INTRODUCTION

This trail mileage registry is mandated under Minnesota Statutes 85.017 which states: "The Commissioner of Natural Resources shall compile and maintain a current registry of cross-country skiing, hiking, horseback riding and snowmobiling trails in the state and shall publish and distribute the information" It is a by-product of a recreation facility inventory first called for in the State Comprehensive Outdoor Recreation Plan (SCORP).

The SCORP process dates back to the 1964 Land and Water Conservation Fund Act passed by Congress and implemented in Minnesota under Minnesota Statutes 86.71 (1965, Laws of Minnesota, Chapter 910, as amended).

This registry is a comprehensive listing of the five major recreational trail types. It cannot, therefore, serve the same functions as does a trail user's guide. The number of public trails listed is intended to be more comprehensive than those in public brochures. This is because, for a variety of reasons, some administrators have chosen not to promote their trails in public brochures. The registry does not offer a fully detailed description of all information on the data system. The information presented here, however, is useful for allocation of funds and planning/management purposes.

For a more extensive trail description, an inquirer may contact the Department of Natural Resources' (DNR) Outdoor Recreation Information Center.

This center provides an extensive number of trail maps and brochures free to the public.

The total private trail miles (by DNR Region) have been included in this registry for the sake of completeness. This listing is in great need of updating because it was compiled primarily in the mid-1970s. It has not been feasible for the DNR to keep this category current.

EXPLANATORY NOTES

A "trail" is defined as any continuous pathway intended for recreational use for a period of time (all or part of the year). The "intended" use of a trail is determined when it is designated by a trail administrator. The administrator is the agency or individual having the authority to execute and/or arrange for any of the following: acquisition, development, maintenance and management. For a trail or trail activity to be "designated," it must be advertiseable, useable, and either signed, mapped or identified by written policy of the administrator. Designated uses in this registry include hiking, skiing, horseback riding, biking, and snowmobiling.

A trail does not include road shoulders (i.e., bikeways) which do not provide a physical treadway separation for the recreationist. However, some roads (i.e., in parks and forests) become trails in winter when they are designated exclusively for either snowmobiling or cross-country skiing.

Since December 1981, nearly all public trails in this file have been updated. Most snowmobile and cross-country ski trail information was updated in the fall of 1987 in preparation for the annual twin publications by the Office of Tourism: Explore Minnesota on Skis and Explore Minnesota by Snowmobile. This routine data update is reflected in the date of information for each trail segment as reported in the extreme right column.

This report is computer generated from the RECFACT (recreational facility) database, which is managed by the DNR's Office of Planning on a COMPAQ 386 micro-computer.

TRAIL ADMINISTRATION CATEGORIES

Federal;

U.S. Forest Service (part of the U.S. Department of Agriculture) - managed within statutory boundaries.

U.S. Fish and Wildlife (part of the U.S. Department of the Interior) - managed within units of National Wildlife Refuges.

U.S. Fish and Wildlife (part of the U.S. Department of the Interior) - managed within units of National Waterfowl Production Areas.

National Park Service (part of the U.S. Department of the Interior) - managed within National Parks.

U.S. Army Corps of Engineers (part of the U.S. Department of Defense; Army Corps, COE, ACE) - managed within Federal water reservoir boundaries.

State (Department of Natural Resources);

Division of Forestry - managed inside statutory State Forest boundaries.

Division of Forestry Outside - managed outside statutory State Forest boundaries.

Division of Fish and Wildlife - managed inside statutory Wildlife Management Areas or Scientific and Natural Areas.

Trails and Waterways Unit - managed "State Trail" as defined by statute.

Division of Parks and Recreation - State Park managed trails.

County;

County Government - managed by a county government including county forestry, public works, or park departments.

County Government (GIA)* - sponsored by a county government with the aid of the DNR's Trails Assistance Program.

Hennepin Parks - managed by the Suburban Hennepin Regional Park District (SHRPD), within its boundaries.

TRAIL ADMINISTRATION CATEGORIES
- Continued

Hennepin Parks (GIA)* -
managed by the SHRPD,
within its boundaries,
with the aid of the DNR's
Trails Assistance Program.

City;

Minor Civil Division -
managed by a local
government, including
townships, city
highway/parkway
departments, or other city
public works or parks
departments.

Minor Civil Division (GIA)* -
sponsored by a local
government with the aid
of the DNR's Trails
Assistance Program.

Other;

MN Historical Society -
managed as part of a
state historical site.

MN Department of
Transportation - managed
as part of a state
highway development.

Minnesota Zoo - managed as
an extension of the Zoo's
programs.

University of Minnesota -
managed as part of the
University's educational
program.

State Community Colleges -
managed as part of the
College's educational
program.

Other State - managed by
other state agencies,
specifically the Iron
Range Resources
Rehabilitation Board
(IRRRB).

School District - managed as
part of a public school
system.

Private;**

Various Private - managed by
private entities,
including church
organizations,
individuals, or other
profit or non-profit
corporations.

(*) Grants-In-Aid (GIA) trails are single-use trails built by local people, often on privately owned land, sponsored by a local unit of government, and funded by the DNR through its Trails Assistance Program. The Program is used to develop and maintain cross-country skiing and/or snowmobiling trails. Any other use of these trails is incidental, and in certain instances is prohibited.

(**) This category has only been summarized. Most of the individual trail listings are in great need of updating.

COUNTY MAP SHEET INVENTORY SYSTEM

The adjoining map sheet index shows the Minnesota Department of Transportation (Mn/DOT) general county highway map series for the state. Each trail has a county number followed by the county's map sheet number. An example is the Heartland State Trail which extends over two map sheets in one county and into the next

county. The resulting county and map sheet numbers are, therefore, 11-2, 11-4 and 29-1. Each is a separate segment with trail miles only within the map sheet shown.
