

# 1984 County State Aid Highway Apportionment Data

January 1984

1984 COUNTY STATE AID HIGHWAY APPORTIONMENT BOOKLET

TABLE OF CONTENTS

<u>I. APPORTIONMENT DATA</u>	<u>Pages</u>
A. Estimated Funds Available for Distribution .....	1-3
B. Equalization Apportionment .....	4-5
C. Motor Vehicle Registration Apportionment .....	6-8
D. Mileage Apportionment .....	9-11
E. Money Needs Apportionment .....	Fig. A
F. Components of the Total Apportionment .....	13-16
G. Construction and Maintenance Apportionments .....	17-20
<u>II. REFERENCE MATERIAL</u>	
A. Screening Committee's Recommendation to the Commissioner ..	23-25
B. 1983 C.S.A.H. Mileage and Needs by Rural and Municipal Location .....	Fig. B
C. FAS Fund Balance Deductions .....	26
D. Results of Adjustments Made After the October 27-28, 1983 County Screening Committee Meeting .....	27 & Fig. C
E. County State Aid Construction Fund Balance "Needs" Deductions .....	28
F. Rural Design Complete Grading Cost Adjustments .....	29-30
G. Bond Account Adjustments .....	31-32
H. Special Resurfacing Projects .....	33-35
I. Mill Levy Deductions .....	36-38
J. Trunk Highway Turnback Accounts .....	39
K. Regular and Municipal Account Turnback Adjustments .....	40
L. Minimum County Apportionments .....	41-45
M. Regular Account, Municipal Account, Total C.S.A.H. Apportionment and Distribution Percentage .....	Fig. D
N. Comparison of the 1983 to the 1984 C.S.A.H. Apportionments.	46-48
O. Money Needs Apportionment \$'s Earned for Each \$10,000 of Adjusted Money Needs .....	49
P. Comparison of Allotments and Allotments per Capita in Municipalities .....	50
Q. County Listings of Various Apportionments per Mile .....	51-53
R. Current Resolutions of the County Screening Committee .....	54-65

SCHEDULE "A"

Minnesota Department of Transportation  
ESTIMATED Funds Available for Distribution  
 From Highway User Tax Distribution Fund

ESTIMATED Gross Income (Fiscal 1984)

Motor Fuel Tax	7-1-83 to 12-31-83	\$171,202,000	
	1-1-84 to 6-30-84 (Est.)	<u>139,203,000</u>	
	Subtotal		\$310,405,000
Motor Vehicle Tax	7-1-83 to 12-31-83	\$ 81,455,000	
	1-1-84 to 6-30-84 (Est.)	<u>103,085,000</u>	
	Subtotal		<u>184,540,000</u>
	Total Funds Available		\$494,945,000

Less Transfer to:

Motor Vehicle Division		\$ 8,562,000	
Petroleum Division		1,073,000	
Department of Natural Resources			
Unrefunded Marine Gas Tax		900,000	
Unrefunded Snowmobile Gas Tax		<u>2,000,000</u>	
	Subtotal		\$ 12,535,000

ESTIMATED Funds Available for Distribution  
 in Calendar Year 1984 \$482,410,000

Special 5% Distribution (M.S. 161.081)

\$482,410,000 x 5% = \$24,120,500

Trunk Highway Fund	(51%)	\$ 12,301,455	
County Turnback Account	(41% x 43%)	4,252,444	
Town Bridge Account	(41% x 20%)	1,977,881	
Town Road Account	(41% x 37%)	3,659,080	
Municipal Turnback Account	( 8%)	<u>1,929,640</u>	
			\$ 24,120,500

Regular Distribution

\$482,410,000 x 95% = \$458,289,500

Trunk Highway Fund	(62%)	\$284,139,490	
County State Aid Highway Fund	(29%)	132,903,955	
Municipal State Aid Street Fund	( 9%)	<u>41,246,055</u>	

\$458,289,500

Schedule "B"

Minnesota Department of Transportation  
ESTIMATED Funds Available for Distribution  
 To Counties in 1984

Income:

Highway Users Fund (29%) - Excluding Turnback.	\$132,903,955
Investment Interest	10,000,000
Increase in income over 1983 estimate.	2,885,576
Unexpended balance of 1983 Administrative Cost Account	673,331
Unexpended balance of 1983 Research Account	63,930
Release of Unencumbered State Park Fund	0
<b>Total Funds Available</b>	<b>\$146,526,792</b>

Deductions:

Administrative Account (1½% of total funds available)	\$ 2,197,902
Disaster Fund	
Legal Limit	\$300,000
Unexpended balance as of December 31, 1983	<u>185,750</u>
Amount required to make the \$300,000 maximum	\$ 114,250
Research Account (¼ of 1% of the 1983 Apportionment Sum)	
\$127,310,171 x .25% = \$318,275	
(As determined by 1983 Screening Committee)	\$ 318,275
State Park Road Fund	
After deducting for the Administrative Account Disaster Fund, and Research Account, a sum of three quarters of one percent of the remainder, but not exceeding \$200,000 annually, shall be set aside for use as prescribed by law.	\$ <u>200,000</u>

APPORTIONMENT SUM Available for Distribution to the Counties  
 in 1984 \$143,696,365

Equalization - 10%	- \$ 14,369,636
Registration - 10%	- 14,369,636
Mileage - 30%	- 43,108,910
Money Needs - 50%	- <u>71,848,183</u>

\$143,696,365

Schedule "C"

Minnesota Department of Transportation  
ESTIMATED Funds Available for Distribution  
 To Municipalities in 1984

Income:

Highway Users Fund (9%) - Excluding Turnback	\$41,246,055
Interest on Investments	7,000,000
Increase in Income over 1983 estimate	1,136,616
Unexpended balance of 1983 Administration Cost Account	297,847
Unexpended balance of 1983 Research Account	<u>37,656</u>
Total Funds Available	\$49,718,174

Deductions:

Administrative Account (1½% of total funds available) \$ 745,773

Disaster Fund

Legal limit (5% of the Current Apportionment Sum) \$2,436,760	
Unexpended balance of 1983 Disaster Fund <u>2,315,314</u>	
Amount required to make maximum allowed	\$ 121,446

NOTE: Annual amount cannot be greater than  
 2% of total funds available after  
 deducting Administrative Account.

Research Account (¼ of 1% of the 1983 Apportionment Sum)  
 \$46,306,272 x .25% = \$115,766  
 (As determined by 1983 Screening Committee) \$ 115,766

APPORTIONMENT SUM Available for Distribution to the Urban  
 Municipalities in 1984 \$48,735,189

Population - 50% - \$24,367,595  
 Money Needs - 50% - 24,367,594

\$48,735,189

1984 C.S.A.H. APPORTIONMENT DATA

Equalization Apportionment

Pursuant to Minnesota Statutes, Chapter 162.07, Subdivision 1 (1) which reads as follows: "An amount equal to ten percent of the apportionment sum shall be apportioned equally among the 87 counties", the below listed data has been computed.

\* Adjustments in accordance with County Board Request.

NOTE: For the determination of the regular & municipal accounts, see the "Reference Material" portion of this report.

October 28, 1983

Richard P. Braun, Commissioner  
Minnesota Department of Transportation  
Room 411, Transportation Building  
St. Paul, Minnesota 55155

Dear Commissioner Braun:

We, the undersigned, as members of the 1983 County Screening Committee, having reviewed all information available in relation to the mileage and money needs of the County State Aid Highway System, do hereby submit our findings on the attached sheets.

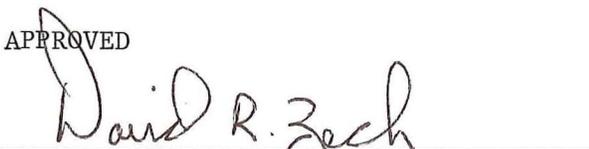

In making this recommendation, we have considered the needs impact resulting from new design standards, changes in unit costs, construction accomplishments, traffic revisions and new traffic factors. After determining the annual needs, adjustments as required by law and Screening Committee Resolutions were made to arrive at the money needs as listed. Due to turnback activity in 1983, adjustments to the mileage and money needs will be necessary before January 1, 1984.

This Committee, therefore, recommends that the mileage and money needs as listed be modified as required and used as the basis for apportioning to the counties the 1984 Apportionment Sum as provided in Minnesota Statutes, Chapter 162.07, Subdivision 5.

Respectfully submitted,

  
Dennis Carlson, Secretary  
County Screening Committee

APPROVED

1984 C.S.A.H. APPORTIONMENT DATA

FAS Fund Balance Deductions

The following resolution was adopted by the County Screening Committee in 1973, revised in June, 1980, and revised again in October, 1982.

That, in the event any county's FAS fund balance exceeds either an amount which equals a total of the last five years of their FAS allotments or \$350,000, whichever is greater, the excess over the aforementioned amount shall be deducted from the 25-year County State Aid Highway construction needs in their regular account. This deduction will be based on the FAS fund balance as of June 30 of each year.

In conforming with this resolution, the following data is presented for the Screening Committee's information.

<u>County</u>	<u>FAS Fund Balance as of June 30, 1983</u>	<u>Maximum Balance</u>	<u>Needs Deduction From the 1983 25-Year C.S.A.H. Construction Needs</u>
Chisago	\$ 543,720	\$415,239	\$128,481

Scott	460,831	389,236	71,595

1984 C.S.A.H. APPORTIONMENT DATA

Results of Adjustments Made After the October 27-28, 1983 County Screening Committee Meeting

The following tabulation indicates the adjustments which had to be made after the fall Screening Committee meeting. The majority of these adjustments were necessary to accommodate the needs required by THTB activity during 1983.

The tabulation also indicates the needs restrictions to Clay, Cook, Freeborn, Grant, Koochiching, Norman, Rock, Stevens and Yellow Medicine Counties due to the resolution below.

That, for the 1976 C.S.A.H. Apportionment, the increase in basic 25-year C.S.A.H. construction needs of any one county, from the 1974 to the 1975 C.S.A.H. needs studies, shall be restricted to 20 percentage points greater than the statewide average percent increase from the 1974 to the 1975 basic 25-year C.S.A.H. construction needs. For future years' apportionments, the C.S.A.H. needs change in any one county from the previous year's restricted C.S.A.H. needs to the current year's basic 25-year C.S.A.H. construction needs shall be restricted to 20 percentage points greater than the statewide average percent change from the previous year's restricted C.S.A.H. needs to the current year's basic 25-year C.S.A.H. construction needs.

This resolution was adopted by the 1975 County Screening Committee to temper any large "needs" increases or decreases.

1984 C.S.A.H. APPORTIONMENT DATA

County State Aid Construction Fund Balance "Needs" Deductions

The deductions listed below reflect the implementation of the following resolution which was adopted at the July, 1976 meeting of the County Screening Committee.

That, for the determination of the 1976 County State Aid Highway needs and all future needs, the amount of the unencumbered construction fund balance as of September 1 of the current year; not including the current year's regular account construction apportionment and not including the last three years of municipal account construction apportionment or \$100,000, whichever is greater; shall be deducted from the 25-year construction needs of each individual county. Also, that for the computation of this deduction, the estimated cost of right-of-way acquisition which is being actively engaged in shall be considered encumbered funds.

1984 C.S.A.H. APPORTIONMENT DATA

Rural Design Complete Grading Cost Adjustment

In order to partially offset the expected rapid rate of inflation without reviewing all rural design complete grading costs each year, the 1968 County Screening Committee adopted the resolution below.

That, annually an adjustment to the rural complete grading costs in each county be considered by the Screening Committee. Such adjustment shall be based on the relationship of the actual cost of grading to the estimated cost of grading reported in the needs study. The method of determining and the extent of the adjustment shall be approved by the Committee.

Pursuant to this resolution the following adjustments will be made to the 1983 25-year construction needs.

1984 C.S.A.H. APPORTIONMENT DATA

Bond Account Adjustments

To compensate for unpaid County State Aid Highway Bond obligations that are not reflected in the County State Aid Highway Needs Studies, the County Engineers Screening Committee passed a resolution which provides that a separate annual adjustment shall be made to the total money needs of a county that has sold and issued bonds pursuant to Minnesota Statutes, Chapter 162.181, for use on State Aid projects. This Bond Account Adjustment, which covers the amortization period, and which annually reflects the net unamortized bonded debt, shall be accomplished by adding the adjustment to the 25-year construction needs of the county.

The Bond Account Adjustment consists of the unamortized bond balance less the unencumbered balance available as of December 31st of the preceding year.

1984 C.S.A.H. APPORTIONMENT DATA

Special Resurfacing Projects

Due to the necessity for some counties to resurface certain substandard bituminous County State Aid Highways, the 1967 County Screening Committee adopted the following resolution:

That any county using non-local construction funds for special resurfacing projects shall have the non-local cost of such special resurfacing projects annually deducted from its 25-year County State Aid Highway construction needs for a period of ten (10) years.

The following list shows the counties, by districts, that awarded special resurfacing projects from 1973 through 1982, the number of projects awarded and the project costs in each account which have been deducted from the 1983 County State Aid Highway Money needs. In 1982 alone, over \$13.9 million of special resurfacing projects were awarded.

1984 C.S.A.H. APPORTIONMENT DATA

Mill Levy Deductions

Minnesota Statutes, Chapter 162.07, Subdivision 3 and 4 requires that a two-mill levy on each rural county, and a one and two-tenths mill levy on each urban county be computed and subtracted from such county's total estimated construction cost.

The 1971 Legislature amended Laws pertaining to taxation and assessment of property valuations. Previously, the term "full and true" (1/3 of market value) was interpreted to mean Taxable Value. The 1971 Legislature deleted the term "full and true" and inserted "market" value where applicable. Also, all adjustments made to market value to arrive at the full and true value were negated. The result of this change in legislation was an increase in Taxable Value by approximately 300%.

To obviate any conflict, the 1971 Legislature enacted the following:

Chapter 273.1102 RATE OF TAXATION, TERMINOLOGY OF LAWS OR CHARTERS. The rate of taxation by any political subdivision or of the public corporation for any purpose for which any law or charter now provides a maximum tax rate expressed in mills times the assessed value or times the full and true value of taxable property (except any value determined by the state equalization aid review committee) shall not exceed 33 1/3 percent of such maximum tax rate until and unless such law or charter is amended to provide a different maximum tax rate. (1971 C 424 S 241)

We have, therefore, reduced the mill rate by the required 33 1/3% to equal a 0.6667 mill levy for rural counties and a 0.4000 mill levy for urban counties.

The following listed figures comply with the above requirements of computation.

1984 C.S.A.H. APPORTIONMENT DATA

Regular and Municipal Account Turnback Adjustments

In order to reflect the Trunk Highway Turnback Money Needs Adjustment in the Regular and Municipal accounts, the amount of THTB maintenance earned in municipalities under 5,000 population was broken out and the dollars of 25-year construction needs which would represent the proper amounts were computed and added to the respective account (Regular or Municipal).

To find the amount of 25-year construction needs dollars that earns \$1 in money needs apportionment, the following equation was used:

$$\frac{25 \times \text{Final Annual Money Needs}}{\text{Total Money Needs Apportionment}} = \text{25-Year Construction Needs dollars that earn \$1 in money needs apportionment.}$$

$$\frac{25 \times \$117,377,052}{\$71,848,183} = \$40.84 \text{ in 25-Year Construction Needs earns \$1 in money needs apportionment.}$$

Then to find what amounts should be added to the needs used for the computation of the Regular and Municipal Amounts to compensate for the THTB adjustment simply multiply the constant found in the equation above by the money needs apportionment, either in the Regular or Municipal Account category.

The tabulation below indicates the money needs adjustments due to Trunk Highway Turnbacks which are necessary in the determination of the CSAH Regular and Municipal Accounts for 1984.

County	Regular Account					Municipal Account					Total THTB Mileage Elig. for Maint.	Total THTB Money Needs Adjustment	Total 1984 THTB Maintenance Apport.	County

1984 C.S.A.H. APPORTIONMENT DATA

MINIMUM COUNTY APPORTIONMENT

Pursuant to Minnesota Statutes, Chapter 162.07, Subdivision 1 (4):

An amount equal to 50 percent of the apportionment sum shall be apportioned among the several counties so that each county shall receive of such amount the percentage that its money needs bears to the sum of the money needs of all of the individual counties; provided, that the percentage of such amount that each county is to receive shall be adjusted so that each county shall receive in 1958 a total apportionment at least 10 percent greater than the total 1956 apportionments from the State Road and Bridge Fund; and provided further, that those counties whose money needs are thus adjusted shall never receive a percentage of the apportionment sum less than the percentage that such county received in 1958.

And the following Screening Committee resolution:

That any county whose total apportionment percentage falls below .586782, which is the minimum percentage permitted for Red Lake, Mahnomen, and Big Stone Counties, shall have its money needs adjusted so that its total factor shall at least equal the minimum percentage factor.

In complying with this statute and resolution, the below listed counties whose money needs were thus adjusted shall henceforth receive not less than the percentage of the apportionment sum as listed until such time as the statute or resolution is changed.

CURRENT RESOLUTIONS OF THE  
COUNTY SCREENING COMMITTEE

January, 1984

BE IT RESOLVED:

ADMINISTRATIVE

Improper Needs Report - Oct. 1961 (Rev. Jan. 1969)

That the Office of State Aid and the District State Aid Engineer be requested to recommend an adjustment in the needs reporting whenever there is reason to believe that said reports have deviated from accepted standards and to submit their recommendations to the Screening Committee with a copy to the county engineer involved.

Type of Needs Study - Oct. 1961 (Rev. June 1965)

That the Screening Committee shall, from time to time, make recommendations to the Commissioner of Transportation as to the extent and type of needs study to be subsequently made on the County State Aid Highway System consistent with the requirements of law.

Appearance at Screening Committee - Oct. 1962

That any individual or delegation having items of concern regarding the study of State Aid Needs or State Aid Apportionment Amounts, and wishing to have consideration given to these items, shall, in a written report, communicate with the Commissioner of Transportation through proper channels. The Commissioner shall determine which requests are to be referred to the Screening Committee for their consideration. This resolution does not abrogate the right of the Screening Committee to call any person or persons to appear before the Committee for discussion purposes.

Construction Cut Off Date - Oct. 1962 (Rev. June 1983)

That for the purpose of measuring the needs of the County State Aid Highway System, the annual cut off date for recording construction accomplishments based upon the project ~~award~~ letting date shall be December 31.

Screening Committee Vice-Chairman - June 1968

That at the first County Screening Committee meeting held each year, a Vice Chairman shall be elected and he shall serve in that capacity until the following year when he shall succeed to the chairmanship.

Screening Committee Secretary - Oct. 1961

That, annually, the Commissioner of Transportation may be requested to appoint a secretary, upon recommendation of the County Highway Engineers' Association as a non-voting member of the County Screening Committee for the purpose of recording all Screening Committee actions.

Research Account - Oct. 1961

That the Screening Committee annually consider setting aside a reasonable amount of County State Aid Highway Funds for the Research Account to continue local road research activity.

Rural and Municipal Advance - Nov. 1965

That the Screening Committee dispense with both the rural and municipal advance encumbrance adjustments in figuring needs.

Annual District Meeting - Oct. 1963

That the District State Aid Engineer call a minimum of one district meeting annually at the request of the District Representative to review needs for consistency of reporting.

NEEDS ADJUSTMENTS

Deficiency Adjustment - Oct. 1961 (Rev. June 1965)

That any money needs adjustment made to any county within the deficiency classification pursuant to Minnesota Statutes Chapter 162.07, Subdivision 4, shall be deemed to have such money needs adjustment confined to the rural needs only, and that such adjustment shall be made prior to computing the Municipal Account allocation.

Minimum Apportionment - Oct. 1961 (Latest Rev. Dec. 1966)

That any county whose total apportionment percentage falls below .586782, which is the minimum percentage permitted for Red Lake, Mahnomen and Big Stone Counties, shall have its money needs adjusted so that its total apportionment factor shall at least equal the minimum percentage factor.

Funds to Townships - April 1964 (Rev. June 1965)

That this Committee recommend to the Commissioner of Transportation, that he equalize the status of any county allocating County State Aid Highway Funds to the township by deducting the townships' total annual allocation from the gross money needs of the county for a period of twenty-five years.

Bond Adjustment - Oct. 1962 (Rev. Oct. 1963)

That a separate annual adjustment shall be made in total money needs of a county that has sold and issued bonds pursuant to Minnesota Statutes, Section 162.181 for use on State Aid projects. That this adjustment, which covers the amortization period, which annually reflects the net unamortized bonded debt, shall be accomplished by adding said net unamortized bond amount to the computed money needs of the county. For the purpose of this adjustment, the net unamortized bonded debt shall be the total unamortized bonded indebtedness less the unencumbered bond amount as of December 31, of the preceding year.

FAS Fund Balances - Oct. 1973 (Latest Rev. Oct. 1982)

That in the event any county's FAS Fund balance exceeds either an amount which equals a total of the last five years of their FAS allotments or \$350,000, whichever is greater, the excess over the aforementioned amount shall be deducted from the 25-year County State Aid Highway construction needs in their regular account. This deduction will be based on the FAS fund balance as of June 30 of each year.

County State Aid Construction Fund Balances - May 1975 (Rev. July 1976)

That, for the determination of the 1976 County State Aid Highway needs and all future needs, the amount of the

unencumbered construction fund balance as of September 1 of the current year; not including the current year's regular account construction apportionment and not including the last three years of municipal account construction apportionment or \$100,000, whichever is greater; shall be deducted from the 25-year construction needs of each individual county. Also, that for the computation of this deduction, the estimated cost of right-of-way acquisition which is being actively engaged in shall be considered encumbered funds.

Rural Grading Cost Adjustment - Oct. 1968

That, annually an adjustment to the rural complete grading costs in each county be considered by the Screening Committee. Such adjustment shall be based on the relationship of the actual cost of grading to the estimated cost of grading reported in the needs study. The method of determining and the extent of the adjustment shall be approved by the Committee.

Restriction of 25-Year Construction Needs Increase - Oct. 1975 (Rev. Oct. 1977)

That, for the 1976 CSAH Apportionment, the increase in basic 25-year CSAH construction needs of any one county, from the 1974 to the 1975 CSAH needs studies, shall be restricted to 20 percentage points greater than the statewide average percent increase from the 1974 to the 1975 basic 25-year CSAH construction needs. For future years' apportionments, the CSAH needs change in any one county from the previous year's restricted CSAH needs to the current year's basic 25-year CSAH construction needs shall be restricted to 20 percentage points greater than the statewide average percent change from the previous year's restricted CSAH needs to the current year's basic 25-year CSAH construction needs.

Trunk Highway Turnback - June 1965 (Latest Rev. June 1977)

That, any Trunk Highway Turnback which reverts directly to the county and becomes part of the State Aid Highway System shall not have its construction needs considered in the money needs apportionment determination as long as the former Trunk Highway is fully eligible for 100 percent construction payment from the county Turnback account. During this time of eligibility, financial aid for the additional maintenance obligation of the county

imposed by the Turnback shall be computed on the basis of the current year's apportionment data and the existing traffic, and shall be accomplished in the following manner:

<u>Existing ADT</u>	<u>Turnback Maintenance/Mile/2 Lanes</u>
0 - 999 VPD	Current mileage apportionment/mile
1,000 - 4,999 VPD	2 X current mileage apportionment/mile
For every additional 5,000 VPD	Add current mileage apportionment/mile

**Initial Turnback Maintenance Adjustment - Fractional Year Reimbursement:**

The initial Turnback adjustment, when for less than 12 full months, shall provide partial maintenance cost reimbursement by adding said initial adjustment to the money needs which will produce approximately 1/12 of the Turnback maintenance per mile in apportionment funds for each month, or part of a month, that the county had maintenance responsibility during the initial year.

**Turnback Maintenance Adjustment - Full Year, Initial or Subsequent:**

To provide an advance payment for the coming year's additional maintenance obligation, a needs adjustment per mile shall be added to the annual money needs. This needs adjustment per mile shall produce sufficient needs apportionment funds so that when added to the mileage apportionment per mile, the Turnback maintenance per mile prescribed shall be earned for each mile of Trunk Highway Turnback on the County State Aid Highway System. Turnback adjustments shall terminate at the end of the calendar year during which a construction contract has been awarded that fulfills the county Turnback account payment provisions, or at the end of the calendar year during which the period of eligibility for 100 percent construction payment from the county Turnback account expires. The needs for these roadways shall be included in the needs study for the next apportionment.

That Trunk Highway Turnback maintenance adjustments shall be made prior to the computation of the minimum apportionment county adjustment.

Those Turnbacks not fully eligible for 100 percent reimbursement for reconstruction with county Turnback account funds are not eligible for maintenance adjustments and shall be included in the needs study in the same manner as normal County State Aid Highways.

#### MILEAGE

##### Mileage Limitation - Oct. 1961 (Latest Rev. May 1970)

That any request, after July 1, 1966, by any county for County State Aid Highway designation, other than Trunk Highway Turnbacks, or minor increases due to construction proposed on new alignment, that results in a net increase over the county's approved apportionment mileage for the preceding year shall be submitted to the Screening Committee for consideration. Such request should be accompanied by supporting data and be concurred on by the District State Aid Engineer. The Screening Committee shall review such requests and make its recommendation to the Commissioner of Transportation. If approved, the needs on mileage additions shall be submitted to the Office of State Aid for inclusion in the subsequent year's study of needs.

Revisions in the County State Aid Highway System not resulting in an increase in mileage do not require Screening Committee review.

Mileage made available by an internal revision will not be held in abeyance for future designation.

Mileage made available by reason of shortening a route by construction shall not be considered as designatable mileage elsewhere.

That any additions to a county's State Aid System, required by State Highway construction, shall not be approved unless all mileage made available by revocation of State Aid roads which results from the aforesaid construction has been used in reducing the requested additions.

That in the event a County State Highway designation is revoked because of the proposed designation of a Trunk Highway over the County State Aid Highway alignment, the mileage revoked shall not be considered as eligible for a new County State Aid Highway designation.

That whereas Trunk Highway Turnback mileage is allowed in excess of the normal County State Aid Highway mileage limitations; revocation of said Turnbacks designated after July 1, 1965, shall not create eligible mileage for State Aid designation on other roads in the county.

That whereas the county engineers are sending in many requests for additional mileage to the C.S.A.H. system up to the date of the Screening Committee meetings, and whereas this creates a burden on the State Aid Staff to prepare the proper data for the committee, be it resolved that the requests for the spring meeting must be in the State Aid Office by February 15 of each year, and the requests for the fall meeting must be in the State Aid Office by August 1 of each year. Requests received after these dates shall carry over to the next meeting.

### TRAFFIC

#### Traffic Projection Factors - Oct. 1961 (Latest Rev. June, 1983)

That new Traffic Projection Factors for the needs study be established for each county using a "least squares" projection of the vehicle miles from the last four traffic counts and in the case of the seven county metro area from the number of latest traffic counts which fall in a minimum of an ~~eighteen~~ twelve year period. This normal factor can never fall below 1.0. Also, new traffic factors will be computed whenever an approved traffic count is made. These normal factors may, however, be changed by the county engineer for any specific segments where conditions warrant, with the approval of the District State Aid Engineer.

#### Minimum Requirements - Oct. 1963

That the minimum requirements for 4 - 12 foot traffic lanes be established as 5,000 projected vehicles per day in rural areas and 7,000 in urban areas. Traffic projections of over 20,000 vehicles per day in urban areas will be the minimum requirements for 6 - 12 foot lanes. The use of these multiple-lane designs in the needs study, however, must be requested by the county engineer and approved by the District State Aid Engineer.

## ROAD NEEDS

### Method of Study - Oct. 1961 (Rev. Nov. 1965)

That, except as otherwise specifically provided, the Manual of Instruction for Completion of Data Sheets shall provide the format for estimating needs on the County State Aid Highway System.

### Soil - Oct. 1961 (Rev. Nov. 1965)

That the Screening Committee shall adopt the soil factors recommended by the Soils Engineers of each district.

### Unit Costs - Oct. 1961 (Rev. Nov. 1965)

That the unit costs for base, surface and shouldering quantities obtained from the 5-Year Average Construction Cost Study and approved by the Screening Committee shall be used for estimating needs.

### Design - Oct. 1961 (Latest Rev. June 1982)

That all roads be divided into proper segments and the highest estimated ADT, consistent with adjoining segments, be used in determining the design geometrics for needs study purposes.

Also, that for all roads which qualify for needs in excess of additional surfacing, the proposed needs shall be based solely on projected traffic, regardless of existing surface type or geometrics.

And that for all roads which are considered adequate in the needs study, additional surfacing and shouldering needs shall be based on existing geometrics but not greater than the widths allowed by the State Aid Design Standards currently in force.

### Grading - Oct. 1961 (Rev. Nov. 1965)

That all grading costs shall be determined by the county engineer's estimated cost per mile except for urban design where the cost is computed using estimated quantities and unit prices.

Rural Design Grade Widening - June 1980

That rural design grade widening needs be limited to the following widths and costs.

<u>Feet of Widening</u>	<u>Needs Cost/Mile</u>
4 - 8 Feet	50% of Average Complete Grading Cost/Mile
9 - 12 Feet	75% of Average Complete Grading Cost/Mile

Any segments which are less than 4 feet deficient in width shall be considered adequate. Any segments which are more than 12 feet deficient in width shall have needs for complete grading.

Storm Sewer - Oct. 1961 (Rev. Nov. 1965)

That storm sewer mains may be located off the County State Aid Highway if, in so doing, it will satisfactorily accommodate the drainage problem of the County State Aid Highway.

Base and Surface - June 1965

That base and surface quantities shall be determined by reference to traffic volumes, soil factors, and State Aid standards. Rigid base is not to be used as the basis for estimating needs on County State Aid Highways. Replacement mats on urban design sections shall be 2" bituminous surface over existing concrete or over existing bituminous. To be eligible for concrete pavement in the needs study, 2,500 VPD or more per lane projected traffic is necessary.

Construction Accomplishments - June 1965 (Latest Rev. Oct. 1983)

That any complete grading accomplishments be considered as complete grading construction of the affected roadway and grading needs shall be excluded for a period of 25 years from the project letting date or date of force account agreement. At the end of the 25-year period, needs for complete reconstruction of the roadway will be reinstated in the needs study at the initiative of the County Engineer with costs established and justified by the County Engineer and approved by the State Aid Engineer.

Needs for resurfacing shall be allowed on all county state aid highways at all times.

That any bridge construction project shall cause the needs on the affected bridge to be removed for a period of 35 years from the project letting date or date of force account agreement. At the end of the 35-year period, needs for complete reconstruction of the bridge will be reinstated in the needs study at the initiative of the County Engineer and with approval of the State Aid Engineer.

The restrictions above will apply regardless of the source of funding for the road or bridge project. Needs may be granted as an exception to this resolution upon request by the County Engineer, and justification to the satisfaction of the State Aid Engineer (e.g., a deficiency due to changing standards, projected traffic, or other verifiable causes).

Needs for bridge deck rehabilitation shall be earned for a period of 15 years after the construction has been completed and shall consist of only those construction costs actually incurred by the county. It shall be the County Engineer's responsibility to justify any costs incurred and to report said costs to the State Aid office by July 1 of the year following the year of construction.

#### Special Resurfacing Projects - May 1967 (Rev. Oct. 1983)

That any county using non-local construction funds for special resurfacing projects shall have the non-local cost of such special resurfacing projects annually deducted from its 25-year County State Aid Highway construction needs for a period of ten (10) years.

#### Items Not Eligible For Apportionment Needs - Oct. 1961 (Latest Rev. 1972)

That Right-of-Way, Adjustment of Utilities, Traffic Signals, Street Lighting, Miscellaneous Construction, or Maintenance Costs shall not be considered a part of the Study of Apportionment Needs of the County State Aid Highway System.

#### Right of Way - Oct. 1979

That for the determination of total needs, proposed right-of-way widths shall be standardized in the following manner:

	<u>Projected ADT</u>	<u>Proposed R/W Width</u>
Proposed Rural Design -	0 - 749	100 Feet
	750 - 999	110 Feet
	1,000 & Over (2 Lane)	120 Feet
	5,000 & Over (4 Lane)	184 Feet
	<u>Proposed Roadbed Width</u>	<u>Proposed R/W Width</u>
Proposed Urban Design -	0 - 44 Feet	60 Feet
	45 & Over	Proposed Roadbed Width + 20 Feet

Also, that the total needs cost for any additional right of way shall be based on the estimated market value of the land involved, as determined by each county's assessor.

Forest Highway - Oct. 1961 (Rev. June 1965)

That the determination of needs for these County State Aid Highways which are designated as a part of the Forest Highway System shall be made on the same basis as for other County State Aid Highways, except for those areas where modified standards prevail.

Hennepin County Freeway Design - Oct. 1964

That the cost of grading the rural design sections of Hennepin County State Aid Highways 18 and 62, which are freeway design shall be reported at \$128,000 per mile, and the cost of grading urban design sections thereon at \$192,000 per mile. Rural drainage not to exceed \$36,000 per mile and urban drainage no to exceed \$120,000 per mile shall be permitted in the needs for this freeway design.

Loops and Ramps - May 1966

That any county may include the cost of loops and ramps in the needs study with the approval of the District State Aid Engineer.

BRIDGE NEEDS

Bridge Widening - April 1964 (Latest Rev. June 1979)

That the minimum bridge widening be 4 feet and the cost be computed at \$75.00 per square foot.

Bridge Cost - Oct. 1961 (Latest Rev. June 1980)

That for the purpose of the needs study, the complete construction costs of major structures be based on the length of the proposed structure in the following manner:

<u>Proposed Length</u>		<u>Cost/Sq. Ft.</u>
20 - 149 Feet	-	\$41.00
150 - 499 Feet	-	\$47.00
500 Ft. & Longer	-	\$56.00

Bridge Cost Limitations - July 1976

That the total needs of the two Minnesota River bridges between Scott and Hennepin Counties be limited to the estimated cost of a single 2-lane structure of approved length until the contract amount is determined. Also, that the total needs of the Mississippi River bridge between Dakota and Washington Counties be limited to the estimated cost of a 2-lane structure of approved length until the contract amount is determined. In the event the allowable apportionment needs portion (determined by Minnesota Chapter 162.07, Subdivision 2) of the contract amount from normal funds (FAU, FAS, State Aid, Local) exceeds the "apportionment needs cost", the difference, shall be added to the 25-year needs of the respective counties for a period of 15 years.
