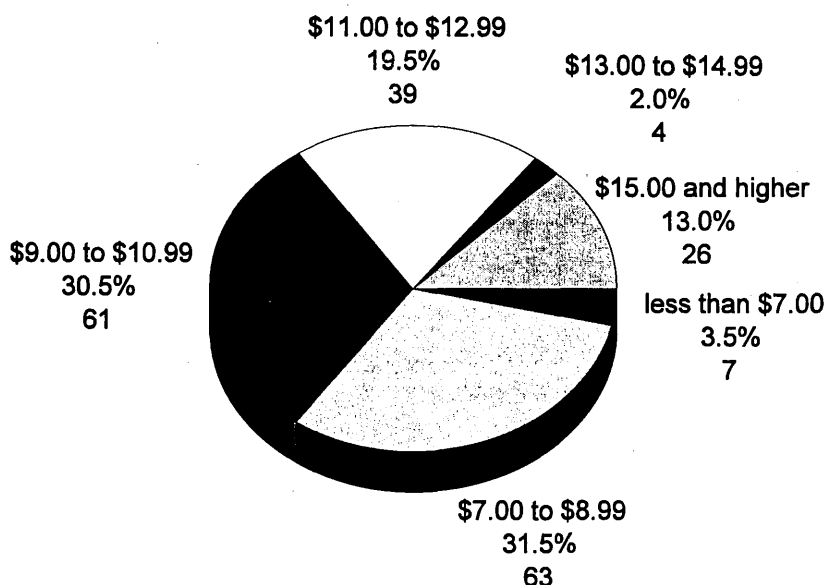

Agencies reported actual job retention and wage goals in 9 of the 68 business subsidy agreements. Those agencies reported 200 jobs retained compared to a goal of 230 jobs.¹³ All agencies reported that recipients had more time to meet their job creation and wage goals. The distribution of actual job retention and wage goals are as follows:

- 13.0 percent or 26 jobs were created paying an hourly wage of \$15.00 or higher;
- 2.0 percent or 4 jobs between \$13.00 and \$14.99;
- 19.5 percent or 39 jobs between \$11.00 and \$12.99;
- 30.5 percent or 61 jobs between \$9.00 and \$10.99;
- 31.5 percent or 63 jobs between \$7.00 and \$8.99; and,
- 3.5 percent or 7 jobs less than \$7.00 (see Figure 19).

Four agencies reported an actual hourly value of health insurance for jobs retained in 4 business subsidy agreements for a total of 106 jobs for an average hourly value of \$1.12.

¹³Numbers were rounded to the nearest whole number.

FIGURE 13
Distribution of Actual Job Retention and Wages for Agreements
Reached Between August 1, 1999 and December 31, 1999

Recipient's Achievement of Goals and Fulfillment of Obligations for Business Subsidies Awarded

Of the 68 business subsidy agreements entered into by government agencies between August 1, 1999 and December 31, 1999, agencies reported 9 agreements where recipients had achieved all goals and obligations stipulated in the agreements. The total value for those 9 agreements was \$3.96 million out of the \$20.7 million of business assistance provided between August 1, 1999 and December 31, 1999.

Recipient's Achievement of Goals and Fulfillment of Obligations for Financial Assistance Awarded

Of the 3 financial assistance agreements entered into by a government agency between August 1, 1999 and December 31, 1999, the agency reported that all 3 agreements entered into by each recipient had achieved all goals and obligations stipulated in the agreements. The total value of those 3 agreements was \$123,118.

Recipients Failing to Fulfill Obligations

Of the 425 eligible forms received by DTED from government agencies in 2000, 419 forms or 98.6 percent, reported that no recipient failed to report or had any recipient who failed to achieve goals or fulfill any other obligations under agreements signed on or after August 1, 1999, as required by Minnesota Statutes §116J.993 and §116J.994. Of the 425 forms received by DTED, only 6 forms or 1.4 percent, were missing information.

Of the 71 eligible business subsidy and financial assistance forms received by DTED from government agencies in 2000, no agency reported any recipient that failed to report or had any recipient who failed to achieve goals or fulfill any other obligations under agreements signed on or after August 1, 1999, as required by the law.

Administration of M.S. § 116J.993 through 116J.995

DTED has strived to improve compliance with M.S. § 116J.993 through 116J.995. In addition to the letters sent to agencies, Frequently Asked Questions publication and fact sheets, the department has responded to more than 300 phone calls and e-mails from government agencies and other interested parties regarding MBAF and made more than 50 calls to agencies to clarify inconsistent data on the form. The department also conducted more than 15 presentations on the business subsidy law to various groups and increased the information available via the Internet.

DTED has also worked to improve internal administration of the law. Since no funds were appropriated to administer the law, the department needed to reallocate internal resources and was able to hire staff to administer the business subsidy statute in September 2000. In addition, DTED has also created a database to improve management and analysis of submitted forms. The department estimates that over the coming year, hundreds of additional hours will be needed to improve the form, provide additional training and assistance to government officials and analyze additional information collected in the future.

APPENDIX A:

Minnesota Statutes 116J.993 - 116J.995 (1999 Law)

116J.993 DEFINITION.

Subdivision 1. **Scope.** For the purpose of sections 116J.993 to 116J.995, the terms defined in this section have the meanings given them.

Subd. 2. **Benefit date.** "Benefit date" means the date that the recipient receives the business subsidy. If the business subsidy involves the purchase, lease, or donation of physical equipment, then the benefit date begins when the recipient puts the equipment into service. If the business subsidy is for improvements to property, then the benefit date refers to the earliest date of either:

- (1) when the improvements are finished for the entire project; or
- (2) when a business occupies the property. If a business occupies the property and the subsidy grantor expects that other businesses will also occupy the same property, the grantor may assign a separate benefit date for each business when it first occupies the property.

Subd. 3. **Business subsidy.** "Business subsidy" or "subsidy" means a state or local government agency grant, contribution of personal property, real property, infrastructure, the principal amount of a loan at rates below those commercially available to the recipient, any reduction or deferral of any tax or any fee, any guarantee of any payment under any loan, lease, or other obligation, or any preferential use of government facilities given to a business.

The following forms of financial assistance are not a business subsidy:

- (1) a business subsidy of less than \$25,000;
- (2) assistance that is generally available to all businesses or to a general class of similar businesses, such as a line of business, size, location, or similar general criteria;
- (3) public improvements to buildings or lands owned by the state or local government that serve a public purpose and do not principally benefit a single business or defined group of businesses at the time that improvements are made;
- (4) redevelopment property polluted by contaminants as defined in section 116J.552, subdivision 3;
- (5) assistance provided for the sole purpose of renovating old or decaying building stock or bringing it up to code, provided that the assistance is equal to or less than 50 percent of the total cost;
- (6) assistance provided to organizations whose primary mission is to provide job readiness and training services if the sole purpose of the assistance is to provide those services;
- (7) assistance for housing;
- (8) assistance for pollution control or abatement;
- (9) assistance for energy conservation;
- (10) tax reductions resulting from conformity with federal tax law;
- (11) workers' compensation and unemployment compensation;
- (12) benefits derived from regulation;
- (13) indirect benefits derived from assistance to educational institutions;
- (14) funds from bonds allocated under chapter 474A;
- (15) assistance for a collaboration between a Minnesota higher education institution and a business;
- (16) assistance for a tax increment financing soils condition district as defined under section 469.174, subdivision 19;
- (17) redevelopment when the recipient's investment in the purchase of the site and in site preparation is 70 percent or more of the assessor's current year's estimated market value; and

(18) general changes in tax increment financing law and other general tax law changes of a principally technical nature.

Subd. 4. **Grantor.** "Grantor" means any state or local government agency with the authority to grant a business subsidy.

Subd. 5. **Local government agency.** "Local government agency" includes a statutory or home rule charter city, housing and redevelopment authority, town, county, port authority, economic development authority, community development agency, nonprofit entity created by a local government agency, or any other entity created by or authorized by a local government with authority to provide business subsidies.

Subd. 6. **Recipient.** "Recipient" means any for-profit or nonprofit business entity that receives a business subsidy. Only nonprofit entities with at least 100 full-time equivalent positions and with a ratio of highest to lowest paid employee, that exceeds ten to one, determined on the basis of full-time equivalent positions, are included in this definition.

Subd. 7. **State government agency.** "State government agency" means any state agency that has the authority to award business subsidies.

History: 1999 c 243 art 12 s 1

116J.994 REGULATING LOCAL AND STATE BUSINESS SUBSIDIES.

Subdivision 1. **Public purpose.** A business subsidy must meet a public purpose other than increasing the tax base. Job retention may only be used as a public purpose in cases where job loss is imminent and demonstrable.

Subd. 2. **Developing a set of criteria.** A business subsidy may not be granted until the grantor has adopted criteria after a public hearing for awarding business subsidies that comply with this section. The criteria must include a policy regarding the wages to be paid for the jobs created. The commissioner of trade and economic development may assist local government agencies in developing criteria.

Subd. 3. **Subsidy agreement.** (a) A recipient must enter into a subsidy agreement with the grantor of the subsidy that includes:

- (1) a description of the subsidy, including the amount and type of subsidy, and type of district if the subsidy is tax increment financing;
- (2) a statement of the public purposes for the subsidy;
- (3) goals for the subsidy;
- (4) a description of the financial obligation of the recipient if the goals are not met;
- (5) a statement of why the subsidy is needed;
- (6) a commitment to continue operations at the site where the subsidy is used for at least five years after the benefit date;
- (7) the name and address of the parent corporation of the recipient, if any; and
- (8) a list of all financial assistance by all grantors for the project.

(b) Business subsidies in the form of grants must be structured as forgivable loans. If a business subsidy is not structured as a forgivable loan, the agreement must state the fair market value of the subsidy to the recipient, including the value of conveying property at less than a fair market price, or other in-kind benefits to the recipient.

(c) If a business subsidy benefits more than one recipient, the grantor must assign a proportion of the business subsidy to each recipient that signs a subsidy agreement. The proportion assessed to each recipient must reflect a reasonable estimate of the recipient's share of the total benefits of the project.

(d) The state or local government agency and the recipient must both sign the subsidy agreement and, if the grantor is a local government agency, the agreement must be approved by the local elected governing body, except for the St. Paul Port Authority and a seaway port authority.

Subd. 4. **Wage and job goals.** The subsidy agreement, in addition to any other goals, must include: (1) goals for the number of jobs created, which may include separate goals for the number of part-time or full-time jobs, or, in cases where job loss is imminent and demonstrable, goals for the number of jobs retained; and (2) wage goals for the jobs created or retained.

In addition to other specific goal time frames, the wage and job goals must contain specific goals to be attained within two years of the benefit date.

Subd. 5. **Public notice and hearing.** (a) Before granting a business subsidy that exceeds \$500,000 for a state government grantor and \$100,000 for a local government grantor, the grantor must provide public notice and a hearing on the subsidy. A public hearing and notice under this subdivision is not required if a hearing and notice on the subsidy is otherwise required by law.

(b) Public notice of a proposed business subsidy under this subdivision by a state government grantor must be published in the State Register. Public notice of a proposed business subsidy under this subdivision by a local government grantor must be published in a local newspaper of general circulation. The public notice must identify the location at which information about the business subsidy, including a copy of the subsidy agreement, is available. Published notice should be sufficiently conspicuous in size and placement to distinguish the notice from the surrounding text. The grantor must make the information available in printed paper copies and, if possible, on the Internet. The government agency must provide at least a ten-day notice for the public hearing.

(c) The public notice must include the date, time, and place of the hearing.

(d) The public hearing by a state government grantor must be held in St. Paul.

Subd. 6. **Failure to meet goals.** The subsidy agreement must specify the recipient's obligation if the recipient does not fulfill the agreement. At a minimum, the agreement must require a recipient failing to meet subsidy agreement goals to pay back the assistance plus interest to the grantor provided that repayment may be prorated to reflect partial fulfillment of goals. The interest rate must be set at the implicit price deflator defined under section 275.70, subdivision 2. The grantor, after a public hearing, may extend for up to one year the period for meeting the goals provided in a subsidy agreement.

A recipient that fails to meet the terms of a subsidy agreement may not receive a business subsidy from any grantor for a period of five years from the date of failure or until a recipient satisfies its repayment obligation under this subdivision, whichever occurs first.

Before a grantor signs a business subsidy agreement, the grantor must check with the compilation and summary report required by this section to determine if the recipient is eligible to receive a business subsidy.

Subd. 7. **Reports by recipients to grantors.** (a) A business subsidy grantor must monitor the progress by the recipient in achieving agreement goals.

(b) A recipient must provide information regarding goals and results for two years after the benefit date or until the goals are met, whichever is later. If the goals are not met, the recipient must continue to provide information on the subsidy until the subsidy is repaid. The information must be filed on forms developed by the commissioner in cooperation with representatives of local government. Copies of the completed forms must be sent to the commissioner and the local government agency that provided the business subsidy. The report must include:

- (1) the type, public purpose, and amount of subsidies and type of district, if the subsidy is tax increment financing;
- (2) the hourly wage of each job created with separate bands of wages;
- (3) the sum of the hourly wages and cost of health insurance provided by the employer with separate bands of wages;
- (4) the date the job and wage goals will be reached;
- (5) a statement of goals identified in the subsidy agreement and an update on achievement of those goals;
- (6) the location of the recipient prior to receiving the business subsidy;
- (7) why the recipient did not complete the project outlined in the subsidy agreement at their previous location, if the recipient was previously located at another site in Minnesota;
- (8) the name and address of the parent corporation of the recipient, if any;
- (9) a list of all financial assistance by all grantors for the project; and
- (10) other information the commissioner may request.

A report must be filed no later than March 1 of each year for the previous year and within 30 days after the deadline for meeting the job and wage goals.

(c) Financial assistance that is excluded from the definition of "business subsidy" by section 116J.993, subdivision 3, clauses (4), (5), (8), and (16) is subject to the reporting requirements of this subdivision, except that the report of the recipient must include:

- (1) the type, public purpose, and amount of the financial assistance, and type of district if the subsidy is tax increment financing;
- (2) progress towards meeting goals stated in the subsidy agreement and the public purpose of the assistance;
- (3) the hourly wage of each job created with separate bands of wages;
- (4) the sum of the hourly wages and cost of health insurance provided by the employer with separate bands of wages;
- (5) the location of the recipient prior to receiving the assistance; and
- (6) other information the grantor requests.

(d) If the recipient does not submit its report, the local government agency must mail the recipient a warning within one week of the required filing date. If, after 14 days of the postmarked date of the warning, the recipient fails to provide a report, the recipient must pay to the grantor a penalty of \$100 for each subsequent day until the report is filed. The maximum penalty shall not exceed \$1,000.

Subd. 8. Reports by grantors. (a) Local government agencies of a local government with a population of more than 2,500 and state government agencies, regardless of whether or not they have awarded any business subsidies, must file a report by April 1 of each year with the commissioner. Local government agencies of a local government with a population of 2,500 or less are exempt from filing this report if they have not awarded a business subsidy in the past five years. The local government agency must include a list of recipients that did not complete the

report and of recipients that have not met their job and wage goals within two years and the steps being taken to bring them into compliance or to recoup the subsidy.

If the commissioner has not received the report by April 1 from an entity required to report, the commissioner shall issue a warning to the government agency. If the commissioner has still not received the report by June 1 of that same year from an entity required to report, then that government agency may not award any business subsidies until the report has been filed.

(b) The commissioner of trade and economic development must provide information on reporting requirements to state and local government agencies.

Subd. 9. Compilation and summary report. The department of trade and economic development must publish a compilation and summary of the results of the reports for the previous calendar year by July 1 of each year. The reports of the government agencies to the department and the compilation and summary report of the department must be made available to the public.

The commissioner must coordinate the production of reports so that useful comparisons across time periods and across grantors can be made. The commissioner may add other information to the report as the commissioner deems necessary to evaluate business subsidies.

Among the information in the summary and compilation report, the commissioner must include:

- (1) total amount of subsidies awarded in each development region of the state;
- (2) distribution of business subsidy amounts by size of the business subsidy;
- (3) distribution of business subsidy amounts by time category, such as monthly or quarterly;
- (4) distribution of subsidies by type and by public purpose;
- (5) percent of all business subsidies that reached their goals;
- (6) percent of business subsidies that did not reach their goals by two years from the benefit date;
- (7) total dollar amount of business subsidies that did not meet their goals after two years from the benefit date;
- (8) percent of subsidies that did not meet their goals and that did not receive repayment;
- (9) list of recipients that have failed to meet the terms of a subsidy agreement in the past five years and have not satisfied their repayment obligations;
- (10) number of part-time and full-time jobs within separate bands of wages; and
- (11) benefits paid within separate bands of wages.

History: 1999 c 243 art 12 s 2

116J.995 ECONOMIC GRANTS.

An appropriation rider in an appropriation to the department of trade and economic development that specifies that the appropriation be granted to a particular business or class of businesses must contain a statement of the expected benefits associated with the grant. At a minimum, the statement must include goals for the number of jobs created, wages paid, and the tax revenue increases due to the grant.

History: 1999 c 243 art 12 s 3

APPENDIX B:

Minnesota Statutes 116J.993 - 116J.995 (2000 Laws)

116J.993 Definitions.

Subdivision 1. **Scope.** For the purposes of sections 116J.993 to 116J.995, the terms defined in this section have the meanings given them.

Subd. 2. **Benefit date.** "Benefit date" means the date that the recipient receives the business subsidy. If the business subsidy involves the purchase, lease, or donation of physical equipment, then the benefit date begins when the recipient puts the equipment into service. If the business subsidy is for improvements to property, then the benefit date refers to the earliest date of either:

- (1) when the improvements are finished for the entire project; or
- (2) when a business occupies the property. If a business occupies the property and the subsidy grantor expects that other businesses will also occupy the same property, the grantor may assign a separate benefit date for each business when it first occupies the property.

Subd. 3. **Business subsidy.** "Business subsidy" or "subsidy" means a state or local government agency grant, contribution of personal property, real property, infrastructure, the principal amount of a loan at rates below those commercially available to the recipient, any reduction or deferral of any tax or any fee, any guarantee of any payment under any loan, lease, or other obligation, or any preferential use of government facilities given to a business.

The following forms of financial assistance are not a business subsidy:

- (1) a business subsidy of less than \$25,000;
- (2) assistance that is generally available to all businesses or to a general class of similar businesses, such as a line of business, size, location, or similar general criteria;
- (3) public improvements to buildings or lands owned by the state or local government that serve a public purpose and do not principally benefit a single business or defined group of businesses at the time the improvements are made;
- (4) redevelopment property polluted by contaminants as defined in section 116J.552, subdivision 3;
- (5) assistance provided for the sole purpose of renovating old or decaying building stock or bringing it up to code and assistance provided for designated historic preservation districts, provided that the assistance is equal to or less than 50 percent of the total cost;
- (6) assistance to provide job readiness and training services if the sole purpose of the assistance is to provide those services;
- (7) assistance for housing;
- (8) assistance for pollution control or abatement, including assistance for a tax increment financing hazardous substance subdistrict as defined under section 469.174, subdivision 23;
- (9) assistance for energy conservation;
- (10) tax reductions resulting from conformity with federal tax law;
- (11) workers' compensation and unemployment compensation;
- (12) benefits derived from regulation;
- (13) indirect benefits derived from assistance to educational institutions;
- (14) funds from bonds allocated under chapter 474A, bonds issued to refund outstanding bonds, and bonds issued for the benefit of an organization described in section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1999;
- (15) assistance for a collaboration between a Minnesota higher education institution and a business;

(16) assistance for a tax increment financing soils condition district as defined under section 469.174, subdivision 19;

(17) redevelopment when the recipient's investment in the purchase of the site and in site preparation is 70 percent or more of the assessor's current year's estimated market value;

(18) general changes in tax increment financing law and other general tax law changes of a principally technical nature;

(19) federal assistance until the assistance has been repaid to, and reinvested by, the state or local government agency;

(20) funds from dock and wharf bonds issued by a seaway port authority;

(21) business loans and loan guarantees of \$75,000 or less;

and

(22) federal loan funds provided through the United States Department of Commerce, Economic Development Administration.

Subd. 4. **Grantor.** "Grantor" means any state or local government agency with the authority to grant a business subsidy.

Subd. 5. **Local government agency.** "Local government agency" includes a statutory or home rule charter city, housing and redevelopment authority, town, county, port authority, economic development authority, community development agency, nonprofit entity created by a local government agency, or any other entity created by or authorized by a local government with authority to provide business subsidies.

Subd. 6. **Recipient.** "Recipient" means any for-profit or nonprofit business entity that receives a business subsidy. Only nonprofit entities with at least 100 full-time equivalent positions and with a ratio of highest to lowest paid employee, that exceeds ten to one, determined on the basis of full-time equivalent positions, are included in this definition.

Subd. 7. **State government agency.** "State government agency" means any state agency that has the authority to award business subsidies.

HIST: 1999 c 243 art 12 s 1; 2000 c 482 s 1

Copyright 2000 by the Office of Revisor of Statutes, State of Minnesota.

116J.994 Regulating Local And State Business Subsidies.

Subdivision 1. **Public purpose.** A business subsidy must meet a public purpose which may include, but may not be limited to, increasing the tax base. Job retention may only be used as a public purpose in cases where job loss is specific and demonstrable.

Subd. 2. **Developing a set of criteria.** A business subsidy may not be granted until the grantor has adopted criteria after a public hearing for awarding business subsidies that comply with this section. The criteria may not be adopted on a case-by-case basis. The criteria must set specific minimum requirements that recipients must meet in order to be eligible to receive business subsidies. The criteria must include a specific wage floor for the wages to be paid for the jobs created. The wage floor may be stated as a specific dollar amount or may be stated as a formula that will generate a specific dollar amount. A grantor may deviate from its criteria by documenting in writing the reason for the deviation and attaching a copy of the document to its next annual report to the department. The commissioner of trade and economic development may assist local government agencies in developing criteria. A copy of the criteria must be submitted to the department of trade and economic development along with the first annual report following the enactment of this section or with the first annual report after it has adopted criteria, whichever is earlier.

Subd. 3. **Subsidy agreement.** (a) A recipient must enter into a subsidy agreement with the grantor of the subsidy that includes:

- (1) a description of the subsidy, including the amount and type of subsidy, and type of district if the subsidy is tax increment financing;
- (2) a statement of the public purposes for the subsidy;
- (3) measurable, specific, and tangible goals for the subsidy;
- (4) a description of the financial obligation of the recipient if the goals are not met;
- (5) a statement of why the subsidy is needed;
- (6) a commitment to continue operations in the jurisdiction where the subsidy is used for at least five years after the benefit date;
- (7) the name and address of the parent corporation of the recipient, if any; and
- (8) a list of all financial assistance by all grantors for the project.

(b) Business subsidies in the form of grants must be structured as forgivable loans. For other types of business subsidies, the agreement must state the fair market value of the subsidy to the recipient, including the value of conveying property at less than a fair market price, or other in-kind benefits to the recipient.

(c) If a business subsidy benefits more than one recipient, the grantor must assign a proportion of the business subsidy to each recipient that signs a subsidy agreement. The proportion assessed to each recipient must reflect a reasonable estimate of the recipient's share of the total benefits of the project.

(d) The state or local government agency and the recipient must both sign the subsidy agreement and, if the grantor is a local government agency, the agreement must be approved by the local elected governing body, except for the St. Paul Port Authority and a seaway port authority.

(e) Notwithstanding the provision in paragraph (a), clause

(6), a recipient may be authorized to move from the jurisdiction where the subsidy is used within the five-year period after the benefit date if, after a public hearing, the grantor approves the recipient's request to move. For the purpose of this paragraph, if the grantor is a state

government agency other than the iron range resources and rehabilitation board, "jurisdiction" means a city or township.

Subd. 4. Wage and job goals. The subsidy agreement, in addition to any other goals, must include: (1) goals for the number of jobs created, which may include separate goals for the number of part-time or full-time jobs, or, in cases where job loss is specific and demonstrable, goals for the number of jobs retained; and (2) wage goals for the jobs created or retained. After a public hearing, if the creation or retention of jobs is determined not to be a goal, the wage and job goals may be set at zero.

In addition to other specific goal time frames, the wage and job goals must contain specific goals to be attained within two years of the benefit date.

Subd. 5. Public notice and hearing. (a) Before granting a business subsidy that exceeds \$500,000 for a state government grantor and \$100,000 for a local government grantor, the grantor must provide public notice and a hearing on the subsidy. A public hearing and notice under this subdivision is not required if a hearing and notice on the subsidy is otherwise required by law.

(b) Public notice of a proposed business subsidy under this subdivision by a state government grantor, other than the iron range resources and rehabilitation board, must be published in the State Register. Public notice of a proposed business subsidy under this subdivision by a local government grantor or the iron range resources and rehabilitation board must be published in a local newspaper of general circulation. The public notice must identify the location at which information about the business subsidy, including a summary of the terms of the subsidy, is available. Published notice should be sufficiently conspicuous in size and placement to distinguish the notice from the surrounding text. The grantor must make the information available in printed paper copies and, if possible, on the Internet. The government agency must provide at least a ten-day notice for the public hearing.

(c) The public notice must include the date, time, and place of the hearing.

(d) The public hearing by a state government grantor other than the iron range resources and rehabilitation board must be held in St. Paul.

(e) If more than one nonstate grantor provides a business subsidy to the same recipient, the nonstate grantors may designate one nonstate grantor to hold a single public hearing regarding the business subsidies provided by all nonstate grantors. For the purposes of this paragraph, "nonstate grantor" includes the iron range resources and rehabilitation board.

Subd. 6. Failure to meet goals. The subsidy agreement must specify the recipient's obligation if the recipient does not fulfill the agreement. At a minimum, the agreement must require a recipient failing to meet subsidy agreement goals to pay back the assistance plus interest to the grantor or, at the grantor's option, to the account created under section 116J.551 provided that repayment may be prorated to reflect partial fulfillment of goals. The interest rate must be set at no less than the implicit price deflator as defined under section 275.70, subdivision 2. The grantor, after a public hearing, may extend for up to one year the period for meeting the wage and job goals under subdivision 4 provided in a subsidy agreement. A grantor may extend the period for meeting other goals under subdivision 3, paragraph (a), clause (3), by documenting in writing the reason for the extension and attaching a copy of the document to its next annual report to the department.

A recipient that fails to meet the terms of a subsidy agreement may not receive a business subsidy from any grantor for a period of five years from the date of failure or until a recipient

satisfies its repayment obligation under this subdivision, whichever occurs first.

Before a grantor signs a business subsidy agreement, the grantor must check with the compilation and summary report required by this section to determine if the recipient is eligible to receive a business subsidy.

Subd. 7. Reports by recipients to grantors.

(a) A business subsidy grantor must monitor the progress by the recipient in achieving agreement goals.

(b) A recipient must provide information regarding goals and results for two years after the benefit date or until the goals are met, whichever is later. If the goals are not met, the recipient must continue to provide information on the subsidy until the subsidy is repaid. The information must be filed on forms developed by the commissioner in cooperation with representatives of local government. Copies of the completed forms must be sent to the local government agency that provided the subsidy or to the commissioner if the grantor is a state agency. If the iron range resources and rehabilitation board is the grantor, the copies must be sent to the board. The report must include:

- (1) the type, public purpose, and amount of subsidies and type of district, if the subsidy is tax increment financing;
- (2) the hourly wage of each job created with separate bands of wages;
- (3) the sum of the hourly wages and cost of health insurance provided by the employer with separate bands of wages;
- (4) the date the job and wage goals will be reached;
- (5) a statement of goals identified in the subsidy agreement and an update on achievement of those goals;
- (6) the location of the recipient prior to receiving the business subsidy;
- (7) why the recipient did not complete the project outlined in the subsidy agreement at their previous location, if the recipient was previously located at another site in Minnesota;
- (8) the name and address of the parent corporation of the recipient, if any;
- (9) a list of all financial assistance by all grantors for the project; and
- (10) other information the commissioner may request.

A report must be filed no later than March 1 of each year for the previous year. The local agency and the iron range resources and rehabilitation board must forward copies of the reports received by recipients to the commissioner by April 1.

(c) Financial assistance that is excluded from the definition of "business subsidy" by section 116J.993, subdivision 3, clauses (4), (5), (8), and (16), is subject to the reporting requirements of this subdivision, except that the report of the recipient must include instead:

- (1) the type, public purpose, and amount of the financial assistance, and type of district if the assistance is tax increment financing;
- (2) progress towards meeting goals stated in the assistance agreement and the public purpose of the assistance;
- (3) if the agreement includes job creation, the hourly wage of each job created with separate bands of wages;
- (4) if the agreement includes job creation, the sum of the hourly wages and cost of health insurance provided by the employer with separate bands of wages;
- (5) the location of the recipient prior to receiving the assistance; and
- (6) other information the grantor requests.

(d) If the recipient does not submit its report, the local government agency must mail the recipient a warning within one week of the required filing date. If, after 14 days of the postmarked date of the warning, the recipient fails to provide a report, the recipient must pay to the grantor a penalty of \$100 for each subsequent day until the report is filed. The maximum penalty shall not exceed \$1,000.

Subd. 8. Reports by grantors. (a) Local government agencies of a local government with a population of more than 2,500 and state government agencies, regardless of whether or not they have awarded any business subsidies, must file a report by April 1 of each year with the commissioner. Local government agencies of a local government with a population of 2,500 or less are exempt from filing this report if they have not awarded a business subsidy in the past five years. The report must include a list of recipients that did not complete the recipient report required under subdivision 7 and a list of recipients that have not met their job and wage goals within two years and the steps being taken to bring them into compliance or to recoup the subsidy.

If the commissioner has not received the report by April 1 from an entity required to report, the commissioner shall issue a warning to the government agency. If the commissioner has still not received the report by June 1 of that same year from an entity required to report, then that government agency may not award any business subsidies until the report has been filed.

(b) The commissioner of trade and economic development must provide information on reporting requirements to state and local government agencies.

Subd. 9. Compilation and summary report. The department of trade and economic development must publish a compilation and summary of the results of the reports for the previous calendar year by August 1 of each year. The reports of the government agencies to the department and the compilation and summary report of the department must be made available to the public.

The commissioner must coordinate the production of reports so that useful comparisons across time periods and across grantors can be made. The commissioner may add other information to the report as the commissioner deems necessary to evaluate business subsidies. Among the information in the summary and compilation report, the commissioner must include:

- (1) total amount of subsidies awarded in each development region of the state;
- (2) distribution of business subsidy amounts by size of the business subsidy;
- (3) distribution of business subsidy amounts by time category;
- (4) distribution of subsidies by type and by public purpose;
- (5) percent of all business subsidies that reached their goals;
- (6) percent of business subsidies that did not reach their goals by two years from the benefit date;
- (7) total dollar amount of business subsidies that did not meet their goals after two years from the benefit date;
- (8) percent of subsidies that did not meet their goals and that did not receive repayment;
- (9) list of recipients that have failed to meet the terms of a subsidy agreement in the past five years and have not satisfied their repayment obligations;
- (10) number of part-time and full-time jobs within separate bands of wages; and
- (11) benefits paid within separate bands of wages.

Subd. 10. Compilation. The department of trade and economic development must publish a compilation of granting agencies' criteria policies adopted in the previous calendar

year by August 1 of each year.

116J.995 Economic Grants.

An appropriation rider in an appropriation to the department of trade and economic development that specifies that the appropriation be granted to a particular business or class of businesses must contain a statement of the expected benefits associated with the grant. At a minimum, the statement must include goals for the number of jobs created, wages paid, and the tax revenue increases due to the grant. The wage and job goals must contain specific goals to be attained within two years of the benefit date. The statement must specify the recipient's obligation if the recipient does not attain the goals. At a minimum, the statement must require a recipient failing to meet the job and wage goals to pay back the assistance plus interest to the department of trade and economic development provided that repayment may be prorated to reflect partial fulfillment of goals. The interest rate must be set at no less than the implicit price deflator as defined under section 275.70, subdivision 2. The legislature, after a public hearing, may extend for up to one year the period for meeting the goals provided in the statement.

APPENDIX C:

2000 Minnesota Business Assistance Form

2000 Minnesota Business Assistance Form

- The 2000 Minnesota Business Assistance Form (MBAF) is used to report each business subsidy and financial assistance agreements signed from August 1, 1999 through December 31, 1999 per Minn. Stat. §116J.993 to §116J.995. Please use a separate form to report each agreement.
- The following government agencies must submit a 2000 MBAF even if an agreement was not signed during the period August 1, 1999 through December 31, 1999: 1) any local government/agency that signed a business subsidy agreement since January 1, 1995, or represents a population of more than 2,500; 2) all state government agencies. If the local/state government agency does not have any subsidies or assistance to report, please answer questions 1 through 13 and follow directions.
- If a local or state government agency that is required to report has not done so by April 1, DTED will mail a warning. If it fails to report by June 1, it may not award any business subsidies until a report has been filed.
- Questions? Call (651) 297-2335. Information on where to mail or fax your completed MBAF(s) in on page 4.

Section 1 Information About Grantor

1. Name of grantor (funding entity)		2. Name of person completing this form	
3. Street address		4. City	5. ZIP code
6. County	7. Phone number	8. Fax number	9. E-mail address
10. Please indicate who in your organization should receive the 2001 MBAF if different from the person in Question 2.			
Name/Title		Phone number	Street address City ZIP code
11. Classification of grantor (<i>Mark one. If grantor is entity created by gov't agency, please indicate affiliation. For example, a city EDA would check "City government."</i>)		12. Has your organization held a public hearing on and adopted criteria for awarding business subsidies in compliance with Minn. Stat. §116J.994? (<i>Mark one.</i>)	
<input type="checkbox"/> City government <input type="checkbox"/> County government <input type="checkbox"/> Regional government <input type="checkbox"/> State government <input type="checkbox"/> Other (<i>Please specify.</i>) _____		<input type="checkbox"/> Yes (<i>Indicate hearing date - _____ and attach criteria</i>) <input type="checkbox"/> No <input type="checkbox"/> We held a public hearing but have not yet adopted criteria (<i>Indicate date of initial hearing - _____</i>) <input type="checkbox"/> Other (<i>Please attach explanation.</i>)	
13. Has your organization signed any agreements to award a business subsidy or financial assistance from August 1, 1999 through December 31, 1999 that is required to be reported under Minn. Stat. §116J.993 and §116J.994? (<i>Mark one.</i>)			
<input type="checkbox"/> Yes (<i>Complete the remainder of the form.</i>) <input type="checkbox"/> No (<i>Stop here, go to section 5 on page 4.</i>)			

Section 2 Information About Recipient

14. Name of business or organization receiving subsidy or financial assistance		15. Address where business subsidy or financial assistance will be used	
		Street address City ZIP code	
16. Does the recipient have a parent corporation? (<i>Mark one.</i>)			
<input type="checkbox"/> Yes (<i>Indicate name and address of parent corporation below. If more than one, indicate ultimate owner.</i>) <input type="checkbox"/> No			
Name of parent corporation		Street address City State ZIP code	

17. Industry of recipient's facility *(Mark one.)*:

☐ Manufacturing ☐ Services ☐ Finance, Insurance, Real Estate
☐ Retail Trade ☐ Wholesale Trade ☐ Construction ☐ Other *(please specify)* _____

18. Did the recipient relocate as a result of signing this agreement? *(Mark one.)*

☐ Yes *(Indicate city and state of previous address and reason recipient did not complete this project at that address.)*
☐ No *(Go to Question 19.)*

 City/State of previous address Reason project not completed at previous address

19. Would the recipient have remained in previous location or relocated elsewhere if not awarded this business subsidy or financial assistance? *(Mark one.)*

☐ Remained at previous location ☐ Relocated to different Minnesota location ☐ Relocated outside Minnesota

Section 3 General Information About the Agreement

20. Total dollar value of business subsidy or financial assistance <i>(Please separate by type - see Questions 24 and 25 - and indicate only principal amount for loans.)</i>	21. Date agreement signed <i>(In addition to the agreement date, indicate any dates the agreement was amended.)</i>								
22. Benefit date <i>(Indicate the date the recipient will benefit from the business subsidy or financial assistance. For example, indicate the date improvements were finished, equipment was placed into service, or the recipient occupied the property, whichever is earlier.)</i>									
23. Does the agreement provide a business subsidy or one of the four types of financial assistance (see Question 25) required to be reported? <i>(Mark one.)</i>									
<input type="checkbox"/> business subsidy <input type="checkbox"/> financial assistance									
24. If the agreement provided a business subsidy, please indicate the type(s).	25. If the assistance was one of the four types of financial assistance, please indicate the type(s).								
<input type="checkbox"/> not applicable, agreement provided financial assistance <input type="checkbox"/> loan <input type="checkbox"/> grant (i.e., forgivable loan) <input type="checkbox"/> tax abatement <input type="checkbox"/> TIF or other tax reduction or deferral <input type="checkbox"/> guarantee of payment <input type="checkbox"/> contribution of property or infrastructure <input type="checkbox"/> preferential use of governmental facilities <input type="checkbox"/> land contribution <input type="checkbox"/> other <i>(Specify subsidy type.)</i> _____	<input type="checkbox"/> not applicable, agreement provided a business subsidy <input type="checkbox"/> assistance for property polluted by contaminants <input type="checkbox"/> assistance for renovating building stock or bringing it up to code, when 50% or less of total cost <input type="checkbox"/> assistance for pollution control or abatement <input type="checkbox"/> assistance for a TIF soils condition district								
26. If the assistance included tax increment financing, please indicate the type of TIF district? <i>(Mark one.)</i>	27. Are any other grantors providing a business subsidy or financial assistance to the same project? <i>(Mark one.)</i>								
<input type="checkbox"/> not applicable, assistance was not in the form of TIF <input type="checkbox"/> redevelopment <input type="checkbox"/> renewal and renovation <input type="checkbox"/> soils condition <input type="checkbox"/> economic development <input type="checkbox"/> mined underground space <input type="checkbox"/> hazardous substance subdistrict	<input type="checkbox"/> Yes <i>(Specify each grantor and the value of their assistance below; attach an additional sheet if necessary.)</i> <input type="checkbox"/> No Grantor(s) and value of the agreement(s): <table> <tr> <td>Grantor</td> <td>Value (\$)</td> </tr> <tr> <td>_____</td> <td>_____</td> </tr> <tr> <td>Grantor</td> <td>Value (\$)</td> </tr> <tr> <td>_____</td> <td>_____</td> </tr> </table>	Grantor	Value (\$)	_____	_____	Grantor	Value (\$)	_____	_____
Grantor	Value (\$)								
_____	_____								
Grantor	Value (\$)								
_____	_____								

Section 4 Goals and Public Purpose Identified in the Agreement

28. Minn. Stat. §116J.994 requires that business subsidy and financial assistance agreements state a public purpose. Which of the following public purposes were stated in the agreement? *(Mark all that apply.)*

- | | |
|---|---|
| <input type="checkbox"/> Enhancing economic diversity | <input type="checkbox"/> Increasing tax base (cannot be only purpose) |
| <input type="checkbox"/> Creating high-quality job growth | <input type="checkbox"/> Other <i>(please specify)</i> _____ |
| <input type="checkbox"/> Job retention | <input type="checkbox"/> Other <i>(please specify)</i> _____ |
| <input type="checkbox"/> Stabilizing the community | <input type="checkbox"/> Other <i>(please specify)</i> _____ |

29. Indicate whether the agreement included the following types of goals, and whether the recipient had attained those goals at the time of this report. *(Fill in the boxes and attainment date(s) for each goal.)*

	Goals established?	Target attainment dates (month & year)	All goals attained?
A) Specific wage and job goals to be attained within 2 years	<input type="checkbox"/> Yes <input type="checkbox"/> No	_____	<input type="checkbox"/> Yes <input type="checkbox"/> No
B) Other job-creation and/or retention goals	<input type="checkbox"/> Yes <input type="checkbox"/> No	_____	<input type="checkbox"/> Yes <input type="checkbox"/> No
C) Other wage goals	<input type="checkbox"/> Yes <input type="checkbox"/> No	_____	<input type="checkbox"/> Yes <input type="checkbox"/> No
D) Other goals other than wage and job goals	<input type="checkbox"/> Yes <input type="checkbox"/> No	_____	<input type="checkbox"/> Yes <input type="checkbox"/> No

(Please attach descriptions of goals and progress toward attainment if not documented in Question 30.)

30. For each of the following wage categories, indicate the job creation and/or retention goals stated in the agreement and the average hourly value of any employer-provided health insurance goals for those jobs. *(Only indicate job creation goals in full-time equivalents if you are unable to separate goals by full- and part-time positions.)*

Hourly Wage (excluding benefits)	Full-time Job Creation	Part-time/ Seasonal/Temp. Job Creation	FTE (only if goals not stated as FT/PT) Job Creation	Job Retention	Hourly Value of Health Insurance
no hourly wage-level goal	_____	_____	_____	_____	\$ _____
less than \$7.00	_____	_____	_____	_____	\$ _____
\$7.00 to \$8.99	_____	_____	_____	_____	\$ _____
\$9.00 to \$10.99	_____	_____	_____	_____	\$ _____
\$11.00 to \$12.99	_____	_____	_____	_____	\$ _____
\$13.00 to \$14.99	_____	_____	_____	_____	\$ _____
\$15.00 and higher	_____	_____	_____	_____	\$ _____

31. For each of the following wage categories, indicate the number of **actual** jobs created and/or retained since the benefit date and the **actual** hourly value of any employer-provided health insurance for those jobs. *(Only indicate job creation in full-time equivalents if you are unable to separate job creation into full- and part-time positions.)*

Hourly Wage (excluding benefits)	Full-time Job Creation	Part-time/ Seasonal/Temp. Job Creation	FTE (only if unable to separate FT/PT) Job Creation	Job Retention	Hourly Value of Health Insurance
less than \$7.00	_____	_____	_____	_____	\$ _____
\$7.00 to \$8.99	_____	_____	_____	_____	\$ _____
\$9.00 to \$10.99	_____	_____	_____	_____	\$ _____
\$11.00 to \$12.99	_____	_____	_____	_____	\$ _____
\$13.00 to \$14.99	_____	_____	_____	_____	\$ _____
\$15.00 and higher	_____	_____	_____	_____	\$ _____

32. Has the recipient achieved all goals (see Questions 29, 30 and 31) and fulfilled all obligations stipulated in the agreement? *(Mark one.)*

☐ Yes ☐ No

Section 5 Recipients Failing to Fulfill Obligations

(Do not complete this section if you completed it on another 2000 MBAF submitted to DTED.)

33. During the period August 1 through December 31, 1999, did your organization have any recipients who failed to report as required by Minn. Stat. §116J.993 and §116J.994? (Mark one.)

☐ Yes (Indicate the name of each recipient failing to report and the value of subsidy or financial assistance awarded to that recipient. Attach additional pages if necessary.)

☐ No

Name of recipient	Type of subsidy or assistance (See Questions 24 and 25.)	Value of subsidy or assistance
-------------------	--	--------------------------------

34. Did your organization have any recipients who failed to achieve any goals or fulfill any other obligations under an agreement signed on or after August 1, 1999, that were required to be fulfilled by the time of this report? (Mark one.)

☐ Yes (Complete the remainder of this section.) ☐ No (Stop here and submit form to DTED.)

35. - 39. Provide the following information for each recipient failing to fulfill goals or any other terms of an agreement that were to be attained by the time of reporting. (Attach additional pages if necessary.)

35. Information on recipient and agreement:

Name of recipient in default	Type of subsidy or assistance	Initial value of subsidy or assistance
------------------------------	-------------------------------	--

Street address of recipient	City/ZIP code of recipient	Outstanding value of subsidy or assistance
-----------------------------	----------------------------	--

36. Reason(s) for default (Mark all that apply.):

☐ recipient ceased operation ☐ recipient relocated to a different community
☐ recipient was unable to fill vacant positions ☐ other (Specify reason.) _____

37. To date, has the recipient fulfilled its repayment obligation? (Mark one.)

☐ Yes ☐ No, recipient has begun to repay the assistance. ☐ No, recipient has not begun to repay the assistance.

38. Has the agreement been amended to extend the recipient's deadline for fulfilling its obligations? (Mark one.)

☐ Yes ☐ No

39. Describe the steps being taken to bring recipient into compliance or recoup the subsidy:

Return your completed MBAF(s) by April 1, 2000, to:

APPENDIX D:

Fact Sheet (1999 Law)

FACT SHEET: 1999 Business Subsidies Law

Laws of Minnesota 1999, Chapter 243, Article 12; to be codified as Minn. Stat. §116J.993 to §116J.995

What is the 1999 Business Subsidies Law?

- ✓ Minnesota Statutes (Minn. Stat.) §116J.993 through §116J.995 regulate business subsidy agreements signed on or after August 1, 1999, and replace Minn. Stat. §116J.991.
- ✓ Agencies are no longer subject to reporting requirements for agreements signed under Minn. Stat. §116J.991, but businesses must still comply with agreements signed before August 1, 1999.

Who does the law apply to, and for what types of subsidies?

- ✓ State and local government agencies with the authority to provide business subsidies with state or local government funds, and entities created or authorized by a local government with this authority, are subject to the law. The law gives a complete description of applicable agencies (i.e. "grantors").
- ✓ The law covers business subsidies to for-profit businesses, and to nonprofits with at least 100 full-time equivalent positions and a ratio of highest to lowest paid employee, determined on the basis of full-time equivalent positions, exceeding 10 to 1.
- ✓ Types of assistance meeting the definition of a "business subsidy" include:
 - state or local government agency grants;
 - contributions of personal property, real property, or infrastructure;
 - the principal amount of a loan at rates below those commercially available;
 - reductions or deferrals of taxes or fees, including tax increment financing (TIF);
 - guarantees of any payment under any loan, lease, or other obligation;
 - and preferential use of government facilities.
- ✓ The law explicitly excludes 18 types of assistance from the definition of business subsidies, including all awards of less than \$25,000.
- ✓ Four of the types of financial assistance excluded from the definition of business subsidies are subject to different reporting requirements under Minn. Stat. §116J.994, subdivision 7. These types of assistance include:
 - property polluted by contaminants as defined in Minn. Stat. §116J.552, subdivision 3 (i.e. brownfields);
 - assistance provided for the sole purpose of renovating building stock or bringing it up to code, if the assistance is 50 percent or less of the total cost;
 - assistance for pollution control or abatement;
 - and assistance for a TIF soils condition district as defined in Minn. Stat. §469.174, subdivision 19.

What is required in order to award a business subsidy?

- ✓ A business subsidy agreement may not be signed on or after August 1, 1999, until the grantor has held a public hearing on, and adopted criteria for, awarding business subsidies. The criteria must include a wage policy for jobs created by a recipient.
- ✓ The law outlines 8 elements that must be included in business subsidy agreements:
 - a description of the subsidy, including the amount and type of subsidy, and type of district if the subsidy is TIF;
 - a statement of the public purposes for the subsidy;
 - goals for the subsidy;
 - a description of the financial obligation of the recipient if goals are not met;
 - a statement of why the subsidy is needed;
 - a commitment to continue operations at the site where the subsidy is used for five years;
 - the name and address of the parent corporation of the recipient, if any;
 - and a list of all financial assistance by all grantors for the project.
- ✓ All business subsidy agreements must include job and wage goals with specific goals to be attained within two years of the benefit date. The law does not specify minimum criteria for these goals.

- ✓ Business subsidies must meet a public purpose other than increasing the tax base. The law specifies that job retention may be used as a public purpose only where job loss is imminent and demonstrable, but does not otherwise restrict allowable public purposes (see examples on page 4).
- ✓ Grantors must determine that the recipient is eligible to receive assistance by reviewing DTED's list of past recipients ineligible to receive a business subsidy because they failed to meet the terms of another subsidy agreement. (This will not take effect until DTED makes the first list available after receiving the 1999 reports in 2000.)
- ✓ Before granting a business subsidy that exceeds \$500,000 for a state government grantor and \$100,000 for a local government grantor, the grantor must provide public notice and hold a hearing on the subsidy unless a hearing and notice on the subsidy is otherwise required by law.
- ✓ If a business subsidy benefits more than one recipient, the grantor must assign a proportion of the subsidy to each recipient signing the agreement. If the grantor is a local government agency, the agreement must be approved by the local elected governing body, except for the St. Paul Port Authority and a seaway port authority. Also, subsidies in the form of grants must be structured as forgivable loans, and agreements for other types of business subsidies must state the fair market value of the subsidy or other in-kind benefits.
- ✓ In addition to any criteria developed in compliance with this law, agencies may be subject to additional criteria required by specific assistance programs such as the Community Development Block Grant (HUD) and Minnesota Investment Fund programs. Agencies may or may not choose to address specific program criteria in the criteria developed in compliance with this law.

What happens if a recipient does not meet business subsidy goals?

- ✓ Business subsidy agreements must specify the recipient's obligation if the recipient does not fulfill the agreement. At a minimum, a recipient failing to meet goals must pay back the assistance plus interest, although repayment may be prorated to reflect partial fulfillment of goals. The interest rate must be set at the Implicit Price Deflator rate as defined in Minn. Stat. §275.70, subdivision 2. DTED will provide information on the Implicit Price Deflator on its website.
- ✓ Recipients failing to fulfill business subsidy agreements may not receive business subsidies from any grantor for five years or until they have satisfied their repayment obligation, whichever occurs first.

Who is required to report business subsidies, and how?

- ✓ Recipients must provide grantors with information on their progress toward goals outlined in the agreement, and will be subject to a penalty as defined in Minn. Stat. §116J.994, subdivision 7(d) for failing to report.
- ✓ Grantors must submit the annual Minnesota Business Assistance Form (MBAF) to DTED for each business subsidy agreement signed on or after August 1, 1999. DTED will ask grantors to file an MBAF each year for each agreement for two years after the benefit date or until all goals outlined in the agreement have been met, whichever is later.
- ✓ Local government agencies in communities with a population of more than 2,500 and state government agencies must submit an MBAF regardless of whether they have awarded business subsidies. The form will ask agencies whether they have awarded any subsidies. Local government agencies in communities with a population of 2,500 or less are exempt from filing the MBAF if they have not awarded a subsidy in the past five years (i.e. those with a population of 2,500 or less who have not signed an agreement after December 31, 1994, will be exempt from reporting in 2000).
- ✓ DTED will develop a new MBAF in fall 1999. This form will ask grantors to report, at a minimum, the information that Minn. Stat. §116J.994, subdivision 7 requires recipients to provide to them, including:
 - the type, public purpose, and amount of the subsidy, and type of district if the subsidy is TIF;
 - the hourly wage of each job created with separate bands of wages;
 - the sum of the hourly wages and cost of health insurance provided by the recipient, broken down by wage level;
 - the date(s) by which job and wage goals will be met;
 - a statement of goals identified in the agreement and an update on progress toward them;
 - the location of the recipient prior to receiving the business subsidy;
 - information on why the recipient did not complete the project outlined in the subsidy agreement at its previous location, if previously located at another site in Minnesota;
 - the name and address of the parent corporation of the recipient, if any;
 - and a list of all financial assistance by all grantors for the project.

- ✓ With their reports, DTED will ask grantors to include a list of recipients that did not report, as well as a list of those failing to meet any goals outlined in the agreement and a description of the steps being taken to bring them into compliance or recoup the subsidy.
- ✓ DTED will post an MBAF on DTED's website this fall and mail the form in February. If DTED has not received an MBAF by April 1 from an entity required to report, DTED must issue a warning. If DTED has still not received the MBAF by June 1, the agency in default may not award any business subsidies until the report has been filed.
- ✓ State funds passed through local agencies to businesses (e.g. Minnesota Investment Fund awards) are reported by the state grantor. However, local agencies must report on applicable local funds awarded in conjunction with state funds and on state funds which have been repaid to and reinvested by the local agency (e.g. revolving funds).

How is non-business subsidy financial assistance reported?

- ✓ Recipients of the four types of financial assistance with different reporting requirements must provide grantors with the information outlined in Minn. Stat. §116J.994, subdivision 7(c), and will be subject to a penalty as defined in Minn. Stat. §116J.994, subdivision 7(d) for failing to report.
- ✓ DTED will ask grantors to report, at a minimum, the information that Minn. Stat. §116J.994, subdivision 7(c) requires recipients to provide to them on these four types of financial assistance.
- ✓ DTED will determine this fall whether to develop a separate form or ask grantors to use the MBAF for reporting on these agreements. The form(s) will be posted on DTED's website this fall and mailed to agencies in February. As with their business subsidy reports, grantors will have until April 1 to file these reports with DTED.

How will information reported by agencies be used?

- ✓ DTED is required to publish a report summarizing information reported through the MBAF each year by July 1. DTED's report must include a list of recipients that have failed to meet the terms of a subsidy agreement in the past five years and have not satisfied their repayment obligations. Copies of the report will be submitted to the Legislature and posted on DTED's website.

Where can I find the law?

- ✓ The law can be found on DTED's website at www.dted.state.mn.us on the News and Information/Business and Economic Development page and may be printed from your web browser.

Clarifications to the law

- ✓ The following clarifications are in response to commonly asked questions about the law:
 - Regarding Minn. Stat. §116J.994, subdivision 7(b), the statute's author agrees that recipients should continue reporting to the granting agency, not to DTED. The granting agency will be responsible for reporting to DTED.
 - DTED will be collecting information only on public funds originating in Minnesota; therefore, DTED will not ask agencies to report on federal funds they administer unless the funds have been repaid to the agency and reinvested according to local policies.

This fact sheet is intended to help agencies understand the 1999 business subsidies law, and does not serve as a substitute for statute language. Agencies are responsible for complying with the law and should view the law for questions and specific details and requirements that are not outlined in this fact sheet. Questions about the law can be directed to DTED:

Developing Criteria and Stating Public Purposes for Business Subsidies

Under Minn. Stat. §116J.993 through §116J.995, granting agencies must develop criteria for awarding business subsidies after a public hearing. In addition, each business subsidy agreement must indicate a public purpose. The law allows grantors flexibility in stating public purposes appropriate for their communities, but requires that agreements meet a public purpose other than increasing the tax base and that job retention be used as a public purpose only when job loss is imminent and demonstrable. Although the law does not require public purposes to be addressed in the criteria, grantors may want to refer to the public purposes below for criteria ideas. The following public purposes and criteria were recommended by the legislatively established Corporate Subsidy Reform Commission.

Enhancing Economic Diversity

- ✓ In what ways does the project improve the mix of businesses in the area so as to: (1) allow the area to participate in fast-growing industries; (2) protect the area from adverse economic consequences caused by slow growth or declining industries that are dominant in the area; and (3) provide essential consumer services, or develop a network of local suppliers to businesses within the community where they otherwise do not exist?

Creating High-Quality Job Growth

- ✓ How many new jobs will be created, and what will they pay?
- ✓ How do wages proposed to be paid compare to community wage levels?
- ✓ How many jobs will be created with opportunities for career advancement, educational opportunities, or occupational training?
- ✓ What are the projections for job growth at the project over the next period of two to five years?
- ✓ What are the fringe benefits that are payable for the jobs (particularly, is there child care, health care, and pension coverage)?

Providing for Job Retention, Where Loss is Imminent and Demonstrable

Note: Under the 1999 law, job retention can be used as a public purpose only in cases where job loss is imminent and demonstrable.

- ✓ After collecting the necessary documents, is there substantial evidence that the company will have to shut down involuntarily?
- ✓ After collecting the necessary documents, is there substantial evidence that the company has received an offer to move to another state or community that is attractive enough that a reasonable person would seriously consider a move for business reasons?
- ✓ What potential negative effect would the subsidy have on other competing businesses and overall area job quality?

Stabilizing the Community

- ✓ How will the project constitute a significant investment in an area that (1) has not historically received similar investments; (2) is a blighted area; or (3) is an economically depressed area?
- ✓ How will the project stimulate other investment or create spinoff businesses and jobs in the area?

Increasing the Tax Base

Note: The law requires business subsidies to meet a public purpose other than increasing the tax base, but grantors may use increasing the tax base in conjunction with another public purpose.

- ✓ How will the project uniquely affect the property tax base for all taxing jurisdictions, both short term and long term and both directly and indirectly?
- ✓ How will the project affect other local business and individual property tax bills?

APPENDIX E:

Frequently Asked Questions (1999 Law)

FREQUENTLY ASKED QUESTIONS About the 1999 Business Subsidies Law

Minn. Stat. §116J.993 to §116J.995

Following is a list of questions that the Department of Trade and Economic Development (DTED) has received about Minn. Stat. §116J.993 to §116J.995, and DTED's responses to those questions. The responses reflect DTED's understanding of the law's intent as well as conversations the department has had with the Attorney General's Office. Agencies that have proceeded with business assistance projects operating under an understanding that differs from an opinion provided below should use the following clarification as they proceed with future business assistance agreements.

DEFINITION OF BUSINESS SUBSIDY

- Q: If a grantor awards a subsidy of \$15,000 for a project, and a year later awards an additional \$15,000 for the same project under a new agreement, is that subsidy subject to the law or does it meet the exemption for "a business subsidy of less than \$25,000"?**
- A:** If the grantor awards both subsidies for the same project, the grantor should report the subsidy based on its total amount (i.e. \$30,000).
- Q: If more than one grantor contributes to a project that totals \$25,000 or more, but each individual grantor's contribution is less than \$25,000, is the project subject to the law?**
- A:** The definition of "business subsidy" applies to contributions from an *individual* grantor for an *individual* project. Therefore, if an individual grantor contributes less than \$25,000 to a project, that grantor is not subject to the law's requirements for that project.
- Q: Are subsidies originating from the federal government subject to the law?**
- A:** Funds that originate from the federal government and are invested by a state or local agency are subject to the law if they have been repaid to and subsequently reinvested by the state or local agency. In these cases, DTED views the state or local agency as having local control over how those funds are invested or who receives them. Federal funds are not subject to the law the initial time they pass through a local agency.
- Q: Does the exemption for "funds from bonds allocated under chapter 474A" exempt any bonds issued under M.S. 447.45 or M.S. 469.153 for 501(c)(3) organizations that would otherwise be considered a "business subsidy"?**
- A:** No, the statute does not exempt any bonds other than those allocated under chapter 474A. However, it is important to note that the statute does provide other conditions which may exempt a given bonding project.
- Q: The law defines business subsidies as including "the principal amount of a loan at rates below those commercially available to the recipient." Will DTED establish a rate that grantors can use to make this determination?**
- A:** No, because the rate commercially available to the recipient will differ for different projects and recipients, DTED does not intend to stipulate a particular rate below which loans are not commercially available. Individual grantors are responsible for making this determination.

B: Is the extension of a loan a new subsidy?

A: If a grantor modifies a pre-existing loan agreement without contributing any new funds to the project, DTED views the change as an amendment to an already existing agreement rather than as a new agreement. Grantors should note any amendments to an agreement when they submit a Minnesota Business Assistance Form (MBAF) to DTED for that agreement. However, if a grantor modifies an already existing agreement by contributing new funds to the project, the grantor should treat the modified agreement as a new agreement that may be subject to the law.

If a grantor modifies an agreement by contributing new funds to the project, and that agreement was not previously subject to the business subsidies law, the grantor should determine whether the assistance is subject to the law based on the total amount of assistance. For example, if a grantor awards a loan of \$15,000 that is exempt from the business subsidies law, and a year later awards an additional \$100,000 to the same recipient for the same project, the grantor should submit an MBAF for the total \$115,000 in assistance and fulfill the law's requirements for business subsidies in relation to that assistance. If a grantor modifies an agreement by contributing new funds to the project, and that agreement was previously subject to the business subsidies law, the grantor should submit one MBAF for the total amount of assistance and note amendments made to the original agreement.

Q: Is enterprise zone assistance exempt from the law based on the exemption for "assistance that is generally available to all businesses or to a general class of similar businesses..."?

A: No, because local government agencies have discretion over which qualifying businesses receive enterprise zone assistance, that assistance does not meet this exemption and therefore must be reported by the local government agency.

Q: Should wages paid to government employees or contract workers contributing services to a business subsidy project be added to the value of the subsidy?

A: No, the value of workers' services should not be included in the subsidy value, but the subsidy value should include all monetary contributions, including payment guarantees and tax and fee reductions and deferrals; the cost of preferential use of government facilities; and the cost of donations of property, equipment, and physical infrastructure.

DEFINITION OF GRANTOR

Q: In the definition of "local government agency," what determines whether a nonprofit, community development corporation, or other entity was "created by or authorized by a local government"?

A: DTED considers a nonprofit or other entity to have been "created by or authorized by a local government" if there is a written, legal agreement with a local government agency explicitly authorizing the entity to provide business assistance with funding received from the local government agency.

DEFINITION OF RECIPIENT

Q: What calculation should be performed to determine whether a nonprofit has a ratio of highest-to lowest-paid employee that exceeds 10 to 1 determined on the basis of full-time equivalent positions?

A: Compare the hourly wages (excluding benefits) of the lowest- and highest-paid employees. For example, if the highest-paid employee receives an annual salary and the lowest-paid employee is paid on an hourly basis, divide the annual salary of the former by 2080 (40 hours x 52 weeks = 2080) to determine an hourly wage that can be compared to the hourly wage of the part-time employee.

FINANCIAL ASSISTANCE WITH SEPARATE REQUIREMENTS

- B:** Are the four types of financial assistance noted in Minn. Stat. §116J.994, subdivision 7(c) subject only to the separate reporting requirements and exempt from other requirements for business subsidies?
- A:** Yes, the four types of financial assistance noted in Minn. Stat. §116J.994, subdivision 7(c) are subject to the reporting requirements and penalties for failing to report outlined in that subdivision, and to the reporting requirements for grantors (Minn. Stat. §116J.994, subdivision 8), but they are not subject to other requirements that pertain only to business subsidies (e.g. the requirement to hold a public hearing before awarding a business subsidy, the requirement to develop wage and job goals for business subsidies, the requirement to enter into a business subsidy agreement that includes the designated information, etc.).
- Q:** Are the four types of financial assistance noted in Minn. Stat. §116J.994, subdivision 7(c) as having separate reporting requirements exempt from those separate reporting requirements if they are in amounts of less than \$25,000?
- A:** Yes, if financial assistance that would have been subject to reporting under Minn. Stat. §116J.994, subdivision 7(c) meets one of the other exemptions noted in Minn. Stat. §116J.993, subdivision 3, it is exempt from reporting requirements.

ESTABLISHING PUBLIC PURPOSES AND WAGE AND JOB GOALS

- Q:** Can agreements state job goals of 0 and wage goals of \$0.00 if they have a public purpose other than job creation?
- A:** The law intends for agencies awarding business assistance to develop wage and job goals for economic development projects. However, if a project has a stated public purpose that is unrelated to job creation, the agreement may note that wage and job goals were 0 and should describe goals established for that assistance.
- Q:** How should grantors demonstrate that job loss is imminent and demonstrable?
- A:** DTED suggests that grantors use the following three criteria (excerpted from the *1997 Corporate Subsidy Reform Commission Report*) to determine whether job loss is imminent and demonstrable and to provide documentation of that determination: 1) After collecting the necessary documents, is there substantial evidence that the company will have to shut down involuntarily?; 2) After collecting the necessary documents, is there substantial evidence that the company has received an offer to move to another state or community that is attractive enough that a reasonable person would seriously consider a move for business reasons?; and 3) What potential negative effect would the subsidy have on other competing businesses and overall area job quality?

APPROVAL BY ELECTED OFFICIALS

- Q:** Are all economic development authorities and housing redevelopment authorities required to have all agreements approved by the full city council?
- A:** Yes, even if representatives from the local elected governing body are appointed to the organization, the organization must have all business subsidy agreements approved by the full elected body.

FAILURE TO FULFILL AGREEMENTS

B: If a recipient fulfills some but not all wage and job goals by the time they are to be attained and has not yet received the entire subsidy award, can assistance not yet received still go to that recipient if prorated to reflect partial goal attainment (e.g. could a business continue to receive some assistance under pay-as-you-go tax increment financing)?

A: No, upon defaulting on an agreement, a recipient must fulfill repayment obligations and should not receive any additional assistance awarded under the agreement that has not yet been administered.

Q: Can repayment for recipients in default be prorated to reflect the length of time a recipient accumulated toward the requirement to continue operations at the site for at least five years after the benefit date?

A: No, if a recipient defaults on an agreement, repayment can be prorated based on the recipient's progress toward goal attainment, but not based on the recipient's progress toward the five-year requirement. Any recipient who fails to fulfill the five-year requirement is considered to have defaulted on the agreement and must fulfill repayment obligations, though that repayment may be prorated to reflect partial goal fulfillment.

Q: How should agencies calculate the Implicit Price Deflator rate for agreements in default?

A: To determine the Implicit Price Deflator rate for an agreement in default, a grantor should calculate the percent change in the Implicit Price Deflator for government consumption expenditures and gross investment for state and local governments from the quarter subsequent to the benefit date to the quarter prior to the date of default. The Implicit Price Deflator is prepared by the Bureau of Economic Analysis of the United States Department of Commerce. Grantors will not be able to calculate a specific Implicit Price Deflator rate until a recipient has defaulted and the figure for the quarter prior to default is available. Beginning in 2000, DTED will post Implicit Price Deflator figures and instructions for calculating the rate on its website.

Q: If a recipient defaults on a loan given at an interest rate higher than the Implicit Price Deflator rate, can the grantor require that the recipient pay back the loan at that higher interest rate, or must they require that the loan be paid back at the lower Implicit Price Deflator rate?

A: Grantors must, at a minimum, require that recipients in default of a business subsidy agreement repay the subsidy at an interest rate set to the Implicit Price Deflator rate. Grantors may require a recipient to pay back the business subsidy at a rate higher than the Implicit Price Deflator rate. Repayment obligations must be specified in the subsidy agreement.

This sheet is intended to inform agencies of DTED's responses to frequently asked questions about the 1999 business subsidies law, and does not serve as a substitute for statute language. Questions about the law can be directed to DTED:

APPENDIX G:

DTED Letters to Agencies

February 18, 2000

To all Minnesota state and local government agencies:

The 1999 Minnesota Legislature enacted a new law (*Laws of Minnesota 1999*, Chapter 243, Article 12; to be codified as Minn. Stat. §116J.993 to §116J.995) regulating business subsidies awarded on or after August 1. The 1999 law repeals its predecessor, Minn. Stat. §116J.991, and introduces new operating and reporting requirements. As the agency responsible for administering the state's business assistance reporting system, the Department of Trade and Economic Development (DTED) developed the accompanying fact sheet to help agencies understand how the law affects them.

Several points on the fact sheet should be emphasized. Agencies should note that before signing any business subsidy agreements on or after August 1, 1999, they must adopt criteria that have been developed after a public hearing. The law allows agencies considerable flexibility in determining what these criteria are. For instance, while the law requires that each business subsidy agreement include wage and job goals and meet a stated public purpose, it places responsibility on individual agencies for developing specific criteria for awarding business subsidies.

The law includes a detailed definition of business subsidies that are subject to administrative and reporting requirements. In addition, the law places different reporting requirements on four types of assistance that are not defined as business subsidies. Financial assistance requiring different reporting requirements include certain types of assistance for brownfields, building stock renovation, pollution control or abatement, and tax increment financing soils condition districts.

Agencies awarding business subsidies or qualifying financial assistance are required to report yearly on their agreements to DTED, although agencies no longer need to report on agreements signed prior to August 1, 1999. The law also requires that local government agencies representing a population of 2,500 or more and state government agencies file reports even if they have not awarded any business subsidies. Local government agencies in communities with fewer than 2,500 people are exempt from reporting unless they have awarded a business subsidy in the past five years.

As in the past, DTED will mail agencies the annual Minnesota Business Assistance Form in February, and agencies will have until **April 1** to submit their reports. The form will also be made available on DTED's website this fall. Please note that the legislative author has agreed that recipients should continue reporting to the granting agency, not to DTED; it is the granting agency's responsibility to report to DTED. Statute language consistent with this process will be introduced during the 2000 legislative session.

The accompanying fact sheet summarizes key elements in the law and provides sample public purposes and criteria which agencies may want to consider as they develop their own guidelines. Agencies should read the law for specific details. The fact sheet gives instructions for accessing the law on the Internet.

Kind regards,

Bob Isaacson
Director, Analysis and Evaluation Office

February 22, 2000

To all Minnesota state and local government agencies:

The 1999 Minnesota Legislature enacted a new law (*Laws of Minnesota 1999*, Chapter 243, Article 12; codified as Minn. Stat. §116J.993 to §116J.995) regulating business subsidies entered into or authorized on or after August 1, 1999. This law repeals its predecessor, Minn. Stat. §116J.991, and introduces new operating and reporting requirements.

Agencies signing agreements to award business subsidies or qualifying financial assistance must provide annual reports to DTED for each agreement. Please note that agencies no longer need to report on agreements signed prior to August 1, 1999. The law also requires local government agencies representing a population of more than 2,500 and all state government agencies to file a report even if they have not awarded any business subsidies. Local government agencies representing 2,500 or fewer people are exempt from reporting unless they have awarded a business subsidy in the past five years.

The department has developed a new Minnesota Business Assistance Form to collect information from business subsidy and/or financial assistance agreements. If you are required to report but have not signed a business subsidy or financial assistance agreement during the period August 1, 1999 through December 31, 1999, please answer questions 1 through 13 on the form and follow the directions. Please submit a separate form for each agreement. All forms must be received or postmarked by **April 1, 2000**. Only forms meeting this deadline will be included in the department's summary analysis provided to the legislature. If forms are not received or postmarked by June 1, the responsible government agency may not award business subsidies until a report has been filed. Please make copies of the enclosed form or download additional forms from DTED's website (www.dted.state.mn.us, click on News and Information, then Business and Economic Development, then Business Subsidies). The web site also includes additional information related to the law including a fact sheet and answers to frequently asked questions.

Please understand that it is the grantor's responsibility to report to DTED. We do not want to interfere with grantor/recipient relationships and expect that recipients will report directly to grantors, not to DTED. Legislative leaders agree with this approach and have introduced bills this session designed to confirm this process.

Kind regards,

Bob Isaacson
Director, Analysis and Evaluation Office

April 7, 2000

Name of entity:

The 1999 Minnesota Legislature enacted a new law (*Laws of Minnesota 1999*, Chapter 243, Article 12; codified as Minn. Stat. §116J.993 to §116J.995) regulating business subsidies entered into or authorized on or after August 1, 1999. This law repeals its predecessor, Minn. Stat. §116J.991, and introduces new operating and reporting requirements.

Agencies signing agreements to award business subsidies or qualifying financial assistance must provide annual reports to DTED for each agreement. The law also requires local government agencies representing a population of more than 2,500 and all state government agencies to file a report even if they have not awarded any business subsidies. Local government agencies representing 2,500 or fewer people are exempt from reporting unless they have awarded a business subsidy in the past five years.

The department has developed a new Minnesota Business Assistance Form to collect information from business subsidy and/or financial assistance agreements. If you are required to report but have not signed a business subsidy or financial assistance agreement during the period August 1, 1999 through December 31, 1999, please answer questions 1 through 13 on the form and follow the directions. Please submit a separate form for each agreement.

Our records indicate that your local government agency either awarded a business subsidy during the last five years or represents more than 2,500. As a result, your agency is required to provide a report. As of April 7, we have not received a report from your agency. If we do not receive a report by June 1, your agency may not award any business subsidies until a report has been filed.

If you have any questions about the law or need copies of the form, please visit DTED's website (www.dted.state.mn.us, click on News and Information, then Business and Economic Development, then Business Subsidies). The web site includes additional information related to the law including a fact sheet and answers to frequently asked questions.
